The Plan Administrator of
Youth Home, Inc. 403(b) Plan
Little Rock, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Youth Home, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Youth Home, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Youth Home, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Youth Home, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Youth Home, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Youth Home, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

YOUTH HOME, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1: Description of Plan

The following description of Youth Home, Inc. 403(b) Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, participants should refer to the Plan agreement, which is available from the Plan administrator.

General

The Plan is a defined contribution employee benefit plan sponsored by Youth Home, Inc. (the “Employer”) and provides retirement benefits for participating employees. The Plan was originally effective on October 1, 1990 and was restated effective January 1, 2018. Employees of the Employer are eligible to participate in the Plan on the first payroll date following the date of employment. Employees will be eligible to receive employer contributions upon completing one year of service. Plan entry dates are immediate upon completing eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 22, 2023, the Plan custodian and trustee was changed from Variable Annuity Life Insurance Company (VALIC) to Voya Retirement Insurance and Annuity Company (Voya).

Plan Restatement and Amendment

The Plan was formally restated on September 1, 2023. As of the date of the restatement, participant loans were no longer allowed by the Plan. The Plan was formally amended on September 15, 2024, to allow participant loans from the Plan.

Contributions

Participants may contribute through payroll deductions and eligible rollover contributions. Participants can defer up to the limits set forth by the Internal Revenue Code, which were \$23,000 in 2024 and \$22,500 in 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional \$7,500 in 2024 and 2023, respectively. The Employer may make discretionary matching contributions each year based on a percentage of participants’ salary deferrals. The Employer made discretionary employer matching contributions of 100% of participants’ salary deferrals up to 4% in 2024 and 2023, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Employer matching contributions, Plan earnings/losses and is charged with applicable withdrawals. Participant accounts are charged with an allocation of administration expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are fully vested at all times with regard to their own contributions including rollover contributions and any earnings thereon. Vesting in the portion of their account attributable to the Employer’s discretionary contributions is based on each participant’s years of service. A participant is 100% vested based on a six year graded vesting schedule. A participant will also become fully vested upon death, disability, or attainment of normal retirement age of 65 or older. Non-vested amounts are forfeited upon termination of service.

YOUTH HOME, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Policy Loans

Prior to the plan restatement on September 1, 2023, participants could borrow amounts from the insurance company using the assets of the Plan as collateral for the loans. General guidelines were that the minimum loan amount be \$1,000, required minimum vested balance of \$2,000, and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans do not reduce the balance of the participants' accounts unless the loan is in default at the time when the benefits are distributable. Loans must be repaid within 5 years or up to 10 years for the purchase of a primary residence. The minimum rate of interest to be charged on outstanding loan balances will be comparable to the rates being charged for fully secured loans offered by area credit unions, banks, and savings and loan institutions at the time the loan is made. Unless lower than this fully secured rate, the interest rate charged on loans from the Variable Annuity Life Insurance Company (VALIC) accounts will be established each calendar quarter based on Moody's Corporate Bond Yield Average - Monthly Average Corporates for the month ending two months prior to the calendar quarter. No change will be made unless the change in the index is at least equal to 0.5%. The rate paid on the account balance used to secure the loan will be the adjustable loan interest rate less 3%. Thus, the rate charged for these fully secured loans will be 3% higher than the return earned by the Participant. Principal and interest are paid directly to the insurance company. As of December 31, 2024 and 2023, outstanding policy loans totaled \$35,888 and \$78,044, respectively, and there were 13 loans and 15 loans in default totaling \$26,242 and \$32,346, respectively.

Upon the change of trustee from VALIC to Voya on December 22, 2023, existing policy loans stayed with VALIC. The collateral and escrow account balances related to the policy loans are held by VALIC as of December 31, 2024 and 2023, respectively

Notes Receivable from Participants

Effective September 15, 2024, participants may borrow from their accounts at a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may only have one outstanding Plan loan at any time. Principal and interest are to be repaid in substantially equal installments made through payroll deduction every pay period. All notes are required to be repaid within 5 years of the origination date and are due immediately upon termination of employment. The loans bear interest at a fixed rate equal to the Wall Street Journal's published prime rate. In the event of default, a "deemed distribution" (the amount of the taxable event) is equal to the outstanding balance of the receivable, not only the amount in default.

Forfeitures

The portion of the participant's account to which they are not entitled to upon termination of participation is deemed a forfeiture. Forfeitures will be used to reduce employer contributions. During 2024 and 2023, forfeitures of \$4,649 and \$4,894 were used to reduce employer matching contributions. At December 31, 2024 there was a balance of \$2,786 in the forfeiture accounts. At December 31, 2023, there was no balance in the forfeiture accounts. Forfeited amounts are held in the money market fund.

Investment Options

Participants may direct their accounts among the investment options offered under the Plan and may change their investment selections at any time. The Plan currently offers 1 fixed income account and 31 pooled separate account funds as investment options for participants. If a participant directs the investment of his or her assets in the funds, any income, gains or losses from such investments shall be allocated directly to such account, and the Plan administrator will not be responsible for such investments.

YOUTH HOME, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits

Upon termination of service or incurring a disability, a participant may elect to receive payments of his or her vested account balance in a lump-sum distribution, or in monthly or annual installments according to IRS required minimum distribution provisions. In-service withdrawals are available upon attainment of age 59½. The Plan allows for hardship distributions to be made from participants' accounts.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues and expenses, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. Significant estimates included in these financial statements include the methods used to determine the fair value of investments and investment contracts.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

The Plan has entered into a group annuity contract with Voya Retirement Insurance and Annuity Company which consists of various investments maintained in pooled separate accounts as well as an unallocated investment in a guaranteed investment contract. The contract is considered fully benefit responsive and is included in the financial statements at contract value because it is the relevant measurement attribute for that portion of the next assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts as contract value is the amount participants should receive if they were to initiate permitted transactions under the term of the plan. The contract is credited with earnings on the underlying investments. Earnings on the pooled separate account are considered unrealized and are reflected in the statement of changes in net assets available for benefits as investment income.

YOUTH HOME, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of policy loans are charged directly to the participant's account and are included in administrative expenses. Investment related expense are included in net change in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated all subsequent events for potential recognition and disclosure through July 8, 2025, the date these financial statements were available to be issued.

Note 3: Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2:** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

YOUTH HOME, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables present the Plan's hierarchy for its assets and liabilities measured at fair value on a recurring basis as of December 31:

	2024			
Assets:	Total	Level 1	Level 2	Level 3
Investments Measured at Net Asset Value	\$ 5,835,441	\$ -	\$ -	\$ -
Investments, at Fair Value	\$ 5,835,441	\$ -	\$ -	\$ -
	2023			
Assets:	Total	Level 1	Level 2	Level 3
Investments Measured at Net Asset Value	\$ 6,493,072	\$ -	\$ -	\$ -
Investments, at Fair Value	\$ 6,493,072	\$ -	\$ -	\$ -

Following are the valuation methodologies the Plan uses to measure financial instruments at fair value:

Variable Annuity Contract Accounts - The Voya variable annuity contract accounts invest in pooled separate accounts (PSAs) funds as directed by Plan participants. Investments in the PSA funds are valued at the net asset value (NAV) per share at the close of each business day as reported by each fund, which value their securities at fair value. The NAV is used as the practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Variable Annuity Contract Accounts	\$5,835,441	N/A	Daily	None

YOUTH HOME, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Variable Annuity Contract Accounts	\$6,493,072	N/A	Daily	None

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net change in fair value of investments. The Plan's investments (including realized gains and losses on investments bought, sold, and held during the year as well as unrealized appreciation of investments held at the end of the year) appreciated in value by \$775,988 in 2024 and by \$622,586 in 2023.

Note 4: Fully Benefit-Responsive Investment Contracts

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with VALIC totaling \$94,962 for 2024 and \$99,550 for 2023. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3% per annum or one-month average value of the five-year Constant Maturity Treasury Rate reported by the Federal Reserve, rounded to the nearest 1/20th of 1.0%, for the second month preceding the first day of the calendar quarter during which the certificate for a participant account is issued, reduced by 1.25%, and where the resulting interest rate is not less than 1.0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan entered into a traditional fully benefit-responsive group annuity contract with Voya Life Insurance and Annuity Company ("Voya") totaling \$12,038 and \$0 at December 31, 2024 and 2023, respectively. Within this contract is a guaranteed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest rate for this account is established on a semi-annual basis for deposits received during the rate period. There are no reserves against the contract value for credit risk of Voya or otherwise. Voya will also establish an annual minimum interest rate for each year of the agreement. The guaranteed interest rate is expressed as an annual effective yield. The crediting rate for the fund is based on formulas agreed upon with the issuers and may not be less than 1.0%. The guaranteed rate was 1.0% for the year ended December 31, 2024. The declared interest rate was 1.25% for 2024. Such interest rates are reviewed on a periodic basis for resetting. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at the specific interest rate that is guaranteed to the Plan.

Both contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VALIC and Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

YOUTH HOME, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan),
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan,
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption from ERISA,
5. Premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without consent of the issuer.

Note 5: Income Tax Status

As of December 31, 2024, 403(b) Plans are not required to submit plans to the Internal Revenue Service (IRS) for tax exempt status determination. The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The Plan administrator and the Plan's tax counsel believe that terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employee organization whose members are covered by the Plan or a person who owns 50% or more of such an employee association or relatives of such person.

YOUTH HOME, INC. 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

VALIC and Voya are the Trustee of the Plan assets. They are by definition parties-in-interest and as a result, all investment transactions were with a parties-in-interest. Certain plan investments are units of variable annuity contracts and a guaranteed investment contract managed by VALIC. Fees incurred by the Plan for investment management services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Employer and Trustee are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan paid administrative costs directly to Voya and VALIC of \$39,005 and \$71,945 for their services during 2024 and 2023, respectively. These transactions are exempt from being prohibited transactions under ERISA.

Note 7: Information Prepared and Certified by Custodians and Trustees

The amounts set forth in the accompanying financial statements for investments, investment income, policy loans, trust loans, and information shown in the supplemental schedules were summarized from information furnished by VALIC and Voya, Plan Custodians and Trustees. The Plan administrator received from the Custodians and Trustees' certification that information furnished is complete and accurate for the years ending December 31, 2024 and 2023. As permitted by 29 CFS 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the certified information was not subjected to any audit procedures except for comparing the information with the related information included in the financial statements and supplemental schedules.

Note 8: Reconciliation of Financial Statements to Form 5500

Certain amounts reported in the Plan's annual Form 5500 for changes in net assets available for benefits are different from the amounts reported in the accompanying financial statements. These differences are due to different presentation of investment income and administrative expenses but have no effect on the net assets of the Plan.
