INDEPENDENT AUDITORS' REPORT

To the Participants and Administrative Committee
of the HRBC 401(k) Plan for UFCW
Collective Bargaining Unit

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the HRBC 401(k) Plan for UFCW Collective Bargaining Unit (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended June 30, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**HRBC 401(k) PLAN FOR UFCW
COLLECTIVE BARGAINING UNIT
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the HRBC 401(k) Plan for UFCW Collective Bargaining Unit (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a qualified defined contribution plan covering all employees of the Harris Ranch Beef Company (the Company) who are members of the UFCW collective bargaining unit who have completed one year of service. Participants are eligible for enrollment on either July 1 or January 1 following the completion of service eligibility requirements. The Plan was established, effective April 24, 1989, and was amended and restated on July 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee and trustees are employees and officers of the Company. Their duties include interpretation of the Plan agreement, management of the fund assets, authorizing payments of Plan benefits, gathering of such information from the Company and participants necessary for the proper administration of the Plan, and other such duties that may be necessary for the proper administration of the Plan. The Plan participants are responsible for monitoring the performance of investments in which they choose to allocate Plan contributions.

Contributions: Each year, participants may contribute up to the maximum amount allowable under Internal Revenue Service limits, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions. Plan contributions consist of three components: 1) voluntary participant contributions, from 1% up to 15% of a participant's pretax compensation up to an annual before-tax dollar limitation; 2) discretionary Company-matching contributions based on participant voluntary contributions, not to exceed 3% of the participant's compensation; and 3) additional discretionary Company contributions of 3% of the participant's compensation. To be eligible, employees must be members of the UFCW collective bargaining unit and have completed one year of qualifying service.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

An individual account is maintained for each participant, which includes the following components:

1. Employee contributions
2. Employer contributions
3. The participant's pro rata share of net investment income
4. Deductions for benefits paid to participants

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of credited service.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Notes receivable transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms range from one to five years, or up to twenty-five years for the purchase of a primary residence. The notes receivable is collateralized by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined quarterly by the Plan administrator, ranging from 4.25% to 9.50%, with the principal and interest paid ratably through weekly payroll deductions.

**HRBC 401(k) PLAN FOR UFCW
COLLECTIVE BARGAINING UNIT
NOTES TO FINANCIAL STATEMENTS (continued)**

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits: On termination of service due to death, disability, or retirement at the normal retirement age of 65, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a period of not more than his or her assumed life-expectancy (or the assumed life expectancy of his or her beneficiary), with respect to lifetime minimum required distributions. In the event of a participant's termination, the vested amount in the member's account may be paid in a lump sum or installment payments until such time that the participant attains normal retirement age.

Forfeited Accounts: At June 30, 2024 and 2023, forfeited nonvested accounts totaled \$86,236 and \$203,967, respectively. Forfeited non-vested accounts can be used to first restore previously forfeited amounts to participants who terminate and rehire within one year and then reduce future employer contributions. For the years ended June 30, 2024 and 2023, \$250,997 and \$117,443, respectively, were used to reduce employer matching contributions.

Administrative Expenses: All Plan administrative costs for participants are paid by the Plan sponsor, with the exception of participant loan fees and an annual maintenance fee, which are charged to the participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Gains or losses on sales of securities are based on average cost. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Delinquent participant notes receivable is recorded as distributions on the basis of the terms of the Plan agreement. In accordance with FASB ASU No. 2016-13, *Financial Instruments – Credit Loss*, financial assets measured at amortized cost basis are to be presented at the net amount expected to be collected. The notes receivable from participants were measured for all expected credit losses based on historical experience, current conditions, and reasonable and supportable forecasts about collectability. No allowances for credit losses were recorded as of June 30, 2024 and 2023.

Payment of Benefits: Benefits are recorded when paid.

**HRBC 401(k) PLAN FOR UFCW
COLLECTIVE BARGAINING UNIT
NOTES TO FINANCIAL STATEMENTS (continued)**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses: Certain expenses for maintaining the Plan are paid by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events: In compliance with accounting standards, management has evaluated events that have occurred after year-end to determine if these events are required to be disclosed in the financial statements. Management has determined that no events require disclosure in accordance with accounting standards. These subsequent events have been evaluated through July 21, 2025, the date which the financials were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Empower Insurance Annuity Company, the custodian of the Plan, has certified as being complete and accurate the investments on the Statements of Net Assets Available for Benefits, the investment activity reflected in the Statements of Changes in Net Assets Available for Benefits, and the investment information included in the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), of the financial statements as of and for the years ended June 30, 2024 and 2023, respectively. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any additional auditing procedures with respect to the information certified as complete and accurate by the Plan’s custodian for their respective periods. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

	2024	2023
Investments at fair value	\$ 16,463,296	\$ 14,504,544
Investments at contract value	2,814,070	3,013,670
Notes receivable from participants	734,233	661,592
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	2,031,157	1,858,228
Interest	21,327	27,318
Dividends	207,201	201,199
Other income (loss)	774	-
Interest income on notes receivable from participants	48,297	33,663

NOTE 4 – INVESTMENTS

The Plan provides that contributions to the Plan will be invested in certain individual programs offered by Empower Insurance Annuity Company and as directed by each participant. Participants may change their investment options as desired.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023 and there have been no transfers between levels during the years ended June 30, 2024 and 2023.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**HRBC 401(k) PLAN FOR UFCW
COLLECTIVE BARGAINING UNIT
NOTES TO FINANCIAL STATEMENTS (continued)**

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

The following table lists assets at fair value as of June 30, 2024 and 2023:

Assets at Fair Value as of June 30, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,463,296	\$ -	\$ -	\$ 16,463,296
Total assets at fair value	\$ 16,463,296	\$ -	\$ -	\$ 16,463,296
Assets at Fair Value as of June 30, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,504,544	\$ -	\$ -	\$ 14,504,544
Total assets at fair value	\$ 14,504,544	\$ -	\$ -	\$ 14,504,544

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

One of the Plan’s investment options is the Empower Guaranteed Income Fund, which is a fully benefit-responsive annuity contract issued by Empower Annuity Insurance Company of America. This contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At June 30, 2024 and 2023, the total of the contract value was \$2,814,070 and \$3,013,670, respectively.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 3%. Cash flow volatility (for example, timing of benefit payments), as well as asset underperformance, can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan’s ability to receive amounts due is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: 1) The Plan’s failure to qualify under Section 401(a) of the *Internal Revenue Code* (IRC), or failure of the trust to be tax exempt under Section 501(a) of the IRC; 2) Premature termination of the contracts; 3) Amendments to the Plan document, including complete or partial plan termination or merger with another plan; 4) Changes to the Plan’s prohibition on competing investment options; or 5) Bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuers, or that also would limit the ability of the Plan to transact at contract value with the participants.

**HRBC 401(k) PLAN FOR UFCW
COLLECTIVE BARGAINING UNIT
NOTES TO FINANCIAL STATEMENTS (continued)**

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: 1) Uncured violation of the Plan's investment guidelines; 2) Breach of material obligation under the contract; 3) Material misrepresentation; or 4) Material amendment to the agreements without the consent of the issuer.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employers of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Empower Insurance Annuity Company (Plan custodian), and Wells Fargo Clearing Services, LLC (Plan broker). Empower is the custodian as defined by the Plan, and therefore, these investments and investment transactions qualify as party-in-interest transactions. Wells Fargo is the Plan's broker and qualifies as a party-in-interest with respect to the investments managed by Wells Fargo. Fees charged to the Plan for investment or management services by Empower and Wells Fargo were \$32,569 and \$31,799 for the years ended June 30, 2024 and 2023, respectively.

Empower provides certain administrative services to the Plan pursuant to an agreement between the Plan sponsor and Empower. Empower receives revenue from investment providers for services Empower provides. This revenue is used to offset certain amounts owed to Empower for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Wells Fargo or Empower from investment providers exceeds the amount owed under the agreement, Wells Fargo or Empower remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay the Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Plan sponsor may make a payment to Wells Fargo or Empower for administrative services not covered by revenue sharing.

The Plan's sponsor provided certain administrative services at no cost to the Plan. These transactions are considered to be exempt party-in-interest transactions.

There were no transactions with any parties-in-interest that would be considered prohibited transactions by DOL regulations.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their employer contributions.

NOTE 9 – TAX STATUS

The Plan has adopted a prototype, non-standardized money purchase pension plan established by Empower. The prototype plan obtained an opinion letter on April 29, 2014, in which the Internal Revenue Service stated that the form of the prototype plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's Administrative Committee and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan's Administrative Committee has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Administrative Council believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.
