Independent Auditor's Report

To the Trustees and Plan Administrator of the
TLS Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the TLS Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's 2024 and 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 and 2023 Financial Statements section

- the amounts and disclosures in the accompanying 2024 and 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2024 and 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 and 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TLS Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 and 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually in or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 and 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1: Description of Plan

The following description of the TLS Corporation 401(k) Plan provides only general information. Participants should refer to the Plan document and its amendments or Summary Plan Description for a more complete description of the Plan's provisions. TLS Corp. ("the Company") established the Plan on September 15, 1999. The Plan was restated effective January 1, 2022.

General

The Plan is a defined contribution single employer retirement plan referred to as a 401(k)-plan covering all eligible employees of TLS Corp. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees can elect to have pre-tax salary deferrals with earnings on salary deferrals not taxed while in the plan or can make after tax salary contributions under a Roth provision. The Board of Trustees oversees the governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

To qualify as a participant under the Plan an employee must satisfy the Plan's minimum age and service conditions, and any eligibility conditions required under the Plan. In order to participate in the Plan, the employee must be at least twenty-one. Once an employee satisfies the eligibility conditions the service requirement allows the employee to begin to participate under the Plan the first month following hire date.

Contributions

Each year, participants may elect to defer a percentage of their compensation up to the maximum contribution amounts allowed by law. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company may make matching employer contributions on behalf of each participant. The Company elected to make a matching employer contribution to the Plan for the years ending December 31, 2024 and 2023 in the amount of \$101,830 and \$95,616, respectively. The Company also has the option of making an additional profit-sharing contribution. There were no profit-sharing contributions made for the years ending December 31, 2024 and 2023. The Plan also provides for acceptance of rollover contributions from other plans qualified under the Internal Revenue Code. There were rollover contributions of \$78,185 and \$289,407 for the years ending December 31, 2024 and 2023, respectively.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1: Description of Plan - Continued

Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of the Company's matching contributions along with Plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions (i.e. elective deferrals) plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contribution portions of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after 4 years of service. In addition, participants are 100% vested upon normal retirement age, death, or the date they become disabled, as defined in the Plan.

The graduated vesting schedule with respect to the Company's matching and profit-sharing contributions are as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
One	25%
Two	50%
Three	75%
Four or more	100%

To calculate vested benefits under the Plan, an employee must work at least 1,000 hours to be credited with a year of vesting.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest of their account balance. Loan repayment terms may not exceed 5 years except for the purchase of a primary residence which may be extended up to 30 years. A participant may only have one loan outstanding at a time with repayments made on a monthly basis through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 7.25% which are commensurate with local prevailing rates as determined by the Plan Administrator. As of December 31, 2024 and 2023, the interest rate charged on outstanding loans was determined using the prime rate at the time the loans were requested.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1: Description of Plan - Continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a partial or lump-sum distribution equal to 100% of his or her account. Benefits will be automatically distributed if his or her account balance is \$1,000 or less. All distributions in excess of \$5,000 require participant consent. For termination of service due to other reasons, a participant receives the value of the vested interest in his or her account in a lump-sum distribution.

The Plan allows for hardship withdrawals from a participant's elective deferral account less accumulated earnings and his or her vested interest in the matching and discretionary profit-sharing contribution accounts. The Plan also allows for in-service withdrawals from a participant's elective deferral account as well as his or her vested interest in the matching and discretionary contribution accounts upon attaining the age of 59 ½ and after 60 months of participation in the Plan. Net assets available for benefits did not include any benefits allocated to participants who had withdrawn from the Plan but had not received their distribution as of December 31, 2024 and 2023.

Forfeitures

The Company can determine how to treat forfeitures under the Plan. Forfeitures can be used to reduce Company contributions or pay plan expenses. At December 31, 2024 and 2023, forfeited accounts totaled \$1,549 and \$612, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts, as applicable.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a settlement date basis. Interest and dividends are recorded on a cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 2: Summary of Significant Accounting Policies - Continued

Benefit Payments

Benefit payments are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account. Delinquent participant loans are reclassified as distributions based on the terms outlined in the Plan document. As of December 31, 2024 and 2023, no allowance for credit losses have been recorded. Notes receivable from participants as of December 31, 2024 and 2023 were \$10,171 and \$18,468, respectively.

Date of Managements Review of Subsequent Events

Subsequent events have been evaluated by the trustees through June 5, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

As previously mentioned, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for the fully benefit-responsive investment contract which is reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 3: Fair Value Measurements - Continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements:

There were no Level 1 assets held by the Plan at December 31, 2024 and 2023.

Level 2 Fair Value Measurements:

The Plan's Level 2 investment assets consist of pooled separate accounts. The fair values of participation units in the pooled separate accounts are based upon the net asset values (NAV) of such accounts which are provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate accounts less their liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions.

Level 3 Fair Value Measurements:

There were no Level 3 assets held by the Plan at December 31, 2024 and 2023 based on fair value.

The investment at contract value is a fixed account available through a group annuity contract and is deemed a Level 3 asset. However, since the investment is valued at contract value as opposed to fair value, the investment is appropriately not included in the fair value hierarchy.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 3: Fair Value Measurements - Continued

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair market value as of December 31, 2024 and 2023:

	Fair Value	Fair Value Measurements at Reporting Date Using: Significant Other Observable Inputs (Level 2)
<u>December 31, 2024</u>		
Pooled separate accounts	\$ <u>19,454,465</u>	\$ <u>19,454,465</u>
<u>December 31, 2023</u>		
Pooled separate accounts	\$ <u>16,575,269</u>	\$ <u>16,575,269</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported in net appreciation in fair value of investments.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Note 4: Fully-Benefit Responsive Investment Contract

The Plan has a fully benefit-responsive insurance investment contract (FBRIC) with Voya Retirement Insurance and Annuity Company (VOYA) totaling \$1,334,587 and \$1,260,197 as of December 31, 2024 and 2023, respectively. VOYA maintains contributions in a general fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the FBRIC criteria and is therefore reported at contract value.

Note 5: Party-In-Interest Transactions

Plan investments at December 31, 2024 and 2023, are held and managed by VOYA Retirement Insurance and Annuity Company, the custodian of the Plan. VOYA also provides certain administrative services to the Plan. Accordingly, the investments qualify as party-in-interest transactions. Participant loans are disclosed in Note 2.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 6: Information Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination. Certain information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, and interest income for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by VOYA Retirement Insurance and Annuity Company, the custodian. Auditing procedures have not been performed on this information except to compare such information to the information included in the accompanying financial statements.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Internal Revenue Service has determined by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the determination date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, with the related trust being tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2021.

TLS CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 9: Payable to Participants

The Plan failed the ADP (Actual Deferral Percentage) test for the years ending December 31, 2024 and 2023. As required for compliance purposes, the Plan made corrective distributions to several Plan participants. The total refunded to participants in February 2025 and March 2024 was \$16,888 and \$36,714, respectively. The Plan recorded a payable to the participants on the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023 and reduced participant contributions on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023. See Note 13 for additional information.

Note 10: Receivable from Company

The Company remitted to the Plan \$1,397 for corrective employer match and employee deferred contributions including lost earnings which related to 2023.

Note 11: Plan Amendments

The Plan was amended and restated on January 1, 2022 to include legislative and regulatory provisions in accordance with IRS mandates.

The Company, TLS Corp., maintains the TLS Corporation 401(k) Plan for its employees. Under Section 14.01 (b) of the Plan, the plan sponsor is authorized to amend the selections under the TLS Corporation 401(k) Plan Adoption Agreement.

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

FASB ASC 275, *Risks and Uncertainties*, requires disclosures that focus primarily on risks and uncertainties that could significantly affect the amounts reported in the financial statements in the near term or the near-term functioning of the reporting entity. The risks and uncertainties addressed can stem from the nature of an entity's operations, the use of significant estimates, and current vulnerabilities due to certain concentrations.
