Independent Auditor's Report

To the Plan Administrator
403(b) Thrift Plan for Employees of Family Services of Westchester, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan for Employees of Family Services of Westchester, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

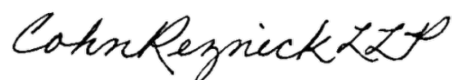

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2024 and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of 403(b) Thrift Plan for Employees of Family Services of Westchester, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution retirement plan established under Internal Revenue Code ("IRC") Section 403(b) covering all eligible employees of Family Services of Westchester, Inc. (the "Organization"). Eligible employees may begin to make salary deferral contributions to the Plan on the first day of the month immediately following their date of hire. Nonresident aliens and those classified as independent contractors or other nonemployees included on the Organization's payroll records, as defined, are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Organization's Board of Directors is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Organization's Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. The Plan has also elected to allow participants to make additional Special Section 403(b) Catch-Up Contributions provided they have completed at least 15 years of service, as defined by the Plan. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of insurance company pooled separate accounts and an interest accumulation account as investment options for participants.

The Plan contains provisions for discretionary employer matching contributions and discretionary base contributions. Eligible participants must have completed one year of service (with a minimum of 1,000 hours) and be employed on the last day of the Plan year to receive any discretionary employer contributions. Participants will be eligible for any discretionary employer matching contributions and discretionary base contributions on the first day of January or July immediately following the satisfaction of the Plan's eligibility requirements. For the year ended December 31, 2024, the Board of Directors elected to make a discretionary employer matching contribution to the Plan equal to 50% of the first 2% of a participant's salary deferral contributions, for a maximum match equal to 1% of the participant's eligible compensation, as defined by the Plan. For the year ended December 31, 2024, the Board of Directors also elected to make a discretionary base contribution to the Plan equal to 3% of each participant's eligible compensation, as defined by the Plan. Participants also direct the investment of the Organization's contributions. All contributions are subject to certain IRC limitations.

Family Services of Westchester, Inc.**

**Notes to Financial Statements

Participant accounts

Each participant's account is credited with the participant's contributions and discretionary employer matching contributions, as well as an allocation of discretionary base contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferral contributions and any rollover contributions, plus actual earnings thereon. Employees hired before April 1, 2017 are 100% vested in the Organization's discretionary employer matching and base contributions. Employees hired after April 1, 2017 are vested in the Organization's discretionary employer matching and base contribution portions of their account based on credited years of service, as defined in the Plan, according to the following schedule:

Years of service	Vested percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In the event of termination due to death, disability, or normal retirement, participants shall become 100% vested in the Organization's discretionary employer matching and base contributions.

Payment of benefits

On termination of service for any reason, participants with an account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with an account balance greater than \$1,000 may defer payment of benefits until a later date. In addition to lump-sum distributions, certain terminated participants with a vested account balance greater than \$1,000 may elect to receive the balance of their vested account in the form of an annuity contract, as defined by the Plan.

Withdrawals from a participant's vested account may also be made in the event of disability or financial hardship, in accordance with the provisions specified in the Plan. Participants who have attained age 59½ are eligible to make in-service withdrawals, in accordance with the provisions specified in the Plan.

Plan loans

Participants may borrow from the custodian using the assets in the participant's account as collateral. Under this arrangement, the custodian has the right to collect the collateral in the event of a default. Principal and interest are paid ratably through payroll deductions. At December 31, 2024 and 2023, Plan loans totaling \$118,544 and \$51,580, respectively, were collateralized by the participants' balances in the custodian's general account, of which \$0 have been defaulted.

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$11,241 and \$30,557, respectively. These accounts may be used to pay Plan expenses or may be reallocated to Plan participants. For the year ended December 31, 2024, forfeited nonvested accounts of \$41,004 were used to reduce employer contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Organization determines the Plan's valuation policies utilizing information provided by Mutual of America Life Insurance Company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's dividends, gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants, discretionary employer matching contributions, and discretionary base contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain participant accounts are charged a monthly account maintenance fee which is included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain amounts in the 2023 financial statements have been reclassified to conform to the current year presentation.

Subsequent events

The Plan has evaluated subsequent events through July 8, 2025, the date the financial statements were available to be issued.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Pooled separate accounts: Valued using the accumulation unit value, which is based on the fair value of the underlying assets of the accounts. The accumulation unit value is deemed equivalent to net asset value ("NAV"), which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Fair value of investments in entities that use NAV

The following tables summarize the investment for which fair value is measured using NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice
Pooled separate accounts	<u>\$ 9,592,658</u>	None	Daily	30 days
December 31, 2023				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice
Pooled separate accounts	<u>\$ 8,096,594</u>	None	Daily	30 days

Note 4 - Investment contract with insurance company

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Mutual of America Life Insurance Company with an investment in the Interest Accumulation Account totaling \$1,934,538 and \$2,051,588 as of December 31, 2024 and 2023, respectively. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mutual of America Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held as of December 31, 2024 and 2023, and investment income for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company, the custodian of the Plan.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The prototype 403(b) plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter dated March 31, 2017, in which the Internal Revenue Service ("IRS") stated that the prototype 403(b) plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Related party transactions and party-in-interest transactions

Plan investments include a variety of pooled separate accounts and an interest accumulation account managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Administrative expenses paid directly by the Plan to the custodian amounted to \$10,016 for the year ended December 31, 2024. The Organization pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain participant contributions were not remitted to the Plan within the time frame specified by Department of Labor Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Organization for the year ended December 31, 2024. The supplemental schedule includes delinquent participant contributions of \$525 pertaining to payroll periods during the year ended December 31, 2023 that have not been corrected. The Organization believes that these transactions should not affect the tax-qualified status of the Plan. The Organization deposited the full amount of this corrective contribution into the Plan, along with a calculation of lost earnings to the affected participants in April 2025.

Independent Auditor's Report

To the Plan Administrator
403(b) Thrift Plan for Employees of Family Services of Westchester, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan for Employees of Family Services of Westchester, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

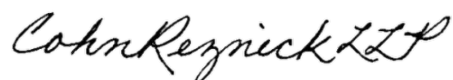

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2024 and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of 403(b) Thrift Plan for Employees of Family Services of Westchester, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution retirement plan established under Internal Revenue Code ("IRC") Section 403(b) covering all eligible employees of Family Services of Westchester, Inc. (the "Organization"). Eligible employees may begin to make salary deferral contributions to the Plan on the first day of the month immediately following their date of hire. Nonresident aliens and those classified as independent contractors or other nonemployees included on the Organization's payroll records, as defined, are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Organization's Board of Directors is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Organization's Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. The Plan has also elected to allow participants to make additional Special Section 403(b) Catch-Up Contributions provided they have completed at least 15 years of service, as defined by the Plan. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of insurance company pooled separate accounts and an interest accumulation account as investment options for participants.

The Plan contains provisions for discretionary employer matching contributions and discretionary base contributions. Eligible participants must have completed one year of service (with a minimum of 1,000 hours) and be employed on the last day of the Plan year to receive any discretionary employer contributions. Participants will be eligible for any discretionary employer matching contributions and discretionary base contributions on the first day of January or July immediately following the satisfaction of the Plan's eligibility requirements. For the year ended December 31, 2024, the Board of Directors elected to make a discretionary employer matching contribution to the Plan equal to 50% of the first 2% of a participant's salary deferral contributions, for a maximum match equal to 1% of the participant's eligible compensation, as defined by the Plan. For the year ended December 31, 2024, the Board of Directors also elected to make a discretionary base contribution to the Plan equal to 3% of each participant's eligible compensation, as defined by the Plan. Participants also direct the investment of the Organization's contributions. All contributions are subject to certain IRC limitations.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements

Participant accounts

Each participant's account is credited with the participant's contributions and discretionary employer matching contributions, as well as an allocation of discretionary base contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferral contributions and any rollover contributions, plus actual earnings thereon. Employees hired before April 1, 2017 are 100% vested in the Organization's discretionary employer matching and base contributions. Employees hired after April 1, 2017 are vested in the Organization's discretionary employer matching and base contribution portions of their account based on credited years of service, as defined in the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In the event of termination due to death, disability, or normal retirement, participants shall become 100% vested in the Organization's discretionary employer matching and base contributions.

Payment of benefits

On termination of service for any reason, participants with an account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with an account balance greater than \$1,000 may defer payment of benefits until a later date. In addition to lump-sum distributions, certain terminated participants with a vested account balance greater than \$1,000 may elect to receive the balance of their vested account in the form of an annuity contract, as defined by the Plan.

Withdrawals from a participant's vested account may also be made in the event of disability or financial hardship, in accordance with the provisions specified in the Plan. Participants who have attained age 59½ are eligible to make in-service withdrawals, in accordance with the provisions specified in the Plan.

Plan loans

Participants may borrow from the custodian using the assets in the participant's account as collateral. Under this arrangement, the custodian has the right to collect the collateral in the event of a default. Principal and interest are paid ratably through payroll deductions. At December 31, 2024 and 2023, Plan loans totaling \$118,544 and \$51,580, respectively, were collateralized by the participants' balances in the custodian's general account, of which \$0 have been defaulted.

Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$11,241 and \$30,557, respectively. These accounts may be used to pay Plan expenses or may be reallocated to Plan participants. For the year ended December 31, 2024, forfeited nonvested accounts of \$41,004 were used to reduce employer contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Organization determines the Plan's valuation policies utilizing information provided by Mutual of America Life Insurance Company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's dividends, gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants, discretionary employer matching contributions, and discretionary base contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain participant accounts are charged a monthly account maintenance fee which is included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain amounts in the 2023 financial statements have been reclassified to conform to the current year presentation.

Subsequent events

The Plan has evaluated subsequent events through July 8, 2025, the date the financial statements were available to be issued.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Pooled separate accounts: Valued using the accumulation unit value, which is based on the fair value of the underlying assets of the accounts. The accumulation unit value is deemed equivalent to net asset value ("NAV"), which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Fair value of investments in entities that use NAV

The following tables summarize the investment for which fair value is measured using NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice
Pooled separate accounts	<u>\$ 9,592,658</u>	None	Daily	30 days
December 31, 2023				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice
Pooled separate accounts	<u>\$ 8,096,594</u>	None	Daily	30 days

Note 4 - Investment contract with insurance company

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Mutual of America Life Insurance Company with an investment in the Interest Accumulation Account totaling \$1,934,538 and \$2,051,588 as of December 31, 2024 and 2023, respectively. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mutual of America Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held as of December 31, 2024 and 2023, and investment income for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company, the custodian of the Plan.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The prototype 403(b) plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter dated March 31, 2017, in which the Internal Revenue Service ("IRS") stated that the prototype 403(b) plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**403(b) Thrift Plan for Employees of
Family Services of Westchester, Inc.**

**Notes to Financial Statements
December 31, 2024**

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Related party transactions and party-in-interest transactions

Plan investments include a variety of pooled separate accounts and an interest accumulation account managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Administrative expenses paid directly by the Plan to the custodian amounted to \$10,016 for the year ended December 31, 2024. The Organization pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain participant contributions were not remitted to the Plan within the time frame specified by Department of Labor Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Organization for the year ended December 31, 2024. The supplemental schedule includes delinquent participant contributions of \$525 pertaining to payroll periods during the year ended December 31, 2023 that have not been corrected. The Organization believes that these transactions should not affect the tax-qualified status of the Plan. The Organization deposited the full amount of this corrective contribution into the Plan, along with a calculation of lost earnings to the affected participants in April 2025.
