Independent Auditors' Report

The Plan Administrator
Target PharmaSolutions, Inc. 401(k) Plan
Durham, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Target PharmaSolutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Target PharmaSolutions, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Target PharmaSolutions, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering all employees of Target RWE, LLC, which prior to its LLC conversion on December 17, 2024, operated as Target PharmaSolutions, Inc. (the Company), who have attained the age of 21 and have completed three months of service, except employees who are nonresident aliens or residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) plan committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Subsequent to year-end and effective March 1, 2025, the Plan was amended and renamed to Target RWE, LLC 401k Plan.

Contributions

Participants may contribute up to 90% of eligible compensation, as defined by the Plan. Annual salary deferrals (pre-tax and Roth) are limited to the maximum allowable amount under the Internal Revenue Code (IRC) (\$23,000 in 2024). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions (a maximum of an additional \$7,500 during 2024). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, the plan permits certain rollover contributions from traditional IRAs that are eligible and would otherwise be includible in gross income. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company includes safe harbor matching provisions whereby safe harbor matching contributions are made in an amount equal to equal to 100% of participant elective deferrals up to 3% of the participant's compensation plus 50% of participant elective deferrals between 3% and 5% of the participant's compensation.

Participants' Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant with an account balance in excess of \$5,000 may elect to receive either a lump-sum amount equal to the value of his or her account, or payments of agreed upon installments. A terminated participant with an account balance less than \$5,000, without respect to rollover balances, will receive a lump-sum payment of the balance. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. Distributions that do not represent distributions of the participant's full account balance must be greater than \$500.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$172 and \$168, respectively. Forfeitures may be used to restore participants' accounts, pay plan expenses, and reduce employer contributions. There were no forfeitures used in 2024.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Other Income and Expenses

Substantially all of the administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Certain fees charged to the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. The Plan is a party to a revenue sharing arrangement with the record keeper and established a plan level account (ERISA account) which receives shared revenue from mutual fund providers to pay for investment advisory and administrative services. During 2024, revenue sharing funds received and credited to this ERISA account amounted to \$16,745, and are reported as other income in the accompanying statement of changes in net assets available for benefits. During 2024, Plan investment advisory and administrative fees totaling \$16,745 were paid from this account, and are reported as such in the statement of changes in net assets available for benefits. At December 31, 2024 and 2023, there was no balance in the ERISA account.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2025, the date the financial statements were available to be issued.

(3) Investment Information Certified by the Qualified Institution

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, a qualified institution.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Target PharmaSolutions, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

(4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,807,036	\$ -	\$ -	\$ 7,807,036
Investments measured at NAV as a practical expedient				163,633
Total investments at fair value				\$ 7,970,669

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,696,115	\$ -	\$ -	\$ 5,696,115
Investments measured at NAV as a practical expedient				624,844
Total investments at fair value				\$ 6,320,959

Target PharmaSolutions, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

(4) Fair Value Measurements, Continued

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31:

Investment	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	December 31, 2024	2023			
Common collective trusts:					
Invesco CCT	\$ 163,633	\$ 35,935	None	Daily	No defined period ^(a)
State Street CCTs	-	588,909	None	Daily	None
	<u>\$ 163,633</u>	<u>\$ 624,844</u>			

- (a) While there is no defined redemption period for participants of the Plan invested in this fund, a twelve-month written notice may be required for the plan sponsor to withdraw assets from the fund.

There were no significant transfers among investment levels during the years ended December 31, 2024 and 2023.

(5) Related Party and Party-In-Interest Transactions

Automatic Data Processing (ADP) is the record keeper and Reliance Trust Company is the plan trustee, and therefore, transactions with these entities qualify as party-in-interest transactions. Financial Directions Group, Inc. provides investment advice to the Plan and is a party-in-interest who is paid an investment advisory fee (offset by a revenue sharing arrangement). The revenue sharing income totaled \$16,745 and the investment advisory fee paid by the Plan totaled \$16,745 for 2024. Fees paid to ADP for recordkeeping services totaled \$6,136 for 2024.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their account balances.

Target PharmaSolutions, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

(7) Tax Status

The Plan uses a non-standardized pre-approved prototype plan document sponsored by ADP, LLC. The IRS has determined and informed ADP, LLC by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Subsequent Events

Subsequent to December 31, 2024, the Plan entered into an agreement of merger with SuccessWise Pooled Employer Plan, under which the Plan's assets will be transferred.
