## **INDEPENDENT AUDITORS' REPORT**

To the Plan Trustee of  
Badger Corrugating Employee Stock Ownership Plan  
La Crosse, Wisconsin

### ***Opinion***

We have audited the financial statements of Badger Corrugating Employee Stock Ownership Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

## ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# BADGER CORRUGATING EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### **NOTE 1 - Plan Description**

The following brief description of the Badger Corrugating Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for complete information.

Badger Corrugating Company (the "Company") established the Plan effective as of January 1, 2013. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC") and is subject to the applicable provisions of the Employer Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Trustee.

The Plan purchased the Company common stock using the proceeds of a borrowing from the Company (see Note 7) and holds the common stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock. The Company has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with vested rights in allocated common stock (allocated), and
2. Common stock not yet allocated to employees (unallocated).

**Eligibility** - Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such Plan year and attain the age 21. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

**Contributions** - For each Plan year, the Employer may contribute to the Plan a discretionary amount determined by the Employer. All contributions shall be made in cash, employer stock, or other property that is acceptable to the Trustee. Employer stock and other property shall be valued at its fair market value at the time of the contribution. Cash contributions must be immediately applied to pay or prepay any outstanding exempt loans. Employees are not permitted to make contributions.

**Payment of Benefits** - Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service are made in a lump sum in the Plan year following separation, but the Plan may defer distributions for up to five additional Plan years and distributions of shares acquired with the proceeds of the exempt loan may be deferred until the close of the Plan year in which the loan is paid off. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash or, if a participant elects, in the form of Plan common stock plus cash for any fractional share of common stock. For vested balances less than \$1,000, the distribution will occur in the following plan year.

Under the provisions of the Plan, the Plan is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2024, the Plan repurchased from participants 35,581 shares at a price determined from independent valuation.

NOTES TO FINANCIAL STATEMENTS - Continued

DECEMBER 31, 2024 AND 2023

## **NOTE 1 - Plan Description - Continued**

**Administrative Expenses** - As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company.

**Voting Rights** - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. An independent fiduciary will direct their votes for participants who fail to vote their shares. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee shall vote any unallocated shares.

**Plan Termination** - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Plan administrator should direct the Trustee to pay all liabilities and expenses and distribute all affected assets remaining to participants.

**Participant Accounts** - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's shares to the total of all participants' shares, and participant's eligible compensation to total cash balance.

**Vesting** - If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percent</u>
Less than 2	0
2	20
3	40
4	60
5	80
6	100

**Put Option** - Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Diversification** - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who have a balance of \$500 and are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year end based on the number of shares of the Company's stock held in their account at year end.

NOTES TO FINANCIAL STATEMENTS - Continued

DECEMBER 31, 2024 AND 2023

## **NOTE 1 - Plan Description - Continued**

**Forfeitures** - Plan forfeitures shall be used to pay expenses of the Plan or allocated to participants. There were \$75,278 of forfeitures for 2024, which were reallocated to participants. Forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2024 and 2023 were \$45,475 and \$72,264, respectively.

## **NOTE 2 - Summary of Significant Accounting Policies**

**Basis of Accounting and Presentation** - The financial statements of the Plan are prepared on the accrual basis of accounting and are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as codified by the Financial Accounting Standards Board.

**Use of Estimates** - The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Allocations** - The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. See Note 6 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions for the shares of Company common stock are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits** - Benefits are recorded when paid.

**Subsequent Events** - The Plan has evaluated subsequent events through July 21, 2025, the date which the financial statements were available to be issued.

## **NOTE 3 - Concentrations**

The Plan's investments that represented 10 percent or more of the Plan's net assets available for benefits as of December 31, 2024 and 2023, are as follows:

	<u>DECEMBER 31,</u>	
	<u>2024</u>	<u>2023</u>
Badger Corrugating Company common stock*	\$ 8,832,000	\$ 8,204,000

NOTES TO FINANCIAL STATEMENTS - Continued  
DECEMBER 31, 2024 AND 2023

**NOTE 4 - Administration of Plan Assets**

The Plan's assets, which consist primarily of sponsor Company common shares, are held by the Trustee of the Plan and an independent third party administrator.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

**NOTE 5 - Badger Corrugating Company Common Stock**

Information relating to the Badger Corrugating Company Common Stock at December 31, 2024 and 2023, is presented in the following table:

	2024		2023	
	<u>ALLOCATED</u>	<u>UNALLOCATED</u>	<u>ALLOCATED</u>	<u>UNALLOCATED</u>

Fair Value	<u>\$6,780,028</u>	<u>\$ 2,051,972</u>	<u>\$5,830,511</u>	<u>\$2,373,489</u>

**NOTE 6 - Fair Value Measurements**

The Company has determined the fair value of certain assets in accordance with the provisions of U.S. GAAP, which provides a framework for measuring fair value under generally accepted accounting principles.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

---

**Level 1**      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

---

**Level 2**      Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

---

**BADGER CORRUGATING EMPLOYEE STOCK OWNERSHIP PLAN**  
NOTES TO FINANCIAL STATEMENTS - Continued  
DECEMBER 31, 2024 AND 2023

**NOTE 6 - Fair Value Measurements - Continued**

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023. The carrying values of receivables, cash, and payables included in the accompanying statements of net assets available for benefits approximated fair value at December 31, 2024 and 2023, and are thus not included in the following table.

- *Common Stock:* Valued based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser took into account historical and projected cash flow and net earnings, return on assets, return on equity, and market comparables. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

- *U.S. Government Securities:* Valued using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	DECEMBER 31, 2024	QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS (LEVEL 1)	SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)

### Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table is a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2024:

Balance, beginning of year	\$ 8,204,000
Unrealized appreciation in estimated fair value	628,000
<b>Balance, end of year</b>	<b><u>\$ 8,832,000</u></b>

**The amount of total gains for the period included in changes in net assets  
attributable to the change in unrealized gains relating to assets still held  
at the reporting date**

**\$ 628,000**

Gains and losses (unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

## NOTE 7 - Loan Payable

In 2013, the Plan entered into a \$1,150,000 term loan agreement with the Company. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payment plus all future years' principal and interest payments. This resulted in 22,790 shares being released and allocated for the plan year ended December 31, 2024.

The agreement provides for the loan to be repaid over 20 years. The balance of the note payable as of December 31, 2024 and 2023, was \$312,571 and \$381,914, respectively. The scheduled amortization of the loan for the next five years and thereafter is as follows:

2025	\$ 72,116
2026	75,001
2027	78,001
2028	81,121
2029	6,332
<b>TOTAL</b>	<b><u>\$ 312,571</u></b>

The loan bears interest at 4 percent.

# **BADGER CORRUGATING EMPLOYEE STOCK OWNERSHIP PLAN**

## **NOTES TO FINANCIAL STATEMENTS - Continued**

**DECEMBER 31, 2024 AND 2023**

### **NOTE 8 - Company Dividends**

The Company declared dividends to the Plan of \$4.59 per share or \$1,836,972 during the year ended December 31, 2024. The total dividends paid in 2024 were \$1,845,141 of which \$400,276 was for 2023 dividends declared and \$1,444,865 for 2024 dividends declared.

### **NOTE 9 - Tax Status**

The Plan has received a determination letter from the IRS dated October 31, 2016, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

### **NOTE 10 - Related Party and Party-In-Interest Transactions**

The Plan invests in Company common stock and has a loan payable to the Company. These are related party and party-in-interest transactions. As described in Notes 1 and 4, the Company may pay expenses of the Plan. The Plan has a few service providers which are considered parties-in-interest under ERISA. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

### **NOTE 11 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
