## Independent Auditors' Report

To the Board of Directors of the  
403(b) Thrift Plan for Employees of VALLEYLIFE  
Phoenix, Arizona

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the 403(b) Thrift Plan for Employees of VALLEYLIFE (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 1 - DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan for Employees of VALLEYLIFE (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by VALLEYLIFE (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's Board of Directors. The Plan's custodian, Mutual of America Life Insurance Company ("Mutual of America"), is responsible for the custody and management of the Plan's assets and also acts as the third-party administrator who processes and maintains the records of participant data.

Eligibility: Employees become eligible to contribute elective deferrals on their first day of employment. Employees become eligible to receive Employer contributions once they have completed three months of service, are employed on the last day of the plan year, and are at least 18 years of age.

Plan Contributions: Participants may contribute, for any calendar year, up to the lesser of 100% of their compensation or the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employees who complete 15 years of service before the end of the plan year are eligible to make catch up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in the Mutual of America Interest Accumulation Account. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Employer has elected to make matching contributions to the Plan. For the Plan years ended December 31, 2024 and 2023, the matching contributions equal 100% of the first 4% of compensation deferred by participants.

The Employer may, at its discretion, elect to make non-elective contributions to the Plan. This employer base contribution will be made whether or not the employee is making contributions. There were no discretionary non-elective contributions to the Plan for the year ended December 31, 2024.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 1 - DESCRIPTION OF PLAN (continued)

Participant Accounts: Each participant's account is credited with the participant's contributions, an allocation of the Employer's matching contributions, and an allocation of plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions. A participant's vested interest in the Employer's contributions is determined based on credited years of service, as reflected in the following vesting schedule.

Less than 1 year of service.....	0% Vested
1 year of service.....	20% Vested
2 years of service.....	40% Vested
3 years of service.....	60% Vested
4 years of service.....	80% Vested
5 years of service or more.....	100% Vested

Any part of the employer contributions which is not vested will be forfeited when the participant receives the distribution of the vested balance and will thereafter be used to reduce the Employer's contributions or administrative expenses.

Distributions: Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum payment.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance held with Mutual of America. The maximum number of loans that a participant may have outstanding is limited to three loans. Principal and interest is repaid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. At December 31, 2024 and 2023, interest rates charged for loans were 5.85% and 3.25%, respectively. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Forfeited Accounts: There were \$38,861 and \$23,445 in forfeitures used to reduce employer contributions to the Plan for the years ended December 31, 2024 and 2023, respectively. As of December 31, 2024 and 2023, there were \$550 and \$199, respectively, in forfeited non-vested accounts available to be used to pay for plan administrative expenses or reduce future employer contributions to the Plan.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting except for the distributions paid to participants which are presented on the cash basis of accounting. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation on investments of those investments.

Distributions: Distributions are recorded when paid. At December 31, 2024 and 2023, there were no benefits processed and approved for payment, but not paid.

Expenses: Certain administrative expenses of the Plan may be paid by the Employer. Other expenses may be paid from plan assets and are deducted from participant accounts in accordance with the plan document.

#### NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Mutual of America, the custodian, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedules related thereto. This information includes investments held and notes receivable from participants at December 31, 2024 and 2023 and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodian. The plan administrator, therefore, has instructed the independent public accountants to exclude the information certified by the custodian from the scope of their audit.

#### NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan applies FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. FASB ASC 820 provides the framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Pooled Separate Accounts:* Valued at the net asset value per share ("NAV") or equivalent based on units of pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The NAV is measured by the custodian or investment manager on a daily basis. Participant transactions, including purchases and sales, may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

Investment Type	Total	Level I	Level II	Level III
Pooled Separate Accounts*:	<u>\$ 5,810,862</u>			

Investments at fair value as of December 31, 2023:

Investment Type	Total	Level I	Level II	Level III
Pooled Separate Accounts*:	<u>\$ 4,867,682</u>			

\* In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts:	\$ 5,810,862	\$ -	Daily	None

Investments at fair value as of December 31, 2023:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts:	\$ 4,867,682	\$ -	Daily	None

The Plan has investments in various pooled separate accounts which invest in Equity, Fixed Income, Real Estate Investment Trust, Balanced, Asset Allocation, and Retirement funds. The objectives of the various investment fund vehicles are described below:

**Equity Funds:** The primary investment objective is to provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. These funds seek to achieve a high level of return, through both appreciations of capital and, to a lesser extent, current income, by means of a diversified portfolio of primarily common stocks with a broad exposure to the market.

**Fixed Income Funds:** The primary investment objective is to provide as high a level of current income over time as is believed to be consistent with prudent investment risk. A secondary objective is preservation of capital. The average maturity of the underlying fund's securities holdings will be between three and seven years. The underlying fund seeks to achieve its objective by investing primarily in investment-grade, publicly traded debt securities, such as bonds, U.S. Government and agency securities, including mortgage-backed securities, and zero coupon securities.

**Real Estate Investment Trust:** The primary investment objective is to provide a high level of income and moderate long-term capital appreciation by tracking the performance of a benchmark index that measures the performance of publicly traded real estate investment trusts (known as REITs). The portfolio attempts to replicate the REIT index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

**Balanced Funds:** The primary investment objective is to achieve capital appreciation and current income, through investing in a diversified portfolio of publicly-traded common stocks, debt securities and money market instruments. The underlying fund seeks to achieve long-term growth of its capital and increase income by investing in common stocks and other equity-type securities, and a high level of current income through investments in publicly-traded debt securities and money market instruments.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

**Asset Allocation:** The primary investment objective is to provide current income and, to a lesser extent, capital appreciation and are generally composed of a combination of fixed income and equity investment options. These investments are typically lower risk than investment options that invest solely in equities.

**Retirement:** The primary investment objective is to provide current income and capital appreciation appropriate for the asset allocation associated with its target retirement date. The underlying fund invests in other funds of an investment company in proportions that are balanced to meet the goal of the fund, which is to produce current income and preserve the value of the investments of retired individuals.

#### NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Mutual of America. The general account portion of this contract, or the Interest Accumulation Account, represents a deposit administration contract, and the assets in this account are commingled with other assets of the insurance company. The account is reported at contract value and credited with interest at the rate specified in the contract, but may not be less than 1% nor greater than 3%, and is charged with the purchase price of annuities when participants retire and with any incidental benefits (death, disability, and withdrawal) disbursed directly from the account. The average yield and crediting yield was approximately 2.9% and 1.15% for the years ended December 31, 2024 and 2023, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, spinoffs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. Plan management does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

#### NOTE 7 - PLAN TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Service Code (the "Code") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 7 - PLAN TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

#### NOTE 9 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are with Mutual of America, who is the custodian as defined by the Plan. Any purchases and sales of these funds are done in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to Mutual of America and related companies for investment management are deducted from earnings and included in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Other administrative fees are paid by the Employer on behalf of the Plan.

#### NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated all events or transactions that occurred after December 31, 2024, through July 25, 2025, the date the Plan issued these financial statements.

## Independent Auditors' Report

To the Board of Directors of the  
403(b) Thrift Plan for Employees of VALLEYLIFE  
Phoenix, Arizona

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the 403(b) Thrift Plan for Employees of VALLEYLIFE (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 1 - DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan for Employees of VALLEYLIFE (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by VALLEYLIFE (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's Board of Directors. The Plan's custodian, Mutual of America Life Insurance Company ("Mutual of America"), is responsible for the custody and management of the Plan's assets and also acts as the third-party administrator who processes and maintains the records of participant data.

Eligibility: Employees become eligible to contribute elective deferrals on their first day of employment. Employees become eligible to receive Employer contributions once they have completed three months of service, are employed on the last day of the plan year, and are at least 18 years of age.

Plan Contributions: Participants may contribute, for any calendar year, up to the lesser of 100% of their compensation or the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employees who complete 15 years of service before the end of the plan year are eligible to make catch up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in the Mutual of America Interest Accumulation Account. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Employer has elected to make matching contributions to the Plan. For the Plan years ended December 31, 2024 and 2023, the matching contributions equal 100% of the first 4% of compensation deferred by participants.

The Employer may, at its discretion, elect to make non-elective contributions to the Plan. This employer base contribution will be made whether or not the employee is making contributions. There were no discretionary non-elective contributions to the Plan for the year ended December 31, 2024.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 1 - DESCRIPTION OF PLAN (continued)

Participant Accounts: Each participant's account is credited with the participant's contributions, an allocation of the Employer's matching contributions, and an allocation of plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions. A participant's vested interest in the Employer's contributions is determined based on credited years of service, as reflected in the following vesting schedule.

Less than 1 year of service.....	0% Vested
1 year of service.....	20% Vested
2 years of service.....	40% Vested
3 years of service.....	60% Vested
4 years of service.....	80% Vested
5 years of service or more.....	100% Vested

Any part of the employer contributions which is not vested will be forfeited when the participant receives the distribution of the vested balance and will thereafter be used to reduce the Employer's contributions or administrative expenses.

Distributions: Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum payment.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance held with Mutual of America. The maximum number of loans that a participant may have outstanding is limited to three loans. Principal and interest is repaid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. At December 31, 2024 and 2023, interest rates charged for loans were 5.85% and 3.25%, respectively. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Forfeited Accounts: There were \$38,861 and \$23,445 in forfeitures used to reduce employer contributions to the Plan for the years ended December 31, 2024 and 2023, respectively. As of December 31, 2024 and 2023, there were \$550 and \$199, respectively, in forfeited non-vested accounts available to be used to pay for plan administrative expenses or reduce future employer contributions to the Plan.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting except for the distributions paid to participants which are presented on the cash basis of accounting. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation on investments of those investments.

Distributions: Distributions are recorded when paid. At December 31, 2024 and 2023, there were no benefits processed and approved for payment, but not paid.

Expenses: Certain administrative expenses of the Plan may be paid by the Employer. Other expenses may be paid from plan assets and are deducted from participant accounts in accordance with the plan document.

#### NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Mutual of America, the custodian, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedules related thereto. This information includes investments held and notes receivable from participants at December 31, 2024 and 2023 and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodian. The plan administrator, therefore, has instructed the independent public accountants to exclude the information certified by the custodian from the scope of their audit.

#### NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan applies FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. FASB ASC 820 provides the framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Pooled Separate Accounts:* Valued at the net asset value per share ("NAV") or equivalent based on units of pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The NAV is measured by the custodian or investment manager on a daily basis. Participant transactions, including purchases and sales, may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

Investment Type	Total	Level I	Level II	Level III
Pooled Separate Accounts*:	<u>\$ 5,810,862</u>			

Investments at fair value as of December 31, 2023:

Investment Type	Total	Level I	Level II	Level III
Pooled Separate Accounts*:	<u>\$ 4,867,682</u>			

\* In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts:	\$ 5,810,862	\$ -	Daily	None

Investments at fair value as of December 31, 2023:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts:	\$ 4,867,682	\$ -	Daily	None

The Plan has investments in various pooled separate accounts which invest in Equity, Fixed Income, Real Estate Investment Trust, Balanced, Asset Allocation, and Retirement funds. The objectives of the various investment fund vehicles are described below:

**Equity Funds:** The primary investment objective is to provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. These funds seek to achieve a high level of return, through both appreciations of capital and, to a lesser extent, current income, by means of a diversified portfolio of primarily common stocks with a broad exposure to the market.

**Fixed Income Funds:** The primary investment objective is to provide as high a level of current income over time as is believed to be consistent with prudent investment risk. A secondary objective is preservation of capital. The average maturity of the underlying fund's securities holdings will be between three and seven years. The underlying fund seeks to achieve its objective by investing primarily in investment-grade, publicly traded debt securities, such as bonds, U.S. Government and agency securities, including mortgage-backed securities, and zero coupon securities.

**Real Estate Investment Trust:** The primary investment objective is to provide a high level of income and moderate long-term capital appreciation by tracking the performance of a benchmark index that measures the performance of publicly traded real estate investment trusts (known as REITs). The portfolio attempts to replicate the REIT index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

**Balanced Funds:** The primary investment objective is to achieve capital appreciation and current income, through investing in a diversified portfolio of publicly-traded common stocks, debt securities and money market instruments. The underlying fund seeks to achieve long-term growth of its capital and increase income by investing in common stocks and other equity-type securities, and a high level of current income through investments in publicly-traded debt securities and money market instruments.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

**Asset Allocation:** The primary investment objective is to provide current income and, to a lesser extent, capital appreciation and are generally composed of a combination of fixed income and equity investment options. These investments are typically lower risk than investment options that invest solely in equities.

**Retirement:** The primary investment objective is to provide current income and capital appreciation appropriate for the asset allocation associated with its target retirement date. The underlying fund invests in other funds of an investment company in proportions that are balanced to meet the goal of the fund, which is to produce current income and preserve the value of the investments of retired individuals.

#### NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Mutual of America. The general account portion of this contract, or the Interest Accumulation Account, represents a deposit administration contract, and the assets in this account are commingled with other assets of the insurance company. The account is reported at contract value and credited with interest at the rate specified in the contract, but may not be less than 1% nor greater than 3%, and is charged with the purchase price of annuities when participants retire and with any incidental benefits (death, disability, and withdrawal) disbursed directly from the account. The average yield and crediting yield was approximately 2.9% and 1.15% for the years ended December 31, 2024 and 2023, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, spinoffs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. Plan management does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

#### NOTE 7 - PLAN TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Service Code (the "Code") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

## 403(B) THRIFT PLAN FOR EMPLOYEES OF VALLEYLIFE

### Notes to the Financial Statements

December 31, 2024 and 2023

#### NOTE 7 - PLAN TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

#### NOTE 9 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are with Mutual of America, who is the custodian as defined by the Plan. Any purchases and sales of these funds are done in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to Mutual of America and related companies for investment management are deducted from earnings and included in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Other administrative fees are paid by the Employer on behalf of the Plan.

#### NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated all events or transactions that occurred after December 31, 2024, through July 25, 2025, the date the Plan issued these financial statements.
