Haley Ward Employee Stock Ownership 401(k) Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2023

WIPFLI

Independent Auditor's Report

To the ESOP Administrative Committee
Haley Ward Employee Stock Ownership 401(k) Plan
Bangor, Maine

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Haley Ward Employee Stock Ownership 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Haley Ward Employee Stock Ownership 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and December 31, 2023 and 2022 for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Haley Ward Employee Stock Ownership 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Haley Ward Employee Stock Ownership 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Haley Ward Employee Stock Ownership 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Haley Ward Employee Stock Ownership 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description and Basis of Presentation

The following description of Haley Ward Employee Stock Ownership 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan covers employees of Haley Ward Inc. (the Company). The Plan was established, effective January 1, 2020, to provide eligible employees the opportunity to participate in the ownership of the Company and to accumulate funds for their retirement in a defined contribution plan.

Effective June 30, 2022, the plan trustee of the CES, Inc. 401(k) Retirement Benefit Plan approved to discontinue contributions to the CES, Inc. 401(k) Retirement Benefit Plan and merge the plan with the Haley Ward, Inc. Employee Stock Ownership 401(k) Plan. The plan assets of the CES, Inc. 401(k) Retirement Benefit Plan were transferred to the Plan on June 30, 2022.

The Company is the sponsor of the Plan. The Plan was established with two components (1) an employee stock ownership plan (ESOP) component and (2) a 401(k) component. The ESOP component of the Plan currently operates, in relevant part, as a leveraged ESOP, and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC). The 401(k) component of the Plan is designed to comply with Section 401(k) of the regulations under the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. An ESOP Trust Committee comprised currently of three persons administers the Plan.

The ESOP component of the Plan purchases Company common shares from the Company using proceeds from contributions and holds the stock in a trust established under the Plan.

On July 1, 2020, the Plan purchased 100,000 shares of Company common stock using the proceeds from a note from the Company, totaling \$5,000, and holds the common stock purchased through proceeds from the note in a trust established under the Plan. The borrowing is to be repaid by fully deductible Company contributions to the trust fund and dividends on the Company common stock. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2023 and 2022, and for the plan year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with rights in allocated common stock (allocated), and the accounts of employees with the rights in the 401(k) component of the plan (allocated), and
2. Common stock not yet allocated to employees (unallocated).

Note 1: Plan Description and Basis of Presentation (Continued)

Eligibility and Participation

Employees of the Company, except for those employees working under a collective bargaining agreement, leased employees, nonresident aliens or part-time employees, who have attained age 21 are eligible to participate in the Plan. The Plan entry dates are the date of hire.

Contributions

Each year, participants may contribute to the 401(k) component of the Plan up to 75% of their eligible pretax annual compensation, as defined by the Plan, not to exceed the limits of the IRC. Participants can also make Roth deferral contributions, which are contributions based on after-tax compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the 401(k) component of the Plan, unless they affirmatively elect not to participate in the 401(k) component of Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Company matching contributions may be contributed at the option of the Plan. During 2023, the Plan matched 100% of the first 3% and 50% of the next 4% of compensation that a participant contributed to the Plan up to a maximum of 5% of compensation. The Company made discretionary matching contributions of \$767,103 during the year ended December 31, 2023. Participants direct the investment of 401(k) contributions into various investment options offered by the Plan.

The Company is required to make ESOP contributions on an annual basis to cover the principal and interest due on the term loan. The Company may make ESOP component discretionary contributions. Participants who do not have at least 1,000 hours of service during a Plan year and are not employed on the last day of the Plan year are generally not eligible to receive an allocation of ESOP contributions in such year. The Company ESOP contribution for the year ended December 31, 2023, totaled \$213.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate individual account is established for each participant for the ESOP and 401(k) components of the Plan.

Each participant's ESOP account is credited as of the last day of each Plan year with an allocation of the shares of the Company's common stock released by the Trustee from the unallocated account, Company discretionary ESOP contributions, plan earnings, and forfeitures of terminated participants' non-vested accounts. Allocations of Plan earnings are based on the value of Plan assets at the beginning of the Plan year, less forfeitures and withdrawals made during the Plan year. Employer contributions, forfeitures, and shares released from the unallocated account are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Only those participants that are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Plan income (loss) is allocated to each participant's account based on the participant's share of Company stock.

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description and Basis of Presentation (Continued)

Participant Accounts (Continued)

Each participant's 401(k) account is credited with the participant's contributions, Company discretionary matching contributions, if any, and allocations of 401(k) investments earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their 401(k) component elective deferral contributions, plus actual earnings thereon. Vesting in the Plan's 401(k) component discretionary matching contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service with the Plan. Participants vest 20 percent per year of service starting with two years of service and are 100 percent vested after six years of service.

Vesting in the ESOP component of the Plan is based on the number of years of continuous service. Participants vest 100% after three years of service.

If participants terminate due to death, disability, or normal retirement, as defined by the Plan, they automatically become 100% vested in their entire account balances as of their termination date.

Forfeitures

Forfeitures of the Company ESOP discretionary contributions may be first used to pay expenses associated with the Plan, restore unvested participants' benefits to their ESOP and 401(k) accounts following a re-hire, and then allocated among the remaining eligible participants as if they were additional Company contributions.

Forfeitures of the Company 401(k) discretionary matching contributions may be used to pay Plan expenses or reduce discretionary matching contributions. Forfeitures and asset holding account balances totaled \$81,925 and \$28,345 at December 31, 2023 and 2022 respectively. There were no forfeitures used to reduce employer matching contributions or pay plan expenses during the year ended December 31, 2023.

Payment of Benefits

Distributions due to termination of service, death, disability or normal retirement age are paid to a participant in the form of lump-sum payments, annual installments or partial payments for the value of the participant's vested interest in his or her account in the 401(k) component of the Plan. In addition, hardship distributions out of the participant's vested 401(k) account are permitted if certain criteria are met. The Plan also allows for in-service distributions from the vested portion of the 401(k) account upon attaining age 65 provided certain conditions are met.

Notes to Financial Statements

Note 1: Plan Description and Basis of Presentation (Continued)

Payment of Benefits (Continued)

Distributions due to termination of service, death, disability or normal retirement age for balances in the participant's ESOP component account will be made in substantially equal annual installments over a period not to exceed five years. Distributions are made in cash or in the form of Company common shares, plus cash for any fractional share. Any distributions in stock will have a simultaneous put back to the Company in exchange for cash.

If the participant's vested ESOP or 401(k) account balance is less than \$5,000, the plan administrator may automatically distribute the balance as a lump-sum distribution without consent.

Under the provisions of the Plan, the Plan is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55, with at least 10 years of participation in the Plan, may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify will have the amount to which an election has been made transferred to their 401(k) account, or the Company may elect that such amount be distributed to the Participant. The 401(k) account must offer at least three investment alternatives.

Voting Rights

Shares of Company stock in the Plan are voted by the Trustee only in such a manner as directed by the ESOP Trustee Committee. However, with respect to any corporate matter that involves the voting of such shares that constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, and sale of substantially all assets of the Company, or such other transactions which may be prescribed by regulation, each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account in confidence and is notified by the Trustee prior to the time that such rights are to be exercised. Allocated shares for which no direction is received shall be voted by the Trustee in its discretion. The Trustee may vote any unallocated shares in its discretion.

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description and Basis of Presentation (Continued)

Put Option

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

No shares of the Company's common stock have been distributed to any participant and accordingly, the Company has no current obligation to repurchase any shares from participants.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to compliance with ERISA and Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, all account balances will become fully vested, and the ESOP Trustee Committee shall direct the Trustee to pay all liabilities and expenses and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan. A complete discontinuance of contributions by the Company shall constitute a termination.

Notes Receivable From Participants

Participants may borrow from their 401(k) fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and must bear interest at rates which are commensurate with local prevailing rates. Note terms cannot exceed five years, unless the proceeds are used in the purchase of a primary residence of the participant, in which case the administrator may permit a longer repayment term. Principal and interest are paid ratably through bi-weekly payroll deductions.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock and other investments ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid. See Note 1.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair value of the shares of Company common stock is determined based on an annual independent appraisal. See Note 6 for discussion of fair value measurement.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are netted with the amount of the loans disbursed. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants will be charged directly to the participant's account and are netted with amounts of loan disbursements and benefit payments. Investment-related expenses are allocated proportionally to plan participants based on their respective balances and are included in net investment income.

Payment of Benefits

Benefits are recorded when paid.

Note 3: Tax Status

The IRS has determined and informed the Company by a letter, dated July 7, 2021, that the Plan is qualified and, therefore, the Trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan and Trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the Trust was tax-exempt as of the financial statement date.

Note 4: Administration of Plan Assets

The ESOP component of the Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions related to the ESOP component of the Plan are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

The assets of the 401(k) component of the Plan are held by the Custodian, who invests cash received, interest and dividend income and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 5: Investment in Common Stock

The Plan's investments in Company common stock at December 31, are as follows:

	2023		2022	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares of common stock	10,000	90,000	7,500	92,500
Cost	\$ 500	\$ 4,500	\$ 375	\$ 4,625
Fair value	\$ 2,146,300	\$ 19,316,700	\$ 780,225	\$ 9,622,775

Note 6: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described, as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 6: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of the underlying investments held in the collective trust funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported net asset value.

Company common stock: The fair value of the Haley Ward, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. The appraisal was based on income valuation techniques consistent with the prior years. The appraisal incorporated the following valuation methodology: Discounted cash flow method. For the appraisal, the appraiser utilized forecasted cash flows and terminal values which were present valued to determine the enterprise value of the Company. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements and internal financial statements of the Company. The appraiser prepares a preliminary report, which the Trustee and Plan management review in detail and discuss, and the Trustee approves.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investment in Haley Ward, Inc. common stock	\$ -	\$ -	\$ 21,463,000	\$ 21,463,000

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	Level 3 Assets Investment in Haley Ward, Inc. Common Stock
Balance, beginning of year	\$ 10,403,000
Unrealized gains relating to assets still held at the reporting date	11,060,000
Balance, end of year	\$ 21,463,000
The amount of total gains for the period attributable to the change in unrealized gains included in changes in net assets relating to assets still held at the reporting date	\$ 11,060,000

Note 7: Note Payable

On July 1, 2020, the Plan entered into a \$5,000 term loan with the Company. The proceeds of the loan were used to finance the purchase of 100,000 shares of Company common stock. Unallocated shares are collateral for the loan. Shares will be released from collateral and allocated to participants when principal and interest payments are made. The number of shares released in any year is the number of shares held as collateral, multiplied by the ratio of the current year payment, divided by the total of this year's payment, plus all future years' principal and interest payments. This resulted in 2,500 shares being released and allocated for the Plan year ended December 31, 2023. The note payable is due in forty equal annual installments of \$213.23, including interest at 3.00%, through December, 2059. The outstanding balance of the note payable as of December 31, 2023 and 2022, was \$4,654 and \$4,725, respectively.

Note 8: Information Prepared and Certified by the Custodian

Certain financial information included in the Plan's financial statements and supplemental schedule regarding the Plan's investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2023, has been derived from information certified as complete and accurate by Capital Bank and Trust Company, the Custodian of the Plan, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The financial information certified by Capital Bank and Trust Company as of and for the year ended December 31, 2023, consists of investments at fair value of \$21,697,240, notes receivable from participants of \$78,128, net appreciation in the fair value of investment of \$2,344,242, interest and dividends of \$558,088 and interest income on notes receivable from participants of \$3,686. The certified financial information as of December 31, 2022 consists of investments at fair value of \$16,967,142 and notes receivable from participants of \$56,367.

Note 9: Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in Company common stock and receives contributions from the Company. These are related party and party-in-interest transactions under ERISA. As noted in Note 7, the Plan also has a note payable to the Company.

Capital Bank and Trust Company is defined as the Custodian by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Capital Group Retirement Plan Services, is the recordkeeper of the Plan. Recordkeeping fees paid during the year ended December 31, 2023 are included in plan expenses. Investment management fees paid during the period ended December 31, 2023 are offset against investment income in the statement of changes in net assets available for benefits.

Capital Bank and Trust Company is an investment advisor to the Plan and is paid by the Plan for those services. Investment advisor fees paid by the Plan during 2023 are offset against investment income in the statement of changes in net assets available for benefits.

The Angell Pension Group Inc. provides third party administrative services to the Plan and is paid by the Plan for those services. Third party administrative services fees paid by the Plan during 2023 are included in plan expenses.

Haley Ward Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

Note 9: Related-Party Transactions and Party-in-Interest Transactions (Continued)

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Subsequent Events

The Plan has evaluated subsequent events through July 21, 2025, which is the date the financial statements were available to be issued.
