The Plan Administrator of
Xpre\$\$avings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Xpre\$\$avings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 1, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 through September 1, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 1, 2024 and December 31, 2023, and for the period from January 1, 2024 through September 1, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Xpre\$\$avings 401(k) Plan
Notes to Financial Statements
September 1, 2024 and December 31, 2023

1. Description of the Plan

The following description of the Xpre\$\$avings 401(k) Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

In connection with the 2023 acquisition of the Company by Knight-Swift Transportation Holdings, Inc., the Plan merged into the Knight-Swift Transportation Holdings, Inc. Retirement Plan (“Knight-Swift Plan”) effective September 1, 2024, and participants became vested in accordance with the Knight-Swift Plan’s vesting schedule which is fully vested over 5 years of service. All participant account balances and Plan assets were transferred effective September 1, 2024. Participants are eligible for any Company matching contribution declared by the Company for contributions made through August 31, 2024. Additionally, participants were automatically enrolled in the Knight-Swift Plan at their deferral rate in effect at the time of merger. If a U.S. Xpress Enterprises, Inc. employee was not enrolled in the Plan he or she was automatically enrolled in the Knight-Swift Plan with a deferral rate of 3% of compensation at the time of merger.

General

The Plan was a defined contribution plan established January 1, 1993, by U.S. Xpress Enterprises, Inc. (the “Company” and “Plan Administrator”) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which included a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Employees were eligible to participate in the Plan when they completed 90 days of service, as defined in the Plan document, and attained age 18 (participants).

In order to administer the Plan, the Company established the Investment Committee, which included management personnel appointed by the executive officers of the Company, and Morgan Stanley who provided investment advisory services to the Plan. State Street Bank and Trust Company (“SSBT”), the trustee, had a service agent agreement for trustee services with Transamerica Retirement Solutions Corporation (“Transamerica”) to provide the recordkeeping services for the trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Prior to the merger, as defined in the Plan document, participants could make before-tax and after-tax contributions up to 75% of compensation and under certain circumstances, participants could make an additional catch-up contribution subject to certain limitations of the IRC. Catch-up contributions were not matched by the Company. The Company could provide a discretionary matching contribution to the Plan. Participants must be employed on December 31, 2024 to be eligible for the Company contribution. For 2024 the Company will make a discretionary match in the amount equal to 50% of each participant's contribution up to 5% of compensation based on the period ended September 1, 2024. The match will be made to eligible participants in the first Quarter of 2025 under the "Knight-Swift Plan."

Participants directed their elective contributions into various investment options offered by the Plan and could change their investment options on a daily basis. The Company's matching contributions, if any, were allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

Individual accounts were maintained for each of the Plan's participants to reflect the participant's contributions and related Company matching contributions, as well as the participant's share of the Plan's investment results and any related administrative expenses. Allocations of income and expenses were based on individual participant account balances in proportion to total participant account balances.

Vesting

Participants were fully vested in their contributions and the earnings or losses thereon. Vesting in the Company's matching contributions and earnings or losses thereon was based on years of service. Participants vested according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	–%
2 but not more than 3 years	20
3 but not more than 4 years	40
4 but not more than 5 years	60
5 but not more than 6 years	80
6 or more years	100

For vesting purposes, the Plan defined a year of service as a Plan year in which the participant was credited with 1,000 hours. Participants automatically became 100% vested in the Company contributions upon attainment of normal retirement age, as defined in the Plan document, or termination due to death or total disability.

1. Description of the Plan (continue)

Forfeitures

Forfeited balances of terminated participants' non-vested accounts were used to reduce future Company contributions or pay plan expenses. Forfeitures for the period ended September 1, 2024, amounted to \$569,758. The Company used \$654,368 to reduce Company contributions and pay plan expenses in 2024. Forfeited non-vested accounts totaled \$589,863 at December 31, 2023. Forfeitures remaining as of September 1, 2024 were transferred to the Knight-Swift Plan.

Notes Receivable From Participants

A participant could secure a loan from the Plan against his/her account balance for a minimum of \$1,000 up to the lesser of 50% of the vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period. Participants could only have one loan outstanding at a time. Loans could generally be repaid over one to five years, unless the loan was used to purchase a principal residence in which case the repayment period could be extended up to fifteen years. Effective May 1, 2008, loans had to be repaid to Transamerica using payment coupons provided to the participant at loan origination. The interest rate was the prime rate plus 1% as determined by the Plan Administrator and was fixed over the life of the loan.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) could elect to receive a lump-sum distribution equal to the value of the participant's vested account balance. In addition, participants could receive an in-service withdrawal of rollover contributions from previous plans at any time. Upon attaining age 59½, participants could receive an in-service withdrawal of all or any part of their elective deferrals and vested Company matching contributions. Hardship distributions were also permitted if certain criteria were met.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Plan service fees (Note 6) and fees related to the administration of notes receivable from participants and benefit payments were charged directly to the applicable participants' accounts and were included in administrative expenses. Other fees incurred by the Plan for the investment management services were included in net appreciation in fair value of investments rather than a direct payment from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Xpre\$\$avings 401(k) Plan

Notes Receivable From Participants

Notes receivable from participants represented participant loans that were recorded at their unpaid principal balance plus any accrued interest. Interest income on notes receivable from participants were recorded when it was earned. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses were recorded as of September 1, 2024 or December 31, 2023. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be a distribution, the participant loan balance was reduced, and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan were stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded as earned. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Information Certified by the Trustee

All investment information reported and disclosed in the accompanying financial statements including non-interest-bearing cash, the fair value of investments held, and notes receivable from participants as of December 31, 2023, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period ended September 1, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by SSBT.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following was a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan. There have been no changes in the methodologies used at September 1, 2024 and December 31, 2023.

Mutual Funds: These investments are public investment vehicles valued using net asset value (NAV) provided by the administrator of the fund. The NAV is calculated daily based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Xpre\$\$avings 401(k) Plan

4. Fair Value Measurements (continued)

Collective Trust Funds: The collective trust funds are valued at their respective NAV as reported by such trust. The NAV is used as a practical expedient to estimate fair value and therefore have not been classified in the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Stable Value Funds, the issuer reserves the right to require a 30-90 day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As there were no assets remaining at September 1, 2024, the following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 91,787,212	\$ –	\$ –	\$ 91,787,212
Interest-bearing cash	591,924	–	–	591,924
Total assets in the fair value hierarchy	92,379,136	–	–	92,379,136
Collective trust fund ^(a)				19,224,999
Total investments at fair value				<u>\$111,604,135</u>

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

5. Fair Value Measurements (continued)

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2023. Participants could not transfer their balances in the stable value fund to competing fixed income funds. Participants had to give 30-90 days' notice to transfer balances to non-competing funds.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2023</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>Currently Eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Stable Value Fund	\$ 5,985,837	N/A	Daily	30-90 Days
Midcap Growth Fund	447,788	N/A	Daily	None
Alpha Trust	2,262,156	N/A	Daily	None
Large Cap Growth Fund	10,529,218	N/A	Daily	None

6. Income Tax Status

The Plan adopted a Transamerica Retirement Solutions Corporation “Pre-approved 401(k) Profit Sharing Plan.” The pre-approved plan document obtained an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved document satisfied the applicable provisions of the IRC. The Plan itself did not receive a determination letter from the IRS, however the Plan Administrator believed that the Plan, as amended, was designed, and was being operated, in compliance with the applicable requirements of the IRC and was therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 1, 2024, and December 31, 2023, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Party-in-interest transactions included deposits in and withdrawals from SSBT cash accounts, notes receivable from participants, as well as expenses paid to service providers as discussed in Note 1.

Xpre\$\$avings 401(k) Plan

Transamerica provided certain administrative services to the Plan pursuant to a Pension Services Agreement (“Agreement”). Transamerica received revenue from investment plan service fees charged to participants’ accounts as specified in the Agreement. This revenue was used to offset certain amounts owed to Transamerica for its administrative services to the Plan and therefore, qualified as party-in-interest transactions.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	September 1, 2024	December 31, 2023
Net assets available for benefits per the financial statements	\$ -	\$118,629,881
Deemed loans not reported on Form 5500	-	(1,134,575)
Net assets available for benefits per the Form 5500	\$ -	\$117,495,306

The following is a reconciliation of the net change in net assets available for benefits per the financial statements to net income on the Form 5500:

	Year Ended September 1, 2024
Net increase per the financial statements before transfers	\$ 7,099,009
Plus: change in deemed loans not reported on Form 5500 at December 31, 2023	1,134,575
Net increase per the Form 5500 before transfers	\$ 8,233,584
