INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Timpte Industries Inc.
Timpte 401(k) Retirement Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Timpte 401(k) Retirement Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Timpte 401(k) Retirement Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles general accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Timpte 401(k) Retirement Savings and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Timpte 401(k) Retirement Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, We:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Timppte 401(k) Retirement Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Timppte 401(k) Retirement Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Timppte 401(k) Retirement Savings and Profit Sharing Plan are presented for purposes of additional analysis and are not a required part of the financial statement but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

TIMPTE 401(K) RETIREMENT SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. Description of the Plan

The following brief description of Timppte 401(K) Retirement Savings and Profit Sharing Plan is provided for general information purposes only. Participating members should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan, established for the benefit of all employees of Timppte Industries, Inc. who have been employed for 120 days. The employee is eligible for the Company match after one year of service and must be an employee on the last day of the year. The Company matches is the greater of 100% of employee contribution up to 4% or 4% of eligible employee compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual fund type options held in separate pooled accounts and a guaranteed interest contract as investment options for participants.

Contributions. Participants can elect to make salary deferral contributions which are credited to personal accounts. Such deferral contributions can be any amount up to 100% of a participant's compensation not to exceed the allowable contribution as provided by IRS rules and regulations.

Vesting. Participants are immediately vested in their contributions plus earnings thereon. Participants vest in Company contributions made to their account in the following manner:

50% after 2 full years of service
100% after 3 full years of service

Payment of Benefits. On termination of service due to retirement at age 65, or death or disability if earlier, or termination of employment in the case of vested benefits, the balance in the member's separate account is paid to the member or their beneficiaries in a lump sum or in various forms of distribution as determined by the participant.

Forfeited Accounts. At December 31, 2024 and 2023, employer contributions were reduced by \$8,882 and \$9,480 from forfeited nonvested accounts respectively.

Participant Loans. Participants may generally borrow from their fund accounts up to the lesser of (1) 50% of their vested account balance or (2) \$50,000. Participants may only have one outstanding loan at any time. The loans are secured by the balance in the participant's account and bear interest at 2% over prime. Current participant loans bear

interest of 5.25% to 10.50% which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions. There are several rules and regulations that must be complied with before a loan is granted. Outstanding loan balances are considered delinquent 60 days after termination of employment.

Participant Accounts. A separate account is maintained for each member. The account balances for members are adjusted periodically as follows:

- a) Member's compensation deferral contribution.
- b) Annually for Company matching contributions. Forfeitures reduce the amount paid by the employer.
- c) For the income, expenses, gains and losses occurring in the member's account.

2. Summary of Significant Accounting Policies

Contributions:

Contributions from the Company are accrued in the period in which they become an obligation of the Company by agreement or declaration by the Board of Directors generally at the end of the year. Participants must be employed by the Company on the last day of the year in order to receive the Company match.

Investment Assets:

Investment assets are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Dividend/Interest Income and Benefit/Withdrawal Liabilities:

Dividend/interest income and benefit/withdrawal liabilities are recorded when received and when paid rather than earned and incurred, respectively, as required by generally accepted accounting principles. Such unrecorded amounts are not significant in relation to total assets available for plan benefits.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP)

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

ERISA Section 103(a)(3)(C) Audits:

Management, having determined it is permissible in the circumstances, has elected to have the Plan audited in accordance ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2024 and 2023. As permitted by ERISA Section 103(a)(3)(C), the auditor's report need not extend to statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency. Principal Life Insurance Company, as trustee of the Plan assets, has prepared and certified the Plan information provided to the Plan Administrator pursuant to 29 CFR 2520.103-5(c) is complete and accurate. The Plan Administrator has reviewed the certification and has determined the certification to be in compliance with ERISA Rules and Regulations.

3. Investments:

Fair Value Measurements

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and has the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based upon the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 and Level 2 inputs were not available.

Level 2 Fair Value Measurements

The fair value of separate pooled accounts are adjusted to market daily by the Principal, the Plan trustee. An outside pricing service prepares a data file that includes the market value of each security held by the Principal Life separated pooled account as of the applicable markets'

**TIMPTE 401(K) RETIREMENT SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

close. The data file is reviewed for data integrity, market fluctuations exceeding specified parameters, any investments that were not priced or were not priced with a second outside pricing bureau. All pricing data integrity issues are investigated and resolved on an ongoing basis. The net asset value of the investments are not publicly quoted but are available to the plan participants when they assess their account values.

Level 3 Fair Value Measurements

The guaranteed interest contracts with an insurance company and the participant loans are not actively traded and significant other observable inputs are not available. The guaranteed interest contracts incur a market value adjustment only if market value adjustment based upon the applicable Treasury rate results in a value less than the contract amount.

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

The following tables set forth, by level within the fair market value hierarchy, the Plan's investments are reported at fair value as of December 31, 2024 and 2023.

During 2024 and 2023 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year (depreciated) appreciated in value by \$4,104,198 and \$4,737,823 respectively.

4. Administrative Expenses

Primarily all administrative expenses associated with the Plan are paid by the Company. Participants pay for selected member services, loan fees, and an investment fee of approximately .20% of their account balance withdrawn monthly.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

5. Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of termination, each member automatically becomes vested to the extent of the balance in their separate account.

6. Tax Status

The Internal Revenue Service informed the Principal Financial Group and the Board of Directors on a determination letter dated June 30, 2020, that the Plan continues to qualify under Section 401(a) of the Internal Revenue Code (Code) and is therefore exempt from federal income tax under the provisions of Section 501(a) of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator believes that the Plan is no longer subject to tax examinations for years prior to 2022.

7. Related party transactions

Certain Plan investments are shares of pooled separate accounts managed by Principal Financial Group. Principal Financial Group or an affiliate is the investment manager of these accounts and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal Financial Group for 2024 and 2023 were \$86,877 and \$74,521 respectively.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Date of Management's Review and Subsequent Events

Subsequent events were evaluated through May 27, 2025, which is the date the financial statements were available to be issued.
