Independent Auditor's Report

To the Fortune Brands Innovations Employee Benefits Committee and
Plan Administrator of Fortune Brands Innovations Retirement Savings Plan
Deerfield, Illinois

Opinion

We have audited the financial statements of Fortune Brands Innovations Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A—DESCRIPTION OF PLAN

The following provides a brief description of the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Fortune Brands Innovations, Inc. (“Fortune Brands”) is a leading innovation company focused on creating smarter, safer and more beautiful homes and improving lives that competes in attractive long-term growth markets in our product categories. The Company’s driving purpose is to elevate every life by transforming spaces into havens.

Fortune Brands maintains a tax-qualified defined contribution retirement plan covering eligible employees of Fortune Brands and its operating companies named the Fortune Brands Innovations Retirement Savings Plan (the “Plan”). The name of the Plan was changed from Fortune Brands Home & Security Retirement Savings Plan following the Fortune Brands’ name change in December 2022. The Plan is designed to encourage and facilitate systematic savings and investment by eligible employees for their retirement. The Plan is maintained by Fortune Brands and is intended to comply with Section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to various provisions of the Code and the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Fortune Brands Employee Benefits Committee serves as the Plan’s administrator (“Plan Administrator”).

Fortune Brands and each of its operating companies that participated in the Plan are referred to collectively as the “Companies” and individually as a “Company.” Operating companies that participated in the Plan during the years ended December 31, 2024 and/or 2023 included: Fortune Brands Water Innovations, LLC (“FBWI”); Moen Incorporated (“Moen”); Rohl LLC (“Rohl”); Victoria & Albert Bath LLC (“Victoria & Albert”); Therma-Tru Corp., which includes Fypon LLC (collectively, “Therma-Tru”); Master Lock Company LLC (“Master Lock”); Fiber Composites, LLC (“Fiberon”), Larson Manufacturing Company of South Dakota, LLC, Larson Manufacturing Company, Inc., Larson Manufacturing Company of Iowa, LLC, AEI, LLC and Comfort Bilt, LLC (collectively, “Larson”); Solar Innovations, Inc. (“Solar”), Emtex Products Group, LLC (formerly known as ASSA Abloy Residential Group, Inc.) (“Emtek”) and August Home, Inc. (which was merged with and into Master Lock in February 2024) (“August”); Wise Water Solutions, LLC (“Springwell”).

On June 20, 2023, Fortune Brands acquired Emtex and August and the employees became eligible to participate in the Fortune Brands Innovations, Inc. Retirement Savings Plan. In September 2023, Emtex and August participants account balances and loans were transferred from the ASSA ABLOY Inc, Retirement Savings Plan into the Plan.

The Plan’s assets are held in the Fortune Brands Innovations, Inc. Defined Contribution Master Trust (the “Master Trust”), along with the assets of the Fortune Brands Innovations Hourly Employee Retirement Savings Plan, and the remaining assets of the Larson Manufacturing Company Employee Profit Sharing Plan, for investment purposes. The Master Trust investments are administered and held by Fidelity Management Trust Company (the “Trustee” or “Fidelity”).

Contributions

Plan contributions are held by the Trustee and accumulated in individual participant accounts. Pursuant to the terms of the Plan, participants may make tax-deferred contributions and/or Roth 401(k) contributions

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

of up to 50% of their “eligible compensation” (as defined under the Plan), subject to lower limits for “highly compensated employees” (as defined under the Code). In 2024 and 2023, the sum of each participant’s annual tax-deferred contributions and Roth 401(k) contributions were limited by the Code to \$23 and \$22.5, respectively. During the year in which a participant attains age 50 (and in subsequent years), the participant may elect to make additional unmatched, pretax “catch up” contributions and/or Roth “catch up” contributions. In both 2024 and 2023, participants that met this requirement were permitted to make “catch up” contributions of up to \$7.5.

The Plan permits participants to make after-tax contributions and to elect to automatically make after-tax contributions after reaching the dollar limitation on tax-deferred contributions and/or Roth 401(k) contributions. The sum of tax-deferred contributions, Roth 401(k) contributions, and after-tax contributions may not exceed 50% of the participant’s total eligible compensation (lower limitations apply to participants who are highly compensated employees).

Participants eligible to make tax-deferred contributions and/or Roth 401(k) contributions may roll over balances from another eligible tax-qualified retirement plan or individual retirement account into the Plan. Eligible employees who have neither enrolled in the Plan nor affirmatively declined enrollment in the Plan are automatically enrolled and are deemed to have elected to make tax-deferred contributions equal to 3% of their eligible compensation. In addition, participants who are automatically enrolled have their contribution rate increased by 1% (unless it would cause the participant’s deferral rate to exceed 6%) annually in May unless they affirmatively declined participation in the automatic increase program. Participants that affirmatively elect to participate in the automatic deferral increase program may elect to increase their contributions by between 1% and 6% each year until they reach the maximum allowable percentage described above. Participants may elect to change or discontinue their participation in the automatic enrollment and automatic deferral rate increase programs at any time.

The Companies made a matching contribution (in varying amounts stated in the Plan document) on a participant’s elective contributions.

In 2024 and 2023, each of Fortune Brands, FBWI, Moen, Victoria & Albert, Rohl, Master Lock, Fiberon and Larson made profit-sharing contributions on behalf of each of their eligible employees. For 2023, August and Emtek also made profit-sharing contributions on behalf of each of their eligible employees.

The Plan makes various investment funds available to participants to direct the investment of their accounts, including a Company stock fund, which gives participants the option to purchase shares of Fortune Brands Common Stock. The Plan has designated the Fortune Brands Common Stock Fund in the Plan as being held by an employee stock ownership plan.

Participant account balances are maintained to reflect each participant’s beneficial interest in each of the investment funds available under the Plan. Participant account balances are increased by participant contributions, including rollovers, and Company contributions and decreased by the amount of withdrawals and distributions. Income and losses on Plan assets are allocated to participants’ accounts based on the ratio of each participant’s account balance invested in an investment fund to the total of all participants’ account balances invested in that fund as of the preceding valuation date.

Vesting

Participant contributions and earnings on those contributions vest immediately. QNECs and earnings on those contributions vest immediately. For all Companies that provide a matching contribution, vesting in

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

the matching contribution and earnings on those contributions occurs upon on the earliest of the following: (1) retirement under a Company pension plan or after attainment of age 55 and 10 years of service; (2) death; (3) termination of employment due to disability; (4) attainment of normal retirement age (generally 65); (5) termination of employment without fault, and (6) after one year of service.

Vesting in matching contributions made on behalf of Rohl employees prior to August 1, 2017 and earnings on those contributions occurs on the first of the following: (1) attainment of age 59-1/2; (2) termination of employment by reason of disability; (3) death; and (4) completion of five years of vesting service. Vesting in matching contributions made on behalf of Fiberon employees prior to November 1, 2019 and earnings on those contributions occurs on the first of the following: (1) termination of employment by reason of disability; (2) death; and (3) completion of five years of vesting service. Vesting in matching contributions made on behalf of Larson employees that were transferred to the Plan effective January 1, 2022 occurs on the first of the following (1) attainment of age 55 while employed; (2) termination of employment by reason of disability; (3) death; and (4) completion of six years of vesting service.

Profit-sharing contributions vest according to varying schedules. For all Companies that provide profit-sharing contributions, except Therma-Tru, vesting in annual profit-sharing contributions and related earnings occurs upon the earliest occurrence of the following: (1) retirement under a Company pension plan or after attainment of age 55 and 10 years of vesting service; (2) death; (3) termination of employment due to disability; (4) attainment of normal retirement age (generally 65); (5) termination of employment without fault; and (6) for Master Lock, FBWI, Moen, Victoria & Albert, Rohl, Larson and Fiberon employees, after three years of service and for Fortune Brands employees that did not have a profit-sharing account balance as of December 31, 2016, according to the following schedules:

	If terminated prior to December 31, 2017	
Number of <u>years of service</u>		Percentage <u>vested</u>
Less than 1		0%
1 but less than 2		20%
2 but less than 3		40%
3 but less than 4		60%
4 but less than 5		80%
5 or more		100%

	If terminated on or after December 31, 2017	
Number of <u>years of service</u>		Percentage <u>vested</u>
Less than 1		0%
1		20%
2		40%
3 or more		100%

Therma-Tru participants that are eligible to receive profit-sharing contributions in the Plan are 100% vested in profit-sharing contributions at all times.

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

Forfeitures

Forfeited non-vested accounts totaled \$281 and \$227 on December 31, 2024 and 2023, respectively. These accounts are used to reduce future Company contributions or to pay Plan expenses. Forfeitures were used to reduce Company contributions by \$500 and \$350 in 2024 and 2023, respectively. Forfeitures were used to pay \$76 and \$64 in Plan expenses during 2024 and 2023, respectively.

Notes Receivable from Participants

A participant may apply for up to two loans of at least \$1 each from the vested portion of the participant's account balance (excluding the portion in certain subaccounts). Loan amounts may not exceed the lesser of one-half of the participant's vested balance or \$50 where the maximum is reduced by the participant's highest outstanding loan balance on any loans during the preceding twelve months. The term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal residence, in which case the term of the loan shall not exceed ten years.

Each loan bears a rate of interest commensurate with prevailing market rates at the time of issuance. Repayment is made through payroll deductions so that the loan is repaid evenly over the term of the loan.

Distributions and Withdrawals

Benefits are distributed from a participant's account upon death, retirement or other termination of employment and are payable in cash (generally, in a lump sum or installment payments and in some cases, in the form of an annuity) or rolled over (into a traditional or Roth IRA). The Plan also permits in-service withdrawals to be made by participants who have incurred a "hardship" as defined in the Plan, who have attained age 59-1/2, or who are performing qualified military service as described in the Plan.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Contributions and Contributions Receivable

The contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan that have not been included in the Plan's investments at year end. Employee contributions, and any related Company matching contributions, are recorded when the contributions are withheld from compensation. Profit-sharing and QNEC are recorded in the period that the related compensation was paid to the participant.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

and the changes in net assets available for Plan benefits and, when applicable, the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are reflected at fair value. Fair value is defined as the price that would be received (i) to sell an asset, or (ii) paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The Plan's management follows ASC 820, *Fair Value Measurements and Disclosures*, which established a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

1. Quoted prices for similar assets or liabilities in active markets.
2. Quoted prices for identical or similar assets or liabilities in inactive markets
3. Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's interest in the Master Trust at December 31, 2024 and 2023 is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

The investments held by the Master Trust are valued as follows:

Interest-bearing cash: Valued at cost plus earnings from investments for the period, which approximates fair market value due to the short-term duration.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the plan at year end, which is obtained from an active market.

Collective trust funds: Valued at the NAV of units of each bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the funds less their liabilities. As of December 31, 2024 and 2023, there is no intention to sell or otherwise dispose of the investments in collective trust funds at prices different than their respective NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner.

Common stock: Valued at the closing price reported on the active market on which the security is traded.

Self-directed brokerage accounts: Valued based on the underlying holdings which consist of similar investment types as those investments described above. The valuation is consistent and in accordance with the valuation methods described above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

See *Note D – Interest in Master Trust* for the investments held in the Master Trust as of December 31, 2024 and 2023, by level within the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Income Recognition

Security transactions are accounted for on the trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation/depreciation, along with dividend income and interest income (excluding interest income on notes receivable from participants) are recorded in the accompanying statements of changes in net assets available for benefits as change in Plan’s interest in Master Trust. In addition, the Plan permits participants

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

to have their proportional interest in dividends paid on stock held in the Fortune Brands Common Stock Fund either distributed to them in cash or reinvested in that fund.

Benefits Paid to Participants

Distributions and withdrawals are recorded when paid.

Administrative Expenses

Certain investment expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts and are recorded in the accompanying statements of changes in net assets available for benefits as change in Plan's interest in Fortune Brands Innovations, Inc. Defined Contribution Master Trust. Participants' accounts are directly charged for certain administrative expenses and any remaining expenses are paid directly by the Plan's suspense account. Expenses that are paid by the Company are excluded from these financial statements.

NOTE C—TRANSFERS TO AND FROM THE PLAN

Transfers between the Plan and the Fortune Brands Innovations Hourly Employee Retirement Savings Plan occur due to participant changes in status from hourly to salaried, or vice versa, or transfers between Companies. Total transfers to the Plan were \$202 and \$527 during the years ended December 31, 2024 and 2023, respectively. Transfers from the Plan were \$23 and \$113 during the years ended December 31, 2024 and 2023, respectively.

On December 14, 2022, Fortune Brands separated its cabinets business, MasterBrand, Inc. ("MasterBrand"), via a tax-free spin-off transaction (the "Separation"). The Separation created two independent, publicly traded companies. Immediately following completion of the Separation, the Company changed its name from Fortune Brands Home & Security, Inc. to Fortune Brands Innovations, Inc. As a result of the Separation, all participants employed by the MasterBrand Businesses were transferred out of the Plan and into the MasterBrand, Inc. Retirement Saving Plan. A total of \$262,673 in Net Plan Assets were transferred to the MasterBrand, Inc. Retirement Saving Plan effective January 1, 2023.

The plan assets related August and Emtex participants were transferred into the Plan on September 5, 2023 and totaled \$31,826. During 2023, a final transfer of \$15 related to Larson Plan assets was made to the Plan.

NOTE D—INTEREST IN MASTER TRUST

The investments of the Master Trust are maintained under a trust agreement with the Trustee. The Plan, the Fortune Brands Innovations, Inc. Hourly Employee Retirement Savings Plan and the Larson Plan each have a divided interest in the Master Trust. The value of the Plan's interest is based on the beginning of the year value of the Plan's interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions. Investment income relating to the Master Trust is allocated to the individual plans on a prorated basis.

(a) Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. Redemption from these funds is permitted with 30-days' notice and for one fund with 12 to 30 months' notice. There were no unfunded commitments, liquidity or redemption restrictions related to the common/collective trusts. These are direct filing entities.

NOTE E—RISKS AND UNCERTAINTIES

The Plan provides for various investments in any combination of stocks, mutual funds and collective trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market value could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Fortune Brands Innovations Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023
(Amounts in thousands unless otherwise stated)

NOTE F—TAX STATUS

Effective August 10, 2021, the Internal Revenue Service (“IRS”) determined and informed the Plan by letter, the Plan and related trust as well as all related amendments since December 22, 2017 (the date of the prior determination letter), as then designed, was in compliance with applicable requirements of the Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and continues to be operated in compliance with the applicable requirements of the Code, and therefore, believes the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE G—RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are managed by Fidelity Investments. Fidelity Investments is an affiliate of the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions that are exempt from prohibited transaction rules. The Plan's portion of the Master Trust also holds shares of Fortune Brands Common Stock. The Trust held 253 and 265 shares of Fortune Brands Common Stock as of December 31, 2024 and 2023, respectively, with a fair value of \$17,260 and \$20,166, respectively. The Plan’s interest in the Master Trust received dividends on Fortune Brands Common Stock of \$251 and \$245 for the year ended December 31, 2024 and 2023, respectively. Notes receivable from participants also qualify as party-in-interest transactions.

The Plan’s portion of fees paid to Fidelity through the Master Trust for recordkeeping and investment management services totaled \$696 and \$492 for the years ended December 31, 2024 and 2023, respectively.

NOTE H—PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time. Fortune Brands, as Plan sponsor, has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Company contribution portion of their accounts.

NOTE I—SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through June 30, 2025, which is the date the financial statements were available to be issued.

Subsequent to year end, the Plan was amended to increase the automatic deferral percentage from 3% to 4%, up to a maximum of 10%.
