## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management  
**Truliant Federal Credit Union Pension Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Truliant Federal Credit Union Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of September 30, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of September 30, 2024 and 2023 and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Truliant Federal Credit Union Pension Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Truliant Federal Credit Union Pension Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Truliant Federal Credit Union Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Truliant Federal Credit Union Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Other Matters - Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# TRULIANT FEDERAL CREDIT UNION PENSION PLAN

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

---

### Note 1 – Description of the Plan

#### General

Truliant Federal Credit Union Pension Plan (the Plan) is a defined benefit pension plan established on January 15, 1953. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

#### Administration

The Credit Union is the Plan Sponsor and named Plan Administrator. The Credit Union has established a Retirement Committee, who determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees and reports to the Plan's Board of Trustees. The Board of Trustees is responsible for oversight of the Plan. The Plan's custodians are Matrix Trust Company (Matrix) and CMFG Life Insurance Company (CMFG). The custodians hold all of the Plan's assets and executes all of the Plan's transactions. The Plan also retained CMFG to provide participant recordkeeping and administrative services.

#### Eligibility

The Plan covers substantially all employees of the Truliant Federal Credit Union (the Credit Union) and Truliances, LLC except leased employees. All employees age 21 or older that have worked at least 1,000 hours during a 12-consecutive month period of service are eligible to participate in the Plan. Participants are 100% vested at the end of five years. No vesting occurs prior to five years of service. On April 22, 2024, the Board approved to terminate eligibility for new participants hired on or after October 1, 2024.

#### Benefits

**Pension Benefits:** Employees with five or more years of service who are at least the normal retirement age (65) are entitled to annual pension benefits equal to 1.6% of the lesser of their average annual compensation for each year of credited service or their highest five consecutive year average compensation. Effective November 1, 2016, if they have worked one hour of service, the Plan permits early retirement for participants who: (a) have reached age 55 and completed at least 20 years of credited service; (b) have reached age 50 and completed at least 25 years of credited service; or (c) have 30 or more years of credited service. If they have not completed one hour of service prior to November 1, 2016, they can elect early retirement after they have reached age 62 and completed 20 years of credited service. Effective July 1, 2024, employees may elect to receive their pension benefits in the form of a lump-sum or a joint and survivor annuity. Prior to July 1, 2024, employees may elect to receive their pension benefits in the form of a joint and survivor annuity. In addition, a single lump-sum is payable on the entire accrued benefit if the amount of the lump sum is \$50,000 or less. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Credit Union's contributions. Employees may elect to receive the value of their accumulated plan benefits as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits as a: (a) life annuity; (b) joint and 50% annuity; (c) joint and 100% annuity payable monthly from retirement. Benefits accrued after December 31, 2006 are no longer payable in the form of a lump sum distribution.

**Death and Disability Benefits:** If an active participant dies, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal benefits they have accumulated as of the time they become totally disabled. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they have been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

---

### Note 2 – Summary of Significant Accounting Policies

#### Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Contributions are recorded when authorized and in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results may differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and certifying entities. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits expected to be paid to: (i) retired or terminated vested participants or their beneficiaries, (ii) beneficiaries of participants eligible to retire who have died, and (iii) present participants or their beneficiaries.

Benefits payable under all circumstances (retirement, death, and termination of employment) are included in the computation to the extent they are considered attributable to employee service rendered at the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated Plan benefits. The actuarial present value of accumulated Plan benefits is determined by an actuary from CUNA Mutual Group and it is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

---

The significant actuarial assumptions used in the valuation as of September 30, 2023 were (i) investment return of 4.00% per annum, (ii) life expectancy of participants (Mortality) based upon mortality rates from the PRI-2012 mortality table projected by Scale MP 2021 for employees before retirement and annuitants after retirement, (iii) salary increases at 4.00% and (iv) normal retirement age assumptions as defined in the Summary of Plan Provisions. The interest rate used to discount the obligation for the September 30, 2023 valuation was 6.75%.

Actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan was terminated, different actuarial assumptions might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of October 1, 2023. Had the valuation been performed as of September 30, 2023, there would be no material differences.

### Payment of Benefits

Benefit payments to participants and beneficiaries are recorded at the time of distribution.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 14, 2025, which is the date the financial statements were available to be issued. Effective October 1, 2024, the plan was amended and restated in its entirety in conjunction with IRS Cycle 3 requirements.

### **Note 3 – Unaudited Information Certified by the Certifying Entities**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by the Plan's Investment Custodians, as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of September 30, 2024 and 2023,
2. All investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended September 30, 2024 and 2023,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024 and the Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended September 30, 2024.

### **Note 4 – Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

# TRULIANT FEDERAL CREDIT UNION PENSION PLAN

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2024 and 2023.

Registered investment companies: Registered investment companies held by the Plan are unitized investments supported by underlying mutual funds. They are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. In determining the reasonableness of the methodology, the Retirement Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below segregate all financial assets as of September 30, 2024 and 2023 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

### Level 3 Gains and Losses

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets:

	<b>Level 3 Assets Year Ended September 30, 2024</b>	<b>Level 3 Assets Year Ended September 30, 2023</b>
	<b>Guaranteed account</b>	
Balance, beginning of year	\$16,176,094	\$15,559,570

Purchases	16,063,214	10,840,057
Sales	(17,453,471)	(10,695,831)
Balance, end of year	\$15,292,960	\$16,176,094

### Note 5 – Investment Contract

The Credit Union has a deposit administration group annuity contract with CMFG, where the underlying investment is a guaranteed account. Under this contract, contributions are made to the Plan, as determined by CMFG, in order to fund the normal retirement benefits earned by the participants under the Plan. Under the terms of this contract, the interest rate is only guaranteed for the first three months of the contract and is subject to change each quarter thereafter upon 90 days written notice.

At the direction of the Plan Administrator, a single premium to buy an annuity for a retiring employee is withdrawn by CMFG from the unallocated fund. Purchased annuities are contracts under which CMFG is obligated to pay benefits to named employees or their beneficiaries.

### Note 6 – Party-in-Interest Transactions

Certain Plan investments are managed by Matrix and CMFG, who are the Plan's certifying entities. The Plan Administrator has also engaged Members Capital Advisors, Inc. to provide fund advisory services. The Plan paid direct compensation of approximately \$73,000 and \$66,000 to the investment advisor for services rendered for the years ended September 30, 2024 and 2023, respectively. Indirect compensation (that is netted against investment income on the Statements of Changes in Net Assets Available for Benefits) is paid to the record keeper from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

### Note 7 – Plan Termination

In the event the Plan terminates, the rights of all participants to benefits accrued to the date of such termination or discontinuance, to the extent funded, shall be nonforfeitable. Accordingly, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

# TRULIANT FEDERAL CREDIT UNION PENSION PLAN

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

---

- a. Annuity benefits that former employees or their beneficiaries that have been receiving for at least three years, or the employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity of the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligation and may also depend on the financial condition of the Credit Union and the level of benefit guaranteed by the PBGC.

The Plan is significantly overfunded. In the event of a termination, the overfunded assets may be returned to the Credit Union without a penalty.

### **Note 8 – Plan Amendment and Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated February 28, 2023, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended and restated since receiving the determination letter. The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan permitted provisions of SECURE Act 2.0 during the year ended September 30, 2024.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 9 – Risks and Uncertainties**

Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

# TRULIANT FEDERAL CREDIT UNION PENSION PLAN

## NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

---

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **Note 10 – Funding Policy and Administrative Fees**

The Plan is funded by contributions made by the Credit Union. The Credit Union's funding policy is to, at a minimum, make contributions to the Plan as recommended by the Plan's actuary. There were no contributions to the Plan for the year ended September 30, 2024. No contributions were required to satisfy the minimum funding requirements of ERISA for the year ended September 30, 2024. The Credit Union made contributions of \$5,000,000 to the Plan for the year ended September 30, 2023. The contributions for 2023 satisfied the minimum funding requirements of ERISA.

The Plan's expenses are paid either by the Plan or the Credit Union, as provided by the Plan document. Expenses that are paid directly by the Credit Union are excluded from these financial statements. In addition, certain investment related expenses are included in net appreciation/depreciation in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.
