Statement of Changes in Net Assets Available for Benefits 6

Notes to Financial Statements 7

Supplemental Schedule:

Schedule of Assets Held for Investment Purposes at End of Year 10

To the Plan Administrator for the  
Cleveland-Cliffs Steel Corporation Supplemental Unemployment Benefit Plan for Hourly Workers - B-3

## Opinion

We have audited the financial statements of Cleveland-Cliffs Steel Corporation Supplemental Unemployment Benefit Plan for Hourly Workers – B-3 (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

AKRON | BEACHWOOD | CLEVELAND | COLUMBUS | WOOSTER

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **NOTES TO FINANCIAL STATEMENTS**

### **Cleveland-Cliffs Steel Corporation Supplemental Unemployment Benefit Plan for Hourly Workers - B-3**

#### **NOTE 1 - DESCRIPTION OF PLAN**

The following description of Cleveland-Cliffs Steel Corporation Supplemental Unemployment Benefit Plan for Hourly Workers - B-3 (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### **GENERAL**

The Plan was established to provide supplemental unemployment benefits for eligible employees of Cleveland-Cliffs Steel Corporation, formerly known as the AK Steel Corporation, (the "Company") in connection with negotiated contracts between the Company and the United Automobile, Aerospace, and Agricultural Implement Workers of America ("UAW") at the Butler Works and Zanesville Works facilities. Eligible employees are those who have completed at least two years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

##### **ELIGIBILITY**

Participants are eligible to receive supplemental unemployment benefits for any week of unemployment during which they have not performed work within either the geographical or craft jurisdiction of the UAW and have satisfied other conditions, as outlined in the plan agreement. The weekly benefit is determined by a formula detailed in the plan agreement and is reduced by any state unemployment benefits or other compensation received based on the amount of plan assets at the time of payment. Weekly benefits are limited to certain maximums, as defined in the plan agreement.

Employees earn credits that are used to determine supplemental unemployment benefits. Employees with 20 or more years of service may be entitled to a maximum of 104 weeks of benefits. The Plan provides for a possible reduction or elimination of weekly benefits for employees with less than 20 years of service based upon a percentage determined in substantially the same manner as the Company's contribution. The benefit formula is based on the employee's straight-time earnings.

##### **CONTRIBUTIONS**

The Company's obligation to make contributions to the Plan is determined by formulas based on net assets of the Plan, as defined in the plan agreement. Generally, the Company funds contributions to the Plan only to the extent required to pay benefits and as required by the Plan. As of December 31, 2024 and 2023, the Company had no obligation to make contributions to the Plan since plan requirements were met.

The Plan provides for unreduced weekly benefits for employees with 20 or more years of service. During any month in which the regular benefits are, or might otherwise be, reduced, the Company will advance sufficient funds to pay unreduced benefits. Such advances reduce future contributions by the Company in accordance with the plan provisions. There were no such advances outstanding as of December 31, 2024 and 2023.

##### **COLLATERAL RECEIVABLE**

Collateral receivable represent amounts owed to the Plan by the Company under the collective bargaining agreement.

##### **PARTY-IN-INTEREST TRANSACTIONS**

Certain plan assets are in investment funds managed by PNC Bank (the "Trustee") or its affiliates; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

##### **ADMINISTRATION**

The Company sponsors and administers the plan in accordance with the agreement. The Investment Committee of Cleveland-Cliffs Inc. has responsibility for the management and control of the assets of the fund held by the Trustee. The Trustee functions as investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

## **PLAN TERMINATION**

While it has not expressed an intent to do so, the Company has the right under the Plan to modify the benefits provided to employees and to terminate the Plan subject to the provisions set forth in ERISA. If the company terminates or partially terminates the Plan, the net assets of the Plan will be used to pay the exclusive benefits of any remaining employees covered by the plan.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **BASIS OF ACCOUNTING**

The Plan's transactions are reported on the accrual basis of accounting.

### **INVESTMENT VALUATION AND INCOME RECOGNITION**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

### **PAYMENT OF BENEFITS**

Benefits are recorded on the payroll date when earned by the participant.

### **ADMINISTRATIVE FEES**

Administrative expenses of the Plan, such as audit fees, salaries and use of facilities, are paid by the Company.

### **USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

### **RISKS AND UNCERTAINTIES**

The Plan invests in a money market fund as the primary investment security. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statement of net assets available for benefits.

Benefit obligations represent the ultimate cost to the Plan of settling claims for participants who may be eligible for benefits that result in layoff. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

The financial statements and related disclosures include evaluation of events up through and including June 30, 2025, which is the date the financial statements were available to be issued.

### **NOTE 3 - TAX STATUS**

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(17) of the Internal Revenue Code (the "Code"), and, accordingly, the trust's net investment income is generally exempt from income taxes. The Company believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions. However, currently no audits for any tax periods are in progress.

### **NOTE 4 - FAIR VALUE OF FINANCIAL ASSETS**

ASC 820, *Fair Value Measurements and Disclosures*, establishes a three-level valuation hierarchy for classification of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. Inputs refer broadly to the assumptions that market participants would use in pricing an asset or liability. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources. Unobservable inputs are inputs that reflect our own views about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized below:

- Level 1 — Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 — Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of assets and liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

### **MONEY MARKET FUND**

The Federated Hermes Government Obligations Fund #07 is a money market fund that is classified as a Level 1 investment.

### **NOTE 5 - BENEFIT OBLIGATIONS**

The Plan's benefit obligation represents the amounts due to participants for events that have occurred that give rise to a benefit under the terms of the Plan. Benefit obligations for unknown events have not been provided for since they are not reasonably estimable. To determine the Plan's benefit obligations, management considers eligibility credits accumulated at year end, the funded status of the Plan, expected changes to the workforce, the availability of state unemployment benefits, and historical layoffs and benefit payments.

As of December 31, 2024 and 2023, the Company had no plans that would result in a significant layoff of eligible employees in the Plan. Therefore, no benefit obligation had been recognized as of December 31, 2024 and 2023.
