INDEPENDENT AUDITOR'S REPORT

Plan Participants, Audit Committee, and
Retirement Planning and Advisory Committee
of the Kimball Electronics, Inc. Retirement Plan
Jasper, Indiana

Opinion

We have audited the financial statements of Kimball Electronics, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets held (at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Opinion

We have audited the financial statements of Kimball Electronics, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets held (at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KIMBALL ELECTRONICS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the Kimball Electronics, Inc. Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan was established effective October 31, 2014.

General - The Plan is a defined contribution retirement plan covering eligible U.S. employees of Kimball Electronics, Inc. and its participating affiliates (the “Company”). Employees are generally eligible to participate immediately upon employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The governing body for administration of the Plan is the Kimball Electronics, Inc. Retirement Plan Advisory Committee. The trustee for the Plan is The Vanguard Fiduciary Trust Company (“Vanguard” or the “Trustee”).

Change in Plan Year - In June 2023, the Plan was amended to change the Plan’s fiscal year (the “Plan Year”) from the Company’s fiscal year to the calendar year, effective January 1, 2024. The Plan Year will be the annual period beginning on January 1 and ending on December 31. The period from July 1, 2023 to December 31, 2023 was referred to as the Short Plan Year.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant’s account is credited with his or her contributions, investment income, and Company matching and discretionary contributions, if any, and charged with withdrawals, administrative expenses, and investment losses.

Contributions - Participants may elect to contribute up to 50% of their compensation subject to certain limitations. Those participants, who meet the eligibility requirements, may contribute additional amounts (age 50 catch-up) subject to Internal Revenue Code (“IRC”) limitations. Employees are automatically enrolled in the Plan with a 5% payroll deduction and a one percentage point increase in their payroll deduction annually up to a maximum of 20%, unless the employee submits notice to Vanguard to decline participation, change the contribution percentage, or change the annual increase. The first annual increase takes effect in July following the year of hire.

The Plan provides for the Company to contribute, at its discretion, an amount not to exceed the maximum amount allowable as a deduction to the Company for federal income tax as provided in IRC Section 404(a). Separate discretionary contributions by employee group may be authorized by the Company’s Talent, Culture, and Compensation Committee of the Board of Directors. A Company contribution of 3% of eligible wages was authorized for certain employee groups for fiscal year 2024 and was received by the Plan in September 2024.

Participants may also contribute amounts representing distributions (“rollover contributions”) from other qualified defined benefit or defined contribution plans.

The Plan provides for the Company to contribute a qualified matching contribution equal to 50% of each participant’s elected deferral up to 6%. The matching contributions are funded by the Company and remitted to the Plan each pay period and are 100% vested immediately. This amount is not to exceed the maximum amount allowable as a deduction to the Company for federal income tax as provided in IRC Section 404(a). Rollover contributions are not matched.

Investments - Participants may direct the investment of their contributions, and the Company's discretionary contributions, into various investment options offered by the Plan. Currently, the Plan offers 23 mutual funds, one common collective trust fund, one money market fund, and a Company stock fund ("Kimball Electronics Stock Fund") as investment options for participants.

Kimball Electronics Stock Fund - The Kimball Electronics Stock Fund is a unitized stock fund. The purpose of a unitized stock fund is to permit participants to initiate interfund transfers on any given day without the market risk of settlement delays. The assets of the fund consist primarily of Company common stock and cash necessary to meet daily liquidity requirements.

Each participant is entitled to exercise voting rights attributable to the shares of the Company's stock allocated to his or her account. The Trustee notifies the participant prior to the time that such rights are to be exercised. For shares for which instructions have not been given by a participant, the Trustee will vote these shares by allocating the nondirected votes in proportion to the voting of shares for which participant direction was received.

Vesting - Participants are immediately vested in their contributions and the Company's contributions, plus actual earnings or losses thereon. Therefore, the balance of forfeited accounts totaled \$0 as of December 31, 2024 and 2023, respectively.

Payment of Benefits - Upon termination of employment, a participant may elect to receive distribution(s) equal to the value of the participant's vested interest in their account. Upon the death of a participant, their beneficiary receives the value of the vested interest in their account as a lump sum distribution. In-service withdrawals from a participant's account are limited to financial requirements meeting the hardship provisions of the Plan, attainment of age 59 1/2, or through borrowings under the loan provisions of the Plan. Additionally, a participant who has 5 years of service and has attained age 55 may request an in-service distribution of their Company contribution balance.

Participants are eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants - Participants may borrow from their accounts at a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance (subject to the provisions of the Plan). Each participant must be an active employee and may have only one loan outstanding from the Plan at any time. Loans are to be repaid over a term not to exceed five years, or ten years for the purchase of a primary residence.

The loans are secured by the balance in the participant's account and bear a fixed interest rate, which is generally prime plus 2% as determined on the first business day of the quarter during which the loan is made. Interest rates range from 5.25% to 10.5% as of December 31, 2024. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial reports and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various securities including mutual funds, a common collective trust fund, and Company stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, overall market volatility, and overall market risks including global events such as pandemics. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the

values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. See [Note 4 - Fair Value Measurements](#) for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Vanguard Retirement Savings Trust III (the "Trust"), a common collective trust fund, is a stable value fund that invests in the Vanguard Retirement Savings Master Trust, which invests in investment contracts issued by banks and insurance companies and in corporate bonds, mortgage-backed securities, and other fixed income securities. The statement of net assets available for benefits presents the Trust at Net Asset Value ("NAV"). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV. The NAV for the collective trust fund is \$1 per share.

The Trust imposes restrictions on the Plan, and the Trust itself may be subject to certain circumstances that impact its ability to transact at NAV. Specifically, any event outside the normal operation of the Trust that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to the withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Trust or Plan, tax disqualification of the Trust or Plan, and certain Trust amendments if issuers' consent is not obtained. In general, issuers may terminate a contract and settle at other than NAV under very limited circumstances, such as if there is a change in the qualification status of the participant, employer, or Plan, a breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. As of December 31, 2024, Plan management believes the occurrence of an event outside the normal operation of the Trust that would cause the Trust to transact at less than NAV is not considered to be probable. There are no reserves against NAV for credit risk of contract issuers or for any other reason.

Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Administrative Expenses - The majority of the expenses to administer the Plan are paid by the Company. In fiscal years when a Company contribution is awarded, the Company may elect to be reimbursed by netting expenses paid against the discretionary Company contribution. The Company did not elect to net expenses against the 3% authorized contribution for fiscal year 2024. Certain loan, hardship withdrawal determination, and a portion of the fund administration fees are paid from the individual participant accounts.

Payment of Benefits - Benefit payments are recorded when paid. There were no participants who elected to withdraw from the Plan but had not yet been paid as of December 31, 2024.

3. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the net assets would be distributed among the participants and beneficiaries of the Plan in accordance with the provisions of the Plan.

4. FAIR VALUE MEASUREMENTS

The FASB provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Financial Instruments Recognized at Fair Value

The following methods and assumptions were used to measure fair value:

<u>Financial Instrument</u>	<u>Valuation Technique/Inputs Used</u>
Cash equivalents	Market - consists of a money market mutual fund valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan.
Mutual funds	Market - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Common collective trust fund	Market - valued at the NAV provided by the administrator of the fund. The fair value is determined based on the value of the underlying investments of the common trust as traded in active markets or valued using significant inputs.
Kimball Electronics Fund	Market - the unitized employer stock fund is comprised of common stock of Kimball Electronics, Inc. and short-term cash investments. The unit value of the fund is derived primarily from the fair value of the common stock based on quoted market prices in an active market and the short-term cash investments.

There are no unfunded commitments or restrictions which limit investors from redeeming any funds; however, certain funds do charge a fee upon redemption if the fund is held for less than a specified period of time. Redemption fees are not expected to materially affect the fair value of these funds, and therefore these funds are valued at the quoted net asset value per share.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2024 and 2023.

	As of December 31, 2024	
	Level 1	Total
Investments at fair value:		
Cash equivalents	\$ 1,039	\$ 1,039
Mutual funds	139,361,178	139,361,178
Kimball Electronics stock fund	2,543,341	2,543,341
Total investments in the fair value hierarchy	<u>\$141,905,558</u>	<u>\$141,905,558</u>
Investments at net asset value:		
Common collective trust fund*		<u>10,380,784</u>
Total investments at fair value		<u><u>\$152,286,342</u></u>

	As of December 31, 2023	
	Level 1	Total
Investments at fair value:		
Cash equivalents	\$ 1,258	\$ 1,258
Mutual funds	121,721,910	121,721,910
Kimball Electronics stock fund	5,577,134	5,577,134
Total investments in the fair value hierarchy	<u>\$127,300,302</u>	<u>\$127,300,302</u>
Investments at net asset value:		
Common collective trust fund*		<u>12,472,387</u>
Total investments at fair value		<u><u>\$139,772,689</u></u>

The Plan had no level 2 or 3 assets during the year ended December 31, 2024 or the six-month period ended December 31, 2023.

*In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual and common collective trust funds which are managed by The Vanguard Fiduciary Trust Company. The Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Administrative expenses paid to Vanguard totaled \$127,422 for the year ended December 31, 2024.

As of December 31, 2024 and 2023, the Plan held approximately 135,790 and 206,944 shares of common stock, respectively, of Kimball Electronics, Inc., the sponsoring employer, with a cost basis of \$1,851,027 and \$2,420,725, respectively. No dividend income was recorded for the year ended December 31, 2024 and the six-month period ended December 31, 2023.

Notes receivable from participants are also considered party-in-interest transactions.

6. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by The Vanguard Fiduciary Trust Company. The Vanguard Fiduciary Trust Company received an opinion letter from the Internal Revenue Service, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the Internal Revenue Service (IRS). The Plan has been amended from the original prototype document. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
