Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HASKELL & WHITE LLP**

(2) EIN: **33-0310569**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrators
DynTek, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of DynTek, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of the DynTek, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, as amended, is a defined contribution and profit-sharing plan covering all employees of the Company, except for residents of Puerto Rico, with a minimum age of 21 and a minimum service requirement of 1,000 hours for part-time employees. The Plan went into effect January 1, 1990, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

DynTek, Inc. (the “Company”) is the sponsor of the Plan. The Company’s Vice President of Finance and Director of Human Resources are the Plan Administrators.

Effective January 1, 2012, the Plan appointed Fidelity Management Trust Company (“Fidelity”) as trustee and asset custodian (the “Trustee”). The Trustee holds, administers and distributes the funds of the Plan in accordance with the provisions of the Plan and instructions of Plan management or its designees. The Plan has also engaged Fidelity Workplace Services LLC to provide recordkeeping and administrative services to the Plan.

Participant Contributions

Each year, participants may elect to contribute up to 100% of their compensation to the Plan, not to exceed limits established by the Internal Revenue Code (the “Code”) (\$22,500 in 2023). Participants may also contribute amounts representing distributions from other qualified plans (e.g., rollover contributions). Participants who have attained age 50 prior to the end of a plan year are eligible to make pre-tax catch-up contributions to the Plan (\$7,500 in 2023).

Employer Contributions

The Company may make quarterly discretionary matching contributions to the Plan. Discretionary matching contributions, based on a percentage of the employee’s salary deferrals, are determined quarterly by the Company’s management.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

1. Description of Plan (continued)

Employer Contributions (continued)

A participant must be employed on the last day of the quarterly contribution period to receive employer discretionary matching contributions. Special discretionary profit-sharing contributions may also be made as determined quarterly by the Company's management. Company management approved a discretionary match of 50% of the first 4% of compensation deferred by eligible Plan participants for each quarter in the year ended December 31, 2023, up to an annual maximum of \$5,000 per participant. During 2023, there were no profit-sharing contributions made to the Plan. Contributions are subject to certain limitations established by the Code.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, the Company's contributions, and investment earnings and losses, net of certain investment management fees. Participants may direct the investment of their account in any combination of investment funds offered by the Plan. The Company's matching contribution is allocated among the funds within each participant account in the same manner as the employee's contributions. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the vested benefit provided from their account.

Investment Options

Investments in the Plan consist primarily of interests in registered investment companies (Note 4). Upon enrollment in the Plan, participants may direct employer and participant contributions in increments of 1% in any of the investment options offered under the Plan. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The employer matching contributions and discretionary profit-sharing vest at a rate of 50% per year beginning in the first year of participation. A participant is 100% vested after two years of credited service.

401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or fifty percent of their account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or other termination of employment, a participant may elect to receive a lump-sum payment, make partial withdrawals, or rollover the balance in their account to an eligible retirement plan, equal to the participant's vested interest in his or her account. Distributions may be made as soon as administratively feasible following termination of employment. If, upon termination, the participant has not elected to receive or rollover his or her balance and, if the vested account balance does not exceed \$5,000, the Trustee will follow the Plan's provisions for mandatory distribution.

Hardship Withdrawals

Participants may receive hardship withdrawals against the employee deferral portion of their account (excluding any earnings allocated thereto) for specified financial needs, such as unreimbursed medical expenses, the purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, or to pay for post-secondary education expenses.

Forfeited Accounts

Forfeited non-vested amounts are available for use in the plan year following the forfeiture and may be used to reduce employer contributions or pay plan expenses. The Plan used \$15,930 of forfeitures to reduce employer contributions in 2023. At December 31, 2023 and 2022, forfeited non-vested amounts totaled \$29,551 and \$15,189, respectively.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

1. Description of Plan (continued)

Income Tax Status

Effective November 12, 2021, the Plan adopted the Pre-Approved Defined Contribution Plan (Profit Sharing/401(k) Plan) through Fidelity, which received a favorable opinion letter from the Internal Revenue Service (the “IRS”) dated June 30, 2020. Although the Plan has been amended since the issuance of the determination letter, the Plan Administrators believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore exempt from income taxes. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value (Note 4) in the accompanying Statements of Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation/depreciation in the fair value of its investments, which consists of net realized and unrealized gains and losses.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal amount plus any accrued but unpaid interest. Interest income is recognized on the accrual basis and no allowances for expected credit losses were required as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions (“Deemed Distributions”) pursuant to the provisions of the Plan document. During the year ended December 31, 2023, there were no Deemed Distributions.

Concentration of Credit Risk

The Plan’s investments include primarily registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

The Plan provides for various investment options in any combination of fixed income securities, mutual funds and other investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Contributions

Participant contributions are recorded by the Plan in the year withheld from participant earnings. Contributions to the Plan by the Company are recorded in the year which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid from Plan assets; however, the Company pays for expenses such as administration and periodic financial reporting fees (Note 5). The Plan’s fee structure is advisory fee-based to increase visibility of investment management fees and transaction costs to Plan participants.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses (continued)

Such expenses are recorded as Administrative Expenses in the Statement of Changes in Net Assets Available for Benefits.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrators have analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

3. Summary of Investment Data Certified by the Plan Trustee

The Plan's investments were held by Fidelity at December 31, 2023 and 2022 and the following investment information was certified to be complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Investments at fair value and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.

4. Fair Value

GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

4. Fair Value (continued)

GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund: The money market account is a public investment vehicle valued using \$1 for the net asset value ("NAV").

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: The Plan's indirect investment in the common/collective trust is valued at the net unit value ("NUV") of units held by the Plan at year-end based on information reported in the common/collective trust's audited financial statements at year-end.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

4. Fair Value (continued)

The NUV is determined by the total contract value of fund assets divided by the total number of outstanding units of the fund. The Plan uses a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment. Because the Plan has an indirect investment in the contracts held by the common/collective trust, they are not considered fully benefit responsive.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used during the year ended December 31, 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Certain investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy.

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

5. Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The following transactions qualify as party-in-interest transactions for which a statutory exemption exists:

- Certain Plan investments are managed by the Asset Custodian.
- The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts.
- The Company paid certain administrative expenses of the Plan, totaling \$15,000 during 2023.

Notes to Financial Statements (continued)
December 31, 2023 and 2022

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their portion of Company contributions.

7. Subsequent Events

In providing the disclosure contained in this note, the Plan Administrator evaluated events occurring between the end of the plan year and September 11, 2024, the date the accompanying financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrators
DynTek, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of DynTek, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of the DynTek, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, as amended, is a defined contribution and profit-sharing plan covering all employees of the Company, except for residents of Puerto Rico, with a minimum age of 21 and a minimum service requirement of 1,000 hours for part-time employees. The Plan went into effect January 1, 1990, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

DynTek, Inc. (the “Company”) is the sponsor of the Plan. The Company’s Vice President of Finance and Director of Human Resources are the Plan Administrators.

Effective January 1, 2012, the Plan appointed Fidelity Management Trust Company (“Fidelity”) as trustee and asset custodian (the “Trustee”). The Trustee holds, administers and distributes the funds of the Plan in accordance with the provisions of the Plan and instructions of Plan management or its designees. The Plan has also engaged Fidelity Workplace Services LLC to provide recordkeeping and administrative services to the Plan.

Participant Contributions

Each year, participants may elect to contribute up to 100% of their compensation to the Plan, not to exceed limits established by the Internal Revenue Code (the “Code”) (\$22,500 in 2023). Participants may also contribute amounts representing distributions from other qualified plans (e.g., rollover contributions). Participants who have attained age 50 prior to the end of a plan year are eligible to make pre-tax catch-up contributions to the Plan (\$7,500 in 2023).

Employer Contributions

The Company may make quarterly discretionary matching contributions to the Plan. Discretionary matching contributions, based on a percentage of the employee’s salary deferrals, are determined quarterly by the Company’s management.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

1. Description of Plan (continued)

Employer Contributions (continued)

A participant must be employed on the last day of the quarterly contribution period to receive employer discretionary matching contributions. Special discretionary profit-sharing contributions may also be made as determined quarterly by the Company's management. Company management approved a discretionary match of 50% of the first 4% of compensation deferred by eligible Plan participants for each quarter in the year ended December 31, 2023, up to an annual maximum of \$5,000 per participant. During 2023, there were no profit-sharing contributions made to the Plan. Contributions are subject to certain limitations established by the Code.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's contributions, the Company's contributions, and investment earnings and losses, net of certain investment management fees. Participants may direct the investment of their account in any combination of investment funds offered by the Plan. The Company's matching contribution is allocated among the funds within each participant account in the same manner as the employee's contributions. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the vested benefit provided from their account.

Investment Options

Investments in the Plan consist primarily of interests in registered investment companies (Note 4). Upon enrollment in the Plan, participants may direct employer and participant contributions in increments of 1% in any of the investment options offered under the Plan. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The employer matching contributions and discretionary profit-sharing vest at a rate of 50% per year beginning in the first year of participation. A participant is 100% vested after two years of credited service.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or fifty percent of their account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or other termination of employment, a participant may elect to receive a lump-sum payment, make partial withdrawals, or rollover the balance in their account to an eligible retirement plan, equal to the participant's vested interest in his or her account. Distributions may be made as soon as administratively feasible following termination of employment. If, upon termination, the participant has not elected to receive or rollover his or her balance and, if the vested account balance does not exceed \$5,000, the Trustee will follow the Plan's provisions for mandatory distribution.

Hardship Withdrawals

Participants may receive hardship withdrawals against the employee deferral portion of their account (excluding any earnings allocated thereto) for specified financial needs, such as unreimbursed medical expenses, the purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, or to pay for post-secondary education expenses.

Forfeited Accounts

Forfeited non-vested amounts are available for use in the plan year following the forfeiture and may be used to reduce employer contributions or pay plan expenses. The Plan used \$15,930 of forfeitures to reduce employer contributions in 2023. At December 31, 2023 and 2022, forfeited non-vested amounts totaled \$29,551 and \$15,189, respectively.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

1. Description of Plan (continued)

Income Tax Status

Effective November 12, 2021, the Plan adopted the Pre-Approved Defined Contribution Plan (Profit Sharing/401(k) Plan) through Fidelity, which received a favorable opinion letter from the Internal Revenue Service (the “IRS”) dated June 30, 2020. Although the Plan has been amended since the issuance of the determination letter, the Plan Administrators believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore exempt from income taxes. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value (Note 4) in the accompanying Statements of Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation/depreciation in the fair value of its investments, which consists of net realized and unrealized gains and losses.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal amount plus any accrued but unpaid interest. Interest income is recognized on the accrual basis and no allowances for expected credit losses were required as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions (“Deemed Distributions”) pursuant to the provisions of the Plan document. During the year ended December 31, 2023, there were no Deemed Distributions.

Concentration of Credit Risk

The Plan’s investments include primarily registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

The Plan provides for various investment options in any combination of fixed income securities, mutual funds and other investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Contributions

Participant contributions are recorded by the Plan in the year withheld from participant earnings. Contributions to the Plan by the Company are recorded in the year which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid from Plan assets; however, the Company pays for expenses such as administration and periodic financial reporting fees (Note 5). The Plan’s fee structure is advisory fee-based to increase visibility of investment management fees and transaction costs to Plan participants.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses (continued)

Such expenses are recorded as Administrative Expenses in the Statement of Changes in Net Assets Available for Benefits.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrators have analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

3. Summary of Investment Data Certified by the Plan Trustee

The Plan's investments were held by Fidelity at December 31, 2023 and 2022 and the following investment information was certified to be complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Interest and dividend income from investments and net appreciation in the fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Investments at fair value and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.

4. Fair Value

GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

4. Fair Value (continued)

GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund: The money market account is a public investment vehicle valued using \$1 for the net asset value ("NAV").

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: The Plan's indirect investment in the common/collective trust is valued at the net unit value ("NUV") of units held by the Plan at year-end based on information reported in the common/collective trust's audited financial statements at year-end.

DYNTEK, INC.
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2023 and 2022

4. Fair Value (continued)

The NUV is determined by the total contract value of fund assets divided by the total number of outstanding units of the fund. The Plan uses a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment. Because the Plan has an indirect investment in the contracts held by the common/collective trust, they are not considered fully benefit responsive.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used during the year ended December 31, 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Certain investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy.

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

5. Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The following transactions qualify as party-in-interest transactions for which a statutory exemption exists:

- Certain Plan investments are managed by the Asset Custodian.
- The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts.
- The Company paid certain administrative expenses of the Plan, totaling \$15,000 during 2023.

Notes to Financial Statements (continued)
December 31, 2023 and 2022

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their portion of Company contributions.

7. Subsequent Events

In providing the disclosure contained in this note, the Plan Administrator evaluated events occurring between the end of the plan year and September 11, 2024, the date the accompanying financial statements were available to be issued.
