Independent Auditor's Report

Plan Administrator The J. Paul Getty Trust Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the J. Paul Getty Trust Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, and the Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The J. Paul Getty Trust Defined Contribution Retirement Plan
Notes to Financial Statements
Years ended December 31, 2024 and 2023

NOTE 1 DESCRIPTION OF THE PLAN

The following description of The J. Paul Getty Trust Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, as defined under Section 401(a) of the Internal Revenue Code (IRC), which provides retirement benefits for eligible employees of The J. Paul Getty Trust (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee who is (a) not a leased employee (as defined by the IRC), and (b) a U.S. resident and is not covered by a foreign retirement system to which the Plan Sponsor contributes shall be eligible to participate in the Plan.

The employee may participate in the Plan in two ways: 1) when the employee participates in the Employee Investment Plan, the Plan Sponsor makes a matching contribution up to a maximum of 5% of base pay (not to exceed IRS limits) which is held in the Match Account; and 2) the Plan Sponsor makes a contribution which is held in the Non-Elective Contribution Account.

To be eligible for the non-elective employer contribution, the employee must either: a) be expected, at the time of hire, to complete at least 1,000 hours of service during any consecutive 12-month period beginning on the date of hire or any January 1 thereafter; or b) have completed 1,000 hours of service during any such a consecutive 12-month period.

(b) Contributions

The Plan Sponsor makes a matching employer contribution each payroll period. The amount of the matching contribution is limited to 100% of the first 5% of base compensation plus overtime earnings deferred by the participant under The J. Paul Getty Trust Employee Investment Plan for the payroll period. Employer contributions to the Plan are timed to occur simultaneously with the employee's contribution to the J. Paul Getty Trust Employee Investment Plan.

Additionally, participants may also rollover amounts representing distributions from other qualified retirement or profit-sharing plans.

Effective January 1, 2017, the Plan Sponsor makes a non-elective employer contribution to the Plan for all employees in the amount of six percent (6%) of the employee's base salary up to the Social Security Taxable Wage Base and ten percent (10%) of the employee's salary between this level and the IRS Compensation Limit.

Effective March 12, 2017, the non-elective employer contribution is credited to the participant every payroll period.

Years ended December 31, 2024 and 2023

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

(c) Participant Accounts

Each participant's account (Match Account and Non-Elective Contribution Account) is credited (charged) by (a) the Plan Sponsor's contribution, (b) allocations of plan earnings or (losses), and (c) rollover contributions. Earnings or losses are allocated to the participants' accounts based on the proportion each account bears to the total of all account balances within each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Vesting in the Plan Sponsor's matching contribution and non-elective contribution portion of the participant's accounts plus actual earnings thereon is based on years of continuous service. For the Plan Sponsor matching non-elective contribution, a participant vests 100% upon the completion of three years of service. Termination of employment prior to attaining three years of service will result in the forfeiture of the entire account balance.

A year of service for vesting is defined as a calendar year during which the employee had not less than 1,000 hours of service. Participants are automatically 100% vested upon reaching the age of 65 while employed, death, disability (as defined in the Plan), or termination of the Plan.

(e) Payment of Benefits

Participants terminating employment receive the vested account balance if it is less than or equal to \$5,000. If the vested account balance is greater than \$1,000 but does not exceed \$5,000 and the participant does not elect to receive his or her benefit in a single lump-sum cash payment or to have such amount distributed directly to an eligible retirement plan, the amount will be distributed in a direct rollover to an individual retirement account (IRA).

If the participant's total vested account balance is more than \$5,000, it can remain in the Plan, or participants can request a lump-sum distribution to be paid either directly to the participant or rolled over into another qualified plan or IRA. If the participant elects to postpone receiving benefits, the Plan provides for distributions to be made after the participant attains the age of 73 or to the extent required by the IRC and ERISA, all amounts held shall become payable beginning no later than the earlier of the applicable date specified in (a) ERISA section 206(a) or (b) IRC sections 403(b)(10) and 401(a)(9), as each is amended and in effect from time to time. Upon death, the beneficiary will be entitled to receive 100% of the participant's accounts.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

(e) Payment of Benefits (Continued)

Loan and in-service withdrawals from the Plan are not allowed. In-service withdrawals are only allowed under The J. Paul Getty Trust Employee Investment Plan to the extent of employee contributions excluding earnings. In the event of the death of a participant, while the participant is an employee, the participant's death benefit shall be paid by the trustee to the participant's surviving spouse or designated beneficiary in an amount equal to the total amount of the employee's account as of the date of death. The payment shall be made on the first day of the month following the participant's death, or as soon as practicable thereafter.

Effective May 11, 2018, a participant may elect to receive the vested portion of his or her accounts in monthly, quarterly, semi-annual or annual installments over a fixed period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant and his or her beneficiary.

(f) Forfeited Accounts

In accordance with the Plan agreement, forfeitures of terminating plan participants are used to offset future employer contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$207,484 and \$297,307, respectively. Nonvested contributions forfeited which are available to reduce future employer matching contributions during 2024 and 2023, totaled \$131,120 and \$276,960, respectively. For the years ended December 31, 2024 and 2023, forfeitures used to offset employer-matching contributions totaled \$220,943 and \$212,056, respectively.

(g) Plan Amendments

Definition of Compensation

Effective January 1, 2023, the Plan was amended to update the definition of "Compensation" as follows:

A Participant's base pay plus overtime pay, excluding bonuses, lump sum payments, car allowance payments, relocation allowance payments, and similar payments for purposes of determining the Employer Matching Contributions and for purposes of determining Nonelective Employer Contributions of the Plan, and for all other purposes under the Plan.

Change in True-up Employer Matching Contribution Rate

For each plan year beginning on and after January 1, 2023, a true-up matching contribution will be made with respect to a plan year on behalf of each participant who either (i) is actively employed on December 31st of the plan year, (ii) terminated employment during the plan year due to his or her death, or (iii) became disabled during the plan year, and deferred at least 5% of his or her eligible compensation under Employee Investment Plan, but did not receive the full matching contribution of 5% of eligible compensation with respect to such participant pre-tax and/or Roth contributions due to fluctuations in contribution levels during the plan year or due to reaching the Code section 401(a)(17) contribution limit during the plan year. The true-up matching contribution shall be paid to the Trustee and posted to a participant's matching contribution account as soon as practicable following the close of the plan year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the trustee and management of the Plan to make certain estimates and assumptions. These affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from estimates made.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation, or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Plan expenses are paid by the Plan Sponsor.

(g) Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market fund. Investment securities are exposed to various risks such as interest rate, credit risks, and overall market volatility. Because of the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 3 FAIR VALUE MEASUREMENT

The Plan follows Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All the Plan's investments at fair value amounting to \$206,368,182 and \$171,245,856 as of December 31, 2024 and 2023, respectively, are actively traded and therefore, classified as Level 1.

NOTE 4 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023;

NOTE 4 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

- Investment information disclosed in Note 3;
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.
- Reportable Transactions, as reflected in Schedule H, Part IV, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of mutual funds managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions that are exempt under ERISA.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the benefit they earned as of the date the plan ends to the extent funded or guaranteed, regardless of the participant's age or years of vesting service at that time.

NOTE 7 TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated February 5, 2018 that the Plan and related trust are designed in accordance with the applicable IRC requirements. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
