Independent Auditors' Report

The Administrative Committee
S&ME, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of S&ME, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements and information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement on which exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

S&ME, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the S&ME, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan, a defined contribution plan, was established by S&ME, Inc. (the "Company") effective May 1, 1992. The Plan is administered by an Administrative Committee appointed by the Company. The Administrative Committee appoints the custodian, who is responsible for investment of the assets of the Plan. Principal Trust Company ("Principal"), as custodian, holds the assets of the Plan.

The purpose of the Plan is to enable employees of the Company to save for retirement and certain special situations, including benefits in the event of death, disability, or other termination of employment, with pretax dollars. The Plan is for the exclusive benefit of eligible employees and their beneficiaries and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Eligibility of Participation

Effective January 1, 2008, the Plan was amended so that all employees are eligible to participate in the Plan upon attainment of age twenty-one. Enrollment was automatic upon attainment of the age requirement unless employees specifically requested exemption from participation. Effective February 1, 2021, the age requirement was removed.

(c) Contributions

Each year, participants may elect to make tax-deferred contributions to the Plan of up to 50% of annual individual compensation subject to certain Internal Revenue Service limitations. Rollover contributions from other plans are also permitted. Effective January 1, 2008, tax-deferred contributions are 4% of employees' eligible compensation unless they elect a different percentage or elect to not participate in the Plan. As of January 1, 2008, employees may also make post-tax Roth contributions to the Plan. The Company may elect to match employee contributions or make other contributions at its discretion. Effective February 1, 2021, the Plan instated an employer match. The Plan matched 50% of a participant's contribution limited to 2% of the participant's compensation for 2024 and 2023.

S&ME, INC. 401(K) PLAN

Notes to Financial Statements, Continued

December 31, 2024 and 2023

(1) Description of Plan, Continued

(d) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of the Company's discretionary contribution, if any, and the Plan earnings (losses). Forfeitures, if any, may be treated as additional discretionary profit sharing contributions to the Plan. Plan earnings are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution is based on years of continuous service. Beginning in 2021, this portion of the account vests at a rate of 33 percent per year after the first year, becoming fully vested after three years of service.

(f) Notes Receivable from Participants

Participants in the Plan are eligible to borrow funds from their account balance. Such transactions qualify as party-in-interest transactions. Typically, the outstanding balance of all notes receivable per participant cannot exceed the lesser of \$50,000 or 50 percent of the vested interest in the participant's account. The notes are collateralized by the balance in the participant's account. The terms of the notes and the interest rate are determined by the Administrative Committee. Interest rates range from 4.25% to 9.50% on outstanding notes. Principal and interest are paid ratably through payroll deductions. Generally, a loan is due and payable on the date of the participant's termination of employment with the Company. If the balance of the loan is not paid, the remaining balance will be offset against the participant's account upon the earlier of distribution of the account to the participant or expiration of the grace period, as described in the Plan agreement.

(g) Payment of Benefits

Upon termination of employment, retirement, death or disability, participants generally may elect to receive either a lump-sum payment of the account balance, a joint and survivor annuity, part lump-sum and part installments, or equivalent annuity payments over their remaining life expectancy.

The Plan provides retirement benefits for participants who reach normal retirement age, which is defined as the later of the date the participant attains age 55 or the fifth anniversary of Plan participation.

Notes to Financial Statements, Continued

December 31, 2024 and 2023

(1) Description of Plan, Continued

(h) Forfeited Accounts

Forfeitures of nonvested account balances are reallocated to participants' accounts based upon the ratio of the participant's compensation to the total compensation of participants in the Plan for the year. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$306,808 and \$138,475, respectively. During 2024 and 2023, the Plan allocated \$80,395 and \$60,839, respectively, of forfeited balances to participants' accounts.

(i) Party-In-Interest

The Plan invests in mutual funds and investment contracts managed by Principal. The income of the Plan is derived from these investments; therefore, these transactions qualify as party-in-interest transactions that are allowable under ERISA.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and present the net assets available for plan benefits and changes in those net assets on an accrual basis.

(b) Investments

Participant-directed investments held by Principal are valued based on the current market values of the underlying assets of the accounts.

Mutual funds are valued at quoted market prices.

Investments in collective trust funds are reported at fair value based on net asset value.

Fully benefit-responsive investment contracts (unallocated investment contracts) are measured, presented, and disclosed at contract value. The Plan's investment contracts (fixed interest accounts) are recorded at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Interest is credited on the contract balance of the account using a single portfolio rate approach whereby a single interest crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions. Certain events that would limit the ability of the Plan to transact at contract value with Plan participants, such as Plan-initiated transactions including premature termination of the contracts by the Plan, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives, are not considered probable of occurring. The Plan transferred all of its remaining investment contracts into another investment during 2024.

S&ME, INC. 401(K) PLAN

Notes to Financial Statements, Continued

December 31, 2024 and 2023

(2) Summary of Significant Accounting Policies, Continued

(b) Investments, Continued

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses, the unrealized appreciation (depreciation) on those investments, and investment management fees. There are no unfunded commitments as of December 31, 2024 and 2023.

(c) Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost plus accrued interest.

(d) Excess Contributions

Amounts payable to participants totaling \$21,002 and \$48,911 as of December 31, 2024 and 2023, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to employee contributions. The Plan distributed the 2024 and 2023 excess contributions to the applicable participants prior to March 15, 2025 and 2024, respectively.

(e) Benefits

Benefits are recorded when paid.

(f) Administrative and Investment Costs

Certain administrative costs are paid by the Company. In 2024 and 2023, the Company paid administrative expenses on behalf of the Plan totaling \$18,848 and \$21,590, respectively.

Investment management fees are charged to the individual funds in the Plan and are included in the net appreciation (depreciation) in the fair value of investments.

Administrative expenses including participant fees for distributions and other transactions are paid by the Plan and totaled \$158,989 and \$134,921 in 2024 and 2023, respectively.

(g) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(h) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a hierarchy which encourages an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority.

Following is a description of the valuation techniques used by the Plan to measure different financial instruments at fair value and the level within the fair value hierarchy in which the financial instrument is categorized.

Level 1 Fair Value Measurements

The fair values of equity and fixed income securities are based on quoted market prices, when available. The Plan's Level 1 investments consist of investments in registered investment companies (mutual funds).

(3) Certified Financial Data

The following is a summary of the Plan's financial information and data certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended December 31, 2024 and 2023:

	\$ <u>106,774,544</u>	

S&ME, INC. 401(K) PLAN

Notes to Financial Statements, Continued

December 31, 2024 and 2023

(4) Fair Value Measurements, Continued

The fair values of collective trust funds are reported daily based on data obtained directly from the related fund house or other investment provider. As the investment value is determined using a net asset value calculation as a practical expedient, these investments are exempted from the fair value hierarchy. Plan participants should refer to the respective prospectuses of the underlying investments for full descriptions of investment strategies and redemption provisions.

The contract value of the unallocated investment contract, which approximates the fair value, is established by determining the amount of contributions plus interest credited based on an established interest rate. The Plan transferred all of its remaining investment contracts into another investment during 2024.

(5) Notes Receivable from Participants

There were \$878,998 and \$666,833 in outstanding notes receivable from participants as of December 31, 2024 and 2023, respectively. Interest earned on loans totaled \$63,784 and \$45,927 during 2024 and 2023, respectively.

(6) Federal Income Taxes

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated August 8, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(7) Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

S&ME, INC. 401(K) PLAN

Notes to Financial Statements, Continued

December 31, 2024 and 2023

(8) Risks and Uncertainties

Financial instruments, which potentially subject the Plan to concentration of credit risk, consist principally of investments held in mutual funds and collective trust funds. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(9) Related Party Transactions

Effective February 1, 2021, the Company restated and amended the Plan to give employees the ability to make payroll contributions for the purpose of acquiring shares of Company common stock that would then be transferred to their S&ME, Inc. Employee Stock Ownership Plan ("ESOP Plan") account. The Company offers a buy/sell process once annually. During the process, employees may choose to buy shares of Company stock through the ESOP Plan using their Plan funds, or, in the case of those who previously bought shares through the ESOP Plan buy/sell process, choose to sell them and return those funds to their Plan account. This annual buy/sell period occurs in the second calendar quarter each year.

In 2024, total amounts transferred from and into the Plan totaled \$1,942,080 and \$3,268,225, respectively, and are reflected as transfers in the statements of changes in net assets available for plan benefits.

In 2023, total amounts transferred from and into the Plan totaled \$565,411 and \$1,061,242, respectively, and are reflected as transfers in the statements of changes in net assets available for plan benefits.
