Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Johnson Controls Retirement Savings and Investment Plan

Opinion

We have audited the accompanying financial statements of Johnson Controls Retirement Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Johnson Controls Retirement Savings and Investment Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johnson Controls Retirement Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Controls Retirement Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnson Controls Retirement Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Controls Retirement Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JOHNSON CONTROLS RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Johnson Controls Retirement Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description provided to all participants for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan adopted effective January 1, 2018 for participation by eligible employees of Johnson Controls, Inc. ("the Company") and selected subsidiaries, as designated by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Employee Benefits Policy Committee appointed by the Company.

CONTRIBUTIONS

Participants can designate an amount up to thirty-five percent (35%) of their gross annual eligible compensation as contributions. The Plan has provided multiple company contribution schedules based on specific eligibility rules. A full listing of the schedules can be found in the Plan document.

Participant contributions are deposited in the investment funds of their choice. Participants may reallocate their account balances among the available investment funds at any time in increments of one percent (1%).

For certain participant groups, if the participant does not make an election to participate in the Plan within 60 days of becoming eligible, the participant will be automatically enrolled to make pre-tax contributions depending on their employment classification. If automatically enrolled, the participant's contributions will be invested in a target date fund based on their birth date and the fund's target retirement date.

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. A participant's interest in employer contributions plus actual earnings (losses) thereon, vests based on eligibility rules specific to certain groups of employees.

If employment terminates other than by reason of retirement, death or total and permanent disability and the participant is not reemployed by the Company or its affiliates within 72 months of that date, the participant's interest in the non-vested portion of the employer contributions is forfeited. The Company may apply any forfeited amounts to reduce future employer contributions to the Plan and to pay Plan expenses.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, participants may be able to take voluntary, in-service withdrawals, which include hardship withdrawals. Benefit payments are recorded when paid.

PARTICIPANT ACCOUNTS

Participant recordkeeping is performed by Fidelity Investments Institutional Retirement Services Company ("Fidelity").

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loans are subject to certain limitations based on the Plan document. Only two loans per participant may be outstanding at any time. Each loan may be for a term up to five years. Regular payroll deductions are required to repay a loan. Each loan's interest rate is fixed at the prime rate at the beginning of the calendar quarter in which it is

NOTES TO THE FINANCIAL STATEMENTS

issued. Interest rates range between 3.25% and 10.50% as of December 31, 2024. At termination, participants may continue to make monthly loan payments until the balances of any loans are paid off.

The notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. At the time of borrowing, the assets of the participant are sold proportionally to finance the loan. The loan is collateralized by the participant's assets in the Plan.

Should a participant fail to make a loan payment when due (including retirement or termination), the participant is given a grace period to cure the delinquency through the end of the calendar quarter following the calendar quarter in which the default arose. If the participant fails to cure the delinquency, a deemed distribution occurs in accordance with the provisions of the Plan document. The Plan has not made a provision for uncollectible loans as there are none.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, as allowed by Plan provisions, with all remaining expenses paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurement," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a three-level fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability as follows:

- Level 1:* Observable inputs such as quoted prices in active markets;
- Level 2:* Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3:* Unobservable inputs where there is little or no market data, which requires the reporting entity to develop its own assumptions.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

SAVINGS AND INVESTMENT MASTER TRUST

All investments of the Plan are included under a master trust arrangement ("the Master Trust"). Fidelity is the trustee of the Master Trust. All investments of the Master Trust are stated at fair market value.

Investment income or loss of the Master Trust is allocated among the participating plans daily based on the plans' relative equity interests in each of the Master Trust's investment programs as of the beginning of the applicable day. Interest income and share price appreciation or depreciation are recorded daily by each of the applicable investment programs. Dividend income is recorded either quarterly or semi-annually, depending on the investment program.

JOHNSON CONTROLS RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The net assets held in the Master Trust as of December 31, 2024 and 2023 and the changes in net assets held in the Master Trust for the year ended December 31, 2024 for the Master Trust are presented in Note 7.

At December 31, 2024 and 2023, unallocated participant forfeitures of non-vested employer contributions of \$7.8 million and \$6.1 million related to the Plan, were in the Master Trust. For the year ended December 31, 2024, total forfeitures were used to pay administrative expenses of \$0.6 million and to reduce employer contributions by \$9.6 million.

DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through June 17, 2025, the date which the financial statements were available to be issued. In May 2025, \$201.0 million of investments were transferred out of the Plan and into the Johnson Controls Residential and Light Commercial 401(k) plan.

NOTE 3 - TAX STATUS

The Plan applied for a new Internal Revenue Service ("IRS") determination letter on December 22, 2022. The IRS issued a favorable determination letter for the Plan on March 18, 2024, indicating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the determination letter filing, and those amendments are not covered by the March 18, 2024 determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

An Adient Stock Fund was established in the Plan in order to hold distributed shares as a result of the 2016 spin-off of the Johnson Controls International plc Automotive Experience business. The Adient Stock Fund is a closed investment in the Plan, which means balances can be taken out of the Adient Stock Fund but no new contributions or exchanges can be made into this Fund.

For 2024, the Plan sold units in the Adient Stock Fund of \$1.7 million and had an investment loss of \$6.1 million. Additionally, the Plan's investment in the Adient Stock Fund increased by \$4.6 million as a result of the merger of Johnson Controls Select Hourly Retirement Savings and Investment Plan with and into the Plan in 2024. The total value of the Plan's investment in the Adient Stock Fund was \$6.3 million and \$9.4 million at December 31, 2024 and 2023, respectively.

For 2024, the Plan purchased units in the Johnson Controls International plc Stock Fund ("JCI plc Stock Fund") of \$15.4 million and had an investment gain of \$101.8 million. The Plan also sold units of \$62.6 million in 2024. Additionally, the Plan's investment in the JCI plc Stock Fund increased by \$106.0 million as a result of the merger of Johnson Controls Select Hourly Retirement Savings and Investment Plan with and into the Plan in 2024, and decreased by \$0.8 million as a result of the Company's sale of the Air Distribution Technologies ("ADTI") business. The total value of the Plan's investment in the JCI plc Stock Fund was approximately \$375.0 million and \$215.1 million at December 31, 2024 and 2023, respectively.

JOHNSON CONTROLS RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The unit values of the JCI plc Stock Fund and Adient Stock Fund are recorded and maintained by Fidelity and the Plan. Plan participants may direct up to 25% of their employee and employer contributions to the JCI plc Stock Fund. In addition, participants may exchange a portion of their account balance into the JCI plc Stock Fund, provided the transaction does not cause the portion of their account balance invested in the JCI plc Stock Fund to exceed 25%.

Certain of the assets of the Master Trust are invested in registered investment companies managed by Fidelity, for which Fidelity Management & Research Company ("FMR Co.") provides investment advisory services. FMR Co. is an affiliate of both Fidelity, record keeper of the Plan, and Fidelity Workplace Services, LLC. Expenses paid to FMR Co. and/or its affiliates by the Plan during the year ended December 31, 2024 was \$1.5 million. These transactions and investments, as well as participant loans, qualify as exempt "party-in-interest" transactions, as "party-in-interest" is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Total investments at fair value	\$ 333,616,586	\$ 6,308,490,530	\$ —	\$ 6,642,107,116

Following is a description of the valuation methodologies used for assets measured at fair value:

Common Stock Funds: The fair value for the JCI plc Stock Fund and the Adient Stock Fund is determined by indirect quoted market prices. The value of the funds are not published, but the investment manager reports daily the underlying holdings. The underlying holdings are direct quoted market prices on liquid and regulated financial exchanges. The fair value of the investments in the JCI plc Stock Fund and Adient Stock Fund reflect a unit value computed daily based on the share price and the value of the fund's short-term investments. At December 31, 2024 and 2023, the Plan held 22,566,104 and 17,666,569 units of the JCI plc Stock Fund at a unit value of \$16.61 and \$12.17, respectively. At December 31, 2024 and 2023, the Plan held 1,489,648 and 1,112,388 units of the Adient Stock Fund at a unit value of \$4.19 and \$8.46, respectively.

Other Separate Accounts: The fair value for Other Separate Accounts is determined by indirect quoted market prices. These investments are generally held in a commingled trust. The value of the trust is not published, but the investment manager reports daily the underlying holdings. The underlying holdings are direct quoted market prices on liquid and regulated financial exchanges. The Plan implemented a white-label fund structure for its defined contribution investment options, aside from the JCI plc and Adient Stock Funds. This structure places the individual fund offerings into unitized collective trusts for each asset class, which are valued at the net asset value, published by Fidelity, based on the fair values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - TRANSFERS

In 2024, the Johnson Controls Select Hourly Retirement Savings and Investment Plan and the FM:Systems Group, LLC 401(k) Profit Sharing Plan were merged with and into the Plan, and approximately \$609.2 million and \$8.9 million of investments, respectively, were transferred into the Plan.

Also in 2024, \$111.1 million of assets were transferred out of the Plan in connection with the Company's sale of the ADTi business.
