INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator of
the 403(b) Thrift Plan of Self Help for the Elderly:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan of Self Help for the Elderly (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of Self Help for the Elderly and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Self Help for the Elderly's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with general accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures on the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Self Help for the Elderly's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we are identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of, Schedule H, Line 4i - Schedule of Asset (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respect, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan of Self Help for the Elderly (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on July 1, 2002, and most recently restated effective January 16, 2020, to provide retirement, death, and disability benefits for eligible employees of Self Help for the Elderly (the "Organization"). The Plan is a defined contribution plan covering substantially all employees who are not (a) nonresident aliens with no U.S. source income and (b) eligible to make salary reduction contributions to the other plan of the Organization. Participants may begin deferring a portion of their compensation into the Plan on the first day of the pay period coinciding with or immediately following the date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Employees who have a break-in-service after becoming participants in the Plan and were later rehired are eligible to resume participation in the Plan, upon completion of the applicable service requirement, on the first day of the month coinciding with or immediately following the date rehired if participants were at least partially vested in benefits before they terminated service or, regardless of vesting status when terminated, break-in-service did not exceed five consecutive years. A break-in-service means a twelve-consecutive month period during which participants did not complete 500 hours due to termination, layoff, leave, or a similar reason.

The Plan includes the Organization's Tax-Deferred Annuity contract (TDA). The TDA is not available for new participants. The TDA no longer accepts contributions except rollovers or transfers from other plans or contracts.

Participant Contributions – Participants may voluntarily contribute up to 100% of their annual pretax compensation to the Plan, as defined by the Plan agreement, up to a maximum of \$23,000 for the year ended December 31, 2024. Participants who reach 50 years of age during the Plan year may make an annual catch-up contribution of \$7,500 for the year ended December 31, 2024. Participants may also make rollover contributions representing distributions from other qualified plans and arrangements under Section 403(b), 408(b), 401(a), 403(a), and 1400Q(a) of the Code.

Employer Contributions – Effective August 1, 2017, the Organization makes a matching contribution equal to 100% of participant's contribution during the plan year but not to exceed 3% of the participant's compensation, as defined in the plan documents, during the plan year. The minimum service requirement for the employer matching contributions is three months.

403(B) THRIFT PLAN OF SELF HELP FOR THE ELDERLY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's contributions, the Organization's matching contributions, and allocations of the Plan's investment earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their voluntary contributions, their rollover contributions, employer contributions, and actual earnings thereon.

Investment Options – The plan administrator maintains a Group Annuity Contract with Mutual of America Life Insurance Company (Mutual of America). Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into (1) Mutual of America General Account (General Account) or (2) any of the funds under the Mutual of America Separate Account (Separate Account). Participants may transfer all or any part of the accounts among the available investment alternatives at any time, without charge.

Notes Receivable from Participant – The Plan allows participants to borrow from their vested account balance provided they meet the Plan's eligibility requirements. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of one-half of the participant's vested account balance or \$50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence that may be for a longer term. The loan is secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon reaching 59-1/2 years of age or upon the termination of service due to death, disability, or retirement, a participant may elect to receive a distribution of benefits through a lump-sum cash payment or a direct rollover to another qualified plan. The participant may also elect to receive scheduled withdrawal under a specified payment option. Under this option, the participant may choose to receive regular monthly payments of \$100 or more and specify in advance the number of payments. The participant can choose to increase or decrease the amount of payments or stop payments at any time subject to the minimum distribution requirements. If the participant's account balance is greater than \$1,000 but less than \$5,000 and no distribution instructions have been received by such participant, the account will be paid as a direct rollover to an individual retirement account. Withdrawals prior to attaining age 59-1/2 are not permitted except in the event of termination, retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59-1/2.

**403(B) THRIFT PLAN OF SELF HELP FOR THE ELDERLY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

For termination of services other than discussed in the previous paragraph and if the participant's vested account balance is \$1,000 or less, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's vested account balance is greater than \$1,000, the participant may elect to leave all or part of the vested account in the Plan and defer receipt of his or her benefit, or withdraw all or part of the vested account in a single sum provided they have met the requirements for withdrawals.

At retirement, the participant's individual account, including interest and investment earnings will be available to purchase a uniform monthly annuity to provide retirement income, unless the participant chooses another form of benefit.

Administrative Expenses – Administrative fees on participant distributions are charged to participant accounts. All other costs are paid for by the Organization.

Forfeited Accounts – The forfeited nonvested account at the end of December 31, 2024 was \$0. The forfeitures will be used to offset future employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and disclosure of contingent assets and liabilities and changes therein, and disclosure of assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

403(B) THRIFT PLAN OF SELF HELP FOR THE ELDERLY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Contributions – Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants – Notes receivable from participants are measured at its unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payments of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from the participant are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through July 11, 2025, the date the financial statements are available to be issued. No items requiring adjustment of the financial statements or additional disclosures were identified.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument; and inputs that are derived principally from or corroborated by observable

403(B) THRIFT PLAN OF SELF HELP FOR THE ELDERLY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Separate Account – The Separate Account has subaccounts named after the corresponding underlying mutual fund. Separate Account investments consist solely of investments in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

Investments in General Account of Mutual of America – The Plan considers investment in General Account to be highly liquid debt investments that are comparable to cash equivalents. The stated carrying value approximates the fair value.

Assets measured at fair value as of December 31, 2024 and 2023 are as follows:

	2024			
	Level 1	Level 2	Level 3	Total
Investment in:				
Separate Account –				
Mutual Funds	\$ 12,684,935	\$ -	\$ -	\$ 12,684,935
General Account	3,129,012	-	-	3,129,012
Total assets at fair value	<u>\$ 15,813,947</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,813,947</u>

the schedule of assets held at end of the year, included in the accompanying supplemental information, was obtained from data that has been certified by Mutual of America, the custodian of the Plan, to be complete and accurate. All investments are in participant-directed funds. The contributions are maintained in the general account or in separate accounts, which are invested in various fund options as directed by each participant (see Note 1). The accounts are credited with actual earnings and unrealized appreciation on the investments and charged for Plan withdrawals and miscellaneous expenses.

5. INVESTMENT IN GENERAL ACCOUNT OF MUTUAL OF AMERICA

The funds invested in the Interest Accumulation Account of Mutual of America's General Account are allocated to individual plan participants and are available to pay benefits subject to the plan provisions and vesting schedules. Mutual of America guarantees to credit interest for the life of the contract at a rate at least equal to the greater of (1) any contractual minimum guarantee provided by the contract or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to the contract, the guaranteed minimum credit interest rate will be set pursuant to the National Association of Insurance Commissioners (NAIC) standard nonforfeiture law. The NAIC minimum rate cannot be less than 0.15% or more than 3.0%. The minimum credit rate for assets in the 403(b) and TDA contract for participants who enrolled on or after March 1, 2008, is determined by NAIC. Mutual of America credited 2.85% on funds invested in the General Account during 2024. Participants who were enrolled in the TDA prior to March 1, 2008, have a contractual minimum credit rate of 3%. Mutual of America reserves the right to defer the payment of total withdrawal from the Interest Accumulation Account in connection with the termination of the Contract for up to six months following the date of receipt of such request.

Investment held in the General Account of Mutual of America is valued at the contract value (principal plus interest) which is equal to fair value.

6. TAX STATUS

The plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements under the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

**403(B) THRIFT PLAN OF SELF HELP FOR THE ELDERLY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments in general and separate accounts are managed by Mutual of America. Mutual of America is the custodian and recorded keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to Mutual of America. These transactions are party-in-interest transactions under ERISA.

Nonexempt delinquent contributions are described in Note 11.

8. PLAN TERMINATION

The Organization has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Organization reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and will be required to take the entire account balance from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan, including investment in General Account and Separate Accounts. Such investment securities, in general, are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Employer contribution in 2024 received in 2025	<u>(9,163)</u>
Total other contributions per Form 5500	<u>\$ 1,253,855</u>

11. NONEXEMPT DELINQUENT CONTRIBUTIONS

In 2023, certain employee deferrals amounting to \$70,973 were not remitted to the Plan within the timeframe required by the Department of Labor. As of December 31, 2023, these employee deferrals have been remitted to the Plan. Lost earnings on the delinquent contributions amounting to \$44 are recorded as "other receivables" in the statement of net assets as of December 31, 2023, and "other employer contributions" in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

In 2024, certain employee deferrals amounting to \$4,122 were not remitted to the Plan within the timeframe required by the Department of Labor. As of December 31, 2024, these employee deferrals have been remitted to the Plan. Lost earnings on the delinquent contributions amounting to \$28 are recorded as "other receivables" in the statement of net assets as of December 31, 2024, and "other employer contributions" in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
