INDEPENDENT AUDITOR'S REPORT

To the Participants of the PVH Associates Investment Plan and the Plan Committee for the PVH Pension Plans and the PVH Associates Investment Plans:

Opinion

We have audited the financial statements of the PVH Associates Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the PVH Associates Investment Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the PVH Associates Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements

are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PVH Associates Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the PVH Associates Investment Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2024 and 2023

1. Description of the Plan

The following description of the PVH Associates Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering salaried or hourly clerical, warehouse, distribution, and United States retail field employees of PVH Corp. (the “Company”) who are at least age 21 or older, have completed the earlier of at least three consecutive months of service and are regularly scheduled to work at least 20 hours per week or have completed at least 500 hours of service during the first 12 months of employment or in any subsequent calendar year. However, a part-time associate is not eligible to receive Company contributions until they complete 1,000 hours of service in a calendar year.

Residents of Puerto Rico, non-resident aliens and associates whose principal terms and conditions of employment are subject to the provisions of a collective bargaining agreement which does not provide for active participation in the Plan are excluded. The Plan is subject to the reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan is administered by a plan committee (“the Committee”) of three employees appointed by the Company.

Trustee and Recordkeeper

The Plan’s recordkeeper and trustee services are Empower Retirement and Empower Trust Company, LLC, respectively.

Participant Contributions

Participants may make pre-tax contributions and/or after-tax Roth contributions to the Plan through payroll deductions. Total contributions may not exceed the lesser of 75% of the participant's eligible annual compensation or the IRS allowed maximum of \$23,000 for 2024 and \$22,500 for 2023, plus an additional \$7,500 for 2024 and 2023, for participants aged 50 and over by the end of the Plan year. Participants can make after-tax non-Roth contributions to the Plan, subject to Internal Revenue Service (“IRS”) limits. The Company does not match these after-tax contributions.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Participants are automatically enrolled when they become eligible to participate in the Plan with a pre-tax base pay contribution rate of 3% unless they affirmatively elect not to participate in the Plan or elect to contribute at a different rate. Contributions for an automatically enrolled participant are invested in the qualified default investment alternative designated by the Plan administrator, until changed by the participant. In addition, each participant who is automatically enrolled in the Plan will be enrolled in the annual automatic increase program at a rate of 1% and capped at 10%.

Employer Contributions

The Company matches 100% of the first 1% of eligible compensation that a participant contributes to the Plan, plus 50% of the next 5% of eligible compensation contributed by the participant. The Company makes an automatic employer contribution of 3.5% of eligible compensation on behalf of each eligible participant who is hired or rehired by the Company on or after January 1, 2022. The automatic employer contribution is intended as a substitute for pension accruals under the Company's consolidated pension plan, which was closed to employees hired or rehired after December 31, 2021. Effective July 1, 2024, all eligible plan participants receive the 3.5% automatic employer contribution, due to the freeze of pension plan accruals effective June 30, 2024.

To ensure that participants receive the maximum Company match under the Plan's contribution provisions, the Company makes an additional "true-up" contribution to all participant accounts who did not receive the full match amount to which they are entitled. True-up contributions are included in employer contributions receivable and are made in the following plan year prior to the Company's tax filing date. The true-up contribution due to the Plan at December 31, 2024 and 2023 was \$585,491 and \$549,279, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and rollovers, the Company's contributions, expenses and an allocation of Plan investment income or losses based on the participant's election of investment options. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions.

Vesting

Amounts attributable to participant contributions and the allocated earnings thereon are immediately vested. All participants become 100% vested in Company contributions and the allocated earnings thereon after two years of service. Upon death, permanent disability, or reaching age 65, participants or their beneficiaries become 100% vested in Company contributions.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Company contributions into any of the various investment options. Participants may contribute a maximum of 25% of contributions in PVH Corp. common stock.

Notes Receivable from Participants

Participants may borrow from the Plan, with certain restrictions, using their vested account balance as collateral. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of (i) \$50,000 reduced by the participant's highest outstanding loan balance during the previous 12 months, or (ii) 50% of the vested value of the participant's account. Interest is fixed for the term of the loan at the prime rate plus 1%. Loan repayments are made through payroll deductions, which may be specified for a term of 1 to 5 years or up to 15 years for the purchase of a primary residence. Upon termination of employment, a participant is given 90 days to repay the loan in full or to establish loan repayments through an ACH debit origination before it is considered to be in default. Delinquent loans are considered to be distributions based on the terms of the Plan document. Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest.

At December 31, 2024, outstanding notes receivable from participants totaled \$7,602,857 with maturity dates through 2039 at interest rates ranging from 4.25% to 9.50%.

Forfeitures

Company contributions made on behalf of non-vested or partially vested employees who have terminated employment are retained by the Plan and are used to reduce the Company's future contributions. In 2024 and 2023, forfeitures of \$1,607,102 and \$435,579, respectively, were used by the Plan to reduce the Company's contributions. At December 31, 2024 and 2023, cumulative forfeited non-vested accounts totaled \$377,449 and \$1,270,816, respectively. The balance as of the end of the current plan year is expected to be used by the end of the next plan year to fund a portion of the Company's contributions.

Payment of Benefits

Participants electing final distributions will receive payment in the form of a lump sum amount or installment payments equal to the value of their vested account unless the participant notifies the Company of their intent to receive all or a portion of their investment balance in PVH Corp. common stock in the form of shares.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan were prepared using the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

In general, costs and expenses of administering the Plan are paid and absorbed by the Plan or the Company. The Plan's administrative expenses may be paid for through offsets and/or payments associated with one or more of the Plan's investment options. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management or related fees associated with certain investment fund options are paid by participants.

Investments

Investments are recorded in the accompanying financial statements at fair value as disclosed in Note 4. All assets of the Plan are held by the trustee and are segregated from the assets of the Company.

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recognized on an accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Concentrations

At December 31, 2024 and 2023, investments in the Vanguard Institutional Index Fund of \$97,518,722 and \$80,962,172 represent 12% and 10%, respectively, of the Plan's net assets.

3. Party-In-Interest Transactions

Plan assets are invested in PVH Corp. stock directly. The Company is the Plan sponsor, therefore transactions involving the Company's stock qualify as party-in-interest transactions. During the year ended December 31, 2024, the Plan purchased 7,762 and sold 43,953 shares of the Company's common stock and received \$38,004 during 2024 from the Company as payment of dividends on its common stock. During the year ended December 31, 2023, the Plan purchased 10,823 and sold 29,690 shares of the Company's common stock and received \$45,674 during 2023 from the Company as payment of dividends on its common stock. Certain legal and accounting fees, and administrative expenses relating to the maintenance of participant eligibility records are paid by the Company, and accordingly, are not included in the financial statements of the Plan. Additionally, notes receivable from participants also qualify as exempt party-in-interest transactions.

4. Fair Value Measurements

The Financial Accounting Standards Board defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The guidance establishes a three level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the hierarchy are defined as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Observable inputs other than quoted prices included in Level 1, including quoted prices for identical assets or liabilities in inactive markets, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived principally from or corroborated by observable market data.

Level 3 – Unobservable inputs reflecting the Plan's own assumptions about the inputs that market participants would use in pricing the asset or liability based on the best information available.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. There were no transfers between levels in the years ended December 31, 2024 or 2023.

The following tables set forth the financial assets of the Plan by level within the fair value hierarchy, as of December 31, 2024 and 2023:

⁽²⁾ Valued at the net asset value (“NAV”) of the fund(s), as determined by the closing price in the active market in which the individual fund is traded.

PVH ASSOCIATES INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

- ⁽³⁾ Valued at the NAV of the fund as determined and published daily by the fund family. Funds are redeemable on a daily basis at the NAV without restriction.
- ⁽⁴⁾ Valued at the net asset value of units of the Galliard Stable Return Fund E (“Fund E”) and Fund U (“Fund U”), in 2024 and 2023, respectively, which are each a collective trust which invests all of its assets in Galliard Stable Return Fund Core. Galliard Stable Return Fund Core invests in fully benefits-responsive investment contracts. The net asset value of Fund E and Fund U is used as a practical expedient to estimate its fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily unless payments are being delayed to all fund unit holders. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner..
- ⁽⁵⁾ Valued at carrying value, which approximates fair value

5. Risks and Uncertainties

The Plan invests in various investment securities, including the Company’s stock. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amount reported in the Statements of Net Assets Available for Benefits.

6. Income Tax Status

The IRS has determined and informed the Company by a letter dated April 25, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the IRS letter, the Committee believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. There are no uncertain tax positions taken or expected to be taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

7. Subsequent Events

The Company has evaluated all subsequent events from the statement of net assets available for plan benefits date through the date the financial statements were issued and no events were noted which warrant adjustments to, or disclosure in the financial statements.
