Independent Auditors' Report

To the Benefits and Administrative Committee of the  
Sumitomo Electric Wiring Systems, Inc. 401(K) Plan Retirement Savings Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audits***

We have performed audits of the accompanying financial statements of the Sumitomo Electric Wirin Systems, Inc. 401(K) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from a Qualified Institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audits of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

Independent Auditors' Report

information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**1. Description of the Plan**

The following is a brief description of Sumitomo Electric Wiring Systems, Inc. 401(K) Retirement Savings Plan (the “Plan”), which is provided for general information purposes only. Participants should refer to the Plan document, related adoption agreement and individual statements provided for a more complete description of the Plan’s provisions.

**General**

The Plan is a qualified defined contribution pension plan covering eligible employees who are members of a controlled group which includes Sumitomo Electric Wiring Systems, Inc. and various affiliated companies who have elected to participate in the Plan (collectively, the “Company”). The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Empower Trust Company, LLC., is the trustee of the Plan (the “Trustee”). Empower Annuity Insurance Company is the record-keeper of the Plan (the “Record-keeper”). The Trustee and Record-keeper are qualified institutions in accordance with 29 CFR 2520.103-5 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator is responsible for overseeing and ensuring compliance with the Plan document. The Trustee, Record-keeper and the Plan administrator are appointed by the Company.

**Eligibility**

The Plan covers all eligible employees of the Company who have completed three months of service. The Plan excludes those employees who are: (1) Leased employees, (2) Employees covered by a collective bargaining agreement, unless the collective bargaining agreement provides for their coverage, (3) Nonresident aliens, (4) Employees performing services in Puerto Rico and (5) Foreign nationals on temporary assignment in the United States. Entrance in the Plan is on the first day of each calendar month after meeting the eligibility requirements above.

**Participant Contributions**

The employees make voluntary contributions, of between 1% and 50% of compensation, of on a before-tax or after-tax, up to the maximum contributions allowed under the Internal Revenue Service Code (“IRC”), as discussed below, to be placed into a trust fund for their benefit. The Plan includes an automatic enrollment feature and contribution arrangement. The automatic deferral amount is 2% of their eligible compensation, as defined, unless the participants opt-out of the Plan. Compensation per the Plan document means wages, tips and other compensation on Form W-2, including post severance compensation. Compensation is adjusted to exclude fringe benefits, expense reimbursements, moving expenses, deferred compensation and welfare benefits.

SUMITOMO ELECTRIC WIRING SYSTEMS, INC.  
401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**1. Description of the Plan**

**Participant Contributions**

The maximum amount of compensation that may be considered for deferral purposes by participants and employer contributions is \$345,000 for 2024. Total participant contributions are limited to a maximum of \$23,000 for 2024. Additionally, individuals who are at least 50 years of age can make a “catch-up” contribution not to exceed \$7,500 for 2024. The maximum annual addition for 2024 that may be contributed or allocated to a participant’s account under the Plan shall not exceed the lesser of 100% of a participant’s compensation or \$69,000 for employees under age 50 and \$76,500 for employees over the age of 50.

**Employer Contributions**

The Company is required to make a Safe Harbor contribution equal to 100% of participant’s elective deferrals not to exceed 4% of eligible compensation.

**Rollover Contributions**

A Plan participant may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as a rollover, with certain restrictions.

**Investments**

Participants direct the investment of their contributions into various investment options offered by the Plan.

**Vesting**

Participants are vested immediately in all contributions and earnings thereon.

**Participant Accounts**

The Plan administrator establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make, Company contributions, and Plan earnings and expenses. Income earned and net appreciation or depreciation on Plan investments, for a given investment, are allocated in proportion to the participant’s account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Notes Receivable from Participants**

Each participant may borrow up to the lesser of: (1) 50% of the present value of the participant’s vested interest in the account or (2) \$50,000, less currently outstanding notes receivable. The notes are secured by the vested balance in the participant’s account.

SUMITOMO ELECTRIC WIRING SYSTEMS, INC.  
401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**1. Description of the Plan**

**Notes Receivable from Participants**

No note shall be less than \$500 and only one note at a time is allowed. The notes shall bear interest as determined by the Plan administrator at the rate of prime plus 1% per annum. At December 31, 2024, the outstanding notes bear interest ranging from 4.25% to 9.50% per annum. An outstanding note is repayable, with interest, in full at any time or in monthly installments by means of a payroll deduction from the participant's salary over a term not to exceed five years, unless the note is for the purchase of a principal residence for which the repayment period may not exceed beyond 15 years. A note becomes immediately due and payable upon a participant's termination of employment, death or disability.

**Forfeitures**

Upon termination of employment participants forfeit their non-vested balances. These accounts may be used to reduce future Company contributions or to pay the administrative expenses of the Plan. Forfeitures are restored to the participant's account if the participant is reemployed before incurring five consecutive one-year breaks and the full amount of any distribution is repaid before the end of the five-year period that begins upon reemployment. At December 31, 2024 and 2023, forfeited non-vested accounts were \$13,773 and \$4,528, respectively. During the year ended December 31, 2024, \$78,023 of forfeitures were used to reduce plan expenses.

**ERISA Budget Account**

The Trustee, through its revenue sharing arrangements ("Shared Revenue") with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. At December 31, 2024, and 2023, the remaining portion of the Shared Revenue, referred to as the ERISA Budget Account in the aggregate amount of \$93,043 and \$42,815 respectively, is included in the investment balance on the Statements of Net Assets Available for Benefits. The ERISA Budgeted Account can be used to either reduce Plan expenses or be reallocated to participant accounts.

**Retirement**

The normal retirement age is defined as when the participant reaches the age of 65. At the normal retirement date, the participant is entitled to 100% of their account balance. The Plan does not allow early retirement. The participant can elect late retirement after the age of 65; however, benefits must begin by age 73. A participant, who becomes disabled, as defined in the Plan document, is eligible for a disability retirement.

401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**1. Description of the Plan**

**Distribution of Benefits**

An active participant, or a designated beneficiary, is entitled to withdraw the entire vested amount (or in some cases, a portion thereof) in the event of normal retirement, death, disability, termination of employment, termination of the Plan, attainment of age 59 ½ or under hardship circumstances, as defined in the Plan document. The minimum amount for an in-service distribution is \$5,000. Distributions are made in the form of a lump sum distribution, installment payments or on a qualified joint and survivor annuity.

Terminated employees whose vested balance exceeds \$5,000 at termination may elect to leave their account balances in the Plan. Participants must begin receiving Required Minimum Distributions, under IRC guidelines, upon reaching the age of 73.

**Administrative Expenses**

Administrative expenses may be paid out of the Plan or by the Company. Administrative expenses that are to be paid by the Plan are first paid from forfeitures, if any, and any remaining amounts are paid from the Plan's trust funds and allocated to all participants on a pro-rate basis. The Company incurred certain administrative expenses relating to and charged back to the Plan during 2024.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates and Assumptions**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**2. Summary of Significant Accounting Policies**

**Investment Valuation and Income Recognition**

Investments are reported at fair value, except for the unallocated insurance account which is valued at contract value as discussed below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 5 for a discussion of fair value measurements. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment in the unallocated insurance contract account is a group annuity contract with the Trustee that is fully benefit-responsive so that the Statements in Net Assets Available for Benefits present this investment at contract value. See further details in Note 7.

Purchases and sales of securities are recorded as of the trade date. Investment earnings are automatically reinvested into the investment from which they are derived. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation of the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2024, or 2023.

**Payment of Benefits**

Benefit payments to participants or beneficiaries are recorded when paid or deemed.

401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**2. Summary of Significant Accounting Policies**

**Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks including, but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**Income Tax Status**

The Company adopted a non-standardized prototype plan that received an Internal Revenue Service ("IRS") Opinion Letter dated September 22, 2022, in which the IRS stated that this prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. An employer adopting this prototype plan is considered to have a plan qualified under section 401(a) of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently being operated in conformity with the applicable requirement of the IRC and therefore believes the Plan is qualified and the trust established under the Plan is tax exempt. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and/or the Department of Labor ("DOL"). The Plan administrator has analyzed the tax positions taken by the Plan and had concluded that as of December 31, 2024, and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and/or the DOL. There are currently no other audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 14, 2025, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND  
FOR THE YEAR ENDED DECEMBER 31, 2024

**3. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their employer contributions.

**4. Investments**

For the year ended December 31, 2024, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$15,665,480.

**5. Fair Value Measurements**

FASB's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**5. Fair Value Measurements**

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

**Mutual funds** are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024, and 2023:

**Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2024, there were no purchases, issuances, transfers in, or transfers out of Level 3.

**6. Related Party and Party-in-Interest Transactions**

All of the Plan's investments are managed by the Trustee. Certain payments to the Trustee are included within administrative expenses. Transactions with the Trustee qualify as party-in-interest transactions. Loans to Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

**7. Unallocated Investment Contract with an Insurance Company**

The Company entered into a group annuity insurance contract with the Trustee, whose balance was \$28,572,549 and \$30,250,554 as of December 31, 2024, and 2023, respectively. The Trustee maintains the contributions in its Guaranteed Income Fund within its general account which it added interest at a predetermined rate of 1.75% for 2024. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

**7. Unallocated Investment Contract with an Insurance Company**

The account is also charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as discussed in Note 2. Contract value represents the amount of contributions deposited, plus interest credited daily, less any participant withdrawals and administrative expenses. The contract is affected directly between the trustee and their issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. It is at least reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits. If the Plan were to initiate a full redemption of this investment contract, the Trustee reserves the right to temporarily delay withdrawal from this contract in order to ensure that the liquidation will be carried out in an orderly business manner.

**8. Unaudited Information Certified by the Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information, which was certified by the Trustee, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules as follows:
