INDEPENDENT AUDITORS' REPORT

To the Trustees, Plan Administrator, and Plan Participants of
West Bancorporation, Inc. Employee Savings and Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of the West Bancorporation, Inc. Employee Savings and Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the West Bancorporation, Inc. Employee Savings and Stock Ownership Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of West Bancorporation, Inc. Employee Savings and Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about West Bancorporation, Inc. Employee Savings and Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of West Bancorporation, Inc. Employee Savings and Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Bancorporation, Inc. Employee Savings and Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters – 2023 Financial Statements

The financial statements of West Bancorporation, Inc. Employee Savings and Stock Ownership Plan as of and for the year ended December 31, 2023, were audited by other auditors whose report dated June 26, 2024, expressed an unmodified opinion on those statements.

West Bancorporation, Inc. Employee Savings and Stock Ownership Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the West Bancorporation, Inc. Employee Savings and Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of West Bancorporation, Inc. and its subsidiary, West Bank (collectively, the Company). Employees of the Company are eligible to participate in the Plan on the first day of the quarter following the completion of three months of service and attaining age 21. Employees are entitled to employer contributions, other than discretionary contributions, on the first day of the quarter in which they become eligible to participate. Employees are eligible to participate in any approved discretionary contributions on the first day of the quarter following employment of one year, having completed 1,000 hours of service in the Plan year and attaining age 21. In addition, participants must be actively employed on the last day of the Plan year to receive an approved discretionary contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions and investment options: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. Each year, participants may contribute up to 100 percent of pre-tax annual compensation as defined by the Plan, subject to qualified limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company provides a matching contribution of 100 percent of employee elective deferral contributions, up to six percent of employee compensation. The matching contribution for the year ended December 31, 2024 was \$968,216. The Company also approved discretionary contributions of two percent of eligible employees' compensation during the year ended December 31, 2024. The discretionary contribution for the year ended December 31, 2024 was \$309,277. The amounts contributed by the participants and the Company are deposited into one or more of 23 investment options at the participant's discretion. Participants who do not enroll on their own and who do not opt out are automatically enrolled in the Plan once they have met the eligibility requirements. The initial contribution rate for those who are auto-enrolled is six percent of eligible compensation.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company matching contribution, the Company discretionary contribution, if applicable, and an allocation of Plan earnings (losses) less participant specific administrative expenses. Plan earnings (losses) are allocated based upon the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus actual earnings (losses) thereon. Discretionary contributions vest based on years of completed service. Vesting begins after two years of service, and continues at a rate of 20 percent each year until the participant is 100 percent vested.

Notes receivable from participants: Participants may borrow from the vested portion of their account a minimum amount of \$1,000 up to a maximum of \$50,000, reduced by their highest outstanding note receivable balance from the Plan during the preceding 12 months. In no event can a participant borrow more than 50 percent of their vested account balance. Terms range from one to five years. The notes receivable outstanding as of December 31, 2024, are due at varying dates through November of 2029, and bear interest at rates between 5.25 to 10.50 percent, which is commensurate with local prevailing rates as determined by the Plan Administrator. The notes receivable are secured by the balance in the participant's account. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits: Participants (or the beneficiary, if the participant is deceased) will be eligible to receive their benefits on the earlier of attaining the age of 59½, retirement, death, disability or termination due to any other reason. If the benefit is less than \$5,000, the participant receives the vested benefit in a lump sum amount. If the benefit is greater than \$5,000, the participant may elect to receive the benefit as a lump sum or in installment payments. Effective January 1, 2025, the Plan was amended to increase from \$5,000 to \$7,000.

West Bancorporation, Inc. Employee Savings and Stock Ownership Plan

Notes to Financial Statements

Forfeited accounts: Forfeitures from nonvested accounts are used to reduce employer contributions or pay administrative expenses. During the year ended December 31, 2024, forfeitures from nonvested account balances reduced employer contributions and paid administrative expenses of approximately \$6,600. There were no forfeited nonvested balances available as of December 31, 2024 and 2023.

Subsequent events: In preparing the Plan's financial statements, Plan management has evaluated all subsequent events and transactions for potential recognition or disclosure through the date of filing these financial statements with the SEC. Except as discussed in Note 1, there were no subsequent events that required recognition or disclosure in the financial statements.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of investments and income recognition: Investments are reported at fair value. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses was recorded at December 31, 2024 or 2023. Delinquent loans are treated as distributions based upon the terms of the plan document. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Part IV, Line 4i-Schedule of assets (held at end of year).

Administrative fees: Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. Loan administration and other participant requested services fees are charged directly to the participant's account and are included in administrative fees. Quarterly asset management and periodic compliance testing fees are paid directly by the Company, and are excluded from these financial statements.

Payments of benefits: Benefits are recorded when paid.

Accounting estimates and assumptions: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statement of Net Assets Available for Benefits as of December 31, 2024.

Concentration of market risk: Approximately 14.0 percent and 15.1 percent of the Plan's assets were invested in West Bancorporation, Inc.'s common stock as of December 31, 2024 and 2023, respectively. The underlying value of West Bancorporation, Inc.'s common stock is entirely dependent on the performance of West Bancorporation, Inc. and the market's evaluation of such performance. It is reasonably possible that future changes in the fair value of West Bancorporation, Inc.'s common stock could materially affect participants' account balances and the amounts reported on the Statement of Net Assets Available for Benefits.

Note 3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts business. The Plan's statements of net assets available for benefits contains Plan investments that are recorded at fair value on a recurring basis. The three-level valuation hierarchy for disclosure of fair value is as follows:

Level 1 uses quoted market prices in active markets for identical assets or liabilities.

West Bancorporation, Inc. Employee Savings and Stock Ownership Plan

Notes to Financial Statements

Level 2 uses observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 uses unobservable inputs that are not corroborated by market data.

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies as of December 31, 2024, compared to December 31, 2023. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2024.

Mutual funds: Mutual funds are reported at the daily closing price as reported by each fund and are classified within Level 1 of the valuation hierarchy.

West Bancorporation, Inc. common stock: The common stock fund contains the Plan's investment in West Bancorporation, Inc. common stock, which is recorded at a readily determinable fair value, based on the closing price per the Nasdaq Global Select Market, and is classified within Level 1 of the valuation hierarchy.

Pooled separate accounts: Pooled separate accounts (other than the Principal U.S. Property Separate Account) invest primarily in domestic stocks, single mutual funds or fixed securities including asset backed and mortgage backed securities, and corporate and government bonds. The Principal U.S. Property Separate Account invests primarily in commercial real estate and includes mortgage loans that are backed by the associated properties. The net asset value is used as a practical expedient to determine fair value for all pooled separate accounts. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Collective investment trust: The Principal Stable Value Fund (the Fund) offers a diversified group of investments with competitive levels of yield consistent with a stable fixed-income methodology and a prudent assumption of investment risk. The Fund provides stability of returns, liquidity to pay plan benefits, and a high credit quality by investing in conventional, synthetic and separate account investment contracts (collective contracts) issued by life insurance companies, banks and other financial institutions. The Fund is valued using the net asset value as a practical expedient, which is based on the value of underlying investments. Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

- (a) Investments in select funds in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.
- (b) This category consists of a stable value fund which seeks current income by investing primarily in insurance contracts issued by life insurance companies, banks and other financial institutions that offer stability of principal. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 5. Income Tax Status

Effective January 1, 2021, the Plan adopted a non-standardized form of a prototype plan sponsored by Qualified Plan Consultants, LLC. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan applies the standards on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party Transactions and Party in Interest Transactions

The Plan held 326,523 and 324,569 shares of West Bancorporation, Inc.'s common stock as of December 31, 2024 and 2023, respectively, with a fair value of \$7,069,214 and \$6,880,871, respectively.

During the year ended December 31, 2024, the Plan had purchases of \$1,156,125 and sales of \$1,210,977 of West Bancorporation, Inc.'s common stock. Dividend income from West Bancorporation, Inc.'s common stock totaled \$334,928.

Certain Plan investments are collective trusts and pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the plan made a direct payment to the third-party administrator of \$4,724 which was not covered by revenue sharing.
