## Independent Auditor's Report

**To the Plan Sponsor**  
**Symetra Financial Retirement Savings Plan**  
**Bellevue, Washington**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Symetra Financial Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

[clarknuber.com](http://clarknuber.com)

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter - Supplemental Schedules Required by ERISA**

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## SYMETRA FINANCIAL RETIREMENT SAVINGS PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

---

#### Note 1 – Description of the Plan

The following description of the Symetra Financial Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan covering substantially all employees of Symetra Life Insurance Company, Symetra Investment Management Company, Symetra Investment Management Real Estate Investors LLC, and as of January 1, 2024, Symetra Bermuda Re. Ltd. (all together known as the Employer) upon their date of hire. Employees covered by a collective bargaining agreement, leased employees and non-resident aliens are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Plan Administration** – The Plan is administered by an administrative committee consisting of officers and employees of the Employer. The Employer is the Plan's sponsor and Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan.

**Participant Accounts** – Participants may make pre-tax contributions or after-tax Roth contributions to the Plan through payroll deductions of any whole percentage up to 75% of their eligible compensation, subject to certain limitations as defined by the Internal Revenue Code (the Code). Eligible employees are automatically enrolled, unless the employee affirmatively elects otherwise. If an eligible employee does not specify a contribution amount, 6% of the employee's compensation will be contributed to the Plan for each payroll period in which the employee is an active participant. For each active participant subject to automatic enrollment contributions, the deferral contribution rate is increased annually by 1%, up to 10%, unless the employee affirmatively elects otherwise.

A participant who is age 50 or older on or before the last day of the Plan year may make catch-up contributions subject to certain limitations as defined by the Code. Participants may also make rollovers from other qualified defined benefit or defined contribution plans. Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, and investment earnings. Investment earnings are allocated to participant accounts daily based on each participant's share values. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants may not currently make after-tax contributions to the Plan, but the Plan does maintain frozen accounts of after-tax contributions previously allowed by the Plan.

**Employer Contributions** – The Employer makes matching contributions of 100% of the amounts contributed by each participant, up to a maximum of 6% of the participant's eligible compensation. The Plan includes a true-up feature to ensure participants receive their maximum matching contribution for the year, regardless of the timing of their contributions, and any incremental amounts due are contributed to the participant's account during the first quarter of the subsequent year.

**Vesting** – Participants are fully vested in all amounts contributed to their accounts.

**Notes Receivable From Participants** – The Plan may make loans to participants up to 50% of their account balance. Each participant loan amount must be at least \$1,000 and cannot exceed \$50,000. Participants may only have one loan outstanding at any given time. A loan administration fee is charged and deducted from the participant's loan proceeds.

## SYMETRA FINANCIAL RETIREMENT SAVINGS PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

---

#### Note 1 – Continued

Participant loans are secured by the participant's account balance. Loans are generally repayable over periods ranging up to five years unless it is used to acquire a principal residence. Loan principal and interest payments are received through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

**Payment of Benefits** – A participant may elect to receive benefits upon retirement, disability, death, resignation, dismissal, or demonstrated hardship. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). Participants may also elect to receive in-service withdrawals from balances rolled into the Plan. Benefits can be received in a lump sum amount or installment payments, as elected by the participant.

**Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### Note 2 – Significant Accounting Policies

**Basis of Accounting** – The financial statements of the Plan have been prepared on the accrual basis of accounting.

**Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets in the Statements of Net Assets Available for Plan Benefits and the additions and deductions in the Statement of Changes in Net Assets Available for Plan Benefits, as well as the amounts disclosed in the notes to the financial statements. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Interest paid on participant loans is contributed to the participant's account and recorded when earned.

Net appreciation (depreciation) in the fair value of investments includes the Plan's realized gains and losses on investments both bought and sold during the year, as well as unrealized gains and losses on investments held during the year.

**Notes Receivable From Participants** – Notes receivable from participants are measured at their unpaid principal balance.

**Benefits Paid to Participants** – Benefits paid to participants are recognized when paid. As of December 31, 2024 and 2023, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid.

#### Note 2 – Continued

**Administrative Expenses** – The Employer pays certain administrative expenses associated with sponsoring the Plan. In addition, the Plan charges administrative fees to all participant accounts, as allowed under the applicable guidance of ERISA and the rules and regulations published by the Department of Labor.

**Subsequent Events** – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 17, 2025, the date the financial statements were available to be issued.

#### Note 3 – Plan Investments

The Plan currently offers 18 mutual funds, as well as self-directed brokerage accounts and 15 collective trusts, as investment options for participants. Investments consist of shares in the mutual funds and collective trusts. Investments held in the self-directed brokerage accounts primarily consist of shares of mutual funds, corporate stock, unit investment trusts, and money market funds.

Participants are able to allocate contributions into one or more of the Plan's investment options. Choice of investment amounts and investment transfers for each option are at the participant's discretion and can be changed daily.

#### Note 4 – Fair Value Measurements

The Plan determines the fair value of its financial instruments based on the fair value hierarchy, which favors the use of observable inputs over unobservable inputs when measuring fair value. The Plan has categorized its financial instruments into the three-level hierarchy, which gives the highest priority to quoted prices in active markets for identical instruments (Level 1) and the lowest priority to unobservable inputs (Level 3).

A fair value measurement's level in the hierarchy is determined based on the lowest level input that is significant to the measurement. Level 1 measurements are based on unadjusted quoted market prices in active markets for identical assets or liabilities. Level 2 measurements are based on inputs that are observable or can be corroborated by observable market data. Level 3 measurements are based on inputs that are unobservable.

The Plan's financial assets recorded at fair value are valued as follows:

**Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified as a Level 1 measurement.

**Self-Directed Brokerage Accounts** – Valued based on the underlying investments, as described below. All amounts are classified as Level 1 measurements.

Mutual Funds – Valued at the daily closing price as reported by the fund, as described above.

Corporate Stock – Valued at quoted market prices in active markets of shares held by the Plan.

Unit Investment Trusts – Valued at the daily closing price as reported by the fund.

**SYMETRA FINANCIAL RETIREMENT SAVINGS PLAN**

**Notes to Financial Statements  
For the Year Ended December 31, 2024**

---

**Note 4 – Continued**

Money Market Funds – Valued at cost plus accrued interest, which approximates fair value.

**Collective Trust Funds** – Valued at the NAV, which is based on the contract value of the funds’ investment contracts. The NAV represents the probable amount used in daily participant transactions. The NAV is used as a practical expedient to estimate fair value, unless it is probable that the fund will sell the investment for an amount different from the reported NAV. The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively.

	<u>Redemption Frequency</u>	<u>Plan Level Redemption Notice Period</u>	<u>Participant Redemption Notice Period</u>
Collective trust funds-			
Vanguard Target Date Funds	Daily	None	None
Prudential Core Plus Bond	Daily	None	5 days
Morley Stable Value	Daily	12 months	None
Fidelity Growth Company	Daily	None	None

There have been no significant changes in the methodologies used to value the Plan’s assets as of December 31, 2024 or 2023.

**Note 5 – Certified Information**

Certain information in the accompanying financial statements and supplementary information related to investments held as of December 31, 2024 and 2023, and investment income or loss for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution. The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

**Note 6 – Tax Status**

The Employer adopted a FMR LLC, an affiliate of the Trustee, pre-approved plan document. FMR LLC received an approval letter from the IRS dated June 30, 2020, which states that the form of the plan document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. The Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan’s financial statements.

The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

#### **Note 7 – Party-in-Interest Transactions**

A party-in-interest is defined under Department of Labor regulations to include any fiduciary of the Plan, any party rendering service to the Plan, the employer sponsoring the Plan and certain others. Certain Plan investments are managed by Fidelity Management Trust Company and its affiliates. Fidelity Management Trust Company is the trustee for the Plan and, therefore, transactions with such investments are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

#### **Note 8 – Risks and Uncertainties**

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

## Independent Auditor's Report

**To the Plan Sponsor  
Symetra Financial Retirement Savings Plan  
Bellevue, Washington**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Symetra Financial Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

[clarknuber.com](http://clarknuber.com)

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter - Supplemental Schedules Required by ERISA**

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## SYMETRA FINANCIAL RETIREMENT SAVINGS PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

---

#### Note 1 – Description of the Plan

The following description of the Symetra Financial Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan covering substantially all employees of Symetra Life Insurance Company, Symetra Investment Management Company, Symetra Investment Management Real Estate Investors LLC, and as of January 1, 2024, Symetra Bermuda Re. Ltd. (all together known as the Employer) upon their date of hire. Employees covered by a collective bargaining agreement, leased employees and non-resident aliens are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Plan Administration** – The Plan is administered by an administrative committee consisting of officers and employees of the Employer. The Employer is the Plan's sponsor and Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan.

**Participant Accounts** – Participants may make pre-tax contributions or after-tax Roth contributions to the Plan through payroll deductions of any whole percentage up to 75% of their eligible compensation, subject to certain limitations as defined by the Internal Revenue Code (the Code). Eligible employees are automatically enrolled, unless the employee affirmatively elects otherwise. If an eligible employee does not specify a contribution amount, 6% of the employee's compensation will be contributed to the Plan for each payroll period in which the employee is an active participant. For each active participant subject to automatic enrollment contributions, the deferral contribution rate is increased annually by 1%, up to 10%, unless the employee affirmatively elects otherwise.

A participant who is age 50 or older on or before the last day of the Plan year may make catch-up contributions subject to certain limitations as defined by the Code. Participants may also make rollovers from other qualified defined benefit or defined contribution plans. Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, and investment earnings. Investment earnings are allocated to participant accounts daily based on each participant's share values. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants may not currently make after-tax contributions to the Plan, but the Plan does maintain frozen accounts of after-tax contributions previously allowed by the Plan.

**Employer Contributions** – The Employer makes matching contributions of 100% of the amounts contributed by each participant, up to a maximum of 6% of the participant's eligible compensation. The Plan includes a true-up feature to ensure participants receive their maximum matching contribution for the year, regardless of the timing of their contributions, and any incremental amounts due are contributed to the participant's account during the first quarter of the subsequent year.

**Vesting** – Participants are fully vested in all amounts contributed to their accounts.

**Notes Receivable From Participants** – The Plan may make loans to participants up to 50% of their account balance. Each participant loan amount must be at least \$1,000 and cannot exceed \$50,000. Participants may only have one loan outstanding at any given time. A loan administration fee is charged and deducted from the participant's loan proceeds.

#### Note 1 – Continued

Participant loans are secured by the participant's account balance. Loans are generally repayable over periods ranging up to five years unless it is used to acquire a principal residence. Loan principal and interest payments are received through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

**Payment of Benefits** – A participant may elect to receive benefits upon retirement, disability, death, resignation, dismissal, or demonstrated hardship. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). Participants may also elect to receive in-service withdrawals from balances rolled into the Plan. Benefits can be received in a lump sum amount or installment payments, as elected by the participant.

**Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### Note 2 – Significant Accounting Policies

**Basis of Accounting** – The financial statements of the Plan have been prepared on the accrual basis of accounting.

**Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets in the Statements of Net Assets Available for Plan Benefits and the additions and deductions in the Statement of Changes in Net Assets Available for Plan Benefits, as well as the amounts disclosed in the notes to the financial statements. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Interest paid on participant loans is contributed to the participant's account and recorded when earned.

Net appreciation (depreciation) in the fair value of investments includes the Plan's realized gains and losses on investments both bought and sold during the year, as well as unrealized gains and losses on investments held during the year.

**Notes Receivable From Participants** – Notes receivable from participants are measured at their unpaid principal balance.

**Benefits Paid to Participants** – Benefits paid to participants are recognized when paid. As of December 31, 2024 and 2023, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid.

#### Note 2 – Continued

**Administrative Expenses** – The Employer pays certain administrative expenses associated with sponsoring the Plan. In addition, the Plan charges administrative fees to all participant accounts, as allowed under the applicable guidance of ERISA and the rules and regulations published by the Department of Labor.

**Subsequent Events** – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 17, 2025, the date the financial statements were available to be issued.

#### Note 3 – Plan Investments

The Plan currently offers 18 mutual funds, as well as self-directed brokerage accounts and 15 collective trusts, as investment options for participants. Investments consist of shares in the mutual funds and collective trusts. Investments held in the self-directed brokerage accounts primarily consist of shares of mutual funds, corporate stock, unit investment trusts, and money market funds.

Participants are able to allocate contributions into one or more of the Plan's investment options. Choice of investment amounts and investment transfers for each option are at the participant's discretion and can be changed daily.

#### Note 4 – Fair Value Measurements

The Plan determines the fair value of its financial instruments based on the fair value hierarchy, which favors the use of observable inputs over unobservable inputs when measuring fair value. The Plan has categorized its financial instruments into the three-level hierarchy, which gives the highest priority to quoted prices in active markets for identical instruments (Level 1) and the lowest priority to unobservable inputs (Level 3).

A fair value measurement's level in the hierarchy is determined based on the lowest level input that is significant to the measurement. Level 1 measurements are based on unadjusted quoted market prices in active markets for identical assets or liabilities. Level 2 measurements are based on inputs that are observable or can be corroborated by observable market data. Level 3 measurements are based on inputs that are unobservable.

The Plan's financial assets recorded at fair value are valued as follows:

**Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified as a Level 1 measurement.

**Self-Directed Brokerage Accounts** – Valued based on the underlying investments, as described below. All amounts are classified as Level 1 measurements.

Mutual Funds – Valued at the daily closing price as reported by the fund, as described above.

Corporate Stock – Valued at quoted market prices in active markets of shares held by the Plan.

Unit Investment Trusts – Valued at the daily closing price as reported by the fund.

**Notes to Financial Statements  
For the Year Ended December 31, 2024**

---

**Note 4 – Continued**

Money Market Funds – Valued at cost plus accrued interest, which approximates fair value.

**Collective Trust Funds** – Valued at the NAV, which is based on the contract value of the funds’ investment contracts. The NAV represents the probable amount used in daily participant transactions. The NAV is used as a practical expedient to estimate fair value, unless it is probable that the fund will sell the investment for an amount different from the reported NAV. The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively.

	<u>Redemption Frequency</u>	<u>Plan Level Redemption Notice Period</u>	<u>Participant Redemption Notice Period</u>
Collective trust funds-			
Vanguard Target Date Funds	Daily	None	None
Prudential Core Plus Bond	Daily	None	5 days
Morley Stable Value	Daily	12 months	None
Fidelity Growth Company	Daily	None	None

There have been no significant changes in the methodologies used to value the Plan’s assets as of December 31, 2024 or 2023.

**Note 5 – Certified Information**

Certain information in the accompanying financial statements and supplementary information related to investments held as of December 31, 2024 and 2023, and investment income or loss for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution. The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

**Note 6 – Tax Status**

The Employer adopted a FMR LLC, an affiliate of the Trustee, pre-approved plan document. FMR LLC received an approval letter from the IRS dated June 30, 2020, which states that the form of the plan document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. The Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan’s financial statements.

The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

#### **Note 7 – Party-in-Interest Transactions**

A party-in-interest is defined under Department of Labor regulations to include any fiduciary of the Plan, any party rendering service to the Plan, the employer sponsoring the Plan and certain others. Certain Plan investments are managed by Fidelity Management Trust Company and its affiliates. Fidelity Management Trust Company is the trustee for the Plan and, therefore, transactions with such investments are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

#### **Note 8 – Risks and Uncertainties**

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
