Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

D. Normal Retirement Benefit

Upon normal retirement, a participant is eligible to receive a monthly benefit equal to 1.30% of average monthly compensation (averaged over five years) times service up to 30 years, plus .65% of the excess (if any) of average monthly compensation over Covered Compensation times service up to 30 years.

E. Early Retirement Date

A participant's early retirement date is the first day of the month following or coinciding with attainment of age 55 and completion of 10 years of vesting service.

This benefit is payable at the earliest date the participant could have retired under the Plan.
