INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee of the Alpine Physician Partners, LLC 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Alpine Physician Partners, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Alpine Physician Partners, LLC (Company or Alpine) 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan covering employees of the Company and its wholly owned subsidiaries beginning on the first pay period of employment and who have attained age 18. The Plan excludes leased employees, collectively bargained employees, independent contractors, residents of Puerto Rico, and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Employee Benefits Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

The inception of the Plan was effective on January 1, 2023. As of December 31, 2023, the Plan included the lead employer, Alpine, and the following related participating employers: ASAS Health, LLC (ASAS), Alpine Medical Group Colorado, PLLC (AMGCO), Alpine Physician Partners Colorado, LLC (APPCO), Chase Grant Billing, PC (CHASE), Flagship Health, LLC (FLAGHEALTH), Flagship Medical Group, PLLC (FLAGMED), Meadows Family Medical Center, PLLC (MEADOWS), Monzer H Yazji, MD & Associates, PLLC (MONZER), and Physician Health Partners, LLC (PHP).

The Plan was amended on September 20, 2023, which had a retroactive effective date of January 1, 2023, to modify the related and un-related participating employers. Prior to the amendment, the Plan was classified as a multiple-employer plan. The related participating employers included ASAS, APPCO, and CHASE. The un-related participating employers included AMGCO, MEADOWS, MONZER, and PHP. As a result of the amendment, the Plan was re-classified as a single-employer plan. FLAGHEALTH and FLAGMED were added as related participating employers and AMGCO, MEADOWS, MONZER, and PHP were changed to related participating employers. There were no un-related participating employers following the amendment.

The Plan was amended effective November 1, 2023, to remove the 401(k) safe harbor matching employer contributions provision. Prior to the amendment, the Employer contribution offered to PHP participants was a safe harbor match. As a result of the amendment, the Employer contribution offered to PHP participants is a discretionary match. The matching formulas described under Note A(3) were not modified as a result of this amendment.

The Plan was amended effective December 15, 2023, to specify the vesting provisions for each participating employer in the Alpine adoption agreement. Prior to the amendment, the vesting provisions were defined in the respective participating employer's adoption agreements. As a result of the amendment, the vesting provisions specified under Note A(5) were elected and specified explicitly in the Alpine adoption agreement. The vesting provisions for each participating employer were not modified as a result of this amendment.

The plan was amended effective July 26, 2024, to decrease the deferral limit of eligible compensation for all participants eligible to make catch up contributions from 100 percent to 75 percent.

2. *Participants' Contributions*

Each year, participants may contribute up to 75 percent of pre-tax and post-tax annual compensation, as defined in the Plan, subject to the maximum elective deferral amount of $23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) or make an in-plan Roth rollover contribution. Salary deferral contributions can be changed or stopped at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. For CHASE, MEADOWS and PHP employees, the Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. For CHASE and MEADOWS, automatically enrolled participants with deferral rates less than 6 percent will have their deferral rate automatically increased by 1 percent each Plan year up to 6 percent of compensation unless they affirmatively elect not to participate in the auto escalate feature. The Plan currently offers various mutual and money market funds, collective investment trust funds, and a stable value fund as investment options for participants. Participant and employer contributions are subject to certain IRS limitations.

3. *Employer Contributions*

For Alpine, ASAS, FLAGHEALTH, FLAGMED, and MONZER participants, the Company contributes a matching contribution equal to 100 percent of the first 2 percent of compensation that a participant contributes to the Plan and 50 percent of the next 2 percent of compensation, for a maximum of 3 percent. For AMGCO, APPCO, and PHP participants, the Company contributes a matching contribution equal to 100 percent of the first 3 percent of compensation that a participant contributes to the Plan and 50 percent of the next 2 percent of compensation, for a maximum of 4 percent. Additional discretionary non-elective contributions equal to a percentage determined by the Company may also be made with approval by the Company's Board of Directors. The contributions are allocated to participants' accounts in the proportion that each participant's compensation bears to the total participants' compensation. The Company did not make any discretionary non-elective contributions to the Plan during 2024 or 2023. Participants direct the Company contributions into various investment options offered by the Plan. Employer contributions are subject to certain IRS limitations.

4. *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions (if applicable), as well as allocations of other Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting*

All participants are vested immediately in their contributions and employer discretionary non-elective contributions plus actual earnings thereon. For Alpine, ASAS, FLAGHEALTH, FLAGMED, and MONZER participants, vesting in the Employer matching contribution is based on years of continuous

service. These participants vest 25 percent each year and are 100 percent vested after four years of credited service. For AMGCO, APPCO, and PHP participants, vesting in the Employer matching contribution occurs immediately.

6. *Unallocated Assets and Forfeited Accounts*

   As of December 31, 2024 and 2023, unallocated asset and forfeited nonvested accounts totaled $63,641 and $16,882, respectively. These assets can be used to reduce future employer contributions or to pay for Plan administrative expenses. In 2024 and 2023, future employer contributions were reduced by $0 and $6,446, respectively, from forfeited nonvested accounts. Also, in 2024 and 2023, administrative expenses of $3,165 and $622, respectively, were paid from forfeited nonvested accounts.

7. *Notes Receivable From Participants*

   Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants may have up to two outstanding loans at any given time. Loans are required to be repaid within five years, except for the purchase of a primary residence, which may be repaid over a thirty-year period. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined at the date the loan is made and is set at the prime rate plus one percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

8. *Payment of Benefits*

   On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum distribution or installment payments equal to the value of the participant's vested interest in his or her account, or roll over the account balance to an IRA or to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, partial withdrawals, installment payments, or roll over the account balance to an IRA or to another qualified retirement plan. Accounts for terminated participants with balances in excess of $5,000 are maintained in the Plan until the participant requests a distribution. As of December 31, 2024 and 2023, no amounts were required to be allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid. In-service withdrawals are permitted upon the attainment of age 59 ½. In addition, hardship distributions are permitted if certain criteria are met, including a minimum withdrawal amount of $500.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

   The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Use of Estimates*

   The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

   Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies by utilizing information provided by the investment advisor and trustee. See Note E for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Contributions*

   Contributions from plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

5. *Notes Receivable From Participants*

   Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

6. *Payment of Benefits*

   Benefits are recorded when paid.

7. *Administrative Expenses*

   Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation of fair value of investments.

8. *Contributions Receivable and Current Expected Credit Losses*

   Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan calendar year ended December 31, 2025, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of $0 as of December 31, 2024 and 2023.

9. *Subsequent Events*

The Plan has evaluated subsequent events through July 23, 2025, the date the financial statements were available to be issued, and has determined that there are no events noted in the subsequent period that would have impacted results reported herein or that should be disclosed.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

The following information, which is included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year), has been certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan) as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and has not been audited:

- Schedule of Assets (Held at End of Year)

NOTE D – PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Investments Institutional Operations Company, LLC (Fidelity). Fidelity is the Plan's record keeper for the plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity amounted to $69,499 and $55,347 for the years ended December 31, 2024 and 2023, respectively.

Plan investment advisory and other services are provided by Strategic Advisers, Inc., therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Strategic Advisers, Inc. amounted to $13,010 and $3,746 for the years ended December 31, 2024 and 2023, respectively.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Collective trust and stable value funds: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the collective trusts and stable value fund are reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total Fair Value**

NOTE F – TAX STATUS

The IRS has determined and informed the Plan by an advisory opinion letter dated June 30, 2020, that the pre-approved plan adopted by the Plan sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since that date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their applicable employer contributions.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee of the Alpine Physician Partners, LLC 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Alpine Physician Partners, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Alpine Physician Partners, LLC (Company or Alpine) 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan covering employees of the Company and its wholly owned subsidiaries beginning on the first pay period of employment and who have attained age 18. The Plan excludes leased employees, collectively bargained employees, independent contractors, residents of Puerto Rico, and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Employee Benefits Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

The inception of the Plan was effective on January 1, 2023. As of December 31, 2023, the Plan included the lead employer, Alpine, and the following related participating employers: ASAS Health, LLC (ASAS), Alpine Medical Group Colorado, PLLC (AMGCO), Alpine Physician Partners Colorado, LLC (APPCO), Chase Grant Billing, PC (CHASE), Flagship Health, LLC (FLAGHEALTH), Flagship Medical Group, PLLC (FLAGMED), Meadows Family Medical Center, PLLC (MEADOWS), Monzer H Yazji, MD & Associates, PLLC (MONZER), and Physician Health Partners, LLC (PHP).

The Plan was amended on September 20, 2023, which had a retroactive effective date of January 1, 2023, to modify the related and un-related participating employers. Prior to the amendment, the Plan was classified as a multiple-employer plan. The related participating employers included ASAS, APPCO, and CHASE. The un-related participating employers included AMGCO, MEADOWS, MONZER, and PHP. As a result of the amendment, the Plan was re-classified as a single-employer plan. FLAGHEALTH and FLAGMED were added as related participating employers and AMGCO, MEADOWS, MONZER, and PHP were changed to related participating employers. There were no un-related participating employers following the amendment.

The Plan was amended effective November 1, 2023, to remove the 401(k) safe harbor matching employer contributions provision. Prior to the amendment, the Employer contribution offered to PHP participants was a safe harbor match. As a result of the amendment, the Employer contribution offered to PHP participants is a discretionary match. The matching formulas described under Note A(3) were not modified as a result of this amendment.

The Plan was amended effective December 15, 2023, to specify the vesting provisions for each participating employer in the Alpine adoption agreement. Prior to the amendment, the vesting provisions were defined in the respective participating employer's adoption agreements. As a result of the amendment, the vesting provisions specified under Note A(5) were elected and specified explicitly in the Alpine adoption agreement. The vesting provisions for each participating employer were not modified as a result of this amendment.

The plan was amended effective July 26, 2024, to decrease the deferral limit of eligible compensation for all participants eligible to make catch up contributions from 100 percent to 75 percent.

2. *Participants' Contributions*

Each year, participants may contribute up to 75 percent of pre-tax and post-tax annual compensation, as defined in the Plan, subject to the maximum elective deferral amount of $23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) or make an in-plan Roth rollover contribution. Salary deferral contributions can be changed or stopped at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. For CHASE, MEADOWS and PHP employees, the Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. For CHASE and MEADOWS, automatically enrolled participants with deferral rates less than 6 percent will have their deferral rate automatically increased by 1 percent each Plan year up to 6 percent of compensation unless they affirmatively elect not to participate in the auto escalate feature. The Plan currently offers various mutual and money market funds, collective investment trust funds, and a stable value fund as investment options for participants. Participant and employer contributions are subject to certain IRS limitations.

3. *Employer Contributions*

For Alpine, ASAS, FLAGHEALTH, FLAGMED, and MONZER participants, the Company contributes a matching contribution equal to 100 percent of the first 2 percent of compensation that a participant contributes to the Plan and 50 percent of the next 2 percent of compensation, for a maximum of 3 percent. For AMGCO, APPCO, and PHP participants, the Company contributes a matching contribution equal to 100 percent of the first 3 percent of compensation that a participant contributes to the Plan and 50 percent of the next 2 percent of compensation, for a maximum of 4 percent. Additional discretionary non-elective contributions equal to a percentage determined by the Company may also be made with approval by the Company's Board of Directors. The contributions are allocated to participants' accounts in the proportion that each participant's compensation bears to the total participants' compensation. The Company did not make any discretionary non-elective contributions to the Plan during 2024 or 2023. Participants direct the Company contributions into various investment options offered by the Plan. Employer contributions are subject to certain IRS limitations.

4. *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions (if applicable), as well as allocations of other Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting*

All participants are vested immediately in their contributions and employer discretionary non-elective contributions plus actual earnings thereon. For Alpine, ASAS, FLAGHEALTH, FLAGMED, and MONZER participants, vesting in the Employer matching contribution is based on years of continuous

service. These participants vest 25 percent each year and are 100 percent vested after four years of credited service. For AMGCO, APPCO, and PHP participants, vesting in the Employer matching contribution occurs immediately.

6. *Unallocated Assets and Forfeited Accounts*

   As of December 31, 2024 and 2023, unallocated asset and forfeited nonvested accounts totaled $63,641 and $16,882, respectively. These assets can be used to reduce future employer contributions or to pay for Plan administrative expenses. In 2024 and 2023, future employer contributions were reduced by $0 and $6,446, respectively, from forfeited nonvested accounts. Also, in 2024 and 2023, administrative expenses of $3,165 and $622, respectively, were paid from forfeited nonvested accounts.

7. *Notes Receivable From Participants*

   Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants may have up to two outstanding loans at any given time. Loans are required to be repaid within five years, except for the purchase of a primary residence, which may be repaid over a thirty-year period. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined at the date the loan is made and is set at the prime rate plus one percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

8. *Payment of Benefits*

   On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum distribution or installment payments equal to the value of the participant's vested interest in his or her account, or roll over the account balance to an IRA or to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, partial withdrawals, installment payments, or roll over the account balance to an IRA or to another qualified retirement plan. Accounts for terminated participants with balances in excess of $5,000 are maintained in the Plan until the participant requests a distribution. As of December 31, 2024 and 2023, no amounts were required to be allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid. In-service withdrawals are permitted upon the attainment of age 59 ½. In addition, hardship distributions are permitted if certain criteria are met, including a minimum withdrawal amount of $500.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

   The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Use of Estimates*

   The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

   Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies by utilizing information provided by the investment advisor and trustee. See Note E for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Contributions*

   Contributions from plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

5. *Notes Receivable From Participants*

   Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

6. *Payment of Benefits*

   Benefits are recorded when paid.

7. *Administrative Expenses*

   Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation of fair value of investments.

8. *Contributions Receivable and Current Expected Credit Losses*

   Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan calendar year ended December 31, 2025, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of $0 as of December 31, 2024 and 2023.

9. *Subsequent Events*

The Plan has evaluated subsequent events through July 23, 2025, the date the financial statements were available to be issued, and has determined that there are no events noted in the subsequent period that would have impacted results reported herein or that should be disclosed.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

The following information, which is included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year), has been certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan) as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and has not been audited:

NOTE D – PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Investments Institutional Operations Company, LLC (Fidelity). Fidelity is the Plan's record keeper for the plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity amounted to $69,499 and $55,347 for the years ended December 31, 2024 and 2023, respectively.

Plan investment advisory and other services are provided by Strategic Advisers, Inc., therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Strategic Advisers, Inc. amounted to $13,010 and $3,746 for the years ended December 31, 2024 and 2023, respectively.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Collective trust and stable value funds: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the collective trusts and stable value fund are reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total Fair Value**

Investments measured at net asset value*	—	—	—	42,732,512
Investments at fair value	$ 5,208,069	—	—	$ 47,940,581

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total Fair Value

*In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE F – TAX STATUS

The IRS has determined and informed the Plan by an advisory opinion letter dated June 30, 2020, that the pre-approved plan adopted by the Plan sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since that date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their applicable employer contributions.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee of the Alpine Physician Partners, LLC 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Alpine Physician Partners, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Alpine Physician Partners, LLC (Company or Alpine) 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan covering employees of the Company and its wholly owned subsidiaries beginning on the first pay period of employment and who have attained age 18. The Plan excludes leased employees, collectively bargained employees, independent contractors, residents of Puerto Rico, and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Employee Benefits Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

The inception of the Plan was effective on January 1, 2023. As of December 31, 2023, the Plan included the lead employer, Alpine, and the following related participating employers: ASAS Health, LLC (ASAS), Alpine Medical Group Colorado, PLLC (AMGCO), Alpine Physician Partners Colorado, LLC (APPCO), Chase Grant Billing, PC (CHASE), Flagship Health, LLC (FLAGHEALTH), Flagship Medical Group, PLLC (FLAGMED), Meadows Family Medical Center, PLLC (MEADOWS), Monzer H Yazji, MD & Associates, PLLC (MONZER), and Physician Health Partners, LLC (PHP).

The Plan was amended on September 20, 2023, which had a retroactive effective date of January 1, 2023, to modify the related and un-related participating employers. Prior to the amendment, the Plan was classified as a multiple-employer plan. The related participating employers included ASAS, APPCO, and CHASE. The un-related participating employers included AMGCO, MEADOWS, MONZER, and PHP. As a result of the amendment, the Plan was re-classified as a single-employer plan. FLAGHEALTH and FLAGMED were added as related participating employers and AMGCO, MEADOWS, MONZER, and PHP were changed to related participating employers. There were no un-related participating employers following the amendment.

The Plan was amended effective November 1, 2023, to remove the 401(k) safe harbor matching employer contributions provision. Prior to the amendment, the Employer contribution offered to PHP participants was a safe harbor match. As a result of the amendment, the Employer contribution offered to PHP participants is a discretionary match. The matching formulas described under Note A(3) were not modified as a result of this amendment.

The Plan was amended effective December 15, 2023, to specify the vesting provisions for each participating employer in the Alpine adoption agreement. Prior to the amendment, the vesting provisions were defined in the respective participating employer's adoption agreements. As a result of the amendment, the vesting provisions specified under Note A(5) were elected and specified explicitly in the Alpine adoption agreement. The vesting provisions for each participating employer were not modified as a result of this amendment.

The plan was amended effective July 26, 2024, to decrease the deferral limit of eligible compensation for all participants eligible to make catch up contributions from 100 percent to 75 percent.

2. *Participants' Contributions*

Each year, participants may contribute up to 75 percent of pre-tax and post-tax annual compensation, as defined in the Plan, subject to the maximum elective deferral amount of $23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) or make an in-plan Roth rollover contribution. Salary deferral contributions can be changed or stopped at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. For CHASE, MEADOWS and PHP employees, the Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. For CHASE and MEADOWS, automatically enrolled participants with deferral rates less than 6 percent will have their deferral rate automatically increased by 1 percent each Plan year up to 6 percent of compensation unless they affirmatively elect not to participate in the auto escalate feature. The Plan currently offers various mutual and money market funds, collective investment trust funds, and a stable value fund as investment options for participants. Participant and employer contributions are subject to certain IRS limitations.

3. *Employer Contributions*

For Alpine, ASAS, FLAGHEALTH, FLAGMED, and MONZER participants, the Company contributes a matching contribution equal to 100 percent of the first 2 percent of compensation that a participant contributes to the Plan and 50 percent of the next 2 percent of compensation, for a maximum of 3 percent. For AMGCO, APPCO, and PHP participants, the Company contributes a matching contribution equal to 100 percent of the first 3 percent of compensation that a participant contributes to the Plan and 50 percent of the next 2 percent of compensation, for a maximum of 4 percent. Additional discretionary non-elective contributions equal to a percentage determined by the Company may also be made with approval by the Company's Board of Directors. The contributions are allocated to participants' accounts in the proportion that each participant's compensation bears to the total participants' compensation. The Company did not make any discretionary non-elective contributions to the Plan during 2024 or 2023. Participants direct the Company contributions into various investment options offered by the Plan. Employer contributions are subject to certain IRS limitations.

4. *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions (if applicable), as well as allocations of other Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting*

All participants are vested immediately in their contributions and employer discretionary non-elective contributions plus actual earnings thereon. For Alpine, ASAS, FLAGHEALTH, FLAGMED, and MONZER participants, vesting in the Employer matching contribution is based on years of continuous

service. These participants vest 25 percent each year and are 100 percent vested after four years of credited service. For AMGCO, APPCO, and PHP participants, vesting in the Employer matching contribution occurs immediately.

6. *Unallocated Assets and Forfeited Accounts*

   As of December 31, 2024 and 2023, unallocated asset and forfeited nonvested accounts totaled $63,641 and $16,882, respectively. These assets can be used to reduce future employer contributions or to pay for Plan administrative expenses. In 2024 and 2023, future employer contributions were reduced by $0 and $6,446, respectively, from forfeited nonvested accounts. Also, in 2024 and 2023, administrative expenses of $3,165 and $622, respectively, were paid from forfeited nonvested accounts.

7. *Notes Receivable From Participants*

   Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants may have up to two outstanding loans at any given time. Loans are required to be repaid within five years, except for the purchase of a primary residence, which may be repaid over a thirty-year period. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined at the date the loan is made and is set at the prime rate plus one percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

8. *Payment of Benefits*

   On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum distribution or installment payments equal to the value of the participant's vested interest in his or her account, or roll over the account balance to an IRA or to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, partial withdrawals, installment payments, or roll over the account balance to an IRA or to another qualified retirement plan. Accounts for terminated participants with balances in excess of $5,000 are maintained in the Plan until the participant requests a distribution. As of December 31, 2024 and 2023, no amounts were required to be allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid. In-service withdrawals are permitted upon the attainment of age 59 ½. In addition, hardship distributions are permitted if certain criteria are met, including a minimum withdrawal amount of $500.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

   The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Use of Estimates*

   The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

   Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies by utilizing information provided by the investment advisor and trustee. See Note E for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Contributions*

   Contributions from plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

5. *Notes Receivable From Participants*

   Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

6. *Payment of Benefits*

   Benefits are recorded when paid.

7. *Administrative Expenses*

   Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation of fair value of investments.

8. *Contributions Receivable and Current Expected Credit Losses*

   Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan calendar year ended December 31, 2025, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of $0 as of December 31, 2024 and 2023.

9. *Subsequent Events*

The Plan has evaluated subsequent events through July 23, 2025, the date the financial statements were available to be issued, and has determined that there are no events noted in the subsequent period that would have impacted results reported herein or that should be disclosed.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

The following information, which is included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year), has been certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan) as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and has not been audited:

Statements of Net Assets Available for Benefits

- All information

Statement of Changes in Net Assets Available for Benefits

- Dividends
- Interest
- Net realized and unrealized appreciation in fair value of investments
- Interest income on notes receivable from participants

ERISA-Required Supplemental Schedule

- Schedule of Assets (Held at End of Year)

NOTE D – PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Investments Institutional Operations Company, LLC (Fidelity). Fidelity is the Plan's record keeper for the plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity amounted to $69,499 and $55,347 for the years ended December 31, 2024 and 2023, respectively.

Plan investment advisory and other services are provided by Strategic Advisers, Inc., therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Strategic Advisers, Inc. amounted to $13,010 and $3,746 for the years ended December 31, 2024 and 2023, respectively.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Collective trust and stable value funds: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the collective trusts and stable value fund are reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total Fair Value**
Money market fund	$ 59,190	—	—	$ 59,190

Investments at fair value	$ 3,221,339	—	—	$ 35,846,015

*In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE F – TAX STATUS

The IRS has determined and informed the Plan by an advisory opinion letter dated June 30, 2020, that the pre-approved plan adopted by the Plan sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since that date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their applicable employer contributions.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
