INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Plan & Investment Committee of
Girl Scouts of Wisconsin Southeast, Inc. 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Girl Scouts of Wisconsin Southeast, Inc. 403(b) Thrift Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GIRL SCOUTS OF WISCONSIN SOUTHEAST, INC. 403(B) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of Girl Scouts of Wisconsin Southeast, Inc. 403(b) Thrift Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Girl Scouts of Wisconsin Southeast, Inc. (the Organization). The Plan excludes employees who are eligible to participate in another plan of the employer offering a qualified cash or deferred election under Internal Revenue Code (IRC) section 401(k) or a contract described in IRC section 403(b). Nonresident aliens with no United States source income, employees who are classified or treated as independent contractors and other non-employees are not eligible to share in the Organization's matching and non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2023, the Plan changed custodian/trustee and recordkeeper from Mutual of America Life Insurance Company (Mutual of America) to Principal Trust Company (Principal). In conjunction with the Plan's change in service providers, the Plan also restated its adoption agreement effective January 1, 2023 to conform to The Retirement Advantage basic plan document. As a result of the Plan's restatement, the Plan name was also updated to Girl Scouts of Wisconsin Southeast, Inc. 403(b) Thrift Plan from 403(b) Thrift Plan for Employees of Girls Scouts of Wisconsin Southeast, Inc. Significant changes to the plan provisions as a result of the restatement are disclosed below in each applicable area

Contributions

Each year, participants may contribute up to 100% of pre-tax eligible compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions as Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at rate of 1% per year, as of the first day of the plan year, up to a maximum of 9% of eligible compensation, unless otherwise elected by the participant.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

For the 2023 Plan year, the Organization made a non-elective contribution equal to 3% of eligible compensation for the year for all eligible employees, whether or not they are deferring to the Plan. Effective January 1, 2024, the Organization changed the non-elective contribution to 2% of eligible compensation for the year for all eligible employees, whether or not they are deferring to the Plan.

For the 2023 Plan year, the Organization also made a matching contribution equal to 50% of participant deferrals in excess of 3% of eligible compensation up to a maximum of 9% of eligible compensation as defined by the Plan. Effective January 1, 2024, the Organization changed the matching contribution to equal to 50% of participant deferrals up to a maximum of 8% of eligible compensation as defined by the Plan. In order to be eligible for the employer non-elective contribution and employer matching contribution, employees must be age 21 or older and complete one year of eligibility service, comprised of 1,000 hours of service.

Contributions are subject to certain limitations as mandated by the IRC.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contributions and (b) plan earnings (losses), and charged with the participant's benefit payments and allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Participants become 100% vested in the Organization's non-elective contribution portion and matching contribution portion of their accounts upon the completion of three years of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

GIRL SCOUTS OF WISCONSIN SOUTHEAST, INC. 403(B) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of the non-Roth contribution portion of their account balance, less defaulted loans (if any). Participants can have only 3 loans outstanding at any time. The loans are secured by the balances in the participants' accounts and bear interest at rates equal to the prime rate plus 2%. The term of the loan may not exceed 5 years or 10 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a specified period. Effective January 1, 2023, the Plan was amended such that annuity payments offered through Mutual of America are no longer permitted under the Plan. Effective January 1, 2024, the Plan was amended such that annuity payments offered through Principal are no longer permitted under the Plan. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Organization may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. In-service withdrawals from the employee contribution portion of a participant's account balance are also permitted upon the participant's attainment of age 59 ½. Under certain conditions participants may receive a hardship distribution if certain criteria is met.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0. During 2024 and 2023, forfeitures of \$769 and \$6,327, respectively, were used to reduce the Organization's contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fiduciary Plan & Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Recent Accounting and Regulatory Pronouncements

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management continues to evaluate the impact of the optional provisions of SECURE 2.0 and awaiting additional regulatory guidance from the Internal Revenue Service (IRS) and Department of Labor (DOL). The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2024 and 2023. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

3. NON-FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a group annuity contract with Mutual of America Life Insurance. Participants are allowed to allocate their funds to two types of accounts: (a) general and (b) pooled separate accounts. The contract issuer is contractually obligated to repay the principal and a specified interest rate on the general account that is guaranteed to the Plan. The contract is a non-fully benefit-responsive investment contract and is reported at fair value.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed annually for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the non-fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet their contractual obligations may be affected by future economic and regulatory developments.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2024 and 2023, the contract value of the fully benefit-responsive investment contract was \$2,204,107 and \$1,926,907, respectively.

The traditional investment contract held by the plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuer and with participants are probable of occurring.

In addition, certain events allow the contract issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- a. Quoted prices for similar assets or liabilities in active markets,
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets,
 - c. Inputs other than quoted prices that are observable for the asset or liability,
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

General account: The general account is an investment contract with an insurance company that is non-fully benefit-responsive. The general account is reported at estimated fair value as reported by the issuing insurance company, which approximates contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

GIRL SCOUTS OF WISCONSIN SOUTHEAST, INC. 403(B) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

5. FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: Investments in units of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of units held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the US Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

5. FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no such transfers.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the plan years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
BALANCE, BEGINNING OF YEAR	\$ 2,224	\$ 631,800
Interest credited	67	1,933
Sales	(21)	(200,696)
Transfers	-	(430,813)
	<hr/>	<hr/>
BALANCE, END OF YEAR	<u>\$ 2,270</u>	<u>\$ 2,224</u>

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

**Qualitative Information about Level 3 Fair Value Measurements
as of December 31, 2024 and 2023**

*The value in the general account at any time will equal contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the account, and charges that are deducted as specified.

6. CERTIFICATIONS OF FINANCIAL INFORMATION

The financial data included in the accompanying financial statements as of and for the years ended December 31, 2024 and 2023 and supplemental schedule of assets (held at end of year) as of December 31, 2024, has been certified as complete and accurate by Mutual of America Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, qualified institutions. The following certified information was obtained by management and agreed to or derived from information certified as complete and accurate; and has not been audited by the independent auditors for the Plan: investments at fair value, investment at contract value, notes receivable from participants, interest and dividends, interest on notes receivable from participants and net appreciation in fair value of investments.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Organization may determine.

8. TAX STATUS

The volume submitter plan sponsor has obtained an opinion letter dated October 1, 2019, in which the IRS stated that the restated volume submitter plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since the date of the opinion letter; however, the plan administrator believes that the Plan was designed, and is being operated, in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of Principal Trust Company, the Plan trustee, or Mutual of America Life Insurance Company, the Plan custodian; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the Organization. These transactions qualify as party-in-interest. Employees of the Organization provide administrative services to the Plan for which no fees are charged.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 16, 2025, which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date.
