## Independent Auditor's Report

To the Plan Trustee  
Aegeus 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Aegeus 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Aegeus 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Independent Auditor's Report - Continued**

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aegeus 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aegeus 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## Independent Auditor's Report - Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aegeus 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aegeus 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Independent Auditor's Report - Continued

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Aegeus 401(k) Plan**

### **Notes to the Financial Statements**

---

#### **A. Description of the Plan**

The following brief description of the Aegeus 401(k) Plan (plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

##### **General**

All full-time employees of the company except union employees, independent contractors, leased employees, nonresident aliens with no earned income from the employer which constitutes income from sources within the United States and part-time/seasonal employees whose regularly scheduled service is less than 1,000 hours of service in the relevant eligibility computation period. Additionally, employees must be age 18 or older and have completed 90 days of service. Employees may participate as of the first day of the following month. Aegeus Management Services, Inc. is the plan sponsor. Additionally, the plan covers employees of the following affiliated companies: Aegeus Inspection Solutions, Inc.; Aegeus Inspection Solutions Services, Inc.; Kiefner & Associates, Inc.; X-Ray Industries, Inc.; Applus Velosi America, LLC; Talon Test Laboratories, Inc.; and Talon Test Laboratories Phoenix.

##### **Contributions**

The IRS imposes limits on the amount participants can contribute as salary deferrals during a calendar year. Participants may contribute up to 75% of compensation as a pre-tax and/or designated Roth contribution. In addition, participants 50 and older as of the end of the plan year are permitted to make elective catch-up contributions. Participants may also contribute rollovers representing distributions from former employer's qualified plans.

The employer shall make a safe harbor enhanced matching contribution on behalf of each employee participating in the plan in an amount equal to 100% of the elective deferrals of such participant, to the extent such elective deferrals do not exceed 4% of the participant's compensation.

##### **Participant's accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are vested immediately in their contributions, employer non-elective contributions, employer matching contributions and rollover contributions.

## **Aegeus 401(k) Plan**

### **Notes to the Financial Statements**

---

#### **A. Description of the Plan - Continued**

##### **Payment of benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In the event of an immediate and heavy financial need, as defined by the plan, participants may request a hardship distribution.

Elective deferrals, earnings on elective deferrals, employer matching contributions, and earnings will be available for hardship withdrawal. Before taking a hardship withdrawal a participant shall not be required to obtain all nontaxable loans currently available under the plan. A participant taking a hardship withdrawal shall not be prohibited from making elective deferrals to the plan.

##### **Notes receivable from participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.00%. Principal and interest is paid ratably through payroll deductions.

##### **Forfeited accounts**

Forfeited matching contributions are utilized to pay plan expenses or reduce the company's matching contribution. At December 31, 2024 and 2023, the forfeiture balance was \$15 and \$11,093, respectively. Forfeitures of \$9,941 were used during 2024.

#### **B. Summary of Significant Accounting and Reporting Policies**

##### **Basis of accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note C for a discussion of fair value measurements.

## **Aegeus 401(k) Plan**

### **Notes to the Financial Statements**

---

#### **B. Summary of Significant Accounting and Reporting Policies - Continued**

##### **Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Investment valuation and income recognition**

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

##### **Payment of benefits**

Benefits are recorded when paid.

##### **Operating expenses**

Certain administrative expenses of maintaining the plan are paid by the company. Contract administrative fees are paid by the plan.

##### **Subsequent events**

The plan has evaluated subsequent events through July 02, 2025, the date the financial statements were available to be issued.

##### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

#### **C. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

## Aegeus 401(k) Plan Notes to the Financial Statements

---

### C. Fair Value Measurements - Continued

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

*Collective Investment Trust:* The funds are collective investment funds which do not have a readily determinable fair value and are valued based on a NAV practical expedient and included as a reconciling item to the fair value table. There are no participant redemption restrictions for these investments.

## **Aegeus 401(k) Plan**

### **Notes to the Financial Statements**

---

#### **D. Related Party and Party In Interest Transactions**

During 2024 and 2023, the plan investments were mutual funds and a fixed-income account. John Hancock Trust Company is the custodian. John Hancock Trust Company is a custodian as defined by the plan and, therefore, a party in interest with respect to the plan. These transactions are covered by an exemption from the “prohibited” transaction provisions of ERISA and the IRC.

#### **E. Plan Termination**

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

#### **F. Tax Status**

On June 30, 2020, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and the plan’s tax counsel believe that the plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **G. Risks and Uncertainties**

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

## **Aegeus 401(k) Plan**

### **Notes to the Financial Statements**

#### **H. Custodial Certification**

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by John Hancock Trust Company LLC and was not subjected to any auditing procedures performed by the independent public accountants:

- a) Total investments as shown in the accompanying statements of net assets available for benefits of \$26,135,167 as of December 31, 2024, and \$40,271,430 as of December 31, 2023.
- b) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of \$4,323,213 for the year ended December 31, 2024.
- c) All investment-related information in the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2024.

#### **I. Plan Transfers**

During 2024, transfers from the plan included \$14,109,045 to Applus Employee 401(k) Retirement Plan. Additionally, transfers to the plan included \$477,187 from Applus Employee 401(k) Retirement Plan.

#### **J. Plan Name Change**

Effective January 1, 2024, the plan changed its name from Applus 401(k) Plan to Aegeus 401(k) Plan. Additionally, the employer changed its name from Applus Management Services, Inc. to Aegeus Management Services, Inc.
