Independent Auditors' Report

To the Plan Administrator
Morrison Center 403(b) Retirement Plan
Scarborough, Maine

Scope and Nature of the ERISA 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of the Morrison Center 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Morrison Center 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors’

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Morrison Center 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Morrison Center 403(b) Retirement Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Morrison Center 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Morrison Center 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Morrison Center 403(b) Retirement Plan

Note A - Description of Plan

The following description of the Morrison Center 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a pre-approved Code section 403(b) prototype plan sponsored by the Morrison Center and covering all eligible employees of the Morrison Center (the “Center”, the “Company” or the “Employer”). The Plan was established by the Company with an original effective date of August 1, 2017. The Plan was restated effective on January 1, 2020 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

Eligibility

All Center employees are eligible to participate in the Plan upon the first day of hire. Elective deferral contributions begin as soon as administratively feasible following this entry date. The Plan provides for an automatic election to have pre-tax elective deferral contributions made for each participant of 2% of pay, and shall apply to participants at the time they enter or reenter the Plan. The Participant will be given a reasonable period to affirmatively elect a different percentage, to elect not to make elective deferral contributions, or to elect to designate all or any portion as Roth elective deferral contributions. Employees with pre-tax elective deferrals are eligible to receive discretionary employer matching contributions upon the completion of thirty days of service.

Contributions

In addition to a percentage or dollar amount of pre-tax annual compensation, as defined in the Plan, participants may make Roth contributions. Both are subject to certain limitations set forth by the Internal Revenue Code. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts, representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan.

Participant contributions may be matched by the Company at a percentage of the participants’ contributions, as determined by the Company. For the plan year ended December 31, 2023, the Company matched 50% of each participant’s deferral contributions up to 4% for a maximum match of 2%. Employee deferrals and employer matching contributions are funded on a payroll basis. All contributions are subject to applicable Internal Revenue code limitations.

The plan provides for an additional discretionary contribution to be made for each Plan Year in an amount determined by the Center. No such contribution was made for the year ended December 31, 2023.

Note A - Description of Plan - Continued

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, Plan earnings, and is charged with an allocation of administrative expenses. The allocation of administrative expenses is based upon specific participant transactions and account balances. The benefit to which a participant is entitled is the benefit that can be provided from each participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting and Withdrawals

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution is based on years of continuous service. A participant is 100% vested in company matching contributions after five years of credited service. In the event of death or disability, or upon reaching normal retirement age, a participant becomes 100% vested in employer matching contributions.

Withdrawals are permitted from a participant's account prior to termination of employment in the case of death, disability, or financial hardship (as defined by the IRC). Participants who have reached age 59 ½ may receive an in-service distribution of all or part of their elective account, including Roth deferrals.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The maximum number of loans a participant may have outstanding at any time is one, and only one loan may be taken out in any 12-month period. The repayment period will not be longer than five years. Upon termination, the balance of any outstanding loan is due within sixty days, unless all plan vendors permit the loan to be accepted as part of a direct rollover to a new employer's plan. Loans are secured by the balance in the participant's account and bear a fixed rate of interest based on current lending rates at the time the loan is originated. Payment due dates and length will be set out in the promissory note. Principal and interest is paid bi-weekly through a payroll deduction.

Note A - Description of Plan - Continued

Payment of Benefits

Participants are entitled to receive a distribution upon termination of employment due to death, retirement, and specific situations of financial hardship. In addition, participants who continue to work after normal retirement age may elect to begin the distribution at any time after reaching their normal retirement age of 65. Participants must begin receiving benefits by the required beginning date, which is generally 70 ½. After termination of employment, if the vested amount of the participant account is \$5,000 or less, it will be paid to the former employee in a single sum; if greater than \$5,000 the participant is entitled to the distribution of their account as a lump sum payment or in installments.

If the vested balance exceeds \$5,000, the participant must consent to any distribution of their account prior to the time payments begin under applicable federal law.

Forfeited Accounts

When certain terminations of participation in the Plan occurs, the nonvested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures may be used to reduce company contributions or to pay plan expenses. During the year ended December 31, 2023, the Company used \$28,592 to fund employer contributions. As of December 31, 2023 and 2022, the balance in the forfeiture account was \$58,323 and \$31,413, respectively.

SECURE Act

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law in December of 2019 and enacted on January 1, 2020. The Act makes a variety of changes to qualified retirement plan rules to encourage retirement savings and lessen certain burdens on plan sponsors. The Act includes optional as well as required changes; many of which are effective immediately with others having effective dates over a number of years. Changes include an increase in the required minimum distribution age for retirement accounts and an exception to the early withdrawal penalty for qualifying birth and adoption expenses. The Plan has adopted the relevant optional provisions of the Act.

CARES Act

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law in March of 2020. The provisions of the bill relating to retirement plans were designed to provide immediate financial relief in the midst of the global COVID-19 pandemic to participants experiencing financial difficulty, primarily by allowing broader access to eligible retirement plan funds. Key optional provisions include distribution and loan relief, a waiver of Required Minimum Distributions for calendar year 2020, and expanded DOL authority to postpone filing deadlines. The Plan has adopted the relevant optional provisions of the Act.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022, respectively. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the outstanding loan balance will be included in participants' gross income for federal income tax purposes as if it were distributed to him or her.

Administrative Expenses

Professional and administrative expenses of the Plan, at the Company's election, may be paid out of the Plan or directly by the Company. Certain fees are assessed by the custodian and record-keeper for the processing of participant loans and participant withdrawals, and are charged directly to the participant's account. In addition, personnel and facilities of the Company are used by the Plan for its accounting and other activities at no charge to the Plan.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes to Financial Statements

Morrison Center 403(b) Retirement Plan

Note C - Information Certified by the Plan's Custodian and Record-Keeper (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform any auditing procedures with respect to information certified by Principal Trust Company, as custodian and record-keeper of the Plan, except for comparing information certified by Principal to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certification from Principal Trust Company for 2023 and 2022 that such information is complete and accurate.

The financial information certified by the Plan's custodian and record-keeper is as follows:

Investments:	<u>2023</u>	<u>2022</u>
Investments at Contract Value – Fixed account	\$ 12,236	\$ 10,120
Investments at Fair Value – Mutual funds	<u>1,200,321</u>	<u>911,003</u>

Dividend and interest income	<u>21,258</u>	<u>12,602</u>
Total	<u>\$ 174,017</u>	<u>\$ (167,510)</u>

Note D - Fair Value of Investments (Unaudited)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Notes to Financial Statements

Morrison Center 403(b) Retirement Plan

Note D - Fair Value of Investments (Unaudited) - Continued

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value at December 31, 2023				
Type	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 1,200,321</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,200,321</u>
Investments at Fair Value	<u>\$ 1,200,321</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,200,321</u>

Investments at Fair Value	<u>\$ 911,003</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 911,003</u>

Note E - Guaranteed Option Contract with Principal Trust Company

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Principal totaling \$12,236 and \$10,120 as of December 31, 2023 and 2022, respectively. Principal maintains the contributions in a general account. The account is credited for earnings on the underlying investments and charged for participant withdrawals. The Principal Fixed Income Guaranteed Option guarantees principal and pays a guaranteed minimum interest rate between 1% and 3%.

Note F - Party-in-Interest Transactions

Participant notes receivable transactions are considered to be party-in-interest transactions because they are transacted with Plan participants.

Certain Plan investments are managed by Principal Trust Company, the record keeper and custodian, and, therefore, these transactions qualify as party in interest transactions.

The Plan paid certain direct custodian and recordkeeping fees totaling \$23,102 for the year ended December 31, 2023.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Center has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Notes to Financial Statements

Morrison Center 403(b) Retirement Plan

Note H - Tax Status

The Company, as the Plan's sponsor, adopted a pre-approved Code section 403(b) prototype plan, which received an Internal Revenue Service opinion letter dated March 31, 2017, which states that the plan satisfies the applicable sections of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. The Plan has subsequently been restated; however, the Plan's management believes that the Plan, other than the issues described in the below Note J, is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for years/periods in progress.

Note I - Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Note J - Compliance and Contingencies

The Plan has not yet completed its annual testing requirements for 2019, 2020, 2021, and 2023. Management is currently working with its custodian and trustee to complete all required testing as soon as possible.

The Form 5500 filings for the plan years 2018 through 2023 are significantly past due. Plan management is currently working with the custodian and trustee of the Plan, as well as the Plan auditors, to bring the Plan into compliance with ERISA.

Note K - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022:

Net assets available for benefits per the financial statements	\$ 936,122
Less: participants' contributions receivable	<u>5,862</u>
Net assets available for benefits per the Form 5500	<u>\$ 930,260</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023:

Net increase in net assets available for benefits per the financial statements	\$ 291,915
Plus: Change in participants' contributions receivable	<u>5,862</u>
Net assets available for benefits per the Form 5500	<u>\$ 297,777</u>

Note L - Subsequent Events

Effective March 28, 2024, the Plan was restated. Effective April 10, 2024, the Plan transferred plan assets to Empower Trust Company.

Management has made an evaluation of subsequent events to and including June 17, 2025, which was the date the financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.
