Report of Independent Auditors

To the Plan Administrator of Simon Property Group and Adopting Entities Matching Savings Plan

Opinion

We have audited the financial statements of Simon Property Group and Adopting Entities Matching Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures

Shape the future
with confidence

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Simon Property Group and Adopting Entities Matching Savings Plan

Notes to Financial Statements

December 31, 2024

1. Description of the Plan

The following description of the Simon Property Group and Adopting Entities Matching Savings Plan (the Plan) provides general information about the Plan's provisions. Simon Property Group, L.P. and affiliated companies (the Employer or the Company) is the plan sponsor. Participants should refer to the plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor. Simon Property Group, Inc. (SPG), a publicly traded real estate investment trust (REIT), owned a controlling 86.5% and 87.0% of Simon Property Group, L.P. at December 31, 2024 and 2023, respectively.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have at least 60 days of service and are age 21 or older.

The 401(k) Plan Administrative Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee and record-keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Employee Contributions

For purposes of making contributions to the Plan, employees become eligible on the first day of the month coincident with or following completion of 60 days of active employment and upon reaching age 21. Each year, participants may contribute from 1% to 50% of their before-tax compensation, as defined in the Plan. If automatically enrolled, a participant's deferral is set at 3% of his or her eligible compensation and will increase 1% annually, with a maximum automatic contribution of 10% of eligible compensation, unless changed by the participant. Contributions are subject to maximum limitations, as defined in the Internal Revenue Code (the Code).

Employer Contributions

For the purpose of receiving the employer match and any discretionary employer contribution, an employee becomes eligible on the first day of the month coincident with or following completion of one year of eligible service (at least 1,000 hours of employment) and upon reaching age 21. The Employer currently matches 100% of eligible participants' first 3% elected salary deductions and 50% of the participants' next 2% elected salary deductions. In addition, the employer made

1. Description of the Plan (continued)

discretionary profit-sharing contributions, net of forfeitures, which totaled \$2,736,661 and \$2,572,034 during 2024 and 2023, respectively. The discretionary contributions applied to all eligible employees, as defined. As of December 31, 2024 and 2023, unallocated participant forfeitures totaled \$116,982 and \$86,954, respectively, and are used to reduce future employer contributions. Forfeitures used to reduce employer contributions during 2024 were \$71,109.

Participant Accounts

Each participant's account is credited for participant contributions and allocations of the Employer's contributions and the Plan's earnings. Investment earnings are allocated proportionately among all participants' accounts in an amount that bears the same ratio of their account balances to the total fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested accounts.

Participant Loans

All employees that participate in the Plan can borrow from their accounts in accordance with the provisions of the Plan. The participant pays interest on the loan based on market interest rates at the date of the loan. This interest is credited to the participant's account balance. Both the maximum amounts available and repayment terms for such borrowings are restricted under provisions of the Plan.

Vesting

Participants' contributions and related investment earnings become vested at the time they are credited to the participants' accounts. In addition, employees vest immediately in employer-matching contributions.

Discretionary profit-sharing contributions vest according to the following schedule:

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Years of Vesting Service	Percentage Vested and Non-forfeitable
Less than 2	–%
2	20
3	40
4	60
5	80
6 or more	100

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant, or their beneficiary whose vested account balance exceeds \$5,000 may elect to receive either a lump sum or may elect installment payments. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to his or her vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

All administrative expenses are paid by the Plan with the exception of legal expenses which are paid by the Company.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Company Stock Fund

The Plan invests in common stock of SPG through its Simon Property Group Stock Fund (the Company Stock Fund). The Company Stock Fund may also hold cash or other short-term securities, although these are expected to be a small percentage of the fund.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Company prior to the time that such rights may be exercised. The trustee votes any allocated shares for which timely instructions have not been given by a participant and any unallocated shares in the same proportion as it votes those shares for which it has received timely voting instructions from participants. Participants have the same voting rights in the event of a tender or exchange offer.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 7 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Tax Status

The Plan has received a determination letter from the IRS dated June 1, 2015, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Simon Property Group and Adopting Entities Matching Savings Plan

Notes to Financial Statements (continued)

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

The Plan holds units of common/collective trust funds managed by Mercer, the investment advisor of the Plan. This Plan also invests in the common stock of SPG. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. During 2024, the Plan received \$1,626,971 in common stock dividends from SPG.

6. Reconciliation of Financial Statements to Form 5500

As of December 31, 2024 and 2023, net assets available for benefits per the Form 5500 totaled \$597,638,417 and \$542,909,021, respectively, and are equal to the net assets available for benefits per the financial statements. There were no reconciliation differences for 2024 and 2023.

The benefits paid to participants per the Form 5500 for the year ended December 31, 2024 totaled \$62,490,292 and is equal to the benefits paid to participants per the financial statements with no reconciling differences.

7. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Simon Property Group and Adopting Entities Matching Savings Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Common Stock: Valued at the closing price reported on the active market on which the individual securities are traded. Common stock includes SPG common stock.

Common/Collective Trust Funds: Common/collective trust funds are valued using the net asset value (NAV).

Simon Property Group and Adopting Entities Matching Savings Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, of the Plan's assets carried at fair value as of December 31:
