INDEPENDENT AUDITOR'S REPORT

Participants of City Holding Company 401(k) Plan and Trust and
Board of Directors of City Holding Company
Charleston, West Virginia

Opinion

We have audited the financial statements of City Holding Company 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subject of the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**City Holding Company
401(k) Plan and Trust
Notes to Financial Statements**

Note 1. Description of Plan

The following description of the City Holding Company 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan covering all employees of City Holding Company and its subsidiaries (the “Company”) who are eligible for participation in the Plan on the first day of the month subsequent to date of hire or attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Accounts - Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and plan earnings, and charged with benefit payments, transaction fees associated with notes receivable and plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options - Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, Company stock and a fully benefit-responsive investment contract as investment options.

Contributions - Participants may elect to contribute, on a pre-tax and/or after-tax salary-deferral basis, a portion of their annual compensation, subject to federal income tax limits.

Included in participant contributions are approximately \$0.1 million in 2024 of participant account balances rolled-over from previous employers' qualified plans. Participants may elect, on an annual basis, to have the dividends on their investment in the Company's stock to be paid directly to the participant or reinvested in the participant's account in the Company's stock.

The Company's contribution consists of a 50% match of the first 6% of each eligible participant's contribution as directed by the participant's investment elections. If a participant does not elect an investment option, all contributions are invested in an age-based default fund (based upon the participant's age), as defined in the Plan agreement.

Vesting - Participants are immediately vested in all contributions, the employer match, and earnings thereon when they are made to the Plan.

Fully Benefit-Responsive Investment Contracts - This investment is a general account product offered through a group annuity contract and the participant's principal and interest are fully guaranteed by the entire general account assets of the insurance company. Participant transfers may be restricted for up to 30 days in the event of excessive participant trading. If the Plan Sponsor chooses a book value payout for termination, participant transfer restrictions will apply until the money is paid to the next provider.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or for a reasonable time period if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at Prime plus 100 basis points. Participant assets are utilized to pay administrative fees associated with processing participant loans. At December 31, 2024, notes receivable from participants bore interest at interest rates that range from 4.25% to 9.50%.

Payment of Benefits - Benefits, representing each participant's share in the Plan, are generally payable upon the participating employee's death, retirement, disability, or separation from the Company. Benefits are payable in the form of cash, stock, or a combination thereof.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2. Significant Accounting Policies

Basis of Accounting - The accounting records of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from these estimates and assumptions.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are recorded at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee (or custodian). See Note 3 for discussion of fair value measurements.

The methodology for calculating the interest crediting rate for the fully benefit-responsive investment contract is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded upon distribution.

Administrative Expenses - The Company provides certain accounting and administrative services to the Plan without charge. The Company also pays certain administrative costs on behalf of the Plan, including legal and accounting fees. Expenses relating to specific participant transactions (notes receivable and distributions from participants) are charged directly to the participant's account and are presented on the statement of changes in net assets available for benefits as administrative expenses.

Note 3. Fair Value Measurements

Fair value is defined under GAAP as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy was established for

valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a company's own assumptions about the input assumptions that market participants would use in pricing an asset or liability.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan used the following methods and significant assumptions to estimate fair value for assets and liabilities recorded at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds. Mutual funds are reported at fair value utilizing Level 1 inputs, determined by quoted prices on nationally recognized exchanges.

Common Stock of City Holding Company. Common Stock of City Holding Company is reported at fair value utilizing Level 1 inputs. The fair value of the common stock for City Holding Company is determined by the closing price reported on NASDAQ.

The following table represents assets and liabilities measured at fair value on a recurring basis:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total assets in the fair value hierarchy	<u>\$ 77,528,884</u>	<u>\$ 77,528,884</u>	<u>\$ —</u>	<u>\$ —</u>

Note 4. Exempt Party-In-Interest Transactions

At December 31, 2024 and 2023, the Plan held 158,486 and 165,489 shares, respectively, of the Company's common stock. During the year ended December 31, 2024, the Plan recorded dividend income of approximately \$0.5 million.

City National Bank of West Virginia, a subsidiary of the Company, is the trustee of the Plan's assets. Certain Plan investments are managed by Empower Capital Management, LLC.

Empower provides certain administrative services to the Plan pursuant to an agreement between the Company and Empower. Empower receives revenue credits from certain mutual fund service providers for services Empower provides to the funds. These revenue credits are allocated to Participant accounts proportionately based on the average daily balance of such accounts held in the applicable funds. Empower refers to the products and services offered by Empower Annuity Insurance Company of America and its subsidiaries, including Empower Retirement, LLC, Empower Trust Company, LLC and Empower Annuity Insurance Company.

Note 5. Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated December 30, 2014, stating that the Plan, as designed, is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Company believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

In line with GAAP, the plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
