INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
iTHINK Financial Credit Union
Cash Balance Defined Benefit Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the iTHINK Financial Credit Union Cash Balance Defined Benefit Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023 and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ITHINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan

General

The iTHINK Financial Credit Union Cash Balance Defined Benefit Plan and Trust is a defined benefit pension plan established on October 1, 1976 to cover all eligible employees of iTHINK Financial Credit Union (the Credit Union), formerly IBM Southeast Employees' Credit Union. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Administration

The Board of Trustees is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Plan's Investment Custodian is Matrix Trust Company. The Plan's deposit administration group annuity contract Custodian is CMFG Life Insurance Company (CMFG). The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Company has also retained CMFG to provide participant recordkeeping and administration services.

Eligibility

The Plan covers substantially all employees who have attained age 21 and have completed one year of credited service are eligible to participate in the Plan.

Benefits:

Normal Retirement Benefits:

Participant's accrued benefit as of any determination date is equal to the actuarial equivalent of the hypothetical account. The actuarial equivalent of the hypothetical account is the amount of the monthly retirement benefit commencing on the participant's normal retirement date, that is equal to the actuarial equivalent of the balance of the participant's hypothetical account as of the participant's normal retirement age; taking into account all hypothetical allocations through the determination date and interest credits through such participant's normal retirement age, using the interest credit rate for subsequent periods through such participant's normal retirement age. A participant's hypothetical account is the sum of the following amount under (a) and (b) below as of the date of determination:

- a) A participant shall have a hypothetical account credited for the Plan year with a hypothetical allocation equal to the following amounts:
 - i) 6% of determination period compensation to each participant of group A, which consists of participants with 10 or less years of service, with years of service determined as of the end of such determination period, or
 - ii) 7% of determination period compensation to each participant of group B, which consists of participants with 11 to 15 years of service, with years of service determined as of the end of such determination period, or

IThINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

iii) 8% of determination period compensation to each participant of group C, which consists of participants with more than 15 years of service, with years of service determined as of the end of such determination period.

For purposes of the hypothetical allocations, the determination period shall be a Plan year, excluding periods prior to such participant's effective date of participation. Only participants who complete one year of service during the Plan year shall be eligible to receive the hypothetical allocation.

- b) For each month during the determination period, a participant's hypothetical account shall be credited, whether or not the participant remains an employee, with hypothetical interest credit determined by multiplying the dollar amount representing the balance of the hypothetical account as of the beginning of the Plan year, including all previous hypothetical allocations and interest credits, plus the hypothetical allocation for such plan year minus any distributions made during the Plan year, by $1/12^{\text{th}}$ of the applicable interest rate (annual rate of interest on 30-year treasury securities determined as of the second calendar month preceding the first day of the Plan year during which the annuity starting date occurs). The annual interest credit will be the yield on the 30-year Treasury bonds.

For participants hired prior to October 1, 2007, the participant's accrued benefit is based on a retirement benefit formula equal to the sum of (i) 45.25% of such participant's average monthly compensation, plus (ii) 55% of such average monthly compensation in excess of such covered compensation. For participants who are projected to have earned less than 15 years of service as of the end of the Plan year in which they attain normal retirement age, the percentage in (i) above and the excess percentage in (ii) above shall be reduced by $1/15^{\text{th}}$ for each such year of service less than 15.

Employees may elect to receive the value of their accumulated benefits by one of several options (lump-sum, life annuity, life annuity with certain terms, and joint and survivor annuity). The benefit cannot be paid over a period longer than the expectancy of the participant or the joint life expectancy of the participant and the participant's designated beneficiary.

Early Retirement Benefits:

Early retirement benefits are equal to the participant's vested accrued benefit reduced by $1/2$ of 1% for each month early retirement precedes normal retirement up to 60 months, and $1/4$ of 1% for each complete calendar month in excess of 60 months that the early retirement date (first day of the month coinciding with or next following the date on which a participant attains early retirement age {55 and the completion of at least 15 years of service}) precedes the normal retirement date.

Late Retirement Benefits:

Late retirement benefits are payable to a participant who continues employment with the Credit Union after attaining normal retirement age and shall be the greater of continued accruals or actuarial equivalent of accrued benefits.

Death and Disability Benefits:

If an active participant dies, a death benefit equal to the actuarial equivalent of vested accrued benefits is paid to the participant's beneficiary. The disability benefits are equal to the actuarial equivalent of vested accrued benefits. Disability shall be determined under the Social Security Act.

IThINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Vesting:

Participants that terminate employment prior to their normal retirement age for reasons other than death, disability, or early retirement are entitled to a percentage of their accrued benefits. No vesting occurs for less than three years of service. A participant is 100% vested after three years of service.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the certifying entity. See Note 6 for discussion of fair value measurements.

The purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits expected to be paid to: (i) retired or terminated vested participants or their beneficiaries, (ii) beneficiaries of participants eligible to retire who have died, and (iii) present participants or their beneficiaries. Benefits payable under all circumstances (retirement, death, and termination of employment) are included in the computation to the extent they are considered attributable to employee service rendered at the valuation date. The actuarial present value of accumulated Plan benefits is determined by an actuary from CUNA Mutual Group and it is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2023 were (a) life expectancy of participants (the PRI-2012 table projected by scale MP-2021), (b) salary increases 3.00%, (c) investment return of 4.00%, and (d) withdrawal rates based on T10 turnover table. The interest rate used to discount the obligation for the December 31, 2023, valuation was 6.5%.

ITHINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were terminated, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2024. Had the valuation been performed as of December 31, 2023, there would be no material differences.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded at the time of distribution.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 7, 2025, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Information Certified by the Custodians

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Matrix Trust Company and CMFG, the custodians of the Plan, as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023,
2. All investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

Note 4 – Funding Policy and Administrative Fees

The Plan is funded by contributions made by the Credit Union. The Credit Union's funding policy is to, at a minimum, make contributions to the Plan as recommended by the Plan's actuary. No contributions were required to satisfy the minimum funding requirements of ERISA for the years ended December 31, 2024 and 2023.

In order for CMFG to provide administrative services to the Plan, it charges an amount necessary to cover certain expenses. The Plan pays these administrative expenses. Certain administrative functions are performed by officers and employees of the Credit Union. These include salaries and overhead, which are paid directly by the Credit Union, and are excluded from the financial statements.

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

IThINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 5 – Plan Termination

In the event the Plan terminates, the rights of all participants to benefits accrued to the date of such termination or discontinuance, to the extent funded, shall be nonforfeitable. Accordingly, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
- b. All other vested benefits (that is, vested benefits not insured by the PBGC).
- c. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligation and may also depend on the financial condition of the Credit Union and the level of benefit guaranteed by the PBGC.

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Registered investment companies: Valued at the quoted market price available on an active market at year end.

IThINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Deposit administration group annuity contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. In

determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are substantiated utilizing available market data.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024, and 2023:

	As of December 31, 2024

IThINK FINANCIAL CREDIT UNION CASH BALANCE DEFINED BENEFIT PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 7 – Investment Contract

The Plan has a deposit administration group annuity contract with CMFG, where the underlying investment is a guaranteed account. CMFG maintained the contributions in an unallocated fund to which it added interest at 3.00% during the years ended December 31, 2024 and 2023. Participant withdrawals and administrative expenses are reduced from the account. The interest rate is guaranteed for each specific year and is subject to change each preceding year.

Note 8 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated February 28, 2023, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended or restated since receiving the determination letter. The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan permitted provisions of SECURE Act 2.0 during the year ended December 31, 2024. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Note 9 – Party-in-Interest Transactions

Plan investments consist of registered investment companies and a deposit administration group annuity contract managed by CMFG. CMFG is the sponsor of the deposit administration group annuity contract. CMFG is also the record keeper of the Plan. The Plan Administrator has also engaged Members Capital Advisors, Inc to provide investment advisory services. The Plan paid direct compensation of approximately \$51,000 and \$47,000 to the record keeper for the years ended December 31, 2024 and 2023, respectively. The Plan paid direct compensation of approximately \$33,000 and \$32,000 to the investment advisor for services rendered for the years ended December 31, 2024 and 2023, respectively. Transactions in these investments qualify as party-in-interest transactions as defined by ERISA.

Note 10 – Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
