(1) Name: WOLF & COMPANY, P.C.

(2) EIN: 04-2689883

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator and Plan Participants of BCB Community Bank 401(k) Plan

Opinion

We have audited the financial statements of BCB Community Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan on a modified cash basis as of December 31, 2024 and 2023, and the changes in its net assets available for benefits on a modified cash basis for the year ended December 31, 2024, in accordance with modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design,

implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), on a modified cash basis, as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following brief description of the provisions of the BCB Community Bank 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a defined contribution plan which covers all eligible employees who have elected to participate. Prior to November 1, 2024, Employees were eligible to participate in the Plan following the completion of one year of service, as defined in the Plan Agreement, and were age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective November 1, 2024, the Plan was amended to change the service requirements to 18 years of age and 30 days of service or 1,000 hours of service in an eligibility computation period, provided the employee is eligible at the end of that period. Employer contributions still require one year of service, as defined in the Plan Agreement.

The Plan's trustee is Voya Institutional Trust Company.

Plan Sponsor

BCB Bancorp, Inc. (the "Company") is a New Jersey corporation, which is the holding company parent of BCB Community Bank located in Bayonne, New Jersey.

Participant Contributions

Participants may elect to contribute a flat dollar amount or a percentage from 1% to 100% of their pretax compensation, in increments of 1% each Plan year. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan.

Employer Contributions

BCB Community Bank (the "Bank") provides a safe harbor matching contribution to meet certain nondiscrimination requirements. The safe harbor contribution matches employee contributions that do not exceed 3% of compensation for the Plan year plus another 50% of elective deferrals that exceed 3% of compensation for the Plan year, but do not exceed 5% of compensation. The Bank may also make a profit sharing contribution to the Plan each year. To be eligible to receive the profit sharing contribution, certain requirements, which are stated in the Plan document, must be satisfied. There were no profit sharing contributions made to the Plan in 2024.

Participant Accounts

All contributions are directed by the participant into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions and the Bank's matching contribution and an allocation of the Bank's profit sharing contribution (if applicable) and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on

See independent auditor's report.

participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance in the participant's account. The value of participant accounts will fluctuate with the market values of the securities in which the accounts are invested.

Vesting

A participant has, at all times, a vested and nonforfeitable right to the entire balance in his or her contribution and rollover contribution accounts. Each participant attains a vested and nonforfeitable right in the Bank's profit sharing contributions according to the following schedule.

<u>Years of Service</u>	<u>Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Vesting in the Bank's safe harbor and any qualified elective matching contributions is 100% at the time the contribution is made.

A participant becomes 100% vested in profit sharing contributions upon death or disability.

Plan Sponsor Stock

Participants may invest in common stock of BCB Bancorp, Inc. (the "Stock") through a common stock fund.

Benefit Distributions

On termination of service in the event of death, disability, retirement or other reasons, a participant or designated beneficiary in the event of death, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a direct rollover to an eligible retirement plan including an individual retirement account or individual retirement annuity.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participants' account and bear interest at the rate designated by the Plan Administrator. Interest rates range from 3.25% to 8.50% as of December 31, 2024. Terms range from one to five years or greater if used for the purchase of a principal residence.

See independent auditor's report.

Forfeitures

Forfeited balances of terminated participating non-vested accounts may be used to reduce future Bank contributions to the Plan or to pay plan administrative expenses. There were no forfeited amounts at December 31, 2024 and 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the modified cash basis of accounting. Although not in accordance with accounting principles generally accepted in the United States of America (GAAP), this method of accounting is permitted under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is a comprehensive basis of accounting other than GAAP. Therefore, certain additions and related assets are recognized when received rather than when earned and certain liabilities and expenses are recognized when paid rather than when the obligations are incurred.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. The assets of the Plan are subject to market fluctuations which could affect balances available for benefits.

Interest and dividend income, capital gains and losses are recorded at the time the proceeds are received.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal balance.

Contributions

Contributions from Plan participants and the matching contributions from the Bank are recorded when received.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the

See independent auditor's report.

reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the determination of the fair value of the Plan's assets. Actual results could differ from those estimates.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Company intends to pay all of the administrative expenses of the Plan directly, but reserves the right to authorize such expenses be paid by the Plan. Any such payment of administrative expenses by the Plan will be allocated among the various investment funds in proportion to the fair value of the assets on the last valuation date and allocated to the various accounts in the same manner as a gain on investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

3. Plan Termination

Although it has not expressed intent to do so, the Bank has the right under the Plan to terminate the Plan, at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as set forth in the Plan document.

4. Related Party and Party-in-Interest Transactions

The Plan owns shares of the common stock of the Company. The Plan permits that Bank matching contributions may be used to purchase common stock of the Company, and participants may also elect to invest in the Company's Stock. These transactions qualify as related party and party-in-interest transactions. The Plan owns 113,300 and 114,794 shares of the common stock of the Company as of December 31, 2024 and 2023, respectively. Total purchases related to the Company's Stock at market value for 2024 were approximately \$224,000. Total sales related to the Company's Stock at market value for 2024 were approximately \$243,000. No shares were released in connection with the payment of benefits in 2024 and 2023.

Certain administrative functions of the Plan are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan.

The Plan's investments are managed by Voya, the trustee. These transactions qualify as party-in-interest transactions. Administrative fees for newly originated loans to participants are deducted from the loan proceeds by the trustee and are reflected in the statement of changes in net assets available for benefits as administrative expenses. Fees for accounting and other administrative services are paid for by the Bank.

See independent auditor's report.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no significant changes in the methodologies used during the years ended December 31, 2024 and 2023.

The fair value of the common stock fund is valued at the closing price reported on the active market on which the individual securities are traded adjusted to unitized value to reflect the cash component within the fund.

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. As of December 31, 2024 and 2023, pooled separate accounts held by Voya are valued at their

See independent auditor’s report

“accumulation unit value” (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund’s dividends and the contract’s separate account charges. Investments in the pooled separate accounts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and in accordance with FASB ASC 820-10 have not been classified in the fair value hierarchy.

Due to the nature of the pooled separate accounts discussed above, there are no unfunded commitments or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan’s management believes the valuation methodologies are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Company common stock fund	\$ 1,907,700	\$ -	\$ -	\$ 1,907,700
Total assets in the fair value hierarchy	\$ 1,907,700	\$ -	\$ -	1,907,700
Investments measured at net asset value (a)				<u>16,214,390</u>
Investments at fair value				<u>\$ 18,122,090</u>

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Company common stock fund	\$ 1,962,539	\$ -	\$ -	\$ 1,962,539
Total assets in the fair value hierarchy	\$ 1,962,539	\$ -	\$ -	1,962,539
Investments measured at net asset value (a)				<u>14,165,249</u>
Investments at fair value				<u>\$ 16,127,788</u>

See independent auditor’s report.

- (a) In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits and notes to the financial statements.

6. Guaranteed Annuity Contract with Voya

The Plan offers the option to invest in a guaranteed annuity contract with Voya who maintains the contributions in a general account. The contract is considered fully benefit-responsive and is reported at contract value. Contract value, as reported to the Plan by Voya, of \$876,954 at December 31, 2024 and \$1,543,603 at December 31, 2023 represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Voya is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Voya but may not be less than 1%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the contract is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Voya. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Bank or other events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

See independent auditor's report.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Voya and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Voya to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events may include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. An amendment to the agreement without the consent of Voya.

7. Risk and Uncertainties

The Plan offers investment options in various investment securities, including the Company common stock fund, pooled separate accounts and a guaranteed annuity contract which are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2024, the Plan had investments of \$6,914,639 concentrated in 3 funds representing 36% of the net assets available for benefits.

8. Income Tax Status of the Plan

The Plan adopted CCH Incorporated DBA FTWilliam Com's Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"). The IRS determined and informed the Volume Submitter by letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA was accepted under Section 401a of the IRC for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Trustees of the Plan are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

See independent auditor's report.

Plan management is required to evaluate tax positions taken by the plan. Since the Plan utilizes the modified cash basis of accounting the resulting tax impact of these tax positions are recognized in the financial statements when they are actually paid, based on the result of this evaluation. The Plan is subject to examination by taxing authorities; however, there are currently no examinations for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. Subsequent Events

Subsequent to the Plan year ended December 31, 2024, but prior to the issuance of these financial statements, the Plan was amended effective January 1, 2025. The amendment revised the eligibility and vesting provisions for Elective Deferral Contributions, Employer Matching Contributions, Safe Harbor Matching Contributions, and Non-Elective Contributions. Key changes include:

- Participants become eligible to make Elective Deferral Contributions on the first day of the calendar month coincident with or next following the date they attain age 18 and complete 30 consecutive days of service, or upon completing 1,000 hours of service in an Eligibility Computation Period.
- Eligibility for Employer Matching, Safe Harbor Matching, and Non-Elective Contributions now requires attainment of age 18 and completion of one Year of Eligibility Service (defined as 1,000 hours of service in a 12-month period).\
- A Qualified Automatic Contribution Arrangement (QACA) was implemented, with automatic deferral rates starting at 3% of compensation and increasing annually to 6%.
- Safe Harbor Matching Contributions were updated to provide 100% match on the first 2% of compensation deferred and 50% on the next 2%.
- Vesting schedules were updated to including full vesting after two years of service for Safe Harbor Matching Contributions and a graded schedule for other employer contributions.

Management has evaluated subsequent events through June 27, 2025, the date the financial statements were issued, and determined that no other events occurred that require disclosure or adjustment to the financial statements.

See independent auditor's report.
