Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Port Aggregates, Inc., 401(k) Profit Sharing Plan and Trust #001, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the year ended December 31, 2024 and 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Port Aggregates, Inc., 401(k) Profit Sharing Plan and Trust #001's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023 stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Port Aggregates, Inc., 401(k) Profit Sharing Plan and Trust #001 and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Port Aggregates, Inc., 401(k) Profit Sharing Plan and Trust #001's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Port Aggregates, Inc., 401(k) Profit Sharing Plan and Trust #001's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Port Aggregates, Inc., 401(k) Profit Sharing Plan and Trust #001's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held For Investment at December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2024 and 2023

1. **DESCRIPTION OF PLAN**

The following description of the Port Aggregates, Inc. ("Company") Profit Sharing Plan and Trust #001 ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company who have one year of service and are age twenty-one or older. The plan excludes collectively bargained employees, nonresident aliens, leased employees, employees who are not employed by an adopting Employer, even if they are employed by a nonadopting Affiliated Employer, and individuals who are not treated as common law employees by the Employer on its payroll records even if a court or administrative agency later determines that such an employee is a common law employee and not an independent contractor provided, however, that the individual who is a partner or proprietor of an adopting Employer shall not be excluded by such provision. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan is a single employer plan consisting of Port Aggregates, Inc., PAI Ready Mix, PAI Material Handling and PAI Precast all of which are affiliated employers.

Contributions. Each Year, participants may contribute up to 95% of their pretax annual compensation as defined in the plan up to the Internal Revenue limit for the year, whichever is less. For 2023 the limit was \$22,500 (\$20,500 for 2022). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan currently offers primarily pooled separate accounts. Effective January 1, 2022, the plan adopted an automatic enrollment provision whereby newly eligible employees are automatically enrolled in the plan at a 6% deferral rate, unless the employee affirmatively elects otherwise. Each year, the Company may contribute a discretionary employer matching contribution and/or a non-elective employer contribution. For the years ended 2024 and 2023, the Company elected to make a discretionary matching contribution of 50% of employee deferrals up to 3% of compensation. For the years ended December 31, 2024 and 2023, the Company elected not to make a discretionary employer non-elective contribution.

Participant Accounts. Each participant's account is credited with an allocation of the Company's contribution, Plan earnings, and forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. For 2024 and 2023, forfeitures were used to pay administrative charges made by the carrier. At the end of 2024, the balance in the forfeiture account was \$4,941 (\$2,992 for 2023). For 2024 the amount paid was \$3,983 and the amount paid in 2023 was zero.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes to the Financial Statements

December 31, 2024 and 2023

Payment of Benefits. On termination of service and for other reasons such as death or disability a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum cash amount. In addition participants may elect to receive distributions after attaining the age of 59 ½ and can elect to have distributions from any rollover balance that the participant may have.

Administrative Expenses. The employer paid plan expenses of \$16,997 for the year ended December 31, 2024 and \$13,327 of plan expenses for the year ended December 31, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review. Subsequent events were evaluated through July 11, 2025 which is the date the financial statements were issued.

Basis of Accounting. These financial statements and the supplemental information were prepared on the accrual basis of accounting.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid. The plan was amended in 2020 to allow distributions of funds held in an employer account for at least two years.

Forfeited Accounts. At December 31, 2024, forfeited non-vested accounts totaled \$4,941 (\$2,992 at 12-31-2023). These accounts can be used to pay administrative fees. The administrative expenses paid out of the forfeiture account in 2024 amounted to \$ 3,983 and the administrative expenses paid out of the forfeiture account for 2023 amounted to \$2,992.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes to the Financial Statements

December 31, 2024 and 2023

4. TAX STATUS

The Plan is a Defined Contribution Prototype Cash or Deferred Profit-Sharing Plan. Scudder Kemper Investments, Inc. established this Prototype Plan to conform and qualify under section 401 of the Internal Revenue Code of 1986 as amended. *Port Aggregates, Inc. 401(k) Profit Sharing Plan and Trust* established a Plan and Trust under this Prototype Plan by executing a new Adoption Agreement in 2009. The Internal Revenue Service determined and informed Scudder Kemper Investments, Inc. by a letter dated April 28, 1998, that the Prototype Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The most recent letter was a letter dated June 30, 2020 from the Internal Revenue Service which stated that the form of the plan is acceptable under section 401 of the Internal Revenue Service. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Federal tax authorities generally have the right to examine and audit the previous three years of tax returns filed.

5. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statements of net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. In accordance with accounting principles generally accepted in the United States of America, fair value is defined as the price that a fund would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. A three-tier hierarchy has been established to maximize the use of observable and minimize the use of unobservable inputs to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing an asset. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing an asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing an asset or liability based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 – quoted prices in active markets for identical investments

Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risks, etc.)

Level 3 – significant unobservable inputs (including the Trust's own assumptions in determining the fair value of investments)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level2)</u>

	<u>\$ 4,356,743</u>	<u>\$ -</u>	<u>\$ 4,356,743</u>

The initial pricing input is the quoted price for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation; dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

7. Related Party Transactions and Party In Interest Transactions

On December 31, 2020, Empower Annuity Insurance Company of America ("EAIC") and its subsidiaries, including Empower Retirement LLC, acquired the retirement business of Mass Mutual Life Insurance Company("MassMutual"). Following an initial transition period, Empower became the sole administrator of this business in 2021. Since the plan
