INDEPENDENT AUDITOR'S REPORT

To Fringe Benefit Group, Inc. sponsor of
The Contractors Retirement Plan Master Trust
Austin, Texas

We have audited the accompanying financial statements of The Contractors Retirement Plan Master Trust (Trust), a multiple employer trust comprised of single employer plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets as of December 31, 2024 and 2023, and the related statements of changes in net assets for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of The Contractors Retirement Plan Master Trust as of December 31, 2024 and 2023, and the changes in its net assets for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Contractors Retirement Plan Master Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Contractors Retirement Plan Master Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Trust instrument, including all Trust amendments, administering the Trust, and determining that the Trust's transactions that are presented and disclosed in the financial statements are in conformity with the Trust's provisions, including maintaining sufficient records with respect to the underlying single employer plans and their participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Contractors Retirement Plan Master Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Contractors Retirement Plan Master Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

The accompanying financial statements are those of The Contractors Retirement Plan Master Trust, which is established under the Trust Agreement; these financial statements do not purport to present the net assets available for benefits of the single employer plans established and sponsored by employers who adopt the Trust and do not contain certain information on accumulated plan benefits of the individual single employer plans and other disclosures necessary for a fair presentation of the net assets available for benefits of the single employer plans sponsored by employers in accordance with accounting principles generally accepted in the United States of America. Furthermore, these financial statements do not purport to satisfy the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 relating to the financial statements of employee benefit plans.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE CONTRACTORS RETIREMENT PLAN MASTER TRUST

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF PLANS

Organization

The Contractors Retirement Plan Master Trust (the Trust) was established in 1987 and currently holds the investments for multiple employers that have established single employer plans, any one of which may be one or more of the following: money purchase pension plans, profit sharing plans and/or 401(k) plans (the “employer plans” or “plans”). Fringe Benefit Group, Inc. is the “Master Plan Sponsor” of the “Prototype Plan” documents, which consists of an adoption agreement, base plan document, and IRS Opinion Letter. Employers execute their own adoption agreement to establish their single employer plan(s) for their employees. The total number of employer sponsored plans participating in the Trust at December 31, 2024 and 2023 was 1,361 and 1,430, respectively.

The Trust reports as a 103-12 Investment Entity as defined by 29 CFR 2520.103-12 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In General

The Trust was created as a vehicle through which employers could select a partially bundled retirement product to provide retirement benefits to their employees. By executing an Adoption Agreement to establish a retirement plan for its employees, an employer is electing to participate in the Trust, is selecting Fringe Benefit Group, Inc. as the third party administrator (“TPA”) for its plan and is also selecting the Investment Manager, Trustee, and recordkeeper as defined in the Trust Agreement and the service agreement between the employer and TPA. Based on information submitted by employers adopting a plan, the TPA maintains account records for such individual employer plans and their employees. Effective January 1, 2024, Transamerica Retirement Solutions (“TRS”), an affiliate of Transamerica Life Insurance Company, was assigned certain transactional duties of the Trust, while Fringe Benefit Group retained other recordkeeping functions as well as TPA services.

The following information regarding the employer plans is general in nature only. Participants should refer to their employer’s plan documents for a more complete description of their plan’s provisions.

Valuation Options

Daily valuation is the method used to value participants’ accounts. Investment gain or loss is recognized in participant accounts on a daily basis as the unit values of the underlying investment funds change.

THE CONTRACTORS RETIREMENT PLAN MASTER TRUST

A. DESCRIPTION OF PLANS – Continued

Investment and Investment Options

Each employer selects whether its plan will be established as a participant directed plan or a non-participant directed plan. For the majority of the year ended December 31, 2023, the employer choose between Transamerica Life Insurance Company and Nationwide Trust Company platforms (the “Platform Providers”) that were available under the Trust. Effective December 28, 2023, all investments were made available solely through Transamerica Life Insurance Company.

Non-Participant Directed Option

Under this option, the Investment Manager selects and monitors investment funds that will be made available to all employer plans who do not elect to offer a participant-directed investment strategy from the Platform Provider(s). The Investment Manager has full discretion to invest the plan’s assets.

Participant-Directed Option

Under this option, the Investment Manager selects and monitors investment funds that will be made available to all employer plans from the Platform Provider(s) and each employer, as the administrator for its respective plan, chooses from the various investment classes available through the Platform Provider the investment menu it will make available to its employees through its plan. The participant is permitted to make investment elections based upon the investment options made available by its employer.

Participants’ Accounts

Each participant’s account is credited with the participant’s employer and employee contributions. Investment earnings are allocated to the accounts on a daily basis. The benefit to which a participant is entitled is the value of the participant’s vested account at the time of distribution.

Contributions

Employer non-elective contributions to the plans are made primarily for employees rendering services for the employer on contracts subject to the Davis-Bacon Act, Service Contract Act, or a state or municipal prevailing wage law. Such contributions are determined by the employer. These contributions may be utilized to satisfy the wage determination issued by the governmental agency responsible for the contract subject to the prevailing wage law. Non-elective contributions may also be made for employees who are not subject to such prevailing wage laws at rates determined by the employer.

THE CONTRACTORS RETIREMENT PLAN MASTER TRUST

NOTES TO FINANCIAL STATEMENTS – CONTINUED

A. DESCRIPTION OF PLANS – Continued

Contributions – Continued

The 401(k) plans allow eligible employees to defer compensation, and, if permitted by the elections the employer made in the plan's Adoption Agreement, designate Roth elective contributions. The employer may also make matching, safe harbor or other discretionary contributions as elected in the plan's Adoption Agreement.

Vesting and Forfeitures

A participant's account may be 100% vested and non-forfeitable at all times. An employer may elect to subject matching, profit sharing, non-elective, and pension contributions to a vesting schedule of up to six years. Forfeitures are used to reduce future employer contributions or to offset plan expenses. Elective deferral, safe-harbor, and employer contributions used to satisfy prevailing wage laws are 100% vested and are non-forfeitable at all times.

Participant Loans

Employers have the option to allow participant loans from the plans up to a maximum of nine loans outstanding. New loans disbursed from the Trust and loan payments received by the Trust are reflected in the Statement of Changes in Net Assets. Participants in these employer plans may take a loan with a minimum value of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance from which to borrow. The contribution sources available for loans to participants are selected by the employer in their plan's Adoption Agreement. The loans are secured by the balance in the participant's account and bears interest which is commensurate with local prevailing rates.

Payment of Benefits

The value of the participant's account becomes payable upon actual retirement, termination of employment, disability, or death, and is payable in a single payment or, in some employer plans, an annuity if the amount of the benefit is greater than \$5,000. If the amount of the benefit is less than \$5,000, the benefit is payable in a single payment. Participants may be eligible for in-service distributions or hardship withdrawals depending on the terms of the plan as elected by the employer.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Trust are prepared on the accrual basis of accounting. The financial statements of the Trust do not purport to represent the net assets available for benefits or changes in net assets available for benefits of the single employer plans in accordance with generally accepted accounting principles. The investments of the Trust are either valued at fair market value or contract value (see Note C and D).

THE CONTRACTORS RETIREMENT PLAN MASTER TRUST

NOTES TO FINANCIAL STATEMENTS – CONTINUED

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments and Concentrations of Credit and Market Risk

The Trust provides for investments in a variety of investment securities, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Cash balances are maintained at high quality financial institutions. The Trust has not experienced any losses on its cash balances.

Investment Valuation

The investments held in the Trust are either stated at fair value or contract value. Investments are valued based on unit values as reported to the Trust by insurance companies holding assets for the Trust.

Fair Value Measurements

The Trust's investments are reported at fair value in the accompanying statements of net assets. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflect fair values. Furthermore, although the Trust's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

THE CONTRACTORS RETIREMENT PLAN MASTER TRUST

NOTES TO FINANCIAL STATEMENTS – CONTINUED

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fair Value Measurements – Continued

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Trust has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in active markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Trust uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Trust measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used only when Level 1 and Level 2 inputs were not available.

Level 2 Fair Value Measurements

Insurance Company General Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled Separate Accounts and Collective Trusts: These investments are investment vehicles valued using the unit value provided by the administrator of the fund. The unit value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The unit value is an input other than a quoted price that is observable. Therefore, these investments are classified within Level 2 of the valuation hierarchy.

D. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Trust is invested in a fully benefit-responsive group annuity contract with Transamerica Life Insurance Company (TLIC). TLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Trust.

Because the investment contract meets the criteria to be considered fully benefit responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Trust by TLIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2024 was \$25,507,673. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3.5%. Such interest rates are reviewed on a semi-annual basis for resetting. There are no unfunded commitments, and the redemption frequency and notice period is daily.

Certain events might limit the ability of the Trust to transact at contract value with the issuer. Such events include (1) amendments to the Trust documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Trust's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Trust or other Trust events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Trust, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Trust and settle at an amount different from contract value. Such events include (1) an uncured violation of the Trust's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

During the year ended December 31, 2024, no events were probable of occurring that might limit the ability of the Trust to transact at contract value with the contract issuers or would limit the ability of the Trust to transact at contract value with the participants.

During the year ended December 31, 2023, funds were held in a similar stable value fund, but due to the consolidation in platform providers noted above in Note A and Note C, these funds were not readily available for withdraw or accessible by participants during certain periods, including December 31, 2023, therefore, these funds were not considered to be fully benefit-responsive and were valued at fair value and not contract value.

E. ADMINISTRATION AND MANAGEMENT

Fringe Benefit Group, Inc., a Texas corporation, is the sponsor of the Trust (“Trust Sponsor”). The Trust Sponsor also serves as the recordkeeper for the Trust and TPA for the employer plans. The Trust Sponsor engages the services of the independent accountants and attorneys for the Trust as necessary. The Trust Sponsor also arranges for the fidelity bonds covering the employer plans, banking services, and for other operational services of the Trust. As noted above in Note A, effective January 1, 2024, Transamerica Retirement Solutions (“TRS”), an affiliate of Transamerica Life Insurance Company, was assigned certain transactional duties of the Trust, while the Trust Sponsor retained other recordkeeping functions as well as third-party administrator (“TPA”) services. Fringe Insurance Benefits, Inc. is an affiliate of Fringe Benefit Group, Inc. and serves as a general agent to the Trust acting as an intermediary between the insurance carrier and brokers.

The Trust Sponsor selects the Trustee and the Investment Manager. SMARTTS LLC dba SMART Trust Services (previously known as ERISA Smart) is the Trustee for the Trust and LeafHouse Financial is the ERISA 3(38) Investment Manager Fiduciary for the Trust. The duties of the Investment Manager include selection and monitoring of the investment funds available to the employer plans that participate in the Trust. The duties of the Trustee and Investment Manager are enumerated in The Contractors Retirement Plan Master Trust Agreement, as amended. Under the terms of the Trust, the Trust Sponsor may terminate the Trustee’s or Investment Manager’s services on 30 days’ written notice.

The Plan Administrator of each plan is the employer, or any other individual, committee or group appointed by the employer to serve in that capacity. The employer also designates a Special Trustee for its company’s plan who is responsible for the collection of plan contributions.

The Plan Administrator, Special Trustee, Investment Manager and the Trustee are named as fiduciaries under the employer plans. The Trust Sponsor, Investment Manager, and Trustee are fiduciaries of the Trust as described in the Trust Agreement as amended. All service providers for the employer plans and Trust are considered parties in interest under the Employee Retirement Income Security Act of 1974 (ERISA) and are subject to ERISA rules concerning transactions with the employer plans and the Trust. The Master Plan Sponsor is not aware of any transactions with parties in interest that are not in compliance with the rules under ERISA.

The cost of administrative services is recorded on the accrual basis of accounting and is included in the accompanying financial statements as recordkeeping/administration expenses. As of December 31, 2024 and 2023, fees and expenses not yet remitted to the service providers are recorded as accounts payable and accrued expenses in the accompanying financial statements.

F. PARTY IN INTEREST TRANSACTIONS

Fringe Benefit Group, Inc. is the recordkeeper for the Trust and the TPA for the plans. During the years ended December 31, 2024 and 2023, the plans paid Fringe Benefit Group, Inc. for various administrative and recordkeeping fees totaling \$15,692,617 and \$7,225,165, respectively. During the year ended December 31, 2023, certain costs of administering the Trust were paid directly to the recordkeeper and therefore were not reflected in the Trust's financial statements.

Effective January 1, 2024, Transamerica Retirement Solutions ("TRS") was assigned certain transactional and recordkeeping duties of The Contractors Retirement Plan Master Trust. During the year ended December 31, 2024, the plans paid TRS fees totaling \$5,515,733 for these services.

During the year ended December 31, 2024 and 2023, Fringe Insurance Benefits, Inc. received commissions totaling \$2,885,507 and \$2,647,210, respectively.

LeafHouse Financial, the ERISA 3(38) Investment Manager Fiduciary for the Trust, was paid fees totaling \$572,764 and \$548,473, for the years ended December 31, 2024 and 2023, respectively. SMART Trust Services, the Trustee for the Trust, received fees totaling \$33,776 and \$34,880, for the years ended December 31, 2024 and 2023, respectively.

G. RECLASSIFICATION FOR CHANGE IN FEE PRESENTATION

Effective January 1, 2024, Transamerica Retirement Solutions ("TRS") was assigned certain transactional and recordkeeping duties, resulting in a change in the presentation of investment related fees. In prior years, certain investment management and administrative fees were netted against investment income and not separately presented. Beginning in the current year, these fees are reported as separate line items in the Statement of Changes in Net Assets to enhance transparency and align with new reporting methodology.

Certain reclassifications have been made to selected items from the prior period to conform to current period presentation. This change in presentation does not impact the net assets or the overall financial position of the Trust. Prior year amounts have not been restated, as the change is considered a reclassification and not a correction of an error.

H. LITIGATION

During the normal course of operations, the Trust is potentially subject to various litigation. The Trust Sponsor is unaware of any legal proceedings pending against the Trust that would have a material adverse effect on its financial position or results of operations.

I. RISK AND UNCERTANTIES

Market risks include global events, which could impact the value of investment securities, such as international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the financial statements and supplemental schedules. This is an ongoing situation that continues to be monitored but, at this time the financial impact and duration cannot be reasonably estimated.

J. TAX STATUS

The Trust meets the requirements of a qualified trust under Section 401(a) of the Internal Revenue Code and is exempt from federal income tax under the provisions of Section 501(a). The Master Plan Sponsor has obtained favorable opinion letters from the Internal Revenue Service on behalf of the Prototype Plan. The Prototype Plans' document was restated in 2020 to reflect the change to a Non-Standardized Pre-Approved Defined Contribution Plan. The Master Trust Sponsor has analyzed the Trust's qualified status, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

K. SUBSEQUENT EVENTS

The Trust Sponsor has evaluated subsequent events through July 22, 2025, the date which the financial statements were available to be issued.

4j			
4k			
4l			
4m			
4n			

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
