Independent Auditor's Report

To the Plan Trustee
Bayes Achievement Center 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bayes Achievement Center 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bayes Achievement Center 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report - Continued

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bayes Achievement Center 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bayes Achievement Center 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Independent Auditor's Report - Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bayes Achievement Center 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bayes Achievement Center 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report - Continued

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bayes Achievement Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

A. Description of the Plan

The following brief description of the Bayes Achievement Center 401(k) Profit Sharing Plan (plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The plan is a defined contribution plan covering all employees of Bayes Achievement Center (the “company”) except union employees, nonresidents, leased employees and part-time employees whose regularly scheduled service is less than 1,000 who have completed twelve months of service and are age twenty-one or older. Employees may begin participating on the first day of the month coinciding with or next following date requirements are met. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to contribute a percentage of their compensation to the plan each year, subject to limitations, as defined in the plan document. Such contributions are excluded for the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution for the plan. In addition, participants 50 and older as of the end of the plan year are permitted to make elective catch-up contributions. Participants can also choose to designate salary deferrals as Roth deferrals. These deferrals will be after tax. Participants may also contribute rollovers representing distributions from former employer’s qualified plans.

The company will make a safe harbor matching contribution to the account of each eligible participant in an amount equal to 3% of the participant’s compensation. The company may also make matching contributions equal to a uniform percentage of the participant salary deferrals. Additionally, the company may make a non-elective contribution to be determined by the company.

Participant’s accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the company’s contribution and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their safe harbor employer contributions, elective deferrals, and rollover contributions, if any, plus actual earnings thereon. Vesting in the company’s matching contribution and discretionary profit-sharing portion of their accounts is based on years of continuous service. Participants vest according to the following schedule:

Bayes Achievement Center 401(k) Profit Sharing Plan
Notes to the Financial Statements

A. Description of the Plan - Continued

Vesting - Continued

Completed years of service	Vested Percentage
1 year	0%
2 year	20%
3 year	40%
4 year	60%
5 year	80%
6 year	100%

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions.

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$3 and \$2,270, respectively. These accounts will be used to pay plan expenses or reduce company contributions. Forfeitures of \$2,339 were used during 2024.

B. Summary of Significant Accounting and Reporting Policies

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note C for a discussion of fair value measurements.

Bayes Achievement Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

B. Summary of Significant Accounting and Reporting Policies - Continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Operating expenses

Certain administrative expenses of maintaining the plan are paid by the company. Contract administrative fees are paid by the plan.

Subsequent events

The plan has evaluated subsequent events through July 18, 2025, the date the financial statements were available to be issued.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Bayes Achievement Center 401(k) Profit Sharing Plan Notes to the Financial Statements

C. Fair Value Measurements - Continued

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

Bayes Achievement Center 401(k) Profit Sharing Plan
Notes to the Financial Statements

C. Fair Value Measurements - Continued

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts		\$7,829,124		\$7,829,124
Investments at fair value		\$7,829,124		\$7,829,124

D. Investment Contract with Insurance Company

In 2013, the plan entered into a benefit responsive investment contract with Voya totaling \$710,600 for 2024 and \$693,775 for 2023. Voya maintains the contributions in a separate account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

Bayes Achievement Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

D. Investment Contract with Insurance Company - Continued

In addition, certain events allow the issuer to terminate the contract with the plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

E. Related Party and Party-In-Interest Transactions

During 2024 and 2023, the plan investments were mutual funds held in pooled separate accounts managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is a trustee as defined by the plan and, therefore, a party in interest with respect to the plan. These transactions are covered by an exemption from the "prohibited" transaction provisions of ERISA and the IRC.

F. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

G. Tax Status

On June 30, 2020, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and the plan's tax counsel believe that the plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Bayes Achievement Center 401(k) Profit Sharing Plan

Notes to the Financial Statements

I. Custodial Certification

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Voya Retirement Insurance and Annuity Company and was not subjected to any auditing procedures performed by the independent public accountants:

- a.* Total investments as shown in the accompanying statements of net assets available for benefits of \$10,082,776 as of December 31, 2024, and \$8,522,900 as of December 31, 2023.
- b.* Net investment income as shown in the accompanying statement of changes in net assets available for benefits of \$975,321 for the year ended December 31, 2024.
