REPORT ON AUDIT

DECEMBER 31, 2024

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
ACR Restaurants Inc Profit Sharing Plan
St. Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **ACR Restaurants Inc Profit Sharing Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of **December 31, 2024** and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **ACR Restaurants Inc Profit Sharing Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of **December 31, 2024** and 2023, and for the year ended **December 31, 2024**, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **ACR Restaurants Inc Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **ACR Restaurants Inc Profit Sharing Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **ACR Restaurants Inc Profit Sharing Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **ACR Restaurants Inc Profit Sharing Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

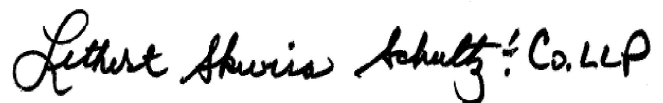

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACR RESTAURANTS INC PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 DESCRIPTION OF PLAN

The following brief description of **ACR Restaurants Inc Profit Sharing Plan** (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

1. General

The Plan is a multiemployer defined contribution plan covering all eligible employees of ACR Restaurants, Inc.; KNV Restaurants, Inc.; and ABL Express Lube, Inc. (collectively the Employer) who have completed one year of service and have attained age twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Employer is the sponsor and administrator and has named employees of the Employer, Christopher Vogl and Brian Thelen, as individual Trustees. The Employer has appointed NFP as the third-party administrator, Empower Annuity Insurance Company of America, Empower Trust Company, LLC, and Schwab Advisor Services as asset custodians, and Empower Retirement LLC as recordkeeper of the Plan. The Plan's Trustees determine the appropriateness of the Plan's offerings and investment performance.

2. Contributions

The Employer contributes a safe-harbor amount equal to the sum of sum of 100% of the amount of the Participant's Elective Deferral that do not exceed 3% of the Participant's Compensation plus 50% of the amount of the Participant's Elective Deferrals that exceed 3% of the Participant's Compensation but do not exceed 5% of the Participant's Compensation. Participants contribute through the 401(k) option of the Plan. Participants direct their contributions and the safe-harbor contributions into various investment options offered by the Plan.

3. Participant Accounts

Each participant's account is credited with allocations of Employer's contributions, participant contributions, and Plan earnings, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Vesting is based on years of continuous service. A year of service is defined as a Plan year in which the employee works at least 1,000 hours. A participant is 100 percent vested after six years of credited service. Participant and safe-harbor contributions are immediately vested.

5. Payment of Benefits

Generally, payment of benefits under the Plan will commence after the participant reaches normal retirement age (age 65). The Plan allows for distribution of benefits before normal retirement for death, disability, or termination of employment. At **December 31, 2024** and 2023, there were no amounts allocated to participants that had elected to withdraw from participating in the Plan.

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**6. Forfeited Accounts**

As of **December 31, 2024** and 2023, forfeited nonvested accounts totaled **\$15,961** and \$9,719, respectively. Forfeitures shall be used to pay Plan expenses or reduce the Employer's contributions to the Plan for the Plan year in which the forfeiture arises or in a subsequent Plan year. During the years ended **December 31, 2024** and 2023, forfeitures used to pay Plan expenses and reduce Employer contributions were **\$4,226** and \$18,291, respectively.

7. Notes Receivable from Participants

Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 1 percentage point over the prime interest rate. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years. A participant may have no more than 1 outstanding loan at any one time.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
AND USE OF ACCOUNTING ESTIMATES****Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the Net Assets Available for Benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
AND USE OF ACCOUNTING ESTIMATES (CONTINUED)**

Contributions

Contributions from plan participants and the matching contributions from the Employer are recorded in the year in which the compensation is earned.

Expenses

Certain expenses of the Plan are paid by the Employer and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Plan expenses are net-off of revenue sharing expenses by the custodian

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted market prices that are observable for the asset or liability; or,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ACR RESTAURANTS INC PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan uses appropriate valuation methodologies based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used when necessary and available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at **December 31, 2024** and 2023.

Level 1 Fair Value Measurements

The fair value of exchange traded funds included in self-directed brokerage accounts and mutual funds in all accounts are based on quoted net assets values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The limited partnership included in self-directed brokerage accounts is valued at fair market value based on the valuations provided by the general partners or managers of the underlying fund as of the date investments are valued. If a valuation provided by general partners or managers of the underlying fund investment is not available as of the date investments are valued, the Plan will value the limited partnership using the latest valuation provided by the general partners or managers of the underlying fund investments adjusted for transaction and market activity, if applicable. The valuations provided by the general partners or managers typically reflect the fair value of the limited partnership capital account balance, including unrealized gains and losses, as reported in the financial statements of the respective fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

NOTE 4 INSURANCE CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive insurance contract with Empower Annuity Insurance Company of America as of **December 31, 2024** and 2023. Empower Annuity Insurance Company of America maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contracts are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Empower Annuity Insurance Company of America insurance contract has certain restrictions that impact the ability of the Plan to collect the full contract value. Such events include contract termination. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Either party to the insurance contract may terminate the contract with at least 60 days advance written notice to the other party. The contract may also be terminated due to a termination of the Plan.

ACR RESTAURANTS INC PROFIT SHARING PLAN

Notes to Financial Statements

NOTE 4 INSURANCE CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Empower Annuity Insurance Company of America is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rating, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

NOTE 5 INFORMATION CERTIFIED BY THE EMPOWER ANNUITY INSURANCE COMPANY OF AMERICA AND EMPOWER TRUST COMPANY, LLC

The Plan sponsor has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for **2024** and 2023. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by the asset custodians; Empower Annuity Insurance Company of America and Empower Trust Company LLC, as of and for the year ended **December 31, 2024** and 2023.

The asset custodians have certified the completeness and accuracy of the Plan's statements of accounts, including beginning and ending balances of investments held, contributions received, and detail of all transactions occurring during the period, including investment income.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to us complete and accurate by the asset custodian.

	<u>2024</u>	<u>2023</u>

ACR RESTAURANTS INC PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024 and 2023**NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investment options are investments offered by the Custodians of the Plan. Additionally, fees incurred by the Plan for investment manager services are included in investment income for the audit periods as they are paid through revenue sharing, rather than a direct payment. At **December 31, 2024** and 2023, amounts paid through revenue sharing total **\$13,907** and \$14,275, respectively. As described in Note 2, the Plan made direct payments to the third party administrator and other service providers of **\$37,413** and \$34,310 for the years ended **December 31, 2024** and 2023, respectively, which was not covered by revenue sharing. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 TAX STATUS

The Plan is a prototype plan offered by NFP. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires the Company to evaluate tax positions taken by the Plan. The effects of an uncertain tax position are recognized in the financial statements when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Employer has analyzed the tax positions taken by the Plan and has concluded that as of **December 31, 2024** and 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market conditions, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan had investments of **\$1,803,779** and \$1,422,596 that were concentrated in two funds at **December 31, 2024** and 2023, respectively.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through **July 18, 2025**, the date the financial statements were available to be issued.
