PRIOR SERVICE BENEFIT PLAN FOR THE EMPLOYEES OF

THE JUDGE BAKER GUIDANCE CENTER

Employer Identification Number: 04-2103860

Plan Number: 002

Schedule SB, Part V -- Summary of Plan Provisions

Eligibility

Class I: Employees who participated in the National Health and Welfare Retirement Plan are eligible for prior service benefits.

Class II: Other employees who attained age 25 and completed 3 years of service on January 1, 1974 are eligible for prior service benefits.

Normal Retirement:

The normal retirement date shall be the first day of the month coinciding with or next following the participant's attainment of age 65.

Vesting:

All participants are fully vested in the prior service benefits.

Normal Retirement Benefit:

The prior service benefit payable on or after the normal retirement date is a yearly life annuity (with 10 year guaranteed period), computed as follows:

Class I: 1% of salary on January 1, 1974 times years of service, minus one year, on January 1, 1974, minus any benefits which may be payable from the employer's prior plan with National Health and Welfare Retirement Association, Inc.

Class II: 0.5% of salary on January 1, 1974 times years of service, minus one year, on January 1, 1974.

Schedule SB, Part V -- Summary of Plan Provisions (continued)

Early Retirement Benefit:

Early retirement may commence at age 55. The prior service benefit payable at early retirement is the normal retirement benefit actuarially reduced. The actuarial reduction is based upon (a) the TIAA Immediate Annuity interest dividend basis applicable to the funds that are being transferred from the TIAA Group Annuity, and (b) the TIAA Deferred Annuity dividend interest rate for current premiums between the early retirement date and the normal retirement date.

Pre-Retirement Death Benefits:

If a participant dies with vested benefits prior to age 55, the surviving spouse will receive 50% of the benefit that would have been payable to the participant, had the participant separated from service on the date of death, survived to age 55 and retired immediately thereafter.

If a participant dies with vested benefits on or after attaining age 55, the surviving spouse will receive 50% of the benefit that would have been payable to the participant, had the participant retired on the date of death.

Method of Payment:

At time of retirement, the amount necessary to purchase the past service retirement benefit through the participant's TIAA Retirement Annuity Contract is transferred from the TIAA Group Annuity to the individual's contract. The transfer is based on TIAA's current dividend rate and the life annuity option with 10 year guaranteed period. The individual may then elect to receive the benefit based on any settlement option offered by TIAA on an actuarially equivalent basis.
