## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator, Participants and Beneficiaries  
of the Travel + Leisure Co. Employee Savings Plan

### ***Opinion***

We have audited the financial statements of the Travel + Leisure Co. Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter**

##### *Supplemental Schedule Required by ERISA*

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## TRAVEL + LEISURE CO. EMPLOYEE SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

#### 1. DESCRIPTION OF PLAN

The following brief description of the Travel + Leisure Co. Employee Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**General**—The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was formed on August 1, 2006.

Bank of America, N.A. (the “Trustee”) is the Plan’s trustee. The Employee Benefits Committee (the “Plan Administrator”) of Travel + Leisure Co. (“the Company”) controls and manages the operation and administration of the Plan. Under the terms of a trust agreement between the Trustee and the Company, contributions to the Plan are deposited with the Trustee and maintained in a trust on behalf of the Plan. The Plan Administrator has granted discretionary authority to one or more investment managers appointed by the Plan Administrator.

The following is a summary of certain Plan provisions:

**Eligibility**—Each regular U.S. employee of the Company is eligible to participate in the Plan after 30 days of service and the attainment of age eighteen. Participants are eligible to receive employer matching contributions following one year of employment.

Employees at the Rio Mar location in Puerto Rico are not eligible to participate in the Plan as they are eligible to participate in a separate, locally-offered retirement savings plan.

Additionally, each part-time U.S. employee (as defined in the Plan document) of the Company is eligible to participate in the Plan and receive employer matching contributions following one year of eligible service (as defined in the Plan document) and the attainment of age eighteen.

**Contributions**—Participants may contribute to a traditional pre-tax 401(k), a Roth 401(k), or a combination of both types each year up to 50% of their annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. In 2024, the Company made matching contributions in the amount of 100% of the first 6% of compensation (as defined in the Plan document) that a participant contributed to the Plan on a payroll period basis. Participants who have attained age 50 before the end of the taxable year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

**Participant Accounts**—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances (as defined in the Plan document). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investments**—Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trusts, money market funds, and Travel + Leisure Co. common stock as investment options for participants. During 2024, contributions were limited to a maximum of 25% into Travel + Leisure Co. common stock. Effective February 12, 2025, the Plan Administrator amended the Plan to prohibit contributions, investments, reinvestments, or exchanges into Travel + Leisure Co. common stock (see Note 9—*Subsequent Events* for additional details).

**Vesting**—Participants are immediately 100% vested in their contributions, employer contributions, plus actual earnings/losses thereon.

**Notes Receivable from Participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less (provided the vested balance is at least \$2,000). The initial principal amount of the loan may not be less than \$1,000. The loans are secured by the balance in the participant’s account and bear interest at rates

commensurate with local prevailing rates at the time funds are borrowed as determined quarterly by the Plan administrator. Effective November 20, 2024, the Plan was amended permitting a Qualified Individual to take an additional loan should their principal place of residence be located in a Federal Emergency Management Agency Qualified Disaster Area thereby allowing them to have two outstanding loans at a time. Qualified individuals are permitted to borrow from their fund accounts up to a maximum of \$100,000 or 100% of their account balance, whichever is less (provided the vested balance is at least \$2,000). Principal and interest is paid ratably through payroll deductions. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. Participant loan interest rates ranged from 4.25% to 9.50% at December 31, 2024.

**Payment of Benefits**—On termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in their account.

The Plan offers participants that have investments in Travel + Leisure Co. common stock, the option of having dividends on such stock distributed to the participant in cash or deposited into the participant's account. Any dividends received in cash by participants will be subject to income taxes in the year of receipt. In 2024, the Company's Board of Directors declared quarterly dividends of \$0.50 per share in each of the quarterly periods ended March 31, June 30, September 30, and December 31, 2024 (\$2.00 in aggregate). Dividends related to Travel + Leisure Co. common stock that were paid to the Plan were \$1,151,308 of which \$32,341 was distributed to participants in cash.

## 2. SUMMARY OF ACCOUNTING POLICIES

**Basis of Accounting**—The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**Use of Estimates**—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**—The Plan contains investments in mutual funds, money market funds, common collective trusts, and common stock. Investment securities, in general, are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

**Administrative Expenses**—Pursuant to the Plan document, administrative expenses may be paid by either the Company, the Plan, or both.

**Payment of Benefits**—Benefit payments to participants are recorded when paid. Amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid were \$654,509 and \$320,125 at December 31, 2024 and 2023.

**Valuation of Investments and Income Recognition**—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Securities traded on a national securities exchange, such as common stock, are valued at the last reported sales price on the last business day of the Plan year. Mutual funds and the money market fund are valued at the quoted market price as published by the funds, which represents the net asset value of shares held by the Plan at year-end. Common collective trusts are valued at the net asset value of the shares held by the Plan at year-end as a practical expedient, which is based on the fair value of the underlying assets. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. Such 12b-1 fees were ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940 and are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

The Plan invests in the Galliard Stable Return Fund (the “SRF”), which is a common collective trust fund that invests primarily in both security-backed contracts (“SBCs”), also known as synthetic guaranteed investment contracts, and guaranteed investment contracts (“GICs”) issued by insurance companies and other financial institutions. The SRF contains several redemption restrictions including the right to require a 12-month notice for withdrawal of assets from the SRF initiated by the Company. Withdrawals initiated by participants of the Plan will be honored when received.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. The accompanying Statement of Changes in Net Assets Available for Benefits presents net appreciation in fair value of investments, which includes unrealized gains and losses on investments, realized gains and losses on investments sold and management and operating expenses associated with the Plan’s investments in mutual funds and collective trusts during the year ended December 31, 2024.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

### **3. FEDERAL INCOME TAX STATUS**

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated May 3, 2018, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the tax determination letter. The Plan Administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, there was no provision for income taxes as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

### **4. FAIR VALUE**

The guidance for fair value measurement requires additional disclosures about the Plan’s assets and liabilities that are measured at fair value. The following tables present information about the Plan’s financial assets that are measured at fair value on a recurring basis and indicates the fair value hierarchy of the valuation techniques utilized by the Plan to determine such fair values. Financial assets carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value driver is observable.

Level 3: Unobservable inputs used when little or no market data is available.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement falls has been determined based on the lowest level input (closest to Level 3) that is significant to the fair value measurement. The Plan’s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

<sup>(a)</sup> Represents Travel + Leisure Co. common stock, an exempt party-in-interest.

<sup>(b)</sup> Primarily represents an investment in BlackRock FedFund.

<sup>(c)</sup> Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

## 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Bank of America, N.A., who acts as the Plan trustee and recordkeeper and, therefore, transactions related to these investments qualify as party-in-interest transactions. The Plan recorded expenses for Bank of America, N.A. of approximately \$770,000 for the year ended December 31, 2024. The Plan also pays accounting and investment advisory fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. The Plan recorded expenses related to these service providers of approximately \$160,000 for the year ended December 31, 2024.

The Plan held 563,108 and 600,348 shares of common stock of Travel + Leisure Co. as of December 31, 2024 and 2023, with fair values of \$28,408,821 and \$23,467,595.

## 6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

**7. NET ASSET VALUE PER SHARE**

In accordance with the guidance for fair value measurements in certain entities that calculate Net Asset Value (“NAV”) per share (or its equivalents), the Plan discloses the fair value, redemption frequency and redemption notice period for those assets whose fair value is estimated using the NAV per share.

The following table sets forth a summary of the Plan’s investments with a reported NAV at December 31, 2024 <sup>(a)</sup>:

### **9. SUBSEQUENT EVENTS**

Effective February 12, 2025, the Plan Administrator amended the Plan to prohibit contributions, investments, reinvestments, or exchanges to the Company Stock Fund. Any reinvestment of dividends and other contributions previously directed to the Company Stock Fund will be reallocated to the default investment category selected by the Plan Administrator.

Participants retain the ability to transfer existing amounts from the Company Stock Fund to other investment categories. Any assets remaining in the Company Stock Fund on December 12, 2027 will be automatically transferred to the default investment category selected by the Plan Administrator unless a participant elects a different investment category prior to that date.

Effective June 1, 2025, the trustee and recordkeeper was changed to Fidelity Management Trust Company. This change is part of the Company's ongoing efforts to enhance the services and support available to its employees for their retirement planning needs.

The Plan has evaluated subsequent events through June 30, 2025, the date on which the financial statements were issued.
