INDEPENDENT AUDITORS' REPORT

To the Trustees
American Society of Radiologic Technologists
401(k) Retirement Plan
Albuquerque, New Mexico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of American Society of Radiologic Technologists 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) Audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) Audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period-of-time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) Audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i: Schedule of Assets (Held at End-of-Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

American Society of Radiologic Technologists 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

General

American Society of Radiologic Technologists 401(k) Retirement Plan (the Plan) is a retirement plan with a 401(k) feature which was formalized and adopted by American Society of Radiologic Technologists (the Plan Sponsor) effective October 1, 1994, and restated effective January 1, 2022. The Plan is a participant directed retirement plan. The following description of the Plan provides only general information. Participants should refer to the Plan document for more complete information.

Eligibility

The Plan covers all employees of the Plan Sponsor who have reached eighteen years of age. The Plan does not have a service requirement to be eligible to participate.

Cash

Cash includes cash held in the investment account at year end.

Contributions

Each year participants may elect to contribute a portion of their compensation, as defined, to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor contributes to the Plan for all Participants that meet the requirements in the Plan document. The contributions include a matching safe harbor contribution at 100% of Participants' contributions of the first 3% of their salary and 50% of the next 2% of the employee's salary. Participants become eligible to defer compensation and receive the matching safe harbor contribution on the first entry date after beginning employment with the Plan Sponsor. The Plan entry dates are January 1 and July 1. The total safe harbor matching contributions were \$341,015 and \$330,136 for the years ending December 31, 2024 and 2023, respectively.

The Plan Sponsor also makes a non-elective contribution to the Plan allocated to participants based on each participant's tenure with the Plan Sponsor. The non-elective contribution is a percentage of the participant's eligible wages on the following schedule: 1-4 years of service – 6%; 5-9 years of service – 8%; 10 or more years of service – 10%. The Plan Sponsor made non-elective contributions of \$672,496 and \$639,164 for the years ended December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions, (b) plan earnings, and (c) investment expenses. Contributions are allocated to participants based on compensation while earnings and expenses allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's safe-harbor contributions and investment earnings from these contributions. Vesting in the non-elective contribution portion of the accounts plus investment earnings from these contributions is based on years of continuous service. Participants become 100% vested in the non-elective contributions and investment earnings from these contributions after three years of service (3-year cliff).

Investment Options

The Plan is a participant directed plan. Each participant chooses their investments from a list of 25 funds and 1 common collective trust fund based on their expected retirement date. Participants have the option of selecting target date funds based on their expected retirement date. These funds are automatically updated for changes in risk as retirement approaches.

The participants can change their investments at their discretion. They are also able to rebalance their investments at any time based on their current investment choices.

The trustees review the performance of all funds to ensure that they are performing properly. The trustees make changes to the selection of funds offered when appropriate. These changes are communicated to the participants. The Plan investments are held by Charles Schwab Bank, the custodian.

Loans to Participants

The Plan does not allow loans to participants.

Payment of Benefits

The Plan allows for hardship and retirement distributions. Upon termination of service, payment of benefits may be made as a lump-sum amount, installments over a period of not more than a participant's assumed life expectancy, or through the purchase of an annuity. Joint and survivor annuities, as well as life annuities, are also allowed under the rules of Code Sections 401(a)(11) and 417. If a participant's vested benefit does not exceed \$5,000, then the benefit must be distributed in a lump-sum payment as soon as practicable following the event that entitles the participant to a distribution. The amount of any hardship distribution is the amount needed to meet the immediate financial hardship but can be no less than \$1,000.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeited Accounts

Forfeited balances may be used to reduce any employer discretionary contributions or are allocated directly to the participant's account. Forfeited nonvested accounts were \$2,298 and \$30 at December 31, 2024 and 2023, respectively. Employer contributions were reduced by \$2,268 and \$8,577 for the years ended December 31, 2024 and 2023, respectively

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the third-party Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by the Plan must be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of the Plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through the Morley Stable Value Fund, a common collective trust fund. The Plan Sponsor has evaluated the fund's valuation and has determined that contract value approximates fair value at December 31, 2024 and 2023, and therefore, no adjustment is needed on the statements of net assets available for benefits to arrive at contract value.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. There were no unpaid benefit claims at December 31, 2024 and 2023, respectively.

Uncertain Tax Position

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance as of the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan's annual returns for the years 2021 to 2023, by statute, may be subject to normal federal and state examination.

Reclassification

Certain reclassifications have been made to the 2023 financial statement presentation to conform to the 2024 presentation.

Subsequent Events

The Plan trustees have evaluated subsequent events through June 23, 2025, the date the financial statements were issued and believes that any events occurring during this period requiring either recognition or disclosure have been included in the accompanying financial statements.

NOTE 3 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the third-party Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 5 – INVESTMENTS – CONTINUED

The fair value framework prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical investments that the Plan Sponsor has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, inputs other than observable quoted prices, or inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023, respectively.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Common Collective Trust Fund: Valued at the net asset value (trading unit prices) of participation units held by the Plan at year-end. The value of these units is determined by the custodian based on the current market values of the underlying assets of the fund, as based on information reported by the investment advisor using the audited financial statements of the fund at year-end. Further information regarding the common collective trust fund may be obtained from their audited financial statements.

As described in Note 2, because the Morley Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this common collective trust fund.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 5 – INVESTMENTS – CONTINUED

The average annual effective interest rate credited to contributions during the period is 2.61% and 2.53% in 2024 and 2023, respectively. The average interest rate being credited to assets as of the last day of the Plan year was 2.85% and 2.76% at December 31, 2024 and 2023, respectively.

Market value events may limit the ability of the fund to transact at contract value with the issuer. Such events may include but are not limited to: fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the fund, transfers to competing options without meeting the equity wash provisions of the fund, and Plan Sponsor withdrawals without the appropriate notice to the fund and/or issuer. In the normal course of business, such events or conditions would not limit the ability of the fund to transact at contract value with the participants in the fund. The fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants, as well as the occasional market value event.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan Sponsor pays legal, audit, third-party Plan Administrator fees and custodian fees for the Plan. The fees paid by the Plan Sponsor were \$41,556 and \$42,829 for the years ended December 31, 2024 and 2023, respectively.

The Plan Sponsor also pays advisor fees to Bank of Albuquerque Financial Advisors. Based on advice from Bank of Albuquerque, the Plan trustees chose a set of mutual funds as investment choices for the participants. The trustees also provided the participants model portfolios of these mutual funds based on information from Bank of Albuquerque. The Plan Sponsor paid the advisor fees for Bank of Albuquerque. The advisory fees paid by the Plan Sponsor were \$21,903 and \$28,666 for the years ended December 31, 2024 and 2023, respectively.

Certain Plan investments are trading units of common collective trust funds managed by the Custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
