## INDEPENDENT AUDITORS' REPORT

Plan Committee and Participants  
Prime Buchholz LLC 401(k) Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Prime Buchholz LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Plan Committee and Participants  
Prime Buchholz LLC 401(k) Profit Sharing Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 1. Description of the Plan

The following description of the Prime Buchholz LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Reference should be made to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution 401(k) plan sponsored by Prime Buchholz LLC (the Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE Act) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

#### Eligibility and Participation

All full-time employees, who are not covered by a collective bargaining agreement or are a non-resident alien, are eligible to participate in the Plan on the first day of the month following the completion of one month of service, provided they have attained 21 years of age. Part-time, temporary and seasonal employees, as defined, are not eligible to participate in the Plan unless the employee completes one year of service, as defined.

The SECURE Act expanded eligibility for certain long-term part-time (LTPT) employees. Effective January 1, 2024, part-time employees who have completed 500-999 hours of service in the three most recent consecutive years (2021 – 2023) are eligible to participate in the Plan. Effective January 1, 2025, the requirement is being reduced from three to the two most recent consecutive years (2023 – 2024). LTPT employees are not eligible to receive any employer contributions.

#### Contributions

Participants may elect to contribute to the Plan up to 100% of their eligible compensation subject to the limitations established by the Internal Revenue Service (IRS). Participants may elect to rollover distributions from other qualified retirement plans.

Participants who do not make a separate election upon meeting the Plan's eligibility requirements are automatically enrolled to defer 5% of their pre-tax annual compensation into the Plan. The automatic enrollment provisions also include an automatic escalation of 1% per year until the deferral rate reaches 10% of eligible compensation.

Each year, the Company will make a safe harbor nonelective contribution to the account of each eligible participant in an amount equal to 3% of the employee's compensation, which totaled \$709,200 in 2024. In addition, the Company may elect to make discretionary matching and profit sharing contributions to the Plan, which totaled \$1,674,497 in 2024.

The Plan permits catch-up contributions for eligible participants who are 50 years or older by the end of the calendar year and who are currently making deferral contributions. Effective January 1, 2025, the Plan provides for the optional SECURE Act provisions to allow increased catch-up contributions for participants between the ages of 60 and 63.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 1. Description of the Plan (Continued)

Participants can direct the allocation of their accounts to any of the stipulated investment fund alternatives offered by the Plan. Participants also have the option to invest assets in a self-directed brokerage account that allows participants access to a wide variety of mutual funds.

Participants may change their investment options at any time during the year.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately vested in their contributions, as well as employer contributions, and earnings or losses thereon.

#### Notes Receivable from Participants

The Plan allows participants to borrow against their accounts. Such loans shall not exceed the lesser of \$50,000 or 50% of the participants' vested interest in their account. The Plan has established a minimum loan request of \$1,000 per loan. Loans can be for any purpose with a term not to exceed 5 years unless it is for the purchase of a primary residence in which case the term shall not exceed 15 years. Loans bear interest at the prime rate, plus 1%, at the inception of the loan. The interest rate on outstanding loans at December 31, 2024 ranged from 4.25% to 9.50% with various maturities through August 2035.

#### Benefits

Upon death, disability, or retirement, participants are entitled to a distribution of the balance of their accounts. Participants may also be entitled to a hardship withdrawal as determined in accordance with the Plan's provisions. Participants may also withdraw any or part of their rollover contributions in the Plan, at any time and at any age. In addition, participants who have attained the age of 59 ½ may elect to withdraw all or part of their vested account balance from the Plan. The Plan provides for the direct rollover to an individual retirement account for balances less than \$5,000, unless directed otherwise by the participant.

Effective November 8, 2024, the Plan provides for the following optional provisions within the SECURE Act:

- Increase the mandatory cash-out threshold from \$5,000 to \$7,000
- Provide for qualified disaster relief distributions, as defined, up to \$22,000

Also included in the SECURE Act provisions was a required change to the age at which required minimum distributions must commence from 72 to 73 for individuals who attain age 72 on or after January 1, 2023, and from age 73 to 75 for individuals who attain age 73 on or after January 1, 2033.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 1. **Description of the Plan (Continued)**

#### *Plan Administration*

The Company is the Plan's Administrator and has the authority to appoint person(s) or entities to carry out the operations of the Plan. The Standard Insurance Company (TSIC) serves as the recordkeeper for the Plan and Reliance Trust Company (RTC) serves as the Plan's Trustee. The Company pays substantially all administrative expenses of the Plan, except for certain administrative costs of mutual funds and loan processing fees, which are paid by the Plan. In accordance with the fee agreement, certain fees incurred by the Plan for the investment management and certain administrative services are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than a direct payment.

#### *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets would be distributed to participants in accordance with the terms set forth in the Plan.

### 2. **Summary of Significant Accounting Policies**

#### *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis.

#### *Investment Valuation and Income Recognition*

Investments are reported at fair value, as described in note 5. Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### *Notes Receivable from Participants*

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

#### *Use of Estimates*

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 2. **Summary of Significant Accounting Policies (Continued)**

#### *Risks and Uncertainties*

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

#### *Contributions*

Employee contributions are recorded in the period in which payroll deductions are made. Employer matching contributions are recorded in the same period as the corresponding employee contributions. Other employer contributions are recognized in the period for which the participant provided service.

#### *Benefit Payments*

Benefit payments are recorded when paid.

#### *Subsequent Events*

Events occurring after the date of the statements of net assets available for benefits are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through July 23, 2025, which is the date the financial statements were available to be issued.

### 3. **Party-in-Interest Transactions**

Fees paid to TSIC and RTC qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Direct administrative expenses charged to the Plan and paid to TSIC and RTC during 2024 totaled \$8,978. In addition, loans to participants qualify as party-in-interest transactions.

### 4. **Information Certified by the Plan's Trustee**

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Reliance Trust Company, the Plan's Trustee, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the Trustee as of and for the year ended December 31, 2024 and as of December 31, 2023 stating that the information provided to the Plan Administrator by the Trustee is complete and accurate.

# PRIME BUCHHOLZ LLC 401(k) PROFIT SHARING PLAN

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 4. **Information Certified by the Plan's Trustee (Continued)**

Such certified Plan information includes investments at fair value, net appreciation in fair value of investments, dividends and interest, and investment transactions.

### 5. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active exchange markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active exchange markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2024 and 2023.

*Mutual funds, money market fund and self-directed brokerage accounts – mutual funds:* Valued at the closing price of the fund as reported in the active market in which the security is traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 5. Fair Value Measurements (Continued)

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, as follows:

### 6. Income Tax Status

The Plan adopted a non-standardized pre-approved plan by Standard Retirement Services, Inc. The non-standardized pre-approved plan has received an opinion letter from the IRS as to the plan's qualified status dated June 30, 2020. The opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 7. Reconciliation of Financial Statements to Form 5500

Notes receivable from participants are reflected as a receivable on the statements of net assets available for benefits, which differs from the Form 5500 presentation. On the Form 5500, notes receivable from participants are classified as investments under the caption "participant loans."
