## **Independent Auditors' Report**

To the Participants and Benefits Trust Committee of the  
Ryman Hospitality Properties 401(k) Savings Plan  
Nashville, Tennessee

### ***Opinion***

We have audited the financial statements of the Ryman Hospitality Properties 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditors' Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

**RYMAN HOSPITALITY PROPERTIES  
401(k) SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS**

**1. PLAN DESCRIPTION:**

The following description of the Ryman Hospitality Properties 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions.

***General***

Ryman Hospitality Properties, Inc. (the “Company”) established the Plan, originally effective on October 1, 1980. Effective January 1, 2023, as a result of internal organizational changes, Ryman Corporate Properties, LLC (a subsidiary of the Company), became the Plan sponsor (“Plan Sponsor”). The Plan is a multiple employer plan, with two participating entities: the Plan Sponsor and RHP Corporate Properties, LLC (a subsidiary of the Company). The Plan became a multiple employer plan effective June 16, 2022. The Plan is a profit-sharing plan with a cash or deferral arrangement available to qualifying employees of the Plan Sponsor and RHP Corporate Properties, LLC (collectively, the “Employer”). The Plan is intended to conform to and qualify under Sections 401 and 501 of the Internal Revenue Code of 1986, as amended (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

***Administration***

The Company’s Benefits Trust Committee is responsible for the administration and operation of the Plan. Lincoln Financial Group (the “Recordkeeper”) has been retained to provide recordkeeping services for the Plan. Lincoln Financial Group Trust Company, Inc. (the “Trustee”) is responsible for the custody and management of the Plan’s assets.

Effective December 31, 2024, the Plan was closed to new participants and no additional contributions were allowed. The Plan’s participants became eligible to participate in a pooled employer plan as of January 1, 2025. The plan was merged into the pooled employer plan and all participant account balances and Plan assets were transferred effective January 1, 2025.

***Eligibility***

An employee is eligible to participate in the Plan the first day of the payroll period on or after the day such employee has completed three months of eligible service, as defined in the Plan document, and attained the age of twenty-one. Classes of employees excluded from participation in the Plan include: (1) certain employees covered by collective bargaining agreements, unless the agreement provides for plan participation, (2) casual employees, (3) leased employees, (4) non-resident, non-United States citizens other than employees on a VISA which requires benefit coverage to be offered, such as H1B, H1B1, or Trade NAFTA, and employees who have an employment authorization card, such as a “green card”, and (5) individuals classified as independent contractors.

## ***Contributions***

Participants may contribute up to 40% of their annual compensation, subject to certain IRC limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Plan offers a Roth option, wherein participant contributions are taxable; however, earnings are generally nontaxable upon withdrawal. The Employer makes matching contributions under the Plan equal to 100% of each participant's contributions which do not exceed 4% of the participant's compensation.

The Employer may also make a discretionary, non-elective profit-sharing contribution to the Plan; however, an annual contribution is not required. The non-elective contribution is available to all participants employed on the last day of the Plan year. No discretionary non-elective profit-sharing contributions were made in 2024.

Participants direct the investment of their contributions and all Employer contributions into various investment options offered by the Plan. During 2024, the Plan offered a Company common stock fund, one common collective trust and twenty-six mutual funds as investment options for participants.

## ***Participant Accounts***

Each participant's account is credited (charged) with the participant's and the Employer's contributions and an allocation of net investment earnings (losses) and administrative expenses. Allocations of contributions are based on participant compensation, and allocations of net investment earnings (losses) are based on account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

## ***Vesting***

Participants are immediately vested in their voluntary contributions and any earnings or losses thereon. All participants are 100% vested in all Employer matching and profit-sharing contributions.

## ***Payment of Benefits***

Upon termination of service due to death, disability, retirement or separation, a participant receives his or her vested account balance in a lump-sum distribution or direct rollover into another qualified plan, individual retirement account, or other eligible employer plan. If the value of the vested account is greater than \$7,000, the participant may elect to defer payment to a later date, but not beyond the participant's Required Beginning Date, as defined by the IRC. If the value of the vested account is not in excess of \$7,000, the vested account will be payable in a single sum payment of the entire amount of the vested account. The Plan administrator may, in accordance with a policy that does not discriminate among participants, establish periodic times when the Plan administrator will direct the distribution of such amounts without the request or approval of the participant. In the event such distribution is greater than \$1,000 (and not in excess of \$7,000), if the participant does not elect to have the distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator.

In the event of financial hardship, as defined in the Plan document, or where a participant has attained the age of 59 1/2, a participant may elect, while still in the employment of the Employer, to withdraw all or part of his or her vested balance (subject to limitations contained in the Plan). Cases of financial hardship are reviewed and approved by the Recordkeeper in accordance with the applicable provisions of the IRC. A participant may elect at any time to withdraw amounts that were contributed to the Plan as a rollover contribution, subject to certain limitations in the Plan document.

### ***Notes Receivable from Participants***

Each participant may borrow up to a maximum amount equal to the lesser of \$50,000, reduced by the amount, if any, of the highest balance of all outstanding loans to the participant during the one-year period ending on the day prior to the day on which the loan in question is made, or 50% of his or her vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balances in the participants' accounts and generally bear interest at the prime rate quoted in the Wall Street Journal on the first day of the month in which the loan is made, plus 2%. The interest rates were between 5.25% and 10.50% on all outstanding loans at December 31, 2024. The loans are repaid ratably through payroll deductions over a period of five years or less for a general-purpose loan or over a period of ten years or less for a primary residence loan.

### ***Voting Rights***

Each participant is entitled to exercise voting rights attributable to the shares of the Company's common stock allocated to his or her account and is notified by the transfer agent, Computershare, prior to the time such rights are to be exercised.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

### ***Basis of Accounting***

The accompanying financial statements have been prepared under the accrual method of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Cash***

At December 31, 2024, the Plan maintained cash balances in excess of insured limits (see Note 8).

### ***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, "*Fair Value Measurement*". Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Benefits Trust Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. These investment values are discussed more fully in Note 3. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Payment of Benefits***

Benefits are recorded when paid.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. An allowance for credit losses was not considered necessary as of December 31, 2024 or 2023.

### *Administrative Expenses*

Substantially all administrative expenses of the Plan are paid directly by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **3. FAIR VALUE MEASUREMENTS:**

The Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring the Plan to develop its own assumptions. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

- Mutual funds – valued at the net asset value (fair value) per unit (share) of the funds or the portfolio based upon quoted market prices in an active market.
- Company stock fund – consists of Company common stock that is valued at quoted market prices and an immaterial amount of cash equivalents held for operational purposes, both of which approximate fair value. The Company common stock is valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and 2023 (in thousands):

	<b>December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Company stock fund	\$ 3,968	\$ —	\$ —	\$ 3,968
Investments at fair value	<u>\$ 3,968</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 3,968</u>

  

	<b>December 31, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$81,215	\$ —	\$ —	\$81,215
Company stock fund	4,813	—	—	4,813
Total investments in the fair value hierarchy	86,028	—	—	86,028
Investments measured at net asset value (a)	—	—	—	6,373
Investments at fair value	<u>\$86,028</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$92,401</u>

(a) The common collective trust is measured at net asset value as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### 4. COMMON COLLECTIVE TRUST:

The Plan's previous investment in the Morley Stable Value Fund, a common collective trust, is made up of investment contracts. The net asset value of the investment contracts is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The Plan presents the common collective trust at net asset value, which is considered a practical expedient to estimate fair value, in the statements of net assets available for benefits and as shown in the following table as of December 31, 2024 and 2023, respectively (in thousands):

<u>December 31,</u>	<u>2024</u>	<u>2023</u>
Fair value	\$ —	\$ 6,373
Unfunded commitments	n/a	n/a

Qualifying withdrawals from the Morley Stable Value Fund for benefit payments and participant-directed transfers to non-competing investment options are generally made without restriction, typically within one to three business days. Participant-directed transfers to competing investment options must be held in a non-competing investment option for a minimum of 90 days before a transfer to a competing option may occur. Competing investment options include: stable value funds, money market funds, and other fixed-income investment options with a duration of less than three years, as well as balanced funds, target risk funds or other investment options of which the majority of assets are invested in competing investment options. Plan sponsor-directed withdrawals or liquidations are subject to a twelve-month advance written notice requirement, though the Morley Stable Value Fund may waive this requirement at its discretion.

## 5. INCOME TAX STATUS:

The Plan obtained a favorable determination letter on January 11, 2016, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was qualified and the trust established under the Plan was tax-exempt under Sections 401 and 501 of the IRC. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

All plan expenses were paid to parties-in-interest. In addition, the Plan invests in the common stock of the Company. At December 31, 2024 and 2023, the Plan held 36,958 and 42,636 shares of common stock of the Company, respectively, which represented less than 1% of the outstanding shares of the Company at those dates. Additionally, the Plan holds notes receivable in the form of participant loans which qualify as party-in-interest transactions.

During 2024, purchases and sales of the Company’s common stock by the Plan were \$1.2 million and \$2.1 million, respectively.

## 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The financial statements of the Plan, as prepared under accounting principles generally accepted in the United States of America, include all assets held by the Plan as of December 31, 2024. The Form 5500 reports the Plan’s assets as of the Plan’s asset transfer date of January 2, 2025 (see Note 8).

The following is a reconciliation of net assets available for benefits according to the financial statements compared to Form 5500 (in thousands):

	<u>December 31, 2024</u>	<u>December 31, 2023</u>
Net assets available for benefits per the financial statements	\$ 102,079	\$ 92,817
Less: Assets transferred to a pooled employer plan	(102,079)	-
Net assets available for benefits per Form 5500	\$ -	\$ 92,817

The following are reconciliations of the increase in net assets available for benefits and the transfer of assets according to the financial statements compared to Form 5500 (in thousands):

<u><i>Year ended December 31,</i></u>	<u>2024</u>
Net increase in net assets available for benefits per the financial statements	\$ 9,262
Less: Deemed distributions	(191)
Net income per Form 5500	\$ 9,071
Net assets available for benefits per the financial statements	\$ 102,079
Less: Deemed distributions	(191)
Transfer of assets per Form 5500	\$ 101,888

## 8. SUBSEQUENT EVENTS:

On December 31, 2024, in connection with the merger into a pooled employer plan, the majority of the investments within the Plan were liquidated. On January 1, 2025, the Plan was merged and on January 2, 2025, its assets were transferred into the pooled employer plan.

The Company has evaluated all other events or transactions that occurred after December 31, 2024, through the date of the issued financial statements.
