INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Pennsylvania Automotive Association
Group Insurance Trust
Harrisburg, Pennsylvania

Opinion

We have audited the financial statements of the Pennsylvania Automotive Association Group Insurance Trust (the Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and statement of benefit obligations as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits and the statement of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the statements of net assets available for benefits and combined statements of benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits and the statements of changes in benefit plan obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern within one year after the date that the financial statements are issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Trust, and determining that the Trust's transactions that are presented and disclosed in the financial statements are in conformity with the Trust's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2024, and Schedule H, Item 4j - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GROUP INSURANCE TRUST**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Trust and Group Insurance Arrangements

The following brief description of the Trust and provides only general information. Participants should refer to the Trust agreement for a more complete description of the Trust's provisions.

Description of Trust: The Trust provides benefits to active members and associate members of the Pennsylvania Automotive Association. The benefits are provided through several insurance companies for health, group term life insurance, accidental death and dismemberment and vision. The plan is self-insured for dental benefits. The Trust is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fully-Insured Benefits: Through insurance company contracts, the Trust provides for group term life insurance, accidental death and dismemberment insurance and a complete health insurance package including hospital, medical, surgical, major medical and vision coverage. The group term life insurance does not create any cash surrender or paid-up insurance values.

Self-Funded Dental Benefits: Effective July 1, 2018, the Trust was amended to offer self-funded dental benefits to participating employers. The claims for self-funded dental benefits are processed by the Trust's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Trust. Despite the Trust's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Trust.

COBRA - Consolidated Omnibus Budget Reconciliation Act: Generally effective for years beginning on or after July 1, 1986, the Trust is required to offer continuation of benefits for a specified period of time to qualified members and their dependents that would not otherwise be eligible for continued coverage because of a particular qualifying event as required by law.

Administrative Fees: The Trust pays administrative expenses that consist primarily of administrative fees paid to the third-party claims administrator. These expenses are reported on the Statement of Changes in Net Assets available for Benefits. All other administrative expenses, such as professional fees, may be paid by the Trust.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The Trust maintains its financial records on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**PENNSYLVANIA AUTOMOTIVE ASSOCIATION
GROUP INSURANCE TRUST**

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Account Policies (Continued)

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions: Employer contributions to the Trust are designed to fund the insurance premiums assessed on participants by the insurance companies.

Payment of Benefits: Premiums paid by the Trust are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Claim payments are recorded when paid by the third-party claims processor.

Dental Claims Incurred but not Reported: The Trust's liabilities for dental claims incurred but not reported as of December 31, 2024, were estimated based on historical claims information provided to management by the Trust's third-party administrator. These amounts are paid by the Trust only if claims are submitted and approved for payment.

Income Taxes: The Trust operates as a qualified taxable trust. Management evaluated the Trust's tax positions and concluded that the Trust had taken no uncertain tax positions that require adjustment to the financial statements.

The Trust is taxable to the extent that its investment income exceeds administrative expenses. In the event the Internal Revenue Service (IRS) audits the Trust and disallows its filing as a taxable trust, the Trust will be liable for income taxes and interest as a taxable organization. Management believes that any action by the IRS upon the Trust's filing status will not have a material adverse effect on the financial condition of the Trust.

Subsequent Events: The Trust's management has evaluated subsequent events through July 7, 2025, the date the financial statements were available to be issued.

**PENNSYLVANIA AUTOMOTIVE ASSOCIATION
GROUP INSURANCE TRUST**

NOTES TO FINANCIAL STATEMENTS

Note 3. Concentrations of Credit Risk

Trust services are provided principally to participating new car and truck dealers in the Commonwealth of Pennsylvania. The ability of these employers to pay premiums and insurance carriers to pay claims is subject to changes in general economic conditions and the overall health of the participants.

The Trust maintains its cash balances at one financial institution. These balances may, at times, exceed federally insured limits. Accounts at the institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The Trust has not experienced any losses maintaining its balances in excess of federally insured limits. Management believes it is not exposed to any significant credit risk on its cash accounts.

Note 4. Cash

Cash accounts consist of an interest-bearing checking account and two savings accounts with a bank that are used to fund claim payments and insurance premiums. Interest income is recorded on the accrual basis.

Note 5. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurements*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available. |
| Level 2 | Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

**PENNSYLVANIA AUTOMOTIVE ASSOCIATION
GROUP INSURANCE TRUST**

NOTES TO FINANCIAL STATEMENTS

Note 5. Investments and Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The Plan's investments are held by PNC Bank. The following is a description of valuation methodologies used for assets at fair value.

Money market funds: Shares of money market funds are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

U.S. government and agencies securities: Fixed income securities do not always trade on a daily basis, so the fair values of each security are dependent upon various pricing models that incorporate benchmark yields, interest rates, credit risk, broker-dealer quotes and other valuation processes.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets reported at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 1,174,950	\$ -	\$ -	\$ 1,174,950

Total investments, at fair value	\$ 1,174,950	\$ 3,646,617	\$ -	\$ 4,821,567

NOTES TO FINANCIAL STATEMENTS

Note 6. Premiums Payable to Insurance Companies

Premiums payable to insurance companies at December 31, 2024 and 2023, consisted of premiums received in advance from participating employers. These amounts were paid in January 2025 and 2024, respectively.

Note 7. Dental Contributions Held

Dental contributions held consisted of contributions received in advance from participating employers. Contributions received by the Trust from participating employers are segregated from fully insured assets and held to pay claims weekly as reported by United Concordia.

Note 8. Risks and Uncertainties

Investments: The Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for benefits.

Benefit Obligations: The Trust's estimate of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Governmental Regulations: The Trust is subject to Federal and state insurance regulations including rules related to permissible activities. The Trust is in compliance with applicable Federal regulations and is reviewing state regulations for certain self-insured activities.

Note 9. Related Parties and Party-in-Interest Transactions

The Pennsylvania Automotive Association (PAA), PAA Political Action Committee (PAC), PAA Services, Inc. and its Subsidiary, PAA Foundation and PAA Experience Rated Insurance Trust are related organizations.

The Trust pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and professional fees paid to the auditor, actuary and attorney. These transactions are party-in-interest transactions under ERISA.

**PENNSYLVANIA AUTOMOTIVE ASSOCIATION
GROUP INSURANCE TRUST**

NOTES TO FINANCIAL STATEMENTS

Note 10. Plan Termination

In the event of termination of membership of a participating dealer from the program, the dealer is not entitled to any share of the residual assets of the Trust. In the event that the entire plan would be terminated, any surplus or deficit in the Trust will be determined at the time of termination. If a deficit exists at such time, the plan sponsor would be charged with funding the deficit.

Note 11. Dental Insurance Rate Stabilization Refund

The Trust has a contract with United Concordia for dental insurance. In 2015, the Trust renewed its agreement with United Concordia using a prospective rating which adjusts the premiums to reflect current losses instead of a retrospective rating which adjusts premiums based on prior period loss experience. When using the retrospective rating, the Trust paid in a premium creating a substantial rate stabilization reserve fund held by United Concordia. As part of the renewed agreement, United Concordia agreed to refund amounts in the rate stabilization fund over a three-year period beginning in February 2016. The total amount of the reserve repaid to the Trust was \$1,825,404.

The dental premiums are paid to the PAA Group Insurance Trust. The PAA Group Insurance Trust pays claims as assessed by the carrier on a weekly basis from premiums collected. Any excess or deficit premiums is transferred to or funded by the dental rate stabilization fund. The Trusts will use these amounts to stabilize the dental rates of its subscribers in future years.
