Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ALLEN, GIBBS & HOULIK, L.C.

(2) EIN: 48-1032601

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Grain Craft, Inc.
Retirement Plan for Hourly Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Grain Craft, Inc. Retirement Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (held at the end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Grain Craft, Inc. Retirement Plan for Hourly Employees (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan provides for retirement, death, and disability benefits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors.

The Plan is a noncontributory defined benefit plan covering all eligible employees of Grain Craft, LLC (Company). The Plan is frozen to new employees.

The Plan covers eligible employees at:

- Salt Lake City, Utah former hourly employees who belong to a qualified union (facility closed in 2017)
- Los Angeles, California hourly employees who belong to a qualified union (effective August 27, 2018, eligibility under the Plan at this location was frozen in order to allow for participation in the Company's savings plan)
- Billings, Montana employees who have completed one year of employment with at least 900 hours of service in the first 12 months of employment and must be at least 21 years of age (effective March 1, 2016, benefits under the Plan for hourly employees at this location were frozen in order to allow for participation in the Company's savings plan)
- Bonner Springs, Kansas former hourly employees (facility closed in 2001)
- Ogden, Utah hourly employees (effective January 1, 2001, benefits under the Plan at this location were frozen in order to allow for participation in the Company's savings plan)

Funding Policy - The Company contributes such amounts to at least meet minimum funding as determined by the Plan's actuary and provide assets sufficient to meet the benefits to be paid. No contributions were required for the years ending December 31, 2024 and 2023. The Plan has met the minimum funding requirements established by the federal government.

Pension Benefits - Members are entitled to monthly pension benefits beginning at the normal retirement age equal to various amounts ranging from \$15 to \$46 multiplied by their total years of credited service, up to age 65. Participants may elect to receive reduced benefits upon early retirement at age 55, provided that they have at least ten years of service with the Company. Accrued benefits are payable as either a lump-sum distribution (if under \$5,000) or in various forms of annuity payments.

GRAIN CRAFT, INC.
RETIREMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED)

Death Benefits - The spouse of a participant will receive a 50% survivor annuity, as defined in the Plan, upon the death of the participant prior to retirement. Payments to the spouse may commence as of the earliest date the participant would have received benefits. If the participant dies after beginning to receive benefits under the Plan, any death benefits are dependent upon the form of benefit elected at the retirement by the participant.

Vesting - Upon completion of three years of vesting service, but prior to becoming eligible for a normal retirement benefit, a participant is entitled to a deferred vested termination benefit equal to a percentage of their accrued retirement benefit. Eligible employees are fully vested upon completion of seven years of vesting service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, some investment related expenses may be included in net change in fair value of investments.

Accumulated Plan Benefits - Accumulated Plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to:

- a) Retired or terminated employees or their beneficiaries
- b) Present employees or their beneficiaries

RETIREMENT PLAN FOR HOURLY EMPLOYEES**

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefits under the Plan are based on employees' years of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated Plan benefits.

Subsequent Events - These financial statements considered subsequent events through July 7, 2025, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY PRINCIPAL LIFE INSURANCE COMPANY AND BMO HARRIS BANK N.A. (UNAUDITED)

The following is a summary of the information as of and for the years ended December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Principal Life Insurance Company (Principal) for 2024 and 2023 and BMO Harris Bank N.A. (BMO) for 2023, qualified institutions, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal and BMO that information provided to the Plan Administrator by Principal and BMO related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedules related to the following assets:

	2024	2023
Investments at fair value:		
Pooled separate accounts	\$ 9,479,691	\$ 10,111,754
Interest-bearing cash	--	1
	\$ 9,479,691	\$ 10,111,755

Principal and BMO also certified to the completeness and accuracy of \$(219,155) and \$513,652 of net change in fair value of investments and dividends and interest of \$0 and \$332,479 related to the aforementioned assets for the years ended December 31, 2024 and 2023, respectively.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

NOTES TO FINANCIAL STATEMENTS

5. ACCUMULATED PLAN BENEFITS

An actuary determined the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the beginning of the plan year was as follows:

	2024	2023
Actuarial present value of accumulated plan benefits		
Vested benefits:		
Retired participants and participants currently receiving payments	\$ 3,633,327	\$ 3,711,404
Other participants	2,863,420	3,029,251
	6,496,747	6,740,655
Nonvested benefits:	22,564	33,998
Total actuarial present value of accumulated plan benefits	\$ 6,519,311	\$ 6,774,653

Changes in the actuarial present value of accumulated plan benefits based on actuarial information at the beginning of each plan year were as follows:

	2024	2023
Actuarial present value of accumulated plan benefits, January 1, 2023 and 2022	\$ 6,774,653	\$ 6,708,754
Increase (decrease) during the year attributable to:		
Benefits paid	(342,679)	(349,647)
Increase in interest	297,149	294,057
Benefits accumulated	(209,812)	121,489
Net change	(255,342)	65,899
Actuarial present value of accumulated plan benefits, January 1, 2024 and 2023	\$ 6,519,311	\$ 6,774,653

Significant assumptions underlying the actuarial computations for 2024 and 2023 are:

- Actuarial valuation method: Unit credit cost method
- Discount rate: 4.50% for 2024 and 2023
- Mortality Table: For 2024 funding purposes - the 2024 Generational Mortality Table. For 2023 funding purposes - the 2023 Small Plan Combined Static Mortality Table. For 2024 plan benefit purposes - Pri-2012 Blue Collar Amount Weighted Mortality tables, projected

65	100%

- Asset valuation: Market value
- Marital status: For valuing death benefits, 100% of participants are assumed to be married, with males 3 years older than females
- Assumed rate of return on investments: 4.50% for 2024 and 2023

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. For a full list of assumptions, participants should review the full actuarial valuation. The computations of the actuarial present value of the accumulated plan benefits were made as of January 1, 2024 and 2023.

6. PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Principal for 2024 and Principal and BMO for 2023 (parties-in-interest), who are the trustee and recordkeeper for the Plan. Other parties-in-interest include the Plan's auditor, actuary and investment advisor who perform services as directed by the Plan Sponsor. Total fees incurred and paid directly by the Plan for investment management and other services were \$71,696 and \$96,851 for the years ended December 31, 2024 and 2023, respectively.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form under the Plan.

GRAIN CRAFT, INC.
RETIREMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

7. PLAN TERMINATION (CONTINUED)

- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) group up to the applicable limitations discussed below.
- c) Vested benefits not insured by the PBGC.
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated August 7, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably

9. RISKS AND UNCERTAINTIES (CONTINUED)

possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Actuarial Assumptions and Methods

ACTUARIAL METHODS

a. Funding Method

The actuarial cost method is the Unit Credit cost method.

On the initial valuation date, the benefit accrued to date and the anticipated benefit accrual during the plan year immediately following the initial valuation date are determined for each participant.

The present values of these benefit are then calculated. The sum of the present values of all benefits accruing during the plan year immediately following the valuation date is the normal cost for the initial plan year. The sum of the present values of all benefits accrued prior to the valuation date, less the plan assets, is the initial unfunded actuarial accrued liability.

In subsequent years, the normal cost and unfunded actuarial accrued liability are recalculated on the basis described above. Experience gains and losses (changes in the unfunded actuarial accrued liability which result from causes other than contributions by the plan sponsor and the accrual of interest and additional normal costs) are directly calculated under this cost method. Adjustments to the unfunded actuarial accrued liability can occur, for example, as a result of plan amendments or assumption changes; such adjustments are determined by computing the change in the initial unfunded actuarial accrued liability.

b. Asset Valuation Method

For funding purposes, the actuarial value of assets is defined as the market value of Plan assets.

c. Valuation Procedures

No actuarial liability is accrued for non-vested terminated employees, even if a break in service had not occurred as of the actuarial valuation date. An actuarial liability is accrued for all other terminated employees, even if a claim for benefits has not been made.
