Independent Auditors' Report

To the Plan Administrator of
Deceuninck North America, Inc. 401(k) Plan
Monroe, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Deceuninck North America, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Deceuninck North America, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Certified Investment Information Footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Deceuninck North America, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Deceuninck North America, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Deceuninck North America, Inc. 401(k) Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Deceuninck North America, Inc. 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following brief description of the Deceuninck North America, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is a voluntary defined contribution plan covering substantially all full-time employees of Deceuninck North America, Inc. or its subsidiaries (the Company and Plan Sponsor) who have completed at least 30 days of service and have attained the age of 18. Currently, Deceuninck North America, LLC is the sole subsidiary of Deceuninck North America, Inc. The entry into the Plan is the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Plan participants may contribute up to 100 percent of their pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. The Plan has an automatic deferral feature, whereby new employees hired who become eligible participants automatically have 6 percent of eligible compensation deferred, unless the participant initiates an alternative percentage Salary Reduction Agreement. After-tax Roth deferral contributions are permissible under the Plan. The Plan operates as a safe harbor 401(k) plan. Company contributions to the Plan are made based on a safe harbor formula of 100 percent matching of participant salary deferrals that do not exceed 6 percent of compensation as defined by the Plan.

The Company may also make discretionary matching contributions. No such discretionary contributions were made for the 2024 and 2023 Plan years. Additional profit sharing amounts were allowed to be contributed at the discretion of the Company's board of directors prior to January 1, 2013. To have been eligible to receive a profit sharing allocation, a participant must have attained 21 years of age and have completed 6 months of service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts and Investment Options

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, discretionary matching contributions, if any, Plan earnings, and is charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their contributions and Company contributions to any of the investment options offered by the Plan. All amounts in participant accounts are participant-directed.

Notes to Financial Statements

December 31, 2024 and 2023

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions and discretionary matching contributions plus actual earnings thereon. Effective January 1, 2019, participants hired after that date are required to have one year of credited service, defined as 1,000 hours of service within a Plan year, to be one-year cliff vested in the Company's safe harbor matching contributions made after that date.

Vesting in the Company's previously available (prior to January 1, 2013) profit sharing contribution portion of their accounts is based on years of continuous service. Generally, a participant becomes 20 percent vested after completing two years of service as defined in the Plan. Their vested percentage increases 20 percent per year for years three through five and becomes 100 percent vested after six or more years of credited service.

Notes Receivable from Participants

Participants may only have one loan outstanding from the Plan at a time. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or longer for loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Under the provisions of the CARES Act, the limit on participant loans made between March 27 and September 22, 2020 was raised to \$100,000 for qualified individuals. The Plan also suspended loan repayments due between March 27 and December 31, 2020, at the option of certain qualified individuals.

Payment of Benefits

On termination of service due to death, disability, or retirement, the Plan automatically provides for a lump-sum form of payment of the participant's vested interest in his or her account. Alternative forms of benefit payment include substantially equal installment payments or partial withdrawals. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. Vested benefits of \$5,000 or less will be distributed as a single lump-sum payment as soon as practicable following the event entitling distribution. Upon the March 2020 passage of the CARES Act, affected participants of the Plan were allowed to request and make certain coronavirus-related distributions (CRDs), which had to be taken prior to December 31, 2020, and under the provisions, terms and conditions as outlined in the CARES Act.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts and other unallocated assets totaled approximately \$118,000 and \$158,000, respectively. Forfeitures and other unallocated assets may be used to pay Plan administrative expenses and reduce Company contributions. During 2024, approximately \$71,000 of non-vested accounts were forfeited by participants.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by investment advisors, the trustee and insurance company with whom it has an investment contract. See Fair Value Measurements footnote for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, or less any prepaid interest. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Money Market Accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023, respectively.

Fully Benefit Responsive Investment Contract with Insurance Company

The Plan has an interest in a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a separate investment account named the MassMutual SAGIC, which backs the contract. The Plan is credited with earnings based on anticipated market returns on the underlying investments in the separate investment account and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported in the certified investment information provided to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events as detailed in the contract (e.g., complete or partial termination of the Plan, a material change in Plan investment fund, or a material change in the operations of the Plan) may limit the Plan from transacting at contract value. The Plan Administrator does not believe that the occurrence of any such value events, which would limit the Plan's ability to transact at contract value with participants, is probable.

Any employer originated transfer or distribution, including employer level surrender of the contract, will be subject to at least a 30-day advance notice.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on Empower's ability to meet its financial obligations.

Notes to Financial Statements

December 31, 2024 and 2023

Fully Benefit Responsive Investment Contract with Insurance Company (continued)

This ability to meet contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with Empower, which cannot be less than zero percent. Such interest rates are reviewed for resetting each quarter. Key factors that could influence future average interest crediting rates are prevailing market interest rates and underlying Diversified Bond II Separate Investment Account investment performance. For 2024, the average yield and credited interest rate was 2.75 percent.

Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, qualified institutions, have certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments and participants' notes receivable as shown in the Statements of Net Assets Available for Benefits for the years ended December 31, 2024 and 2023;
- Net appreciation in fair value of investments and dividends and interest as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2024.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information included in the financial statements and ERISA-required supplemental schedule.

Expenses of the Plan

Certain expenses of administering the Plan and the related Plan assets are paid by the Company. Participant accounts are charged fees established by the Plan for certain participant-initiated transactions. Revenue sharing amounts received by the Plan less indirect investment related expenses are netted within net appreciation or depreciation of the fair value of investments.

Tax Status

The underlying volume submitter profit sharing plan with CODA, that was adopted with the Plan restatement effective January 1, 2016 and used through April 30, 2022, has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code), and therefore the related trust is tax exempt. In accordance with Revenue Procedure 2011-49, 2011-44 I.R.B. 608 the Company has determined that it is eligible to and has chosen to rely on the referenced IRS volume submitter opinion letter.

Notes to Financial Statements

December 31, 2024 and 2023

Tax Status (continued)

Effective May 1, 2022, the Plan was amended and restated using a defined contribution pre-approved plan. The primary objective of the amendment and restatement was to adopt the updated provisions of the underlying plan as offered by the Plan's current recordkeeper and its related entities, as most recently opined on by the IRS. The underlying non-standardized pre-approved profit sharing/money purchase/CODA plan has received an opinion letter from the IRS dated November 14, 2022 stating that the form of the Plan is qualified under Section 401 of the Code and therefore the related trust is tax exempt. In accordance with Revenue Procedure (Rev. Proc. 2017-41, 2017-29 I.R.B. 92, the Company has determined that it is eligible to and has chosen to rely on the IRS opinion letter dated November 14, 2022.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that they will be taking steps necessary to correct operational matters that have come to their attention to maintain the qualified status of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participants' account, including Company contributions, become fully vested.

Notes to Financial Statements

December 31, 2024 and 2023

Subsequent Events

The Plan evaluated subsequent events through July 1, 2025, the date the financial statements were issued.
