## REPORT OF INDEPENDENT AUDITORS

To the Board of Directors  
Lantz Construction Company Retirement Plan  
Broadway, Virginia

### Opinion

We have audited the accompanying financial statements of LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and related notes to the financial statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements section*** of our report. We are required to be independent of LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

To the Board of Directors  
Lantz Construction Company Retirement Plan

## **REPORT OF INDEPENDENT AUDITORS**

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Board of Directors  
Lantz Construction Company Retirement Plan

## **REPORT OF INDEPENDENT AUDITORS**

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2024, referred to as “supplementary information,” is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

# LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### DESCRIPTION OF PLAN

The following description of the Lantz Construction Company Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all employees of Lantz Construction Company (the Company) who have at least six months of service and are age 21 or older. The Plan excludes union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Plan also excludes certain nonresident aliens who have no earned income within the United States. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2022, the Plan was restated to bring the Plan into compliance with certain legislative and regulatory changes and was also amended to allow for quarterly entry and deferral changes for Plan participants.

#### *Contributions*

Each year, participants may contribute up to 100% of their eligible compensation per pay period, through payroll deductions, on a pre-tax basis or a post-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes a safe harbor matching contribution in the amount of 100% of the first 5% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed by the Company at the discretion of the Company's Board of Directors. No discretionary contributions were made during the year ended December 31, 2024. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options periodically. Contributions are subject to certain limitations.

Contributions from participants and the Company are recorded in the year in which the employee contributions are withheld from compensation.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of (a) the Company's discretionary contributions, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### *Vesting*

Participants are immediately vested in their contributions and the Company's safe harbor matching contribution described above, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is fully vested in this portion of their account at two years of credited service.

### *Payment of Benefits*

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

### *Forfeited Accounts*

At December 31, 2024 and 2023, there were no forfeited non-vested accounts. Forfeitures may first be used to reduce the Plan's administrative expenses, then any remaining forfeitures may be used to reduce matching contributions, may be applied to the restoration of participants' individual accounts, or may be allocated to qualifying participants in accordance with Plan provisions. During 2024, no reduction to employer contributions was made from forfeited nonvested accounts.

## SUMMARY OF ACCOUNTING POLICIES

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the **FAIR VALUE MEASUREMENTS** note for further discussion of fair value measurements.

# LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements and these costs will not be reimbursed by the Plan. Investment-related expenses are included in net appreciation in the fair value of investments.

### *Subsequent Events*

The plan has evaluated subsequent events through July 18, 2025, the date the financial statements were available to be issued.

## FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability; and

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

# LANTZ CONSTRUCTION COMPANY RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

The asset or liability’s fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Mutual funds are stated at fair value, and are based on the fair value of the underlying securities. The fair value of the underlying securities is based on quotations from national exchanges.
- The money market fund is stated at fair value, and is based on the fair value of the underlying securities. The fair value of the underlying securities is based on quotations from national exchanges, quoted bid and ask prices, valuation matrices that incorporate dealer-supplied valuations, and proprietary pricing models, and are valued at amortized cost.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	<u>ASSETS AT FAIR VALUE AS OF DECEMBER 31, 2024</u>

## RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Company contributions to the Plan or benefits accrued or paid by the Plan for participants are not considered party in interest transactions.

The Plan allows for transactions with certain parties who may perform services for the Plan, including the Company. Transactions with these parties qualify as party in interest transactions. During 2024, the Plan paid \$625 for Plan recordkeeping fees.

## **NOTES TO FINANCIAL STATEMENTS**

### **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### **TAX STATUS OF THE PLAN**

The Plan has adopted a non-standardized pre-approved profit sharing plan and has not requested a determination letter on the adoption agreement, but rather has relied upon the Internal Revenue Service opinion letter dated June 30, 2020 issued on the non-standardized pre-approved profit sharing plan. Although the Plan has been amended since this issuance, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
