## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Participants of PulteGroup, Inc. 401(k) Plan

### Opinion

We have audited the accompanying financial statements of PulteGroup, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **1. Description of Plan**

### **General**

The PulteGroup, Inc. 401(k) Plan (the Plan) is a defined contribution plan for eligible employees of PulteGroup, Inc. (the Company) and its subsidiaries that have adopted the Plan. The Plan is administered by the PulteGroup 401(k) Committee (the Committee) appointed by the Board of Directors of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan assets are held and investment transactions are executed by Fidelity Management Trust Company as trustee and Fidelity Workplace Services, LLC (collectively along with other affiliates of Fidelity Investments Inc., Fidelity) serves as the recordkeeper. For more complete information, participants should refer to the summary plan description as well as the Plan document, which is available from the Company.

### **Eligibility**

All non-union, salaried, sales, and hourly employees of the Company and its subsidiaries that have adopted the Plan are eligible to become participants in the Plan on their first day of employment with the Company. Eligible participants are automatically enrolled in the Plan on or after 45 days following delivery of the notice describing the default contribution rate and the default investment, unless they affirmatively decline to participate.

### **Contributions**

Contributions can be invested in various investment options provided by the Plan. Participants may change their investment directives and contribution amounts on a daily basis.

*Participant Contributions* - Contributions to participants' accounts are effected through voluntary withholdings from their compensation (elective deferrals). Participants may elect to contribute a percentage of their compensation to the Plan of not less than 1% and not more than 50%. If automatically enrolled, a participant's deferral is set at 5% of eligible compensation and automatically increased by 1% annually up to 10% of eligible compensation or until changed by the participant. Annual contributions for each participant are subject to participation and discrimination standards of Internal Revenue Code (Code) Section 401(k)(3). Rollover contributions from other qualified retirement plans or from conduit individual retirement accounts (IRAs) are accepted as permitted by the Plan.

*Employer Matching Contributions* - The Company contributes to the Plan an amount based on elective deferrals of each participant during each payroll period. During 2024, the employer matching contribution was equal to 100% of participant contributions up to the first 3% of compensation contributed per payroll period plus 50% of participant contributions up to the next 2% of compensation.

*Catch-up Contributions* - Participants who have reached an age of at least 50 years old by the end of the Plan year may elect to increase their elective deferrals as permitted under Code Section 414(v).

### **Allocations**

Contributions to the Plan are allocated to participants' individual accounts as soon as administratively possible. Special contributions made by the Company, if any, are allocated as of the last day of the Plan year among the accounts of eligible participants.

**PulteGroup, Inc. 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2024**

**Notes Receivable from Participants**

Generally, participants may borrow up to 50% of their account balance subject to a minimum loan of \$1,000 and a maximum loan of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months. The loans are secured by the balances in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Committee. Principal and interest are generally paid through payroll deductions.

**PulteGroup, Inc. Company Stock Fund**

The Plan invests in common stock of the Company through the PulteGroup, Inc. Company Stock Fund, a unitized employer stock fund. The PulteGroup, Inc. Company Stock Fund also holds cash or other short-term securities, although these are expected to be a small percentage of the fund.

**Benefit Payments**

Participants or their beneficiaries may receive all or a portion of their account balances upon the earlier of reaching age 59½, experiencing a qualified financial hardship, death, or termination of service, as defined in the Plan.

A participant may withdraw any portion of their rollover contributions at any time. All withdrawals are made in a lump sum payment with the amount available being reduced by any outstanding loan. No withdrawal is permitted to the extent that it would cause the aggregate amount of such outstanding loan to exceed the limits described in "Notes Receivable from Participants" above.

**Vesting**

A participant's account balance is fully vested and nonforfeitable as of their first day of eligibility.

**Forfeitures**

The balance of forfeitures totaled \$29,715 and \$25,523 at December 31, 2024, and 2023, respectively, which the Company expects to use to offset expenses associated with administering the Plan. In 2024, the Company utilized no forfeitures to offset Plan administrative expenses.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain fully vested.

**Administrative Expenses**

While certain administrative expenses of the Plan were paid directly by the Company, the majority of administrative expenses were paid directly by plan participants during 2024.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

### **Income Recognition**

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation in the fair value of investments represents the net amount of realized and unrealized gains and losses on those investments. Interest income is recorded on the accrual basis. Dividends are recorded when declared.

### **Investment Valuation**

See [Note 3](#).

### **Payment of Benefits**

Benefit payments to participants or beneficiaries are recorded upon distribution.

### **Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are deducted when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Company deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Because participants make loan repayments via payroll deductions, such a distribution generally only occurs in the event the loan balance remains unpaid following a participant's termination from the Company.

### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and additions and deductions during the reporting period. Actual results could differ from those estimates.

**PulteGroup, Inc. 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2024**

**3. Fair Value Measurements**

Accounting Standards Codification (ASC) 820, “Fair Value Measurements and Disclosures,” provides a framework for measuring fair value in generally accepted accounting principles and establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The fair value hierarchy can be summarized as follows:

- Level 1 Fair value determined based on quoted prices in active markets for identical assets or liabilities.
- Level 2 Fair value determined using significant observable inputs, generally either quoted prices in active markets for similar assets or liabilities or quoted prices in markets that are not active.
- Level 3 Fair value determined using significant unobservable inputs, such as pricing models, discounted cash flows, or similar techniques.

The Plan's financial instruments measured at fair value on a recurring basis as of December 31, 2024 and 2023 are summarized below:

Financial Instrument	Fair Value Hierarchy	Fair Value	
		2024	2023
Investments measured at fair value			
Mutual funds	Level 1	\$ 650,545,282	\$ 548,418,600
Money market fund	Level 1	267,733	112,550
Unitized employer stock fund:			
PulteGroup, Inc. common stock	Level 1	87,584,785	88,459,540
Money market fund	Level 1	3,416,633	2,910,109
Investments measured at net asset value			
Common collective trust funds		517,566,754	446,662,173
		<u>\$1,259,381,187</u>	<u>\$1,086,562,972</u>

The Plan's investments in money market and mutual funds are stated at fair value based on quoted market prices. Investments in securities traded on a national securities exchange are valued based on published quotations on the last business day of the plan year. Mutual fund investments are valued based on the net asset value of shares held by the Plan as of the last business day of the plan year.

The above table reflects the fair value of the stock and short-term cash position underlying the unitized employer stock fund. The market value of the common stock and money market fund portions of the fund are based on quoted market prices on the last business day of the plan year. The unitized employer stock fund also includes immaterial amounts of receivables and liabilities not presented in the above table.

The Plan invests in common collective trust funds. The statements of net assets available for benefits present the investments using the net asset value practical expedient in accordance with ASC 820. Withdrawals directed by the Company must be preceded by twelve months written notice to the trustee; provided, however, that the trustee may, in its discretion, complete any such plan-level withdrawals before the expiration of such twelve-month period.

**PulteGroup, Inc. 401(k) Plan  
Notes to the Financial Statements  
December 31, 2024**

**4. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated August 23, 2023, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax-exempt for the periods presented.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan, and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

**5. Related-Party Transactions**

The Plan invests in mutual funds managed by Fidelity and allows for investments in shares of the Company's common stock. These transactions with Fidelity and the Company qualify as exempt party-in-interest transactions.

The trustee and recordkeeper provides certain administrative services to the Plan pursuant to trust and recordkeeping agreements with the Company. In the normal course of business, Fidelity receives revenue from certain mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services provided to the Plan. If the revenue received by Fidelity from such mutual fund service providers were to exceed the amount owed under the trust agreement, Fidelity would remit the excess to the Plan's trust and such amounts could be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2024, excess amounts were de minimis. While either the Plan or the Company could make payments to Fidelity for administrative expenses not covered by such revenue, the majority of such expenses were paid by the participants in 2024. For the year ended December 31, 2024, the Plan paid fees to Fidelity who serves as the Plan's recordkeeper. These transactions qualify as exempt party-in-interest transactions.

**6. Risks and Uncertainties**

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**7. Reconciliation to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<b>December 31,</b>	
	<b>2024</b>	<b>2023</b>
Net assets available for benefits per the financial statements	\$1,272,303,113	\$1,097,310,251

**PulteGroup, Inc. 401(k) Plan**  
**Notes to the Financial Statements**  
**December 31, 2024**

The following is a reconciliation of the total benefit payments per the financial statements to total distributions per the Form 5500:

	<b>Year Ended</b> <b>December 31, 2024</b>
Total benefit payments per the financial statements	\$ (98,031,889)
Adjustment for loans in default and deemed distributions	(143,753)
Total distributions per Form 5500	<u>\$ (98,175,642)</u>

**8. Subsequent Events**

Management has evaluated subsequent events through May 30, 2025, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure under ASC Topic 855, *Subsequent Events*.
