INDEPENDENT AUDITORS' REPORT

To the Participants, Management, and Plan Committee
of the Justrite Safety Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Justrite Safety Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Justrite Safety Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Justrite Safety Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Justrite Safety Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Justrite Safety Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Justrite Safety Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to

or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JUSTRITE SAFETY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Justrite Safety Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan with a 401(k) feature sponsored by Justrite Manufacturing Company, LLC (the “Company”) covering all employees who have completed one month of service and are age eighteen or older. Entry dates are the first day of each month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is governed by its Board of Trustees. Empower Retirement serves as the Plan custodian.

Contributions

Each year, participants may contribute an amount equal to a percentage of compensation (1% to 90%) not to exceed the maximum limitation set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions among any or all of the investment options offered by the Plan.

The Plan includes an automatic deferral feature. The Company will automatically withhold a portion of the participant’s compensation and contribute that amount to the Plan as a pre-tax 401(K) deferral unless the participant makes a contrary election.

For union and non-union employees, the Company makes safe harbor matching contributions equal to 100% of the first 3% of the applicable active participant’s compensation contributed to the Plan and 50% of the next 2% of the applicable active participant’s compensation contributed to the Plan. For union employees, the Company makes additional matching contributions equal to 50% of a participant’s elective deferral which does not exceed 6% of the participant’s compensation according to the union contract that expires November 15, 2027.

JUSTRITE SAFETY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION (Continued)

Contributions (continued)

For union and non-union employees, the Company also makes non-matching contributions based upon a discretionary formula. For each Plan year until amended by the employer, the allocation formula for non-matching contributions for eligible union employees will be \$0.50 per hour regardless of years of vesting service according to the union contract that expires November 15, 2027. The non-matching contributions for eligible non-union employees are determined annually by the employer as a percentage of a participant's compensation, for the applicable Plan year. The percent of the Company's non-matching contribution will be based on company performance compared to the annual operating plan. The goals are set at the beginning of each applicable Plan year. The Company elected to make a 2% and 2% non-matching contribution for non-union employees for the years ended December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and non-matching contribution portion of their accounts plus earnings is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms generally range from two to five years, but may be extended for the purchase of a primary residence. The loans are secured by the participant's vested account balance and bear a reasonable rate of interest as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

JUSTRITE SAFETY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. An eligible rollover distribution is also permitted. If the value of a participant's account is less than \$1,000, a lump sum distribution will be made without regard to the consent of the participant as soon as administratively feasible.

The Plan also allows for in-service distributions once a participant has attained age 59 1/2, which may be made only from accounts which are 100% vested.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses and then allocated to participant accounts as defined in the Plan. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$239,321 and \$102,436, respectively. For the years ended December 31, 2024 and 2023, forfeitures were used or allocated to participant accounts of \$83,144 and \$56,659, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

JUSTRITE SAFETY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes reinvested dividend and interest income, and the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to Plan administration are charged directly to the participants account. Distribution and loan fees are charged to the individual participant's account incurring the distribution or loan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through July 11, 2025, the day the financial statements were available to be issued.

JUSTRITE SAFETY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY THE CUSTODIAN

Empower Retirement (the “Custodian”), has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedule and accompanying notes. The following is a summary of information, which was furnished:

- a. Investments as reported in the statements of net assets available for benefits at December 31, 2024 and 2023.
- b. All items of income and expense related to Plan investments and all transactions for the years ended December 31, 2024 and 2023.
- c. Investments as reported in the supplemental schedule of assets (held at end of year) as of December 31, 2024.

4. FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

JUSTRITE SAFETY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Pooled separate accounts: Each account owns shares of an underlying fund. Empower Retirement values each account in terms of "units", the value of which is determined on a daily basis. The share price, or Net Asset Value, of the underlying fund is used to calculate the unit value. To determine the unit value, the market value is reduced by applicable fees and then divided by the number of units. The pooled separate investment accounts have no restrictions on redemptions and have no unfunded commitments. Redemption can occur daily and there are no redemption periods required.

Common collective trust: Valued at fair value based on the underlying assets and liabilities held in the funds. The funds seek to maximize total return through both current income and price appreciation, consistent with the preservation of capital and prudent risk taking.

Further information on the common collective trust can be found in the annual report issued by the Galliard Stable Return Fund M.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Internal Revenue Service has determined and informed the pre-approved plan provider, by a letter dated November 14, 2022, that the Plan, as then designed, is in accordance with applicable requirements of the Internal Revenue Code (IRC). The pre-approved plan provider has informed the Plan's administrator that the Plan was restated since receiving the determination letter. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
