## Independent Auditor's Report

To the Retirement Plan Committee of  
Red Dot Corporation 401k Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Red Dot Corporation 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Red Dot Corporation 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Red Dot Corporation 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

# Independent Auditor's Report

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Dot Corporation 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Red Dot Corporation 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Dot Corporation 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

## Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Red Dot Corporation 401k Plan

Notes to the Financial Statements

December 31, 2024 and 2023

## 1. Description of Plan

### General

The following description of the Red Dot Corporation 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan sponsored by Red Dot Corporation (the "Company" or the "Plan Administrator") for the benefit of its employees. The Plan became effective July 1, 1998 and was most recently amended effective March 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

### Plan Operations

The Company is the Plan Sponsor and the Plan Administrator. The trustee of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the Trustee). Principal Financial Group ("Principal") maintains the records of each participant's account.

### Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan for the purposes of salary deferrals and the employer matching contributions following the first day of the quarter subsequent to their date of hire. Ineligible employees are (1) employees whose employment is governed by the terms of a collective bargaining agreement, (2) leased employees, and (3) employees who are considered to be independent contractors.

Employees are eligible for profit sharing contributions upon completion of 1,000 hours, one year of service and be employed on the last day of the Plan year, or in the event of death, retirement, or disability during the Plan year.

### Contributions

Participants may elect to contribute up to 100% of eligible pretax compensation to the Plan each year, up to the maximum amount allowed by the law. The Plan also allows participants to make contributions to a Roth 401k. Additionally, participants can contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

An employee who has satisfied the eligibility requirements will become a participant in the Plan for employee contributions and employer match contributions as of the first day of the Plan year quarter coinciding with or next following the date when the requirements are met. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Once enrolled, participants can change their contribution deferral amounts at any time. Effective January 1, 2020, the Plan includes an automatic salary deferral increase provision. Deferral contributions for automatically enrolled participants will automatically be increased by 1% on January 1 of each year, up to 10%. Contributions are subject to regulatory limitations.

The Company has adopted a safe harbor provision, wherein the Company is required to make a qualified non-elective (QNEC) matching contribution of 3% of employee eligible compensation and may elect to make additional discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participant's compensation. There were no profit sharing contributions for the year ended December 31, 2024.

Notes to the Financial Statements

December 31, 2024 and 2023

## 1. Description of Plan (Continued)

### **Participant Investment Account Options**

The Plan is intended to comply with Section 404(c) of ERISA. Accordingly, the participants, rather than the Plan administrator, are responsible for making investment decisions for their accounts. Participants direct the investment of their account balances into various investment options offered by the Plan. During the year, participants had the option to direct the investment of their contributions into various registered investment companies and a guaranteed return account.

### **Participant Accounts**

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Company contribution, and the participant's portion of earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Vesting**

A participant is 100% vested in his or her contributions and employer QNEC at all times. Vesting in other Company contributions to their account plus earnings thereon is based on years of credited service. A participant vests 20% each year beginning after two years of service until they are 100% vested after six years. To earn a year of service, a participant must be credited with at least 1,000 hours of service during a Plan year. A participant is entitled to 100% of his or her account balance upon death or if he or she endures a total and permanent disability while an employee of the Company.

### **Notes Receivable From Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; terms may be longer if the loan is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. At December 31, 2024 and December 31, 2023, the notes bear interest between 4.25% and 9.50% and mature at various dates through 2039. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. Principal and interest are paid ratably through payroll deductions. Interest income on participant notes receivable was approximately \$37,000 for the year ended December 31, 2024.

### **Payment of Benefits**

Participants are eligible to receive benefits upon termination of employment, attaining the age of 59 1/2, disability, death, or as hardship withdrawals subject to certain requirements. A participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, or substantially equal installments. Terminating participants with balances of \$5,000 or less who have not requested a distribution will receive an automatic cash withdrawal.

### **Forfeited Accounts**

The portion of a participant's account balance that is not fully vested will be forfeited if the participant separates from service. The timing of forfeiture will be the earlier of the last day of the Plan year in which the former participant incurs five consecutive 1-year breaks in service or distribution of the entire vested portion of the participant's account. These forfeited amounts may be allocated to the remaining eligible participants, used to reduce future Company contributions, or to offset Plan expenses.

During the year ended December 31, 2024, approximately \$35,000 of forfeitures were used for Company contributions or plan expenses.

## Red Dot Corporation 401k Plan

Notes to the Financial Statements

December 31, 2024 and 2023

## 2. Summary of Significant Accounting Policies

### **Basis of Accounting**

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### **Accounting Estimates**

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates; the effect of any changes could be material. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate transactions under the terms of the Plan. See Note 5 for discussion of the contract value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in fair value of investments.

### **Payment of Benefits**

Benefit payments are recorded when paid.

### **Administrative Expenses**

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

### **SECURE 2.0**

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reform that began with the 2020 CARES act. Most of the provisions of SECURE 2.0 became effective in 2024 and beyond. The Plan Administrator has determined which provisions apply to the Plan and their impact on the Plan.

### **Subsequent Events**

The Plan has evaluated subsequent events through July 17, 2025, the date which the financial statements were available to be issued.

## Red Dot Corporation 401k Plan

Notes to the Financial Statements

December 31, 2024 and 2023

### 3. Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee of the Plan, which includes cash, investment assets, notes receivable from participants, and investment transactions and income, except for comparing the information with the related information included in the financial statements and supplemental schedule.

The Trustee has provided the Plan Administrator with certifications as to the completeness and accuracy of the net assets available for Plan benefits as they relate to investments and notes receivable from participants held by the Trustee as of December 31, 2024 and 2023 and changes in net assets available for Plan benefits for the year ended December 31, 2024, as they relate to investment income, including net appreciation in fair value of investment and interest and dividends.

The following information was certified by the Plan Trustee as of December 31:

	2024	2023
Investments at fair value:		
Registered investment companies	\$ 19,436,081	\$ 16,694,578
Investments at contract value:		
Guaranteed investment contract	532,764	470,668
Notes receivable from participants	494,777	339,642

The Plan Trustee also certified to the completeness and accuracy of approximately \$1,541,000 of net appreciation in fair value of investments, approximately \$461,000 of interest and dividends, and approximately \$37,000 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2024.

### 4. Fair Value Measurements

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the FASB fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan uses valuation techniques in a consistent manner from year to year.

<b>Totals</b>	<b>\$ 16,694,578</b>	<b>\$ 16,694,578</b>	<b>\$ -</b>	<b>\$ -</b>

### 5. Guaranteed Investment Contract

The Plan is participating in a benefit-responsive guaranteed investment contract (GIC) with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2024 and 2023, the contract value reported on the statements of net assets available for benefits relates to evergreen contracts, as the contract has no set maturity date.

The GIC issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is set by Principal Life using a process similar to that used by banks or other insurance companies for similar products. The crediting rate is declared in advance and is reset semiannually. At December 31, 2024 and 2023, the crediting interest rate was a 4.85% and 4.65% effective annual rate, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. As of December 31, 2024, the Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants were probable of occurring.

## **Red Dot Corporation 401k Plan**

Notes to the Financial Statements

December 31, 2024 and 2023

### **5. Guaranteed Investment Contract (Continued)**

In addition, an employer-level liquidation of the investment will be subject to either a twelve-month advance notice or a 5% surrender charge, whichever the employer chooses. Notification of the Plan's intent to terminate its interest may be revoked within 90 days, after which time notice becomes irrevocable.

### **6. Related Party Transactions**

Plan investments during the year were registered investment companies (i.e. mutual funds), common/collective trust funds, and a guaranteed return account managed by Principal; therefore, these transactions qualify as party-in-interest transactions.

### **7. Plan Termination**

Although the Plan has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their employer contributions and the Plan assets will be distributed according to the provisions of the Plan documents.

### **8. Tax Status**

The Internal Revenue Service (IRS) has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Trustee of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan Administrative Committee/Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. The Plan is no longer subject to income tax examinations for the years before 2021.

### **9. Risks and Uncertainties**

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors will continue to occur in the near term and that such changes could materially affect participants account balances and the financial statements.
