Independent Auditors' Report

To the Plan Administrator
The Texas Bank and Trust Company Employee Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Texas Bank and Trust Company Employee Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Texas Bank and Trust Company Employee Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Texas Bank and Trust Company Employee Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Texas Bank and Trust Company Employee Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Texas Bank and Trust Company Employee Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Texas Bank and Trust Company Employee Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

GENERAL

The Plan is a defined contribution plan covering full-time employees of Texas Bank and Trust Company (the “Company”) and its subsidiaries and affiliates. The Plan covers substantially all full-time employees of the Company who have completed 60 days of service and are age twenty-one or older. Plan entry dates are the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

PLAN ADMINISTRATION

The Company is also the trustee of the Plan and is responsible for managing the Plan’s investment assets. The Company also performs the Plan’s administrative duties such as preparation of the Form 5500, participant recordkeeping, compliance testing and enrollment and transaction processing. Employees of the Company may perform certain other administrative functions; however, such employees receive no compensation from the Plan.

CONTRIBUTIONS

Participants may elect to contribute up in whole percentages of their pretax annual compensation not to exceed the limit of Code Section 401(k) which is \$23,000 and \$22,500 for 2024 and 2023, respectively. In addition, pursuant to Internal Revenue Code 414(v), participants that reach age 50 before the close of the plan year can make catch-up contributions in an amount up to \$7,500 and \$7,500 for 2024 and 2023, respectively. The participant may make Roth and eligible rollover contributions.

The Company makes matching contributions based on the Safe Harbor Matching formula, which is 100% of applicable contributions up to the first 5% of compensation. The Company may also make additional discretionary matching contributions.

In addition, the Company may also make a discretionary, profit-sharing contribution on behalf of active participants that have completed at least 1,000 hours of service during the year. These discretionary, profit-sharing contributions, if any, shall be allocated to active participants based on compensation. For 2024 and 2023, compensation is limited to \$345,000 and \$330,000, respectively, for determining employer contributions. Combined employer contributions and employee deferrals per employee for all employer sponsored defined contribution plans are limited to 100% of wages up to \$69,000 and \$66,000 for 2024 and 2023, respectively.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s contribution, an allocation of the Company’s contribution and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching and discretionary contributions to any options provided by the Plan. The Plan does not guarantee any rates of return or investment results. Participants may change their investment options quarterly via paper document, or anytime via online access.

**THE TEXAS BANK AND TRUST COMPANY
EMPLOYEE PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF PLAN - CONTINUED

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Under the Safe Harbor Matching Formula, employer matching contributions plus actual earnings thereon are also 100% vested. In the event the Company makes a discretionary matching or profit-sharing contribution on behalf of active participants, vesting in the contribution plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	% Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Full vesting also occurs at retirement (normal retirement age is sixty-five years), disability or death.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of the participant’s account balance or \$50,000. The loans are secured by the balance in the participant’s account. The loans bear interest at the prime rate at the time the loan is made. Repayment of loans is required to be made through payroll deductions.

PAYMENT OF BENEFITS

Participants are entitled to the benefits that can be provided from their individual account balances, subject to vesting, upon retirement, death, or termination. Payment is required to be made as soon as administratively feasible after one of these events occurs. For termination of service due to other reasons, a participant may withdraw his or her account balance through a lump sum payment. For terminations other than death, the payment may be cash or in-kind.

The Plan sponsor makes mandatory distributions to separate participants with balances less than \$5,000. In service distributions and hardship distributions are permitted if certain conditions are met.

FORFEITURES

Forfeitures are used to reduce employer contributions or pay administrative fees for the Plan. For the years ended December 31, 2024 and 2023, all forfeited amounts have been applied to reduce employer contributions or pay administrative fees of the Plan. There were no forfeited non vested accounts at December 31, 2024 and 2023. For the years ending December 31, 2024 and 2023, no forfeitures were used to reduce employer contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual basis of accounting.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES - CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments are presented at fair value, at December 31, 2024 and 2023. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are classified as notes receivable and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. When a participant fails to comply with the terms of a plan loan, the loan is in default. A defaulted loan may be treated as an actual distribution, a deemed distribution, or a combination of the two. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

PAYMENT OF BENEFITS

Benefits are recorded when paid when financial statement purposes.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid by the Company. Expenses paid by the Company are excluded from these financial statements. The Company paid or reimbursed the Plan for Plan expenses which amounted to \$333,948 and \$300,579 for 2024 and 2023, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosure, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identifiable assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**THE TEXAS BANK AND TRUST COMPANY
EMPLOYEE PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 3 – FAIR VALUE MEASUREMENTS - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common and preferred stocks: Fair value is determined by independent appraisals using composite value derived from asset, market and investment value methods of valuation.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the daily closing price as reported by the fund. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine that fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the trustee has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and participant notes receivable, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, and interest income from participant notes receivable as shown on the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- The schedule of assets held as of December 31, 2024.

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS

The Company’s trust and investment division serves as trustee of the Plan. As trustee the trust and investment division prepares statements, issues checks and files compliance reports under the supervision of the Plan Sponsor, Texas Bank and Trust. Administrative expenses of \$67,855 and \$66,065 were paid to the Plan Sponsor during 2024 and 2023. At December 31, 2024 and 2023, the Plan’s assets included 1,658 shares each year of Longview Financial Corporation common stock valued at \$1,322,692 and \$1,533,650, respectively, at December 31, 2024 and 2023. As of December 31, 2024 and 2023 there was no preferred stock of Longview Financial Corporation held. The stock value was estimated by an independent appraiser.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan with respect to either a portion of all of the participants by delivering to the trustee written notice of such termination. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The plan document is a prototype non-standardized defined contributions plan that received a favorable opinion letter dated June 30, 2020, which stated that the plan as then designed was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and has no income subject to unrelated business income tax.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has analyzed the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine examination by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 10 – SECURE ACT 2.0

On December 23, 2022 Congresses passed the Consolidated Appropriation Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend in the Plan Document accordingly. Most of the significant provisions became effective in 2024. There is no material impact to the Plan's 2024 financial statements.
