## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator, Participants and Beneficiaries  
of the Peoples Financial Corporation Employee Stock Ownership Plan

### ***Opinion***

We have audited the financial statements of Peoples Financial Corporation Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter***

#### ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements**

**NOTE A – DESCRIPTION OF PLAN**

The following description of the Peoples Financial Corporation and its subsidiaries (the “Company”) Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and employed in a position requiring the completion of at least 1,000 hours of service per plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended on April 5, 2019. As a result of the amendment, the Plan was frozen effective January 1, 2019. No eligible employee shall become a participant and no contributions shall be made after January 1, 2019.

Participant Accounts

A separate Company Stock Account and Other Investments Account, which is vested at 100%, will reflect each participant’s interest.

**Company Stock Account** – This account is credited annually with the employee’s allocable share of Company stock purchased and paid for by the trust or contributed in kind to the trust, and with any stock dividends on Company stock allocated to the employee’s Company Stock Account.

**Other Investments Account** – This account is credited or debited annually with the employee’s share of net income or loss of the Trust, with any forfeitures of common stock, with any cash dividends on Company stock allocated to the employee’s Company Stock Account, with the employee’s allocable share of the employer contributions in cash and with any forfeitures from Other Investment Accounts.

Investment Funds

The Trustee will invest employer contributions primarily in Company stock.

Put Option

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradeable on an established securities market, or is subject to trading limitations, includes a put option. The put option is a participant’s right to require the plan sponsor to repurchase the Company stock distributed to such participant under a fair valuation formula. The put price is representative of the fair market value of the stock.

A participant can exercise the right to “put” the Company Stock to the Company by submitting written notification to the Plan Administrator during the first sixty days after the stock is distributed by the Plan. If a participant does not exercise the right in the sixty-day period, the participant may do so during the sixty-day period commencing on June 1 of the year following the year in which the participant receives the stock distribution by submitting written notification to the Plan Administrator. If the participant elects a lump sum distribution of Company Stock and then exercises the “put” right, the Company may elect to pay for the stock in equal installments over a period of up to five years, with adequate security and a reasonable rate of interest. If the participant elects installment distributions and exercises the “put” right, the Company must pay the participant for the Company Stock distribution within thirty days after the exercise of the “put” right.

#### Diversifications

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. The qualified participant may choose to receive this diversification distribution as a direct rollover to a traditional IRA or eligible employer plan or the diversification distribution may be paid directly to the qualified participant. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

#### Payment of Benefits

Upon retirement (as defined), death or disability, a participant is entitled to receive 100% of his or her account balance paid in cash in a lump sum distribution or may be paid in equal installments over a period of up to five years not later than the close of the plan year following the plan year or termination. When the Plan was frozen as of January 1, 2019, all participants became 100% vested.

Payment of the participants vested ESOP account will commence not later than the close of the sixth Plan year following the Plan year in which a participant terminates employment.

#### Minimum Distribution Requirements

Payment of the participants benefits must commence not later than April 1 of the calendar year following the calendar year in which the participant attains age 70½ (age 72 if born after July 1, 1949 and age 73 if born after December 31, 1950) if more than 5% owner of the Company, even if still employed. If not a more than 5% owner, the commencement of the distribution of benefits will be deferred until retirement. Once minimum distributions are required to commence, they are also required in subsequent years. The failure to timely commence or receive any minimum required distribution can result in a 25% penalty tax.

### Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised, subject to the terms of the Plan.

## **NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

### Investments

The Plan’s investment in Company stock is recorded at fair value as determined by a third-party valuation specialist. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the Plan year.

### Benefit Payments

Benefit payments to participants are recorded when paid.

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

## **NOTE C - INVESTMENTS**

Financial assets and liabilities reported at fair value at each reporting date are classified and disclosed in one of the following categories: Level 1 – Quoted market prices in active markets for identical assets or liabilities, Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data, or Level 3 – Unobservable inputs that are not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The balances of the Plan's investment in Peoples Financial Corporation common stock, which are measured at fair value on a recurring basis, by level within the fair value hierarchy as of December 31, 2024 and 2023, respectively, are as follows:

	Total Assets at Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
December 31, 2024	\$ 4,008,068	\$	\$	\$ 4,008,068
December 31, 2023	\$ 3,240,152	\$	\$	\$ 3,240,152

The Plan's investment in Peoples Financial Corporation common stock was determined by a third-party valuation specialist using key inputs from the Plan sponsor and other publicly available information. The specialist used a combined value using the income and market approaches which are appropriate valuation approaches under ASC 820, Fair Value Measurements.

The following table presents a summary of changes in the fair value of the Plan's investment in Peoples Financial Corporation common stock which is measured using Level 3 inputs:

	For the Year Ended December 31, 2024	For the Year Ended December 31, 2023
	Balance, beginning of period	\$ 3,252,657
Purchases	94,334	113,073
Sales and distributions	(125,643)	(92,744)
Net change in fair value	854,062	102,881
Balance, end of period	<u>\$ 4,075,410</u>	<u>\$ 3,240,152</u>

#### **NOTE D – COST OF PLAN ADMINISTRATION**

The Company absorbs the cost of plan administration.

#### **NOTE E – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA.

No eligible employee shall become a Participant, no Participant shall be eligible to further participate in the Plan and no contributions shall accrue as of the date specified January 1, 2019, at which time the Plan was frozen.

#### **NOTE F – TAX STATUS**

The Company received a favorable determination letter dated June 6, 2013, from the Internal Revenue Service (“IRS”) under which the Plan qualifies for favorable tax treatment under Sections 401(a) and 4975(e)(7) of the Internal Revenue Code and, therefore, is exempt from federal income taxes under provisions of Section 501(a).

As a result of the Plan’s amendments in 2015, the Company filed an application with the IRS requesting determination concerning the qualification of the Plan. The IRS has notified the Company that it would not review this off-cycle request and that we should rely on the 2013 determination letter. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **NOTE G – ADMINISTRATION OF PLAN ASSETS**

The Plan’s assets consist primarily of Peoples Financial Corporation voting common shares and cash in a money market fund held and managed by the Trustee.

Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants. A third-party administrator handles the recordkeeping and administrative reports.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

#### **NOTE H – PARTY-IN-INTEREST TRANSACTIONS**

Common stock and investments of the Company, the Plan sponsor, are the only investments of the Plan. The shares held by the Plan at December 31, 2024 and 2023 had a fair value of \$4,008,068 and \$3,240,152 respectively. The Plan purchased \$38,608 (2,354 shares) and sold and distributed \$72,292 (4,436 shares) of the Plan sponsor's common stock during the year ended December 31, 2024.

Members of management of the Plan sponsor are participants in the Plan; however, there are no transactions with these individuals other than their participation in the Plan. The Asset Management & Trust Division of The Peoples Bank, Biloxi, Mississippi, a wholly owned subsidiary of the Plan sponsor, serves as the Trustee of the Plan.

#### **NOTE I – ECONOMIC DEPENDENCY**

The Plan is dependent on the Company to fund the liquidity needs of the Plan.

#### **NOTE J – CONCENTRATION OF MARKET RISK**

The Plan has invested a significant portion of its assets in Company common stock. This investment in the Company's common stock approximates 99% of the Plan's net assets available for benefits as of December 31, 2024. As a result of the concentration, any significant reduction in the market value of the stock could adversely affect individual participant accounts and the net assets of the Plan.

#### **NOTE K – SUBSEQUENT EVENTS**

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, July 18, 2025, and has determined that no significant events occurred after December 31, 2024, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
